PROFIT SHARING AND RETIREMENT SAVINGS PLAN

AUDIT REPORT
December 31, 2022 and 2021

A Business Partner, Wherever You are in the World

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the Kay and Associates, Inc. Profit Sharing and Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kay and Associates, Inc. Profit Sharing and Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Profit Sharing and Retirement Savings Plan

Notes to the Financial Statements
As of December 31, 2022, and 2021 and for the Year Ended December 31, 2022

NOTE 1 – PLAN DESCRIPTION

The following description of the Kay and Associates, Inc. (the "Company") Kay Profit Sharing and Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or the summary plan description for a more complete description of the Plan's provisions.

A. GENERAL

The Plan is a profit sharing and 401(k) defined contribution plan covering all employees of the Company, and all employees covered by a collective bargaining agreement between the Company and employee representatives, if such collective bargaining agreement specifically provides for their participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. CONTRIBUTIONS

Participants can make elective deferrals up to a maximum of 100% of eligible compensation. Employee elective deferrals are limited to \$20,500 for the year ended December 31, 2022 (\$27,000 for participants age 50 or older). Employee contributions are made through authorized payroll deductions. Employee contributions can be made using pre-tax or after-tax "Roth" deferrals.

Discretionary employer contributions from the Company are accrued when declared by the Company's Board of Directors. There were no discretionary employer contributions for the year ended December 31, 2022. Employer matching contributions, or other types of employer contributions, are made for employees under certain collective bargaining agreements. During the year ended December 31, 2022, there were twelve contracts that included an employer match or contribution.

The Plan includes a prevailing wage contribution for certain employees of the Plan who are hired under prevailing wage contracts. The Company will make a prevailing wage contribution only to participants covered by the prevailing wage contract and only for compensation paid for hours worked under the contract. The prevailing wage contribution also entitles exempt employees performing services on Service Contract Act contracts to the same prevailing wage contribution.

For each average cost contract, the employer shall first calculate the average hourly cost of benefits provided, by dividing the total employer cost of bona fide fringe benefits, and cash in lieu payments, by the total hours worked by prevailing wage employees working on that contract. If that total of the average cost calculation is less than the amount specified in the prevailing wage contract, each employee receives a prevailing wage contribution equal to the amount needed to bring the total to the hourly rate times the number of hours such employee has worked on the contract. Hours and employer benefit costs used for calculation purposes are hours and costs incurred during the calendar quarter.

C. PARTICIPANT ACCOUNTS

Each participant account is credited with the participant's contribution and allocations of employer contributions, plan earnings, and distribution and loan fees (if applicable). Allocations are based on participant earnings or account balances, as defined.

D. VESTING

Employees are 100% vested in their voluntary contributions, the Company's profit-sharing contributions, and other contributions, plus earnings thereon.

Notes to the Financial Statements

As of December 31, 2022, and 2021 and for the Year Ended December 31, 2022

NOTE 1 – PLAN DESCRIPTION – (CONTINUED) –

E. NOTES RECEIVABLE FROM PARTICIPANTS

The Plan includes a provision allowing eligible participants to borrow from their accounts at a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years. The loans are repaid, with interest, through equal payroll deductions. The interest rate charged on loans is based on the prime rate as published in the Wall Street Journal plus 1%. Participants may not have more than two loans outstanding at any time.

F. PAYMENT OF BENEFITS

Participants will be entitled to all account balances when they reach age 65. On termination of service, participants or beneficiaries with an account balance of less than \$1,000 will automatically receive a lump-sum distribution in the first Plan Year beginning the year after employment is terminated. If the account balance is over \$1,000 but does not exceed \$5,000, the participant will be entitled to a lump-sum distribution within a reasonable time in the first Plan Year beginning after the participant terminates. If the account balance is greater than \$5,000, participants or beneficiaries may elect to receive the benefit. In this case, the distribution will be made in the first Plan Year beginning after employment is terminated and consent is provided for the distribution. Spousal beneficiaries may make a direct rollover to an Individual Retirement Account or Individual Retirement Annuity. Under the terms of the Plan, payments to participants who own more than 5% of the Plan Sponsor must begin no later than April 1st following the year in which the participant reaches age 72, even if the participant has not yet retired. Payments to participants who do not own 5% or more of the Plan Sponsor must begin no later than April 1st following the later of the year in which the participant reaches age 72 or retires.

G. ADMINISTRATIVE EXPENSES

Administrative expenses, including preparation fees for filing the annual return with the Internal Revenue Service, costs associated with the annual audit of the plan, and record-keeping and custodian fees are to be paid out of Plan assets. Legal fees are to be paid by the Plan Sponsor.

H. PLAN TERMINATION

The Company reserves the right to alter, amend, or terminate the Plan. In the event of Plan termination, participants will be entitled to a full distribution of their account balance. Presently, there is no intention on the part of the Company to terminate the Plan. In the event of termination or partial termination, each participant would become immediately 100% vested in his or her account balance.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. FINANCIAL REPORTING FRAMEWORK

The accompanying financial statements are prepared according to accounting principles generally accepted in the United States of America ("GAAP"), as promulgated by the Financial Accounting Standards Board ("FASB") in the Accounting Standards Codification ("ASC").

B. BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

Kay and Associates, Inc.
Profit Sharing and Retirement Savings Plan

Notes to the Financial Statements
As of December 31, 2022, and 2021 and for the Year Ended December 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED) –

C. ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. VALUATION OF INVESTMENTS

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is stated at contract value, see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

E. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are valued at cost, which approximates fair value. Delinquent participant loans are reclassified as distributions based upon the repayment terms of the loan.

F. PAYMENT OF BENEFITS

Benefits are recorded when paid.

G. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

While the immediate impacts of the COVID-19 pandemic have been assessed, the long-term effects of the disruption and resulting impact on the economy and financial markets remain unpredictable and depend on future developments, such as the possible resurgence of the virus, variant strains of the virus, vaccine availability and effectiveness, and future government actions in response to the crisis. Subsequent changes in interest rates and volatility in financial markets could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Plan management continues to monitor the impact of these economic factors but is unable to estimate the total impact the pandemic will have.

H. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 6, 2023, which is the financial statement issuance date. All items which are required for disclosure have been included in the accompanying financial statements and notes thereto.

Kay and Associates, Inc.
Profit Sharing and Retirement Savings Plan

Notes to the Financial Statements
As of December 31, 2022, and 2021 and for the Year Ended December 31, 2022

NOTE 3 – CASH

As of December 31, 2022 and 2021, the Plan's Cash balance is \$42,857 and \$56,833, respectively. These balances represent assets held in the Plan not allocated to participant accounts as of year-end.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan's investments are held in a trust fund administered by Capital Bank and Trust Company ("Capital Group"), the trustee of the Plan. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustees.

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE 5 – INVESTMENT IN A COMMON AND COLLECTIVE TRUST

The Plan has entered into a synthetic investment contract that qualifies as a fully benefit-responsive investment contract (Morley Stable Value Fund) with Principal Global Investors Trust Company. The total contract value of the Plan's investment was \$573,397 and \$473,041 at December 31, 2022 and 2021, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and net of administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a monthly or quarterly basis.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Global Investors Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events outside the normal operation of the trust that cause a withdrawal would limit the Plan's ability to transact at contract value with Principal Global Investors Trust Company. Examples of such events include, but are not limited to, fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Fund, transfers to competing options without meeting the equity wash provisions of the Fund, and plan sponsor withdrawals without the appropriate notice to the Fund and/or issuer. However, as of December 31, 2022, the occurrence of an event outside the normal operation of the trust that would cause a withdrawal from an investment contract is not considered to be probable.

Profit Sharing and Retirement Savings Plan

Notes to the Financial Statements
As of December 31, 2022, and 2021 and for the Year Ended December 31, 2022

NOTE 5 – INVESTMENT IN A COMMON AND COLLECTIVE TRUST – (CONTINUED) –

In addition, issuers of investment contracts have certain rights to terminate a contract and settle at an amount that differs from contract value. Such events may include but are not limited to: management of the portfolio is not in accordance with investment guidelines, a breach of any material obligation under the wrap agreement, any representation or warranty made by the contract holder becomes untrue in any material way, a replacement of the Investment Advisor without prior consent of the issuer, the Fund is terminated or ceases to qualify as a group trust or plans cease to meet the appropriate tax qualifications, or the wrap becomes a prohibited transaction within the meaning of Section 406 of ERISA. As of December 31, 2022, the Plan administrator does not believe the occurrence of such an event is probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 6 – TAX STATUS

The Plan obtained its latest determination letter, dated June 30, 2020, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits (except the fully benefit-responsive investment contract, see Note 5). The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

In accordance with the framework, the Plan groups assets and liabilities measured at fair value into three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Profit Sharing and Retirement Savings Plan

Notes to the Financial Statements
As of December 31, 2022, and 2021 and for the Year Ended December 31, 2022

NOTE 7 – FAIR VALUE MEASUREMENTS – (CONTINUED) –

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuations techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- **Mutual Funds** — valued based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial institutions could result in a different fair value measurement at the reporting date.

The following table classifies the investments measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ <u>12,931,934</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>12,931,934</u>
Total Assets at Fair Value	\$ <u>12,931,934</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>12,931,934</u>

The following table classifies the investments measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ <u>14,326,605</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>14,326,605</u>
Total Assets at Fair Value	\$ <u>14,326,605</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>14,326,605</u>

NOTE 8 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares in mutual funds managed by the trustee, Capital Group, and therefore, these transactions qualify as party-in-interest transactions. As of December 31, 2022 and 2021, there were investments that qualify as party-in-interest transactions totaling \$10,696,980 and \$11,788,451, respectively. The Plan also has notes receivable from participants that qualify as party-in-interest transactions. The total of the notes receivable from participants were \$200,017 and \$162,895 for the years ended December 31, 2022 and 2021, respectively. The Plan also has cash that qualifies as party-in-interest transactions for both years ended December 31, 2022 and 2021, see Note 3.
