INDEPENDENT AUDITOR'S REPORT

To the Board and Plan Trustees
Buchanan Ingersoll & Rooney PC
Pension Plan
Pittsburgh, Pennsylvania

Scope and Nature of the Erisa Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Buchanan Ingersoll & Rooney PC's Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Buchanan Ingersoll & Rooney PC's Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Pittsburgh | Johnstown

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Buchanan Ingersoll & Rooney PC's Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Buchanan Ingersoll & Rooney PC's Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements accepted.

In performing an audit in accordance with generally accepted auditing standards, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Buchanan Ingersoll & Rooney PC's Pension Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Buchanan Ingersoll & Rooney PC's Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 - Description of Plan

The following description of the Buchanan Ingersoll & Rooney PC Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a money-purchase (defined contribution) pension plan, designed to be a tax-qualified retirement plan under the Internal Revenue Code, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan covers all eligible salaried employees of Buchanan Ingersoll & Rooney PC (Buchanan), as defined in the Plan agreement, except for associate lawyers, Government Relations Advisors, senior attorneys, Government Relations Senior Advisors, staff attorneys, Special Counsel (AW), Special Counsel (CW), Government Relations Professionals, Of-Counsel, law students employed as law clerks, nonresident aliens, leased employees, independent contractors, individuals who first perform an hour of service on an hourly basis for the employer on or after June 1, 2006, any person employed and classified as a temporary employee and eligible employees covered by a collective bargaining agreement. Effective July 1, 2006, the following are excluded from participation in the plan: Specialist Level Five and any person employed by Klett Rooney Lieber & Schorling PC on June 30, 2006 other than a person classified as a Voting Shareholder, Participating Shareholder, Professional Shareholder, Administrative Director (non-lawyer), Controller or Specialist Level One. Formerly excluded Klett Rooney Lieber & Schorling PC employees are eligible to participate in the plan effective January 1, 2007. The Investment Committee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

Employees of Buchanan are eligible to participate in the Plan upon the completion of one year of service and the attainment of age 21. Participation in the Plan automatically commences on the next January 1, April 1, July 1, or October 1 following completion of one year of service and attainment of age 21. Employment with a law firm, corporate or business legal department, governmental service or government relations firm is credited toward the service requirement.

Contributions

Contributions from Buchanan are based on predetermined percentages of compensation not to exceed the \$290,000 and \$285,000 compensation limits for 2022 and 2021, respectively. Contributions were not made in 2022, see Note 8 for additional information.

Contributions from employees are not permitted under the Plan.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 - Description of Plan (continued)

Contributions (continued)

A participant may elect to invest a portion of their share of Plan contributions in life insurance policies.

Loan remittances are credited to participant accounts within the time period prescribed in Department of Labor Regulation Section 2510.3-102(b).

Participant accounts

Plan participants direct the investment of their accounts among the Plan's investment options and may at their discretion transfer amounts between such investment options. Buchanan (the Plan Sponsor) accounts for the interest of each participant in the respective funds in accordance with terms of the Plan. Each participant's account is credited with the Plan Sponsor's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Income and expenses of the funds are valued daily and allocated to the participants' accounts based on their interests in each particular fund. The Plan also allows for participants to have self-directed brokerage accounts. The self-directed investments include marketable securities, mutual funds, listed debt and equity securities, unique assets, and life insurance policies. The qualified default investment alternative is an American Century Target Retirement Fund. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Plan participants as of December 31, 1988 are 100% vested in their current Plan accounts and all future contributions thereto. Individuals who become eligible for Plan participation on or after January 1, 1989 will become 100% vested on their third anniversary date of employment. Employment with a law firm, corporate or business legal department, government service or a government relations firm is credited as vesting service.

Notes receivable from participants

The Plan Administrator or designee may approve a loan to a participant in an amount not to exceed 50% of the value of such participant's accounts, with a maximum of \$50,000, as of the date of the loan. The minimum a participant can borrow is \$1,000. Interest is charged at commercially reasonable rates and is currently based on the prime rate plus 1% as determined at the time of loan application. Policy statements setting forth conditions and terms under which loans may be granted are periodically adopted by the Plan Sponsor. In the event of loan default, amounts are classified as deemed distributions and are presented as such in the deductions for net assets attributed to section of the statements of changes in net assets available for benefits. Principal and interest are paid ratably through monthly payroll deductions. The loans bear interest at rates ranging from 4.25% to 8.00%. Loans must be repaid in level installments within five years. Repayment of the entire note receivable balance is permitted at any time. Loans are secured by participant accounts.

Note 1 - Description of Plan (continued)

Benefit payments

Upon termination of service or attainment of age 62, a participant may receive a payment equal to the value of the participant's vested account. Each participant's account will be paid to the participant or beneficiaries in a lump-sum, annuity, or installment payments upon death, disability, retirement, or other severance of employment with Buchanan. In certain circumstances, payment may be deferred. All requests by persons electing to withdraw their funds from the Plan were paid during the Plan year. In the event that corrective distributions were made to pass Department of Labor compliance testing, they would be recorded as a reduction of contributions.

Forfeitures

Forfeitures result from participants who terminate employment before they are fully vested. The forfeitures are used to reduce future employer contributions. Forfeited nonvested plan contributions and earnings of \$2,568 were used to reduce employer contributions that were due for plan year 2021 with funding occurring in September 2022.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 - Description of Plan (continued)

Investment options

Upon enrollment in the Plan, a participant may direct the Company's contributions in various investment options. The Plan offers various mutual funds as well as equity securities, fixed income securities, insurance distribution fund, common trust fund, and other real estate and corporate investments. The trustee of the Plan is responsible for executing the participant directed investment transactions. Earnings are automatically reinvested into the Fund or portfolio from which they were derived.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

DECEMBER 31, 2022 AND 2021

Note 2 - Summary of Accounting Policies (continued)

Payment of benefits

Benefits are recorded when paid. All requests by persons electing to withdraw their funds from the Plan were paid during the Plan year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Plan expenses

Investment management fees, investment advisory fees, and operating expenses are charged to the Plan for investments in various funds that are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Certain administrative expenses of the Plan, including legal and insurance fees, are paid by Buchanan and, as such, are not reflected as expenses of the Plan. Administrative fees charged by the trustee are paid from the Plan and allocated to the participant accounts in accordance with the Plan document. Administrative fees paid by the Plan amounted to \$0 and \$127,444 for the years ended December 31, 2022 and 2021, respectively. Of the administrative fees, direct compensation totaling \$0 and \$44,860 for the years ended December 31, 2022 and 2021, respectively, were paid to trustees and investment advisors.

Subsequent events

Management has reviewed subsequent events through October 10, 2023, the date the financial statements were available to be issued. The financial statements include all events or transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles in the United States of America. Management has determined that there are no nonrecognized subsequent events that require additional disclosure.

COVID-19

On March 11, 2020, the World Health Organization designated COVID-19 as a global health pandemic. Various policies have been implemented by the Federal government that included the Coronavirus Aid, Relief and Economic Security Act (CARES Act). Enacted in March 2020, the CARES Act, provided for special distribution options and rollover rules for retirement plans and IRAs and expanded permissible loans from certain retirement plans.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 3 – Information Prepared and Certified by Trustee and Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Newport Trust Company.

	<u>2022</u>	<u>2021</u>
Investments at fair value	\$ -	\$ 186,785,158
Notes receivable from participants	-	1,091,890
Interest income on notes receivable from participants	-	51,023
Interest and dividends	-	8,577,312
Net appreciation (depreciation) in fair value of investments	-	12,610,091

Included in the investments at fair value are unique assets held by the Plan. These unique assets were included in the information prepared and certified by Newport Trust Company.

The information summarized above is included in the supplemental schedule of assets (held at end of year) and in Note 4.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 4 – Fair Value Measurements (continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: The mutual funds classified as Level 1 are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Trust Fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund.

Insurance/Distribution Fund: Fair value is based on cash surrender value.

Self Directed Investments: Accounts consist of cash equivalents, mutual funds, common stocks, fixed income, hedge funds, and bonds and bond funds. These investments are valued on the basis of readily determinable market prices. In addition, Self Directed Investments include certain unique assets such as partnerships, real estate, and other hard-to-value investments. Unique assets are valued using significant unobservable inputs requiring management judgment in an inactive market.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no significant transfers in or out of Levels 1, 2, or 3.

Note 5 - Fiduciary Responsibility and Investment of Funds

Buchanan serves as administrator for the Plan. In accordance with its powers as Plan administrator, Buchanan has entered into trust and asset management arrangements with Newport Trust Company. Based upon participant elections, funds are invested in the various investment options. At December 31, 2022 and 2021, there were 0 and 35 self-directed participants, respectively. Newport Trust Company is responsible for preparing, maintaining, and allocating activity, to the individual self-directed participants' accounting records. Transactions with Newport Trust Company, custodian, are considered parties-in-interest transactions.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 6 – Plan-to-Plan Transfers

The plan-to-plan transfer is the recording of recordkeeping items between the Buchanan Ingersoll & Rooney PC Profit Sharing Plan, Pension Plan, and Retirement Savings Plan and between investment funds in the Plans and self-directed accounts.

Note 7 – Related Party Transactions and Party-in-Interest Transactions

Certain administrative functions of the Plan are performed by officers or employees of the company. No such officer or employee receives compensation from the Plan.

Note 8 - Plan Termination

Effective January 1, 2022, the following Buchanan Plans were merged into the Buchanan Ingersoll & Rooney PC Retirement Savings Plan: The Buchanan Ingersoll & Rooney PC Pension Plan and The Buchanan Ingersoll & Rooney PC Profit Sharing Plan. Following merger of all Plan assets, a resolution to terminate the Plan was adopted.

Note 9 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust, are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and/or DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits and the changes in net assets available for benefits.
