INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Venus Fashion, Inc. Retirement Benefits Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Venus Fashion, Inc. Retirement Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Form 5500 Schedule H Line 4i Schedule of Assets (Held at End of Year) and the Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Venus Fashion, Inc. Retirement Benefits Plan

Notes to Financial Statements

1. Description of Plan:

The following description of the Venus Fashion, Inc Retirement Benefits Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan was initially established on January 1, 1992 and restated August 1, 2021. The Plan is a 401(k) defined contribution plan covering all employees of Venus Fashion, Inc. (the “Company”) who have completed one year of service and are age 21 or greater. Employees can enroll on the date that eligibility requirements are met. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was restated effective August 1, 2021, to comply with Internal Revenue Service restatement requirements. The restatement of the Plan incorporated all prior Plan amendments.

Contributions

Participants may make salary deferral contributions in any percentage of their salary up to limits according to the Internal Revenue Service (“IRS”). In addition, employees who have attained age 50 by the end of the Plan year may make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company contributes an amount equal to 100% of salary deferrals that do not exceed 4% of compensation. Company matching contributions are invested as directed by the participant.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocation of (a) the Company’s contribution and (b) Plan investment earnings or losses. Allocations are based on participant earnings on account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions as well as employer safe harbor contributions plus actual earnings thereon. Any Company discretionary contribution plus actual earnings is based on years of service.

Participant vesting is as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes to Financial Statements

1. Description of Plan (Continued):

Participant Loans Receivable

Participants may borrow from their fund accounts, a minimum of \$1,000 up to an amount not to exceed the lesser of one-half of the participant's vested interest under the Plan or \$50,000. The loans are collateralized by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Participant loans are reported at amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributed based upon the terms of the Plan document.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution equal to the vested balance in the individual participant's account. Additionally, hardship withdrawals and certain other in-service withdrawals are also permitted by the Plan if certain criteria are met.

Forfeited Accounts

Forfeitures from non-vested participant accounts are generally used to reduce future Company contributions. At December 31, 2022 and 2021 there were \$6,989 and \$6,550 in forfeited non-vested accounts, respectively. During the year ended December 31, 2022 no forfeitures were used to reduce employer contributions.

2. Summary of Accounting Policies:

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Participants in the Plan direct their accounts to be invested in various investment options. Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Venus Fashion, Inc. Retirement Benefits Plan
Notes to Financial Statements

2. Summary of Accounting Policies (Continued):

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Plan Expenses

Plan expenses, except for certain administrative expenses related to loans, distributions, recordkeeping and investment advisory services, are paid directly by the Company.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

Financial Accounting Standards Board Statement of Accounting Standards Codification Topic 820 (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Venus Fashion, Inc. Retirement Benefits Plan
Notes to Financial Statements

3. Fair Value Measurements (Continued):

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Pooled separate accounts: The value of the units held in pooled separate accounts is based on the net asset value ("NAV") of the units as a practical expedient to estimate fair value. NAV is determined by the security prices of the underlying investments which are listed on national securities exchanges and valued on the basis of year-end closing prices. While the underlying security prices are quoted prices, the NAV of a separate account is not publicly quoted.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant restrictions for these investments.

<i>December 31,</i>	Level	2022	2021
Pooled separate accounts	(a)	<u>\$ 11,652,339</u>	<u>\$ 14,161,066</u>

(a) these funds were measured at net asset value per share in accordance with ASC Subtopic 820-10 and have not been classified in the fair value hierarchy.

4. Investment Contract with Insurance Company:

The Plan invests in a guaranteed interest contract with Voya Retirement Insurance and Annuity Company ("Voya"), which is a fully benefit-responsive investment contract. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value of the guaranteed interest contract was \$681,592 and \$870,079 at December 31, 2022 and 2021, respectively.

Venus Fashion, Inc. Retirement Benefits Plan
Notes to Financial Statements

4. Investment Contract with Insurance Company (Continued):

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: 1) participant termination, 2) removal from the Plan of one or more groups or classifications of participants, 3) partial or complete Plan termination or 4) Plan disqualification. In general, the following events would permit Voya to terminate the contract and settle at other-than-contract value: 1) the Plan's loss of its qualified status, 2) Plan termination, 3) uncured breaches of material obligations under the contract, or 4) advance notification by either party.

5. Information Certified by the Plan's Custodian:

The following investments included in the statements of net assets available for benefits as of December 31, 2022 and 2021 and the dividends and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2022 have been derived from information certified as complete and accurate by Voya in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as follows:

<i>December 31,</i>	2022	2021
Pooled separate accounts	11,652,339	14,161,066
Guaranteed investment contract	681,592	870,079
<i>Year ended December 31,</i>	2022	
Net appreciation in fair value of investments	\$ (2,575,602)	
Dividends	10,190	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

6. Party-in-Interest Transactions:

Certain Plan investments were managed by Voya during 2022 and 2021 and transactions with Voya have been identified as party-in-interest transactions which are exempt from prohibited transaction rules. Fees paid by the Plan to Voya for the investment management services and transaction fees amounted to \$10,278 and \$10,765 for the years ended December 31, 2022 and 2021, respectively, and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

7. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Venus Fashion, Inc. Retirement Benefits Plan
Notes to Financial Statements

8. Tax Status:

The Plan was established under the Prototype Non-standardized Profit Sharing Plan with CODA (the "Prototype Plan"). The Internal Revenue Service issued a determination letter dated September 1, 2014 stating that the Prototype Plan was in accordance with the applicable Plan designed requirements as of that date. The Plan as adopted and amended has not requested a determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates.

Management has evaluated the Plan's tax positions and concluded that as of December 31, 2022, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examination by the U.S. federal, state or local tax authorities for tax years before 2019.

9. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021.

<i>December 31,</i>	2022	2021
Net assets reflected on Form 5500	\$ 12,618,144	\$ 15,237,834
Employer contributions receivable	26,429	-
Net assets reflected in the financial statements	<u>\$ 12,644,573</u>	<u>\$ 15,237,834</u>

The following is a reconciliation of net decrease per the financial statements to the Form 5500 for the year ended December 31, 2022.

<i>Year ended December 31,</i>	2022
Net loss per the Form 5500	\$ (2,619,690)
Employer contributions receivable	26,429
Net decrease per the financial statements	<u>\$ (2,593,261)</u>

10. Financial Instruments:

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investments in pooled separate accounts. The Plan limits its credit risk by maintaining its accounts with what it believes to be high quality financial institutions.

11. Non-Exempt Transactions:

The Company determined that during 2021 it failed to remit employee deferrals within the appropriate time period totaling \$179. Late or delinquent deferrals constitute prohibited transactions as defined by ERISA and are included in the accompanying supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions. Lost earnings related to the 2021 late remittances have not been calculated by the Company or remitted to the Plan. The Company is reviewing its procedures to ensure deferrals are remitted correctly and within the prescribed period of time.

Venus Fashion, Inc. Retirement Benefits Plan
Notes to Financial Statements

12. Recent Legislation:

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains approximately 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

13. Subsequent Events:

In February 2023, the DOL announced new final regulations on the Form 5500 requirements which include changes to the methodology for identifying small plans for reporting purposes. The final rule changes how a plan counts participants for determining whether it is eligible for small plan filing that does not require an audit for Form 5500 reporting. The change is effective for plan years beginning after January 1, 2023. The Plan is expected to qualify for small plan reporting beginning 2023.

Management has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued, and has determined that there were no material events requiring recognition or disclosure.
