INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of

PIEDMONT AIRLINES, INC. EMPLOYEE SAVINGS PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ***Piedmont Airlines, Inc. Employee Savings Plan*** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(1) Description of the Plan

The following description of the *Piedmont Airlines, Inc. Employee Savings Plan* (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution benefit plan intended to be a qualified cash or deferred compensation arrangement under Section 401(k) of the Internal Revenue Code ("IRC"), as amended, and to qualify under Section 401(a) of the IRC.

The Plan began on July 1, 1994 and is sponsored by Piedmont Airlines, Inc. (the "Company"), a wholly-owned subsidiary of American Airlines Group Inc.

The Plan covers employees of the Company who are represented by the International Brotherhood of Teamsters ("IBT"), the Association of Flight Attendants ("AFA"), the Communications Workers of America ("CWA"), non-contract employees and effective January 1, 2022, certain executive officers of the Company, collectively referred to as "Eligible Employees." The Plan covers Eligible Employees provided they are at least 18 years of age and have completed at least 12 months of service in the case of employees represented by the AFA, and six months of service in the case of all other employees. The Plan excludes from participation those individuals not classified as employees, leased employees as defined in the Plan, individuals not covered by United States income tax laws, individuals participating in other company-sponsored 401(k) plans, and certain executive officers of the Company. The Plan is subject to the provisions of ERISA.

Income tax status

The Plan is intended to be qualified and exempt from taxation under the applicable sections of the IRC. The Company received a favorable Internal Revenue Service ("IRS") determination letter regarding the Plan's tax-qualified status. The Plan has been amended subsequent to this determination by the IRS. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Employee Benefits Committee (the "Plan administrator") believes that the Plan is being operated in compliance with the applicable requirements of the IRC and therefore continues to be tax-qualified as of the financial statement date.

Contributions

Eligible Employees electing to participate in the Plan make contributions to the Plan via payroll deductions. Each year a Plan participant may contribute, on a pre-tax basis, up to 60% of eligible compensation, as defined in the Plan, subject to IRC limits (\$20,500 for 2022). However, the Plan administrator may further limit the contributions of highly compensated employees, as defined by the IRC. Participants age 50 and over are eligible to contribute extra pre-tax contributions ("catch-up contributions") above the annual IRC limits (up to \$6,500 for 2022).

The Company makes matching contributions equal to 50% of the lesser of the participant's pre-tax contributions for the Plan year or a certain percentage of the participant's eligible compensation for the Plan year, depending on the participant's years of service and whether the participant is represented by the IBT, the AFA, the CWA, is a certain executive officer of the Company or is a non-contract employee.

**PIEDMONT AIRLINES, INC.
EMPLOYEE SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Additionally, the Company makes a fixed contribution to the Plan in an amount equal to 1% of the participant's annual eligible compensation for employees represented by the CWA, certain executive officers of the Company and non-contract employees. Employees represented by the IBT are eligible to receive a fixed contribution to the Plan in an amount equal to 1-2% of the participant's annual eligible compensation based on years of service and job classification. For employees represented by the AFA and who have completed one year of service, the Company also makes a fixed contribution of 1% of the participant's annual eligible compensation and an additional 1% fixed contribution if the participant receives the maximum amount of matching contributions for their years of service.

Participants may also roll over contributions from prior employer tax deferred retirement accounts. Participants can change or suspend their contributions in accordance with the guidelines specified in the Plan document.

Investment options

The Plan administrator is responsible for selecting and monitoring the Plan's investment options. Fidelity Workplace Services, LLC, the Plan's recordkeeper (the "Recordkeeper"), is responsible for maintaining an account balance for each participant. Fidelity Management Trust Company (the "Trustee") is the Plan trustee. Each participant instructs the Recordkeeper how to allocate his or her participant and Company contributions. Participants may allocate contributions in any combination among the investment options available. If a participant fails to instruct the Recordkeeper on how to allocate their contributions, then his or her contributions will be invested in the Fidelity Freedom K Fund option based on the participant's age. Participants may transfer assets between and among funds. Additionally, participants may change the investment allocation of their contributions at any time.

The Recordkeeper reports the account balances on each day the New York Stock Exchange is open. Each account balance is based on the value of the underlying investments as reported by the Trustee in each account. Income or loss is allocated to the participants' accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Distribution payments

In accordance with the Plan document and as allowed under IRC section 401(k), distributions of participants' vested account balances are available upon attainment of age 59½, death, or separation from service (including due to disability), and in amounts necessary to satisfy a financial hardship. Participants may withdraw rollover contributions at any time.

Notes receivable from participants

Participants may borrow from certain vested accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 (less certain prior loan amounts) or 50% of their vested account balance and vested interest in all other plans maintained by the Company or a related company as of the date of the note receivable. Note receivable transactions are treated as transfers between the investment funds and notes receivable from participants. Terms cannot exceed five years except for notes obtained to purchase a primary residence, which cannot exceed 30 years. The notes are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing market rates for loans made under similar terms. Principal and interest are paid ratably through payroll deductions.

EMPLOYEE SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Vesting and forfeitures

Participants are immediately vested in their employee contributions and rollover contributions, plus earnings thereon. Company contributions, plus earnings thereon, become fully vested after three years of continuous service or on the participant's normal retirement date if employed by the Company.

As of December 31, 2022, and 2021, forfeited nonvested accounts totaled \$369,697 and \$175,202, respectively. These accounts are used to reduce future employer contributions or pay plan administrative expenses. For the year ended December 31, 2022, forfeitures of \$73 were used to reduce employer contributions and forfeitures of \$3,023 were used to pay plan administrative expenses.

Plan termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time and for any reason, subject to the provisions of ERISA and the applicable provisions, if any, of the collective bargaining agreements covering Plan participants. Upon termination of the Plan, participants will become 100% vested in their accounts. In addition, upon termination of the Plan, the following actions shall be taken for the benefit of participants:

As of the termination date, each investment fund and all separate accounts shall be valued. In determining the net worth of the Plan, amounts necessary to pay all expenses in connection with the termination of the Plan and the liquidation and distribution of the assets, as well as other expenses, whether or not accrued, shall be included as liabilities and all accrued income shall be included as an asset.

All participant accounts must be disposed of in the forms of payment available under the Plan.

Plan transfers

If an employee terminates employment with the Company and becomes an employee of American Airlines, Inc., he or she may elect to voluntarily transfer all (but not less than all) of his or her account to the American Airlines Inc. 401(k) Plan or the American Airlines, Inc. 401(k) Plan for Pilots (the "accepting plan"), provided that the employee is eligible to participate in the accepting plan and the accepting plan is willing to accept such transfer.

(2) Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting, except for benefit payments, in accordance with accounting principles generally accepted in the United States of America.

Investments

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Net depreciation in fair value of investments

Net depreciation in fair value of investments includes realized and unrealized investment gains and losses. Realized gains and losses on the sale of securities are determined based on the average cost of securities sold, while unrealized gains and losses are determined based on the average cost of securities held at the end of the year.

Benefit payments

Benefit payments are recorded when paid.

Administrative expenses

Administrative expenses, including investment management and recordkeeping fees, are paid from Plan assets, except to the extent the Company pays such expenses. For the year ended December 31, 2022, substantially all administrative expenses were paid by the Plan. Administrative expenses paid by the Plan are recorded in the statement of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the notes receivable from participants balance is reduced and a benefit payment is recorded.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events

The Plan's management has evaluated subsequent events through October 4, 2023, the date the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

(3) Fair value measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to observable inputs in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 Observable inputs such as quoted prices available in active markets for identical assets or liabilities;
- Level 2 Inputs other than quoted prices in active markets for similar assets or liabilities, that are observable either directly or indirectly; and
- Level 3 Unobservable inputs for the asset or liability that are supported by little or no market activity, which require the reporting entity to develop its own assumptions.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Assets measured at fair value on a recurring basis are as follows:

Fair Value Measurements at December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 135,492,968	\$ —	\$ —	\$ 135,492,968
Money market funds	14,170,133	—	—	14,170,133
Total	<u>\$ 149,663,101</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 149,663,101</u>
Fair Value Measurements at December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 172,475,346	\$ —	\$ —	\$ 172,475,346
Money market funds	13,237,664	—	—	13,237,664
Total	<u>\$ 185,713,010</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 185,713,010</u>

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investments in shares of registered investment companies and money market funds are stated at net asset value, which are readily determinable fair values of the shares as they are published daily and are the basis for current transactions, and are classified as Level 1 investments.

(4) Information certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Fair value of investments
- Notes receivable from participants
- Interest and dividend income
- Net depreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Related party transactions and parties-in-interest

Certain Plan investments consisting of registered investment companies and money market funds are managed by the Trustee. All investment transactions with the Trustee including investments of \$137,469,973 and \$169,872,579 at December 31, 2022 and 2021, respectively, qualify as party-in-interest and are exempt from the prohibited transaction rules. The Plan also paid administrative expenses totaling \$173,419 to the Trustee of the Plan during the year ended December 31, 2022.
