INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Trachte Building Systems, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Trachte Building Systems, Inc. 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements - modified cash basis.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 1 to the financial statements.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 1 to the financial statements, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 1 to the financial statements.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 1 to the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Other Matter - Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Trachte Building Systems, Inc. 401(k) Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Trachte Building Systems, Inc. 401(k) Plan ("the plan") follows the modified cash basis of accounting. Under that basis, certain additions and the related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred. That basis differs from accounting principles generally accepted in the United States of America ("GAAP") primarily because the plan recognizes contributions when received rather than when earned and corrective distributions when paid rather than when it is known the plan is obligated to pay.

Accounting estimates - The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2022 through September 30, 2023, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

Key parties of the plan - Trachte Building Systems, Inc. is the plan sponsor, employer and plan administrator. Fidelity Management Trust Company is the trustee that holds custody of the plan's investment assets. Fidelity Workplace Services LLC is the plan's recordkeeper that maintains plan and participant records, tax counsel that performs various compliance tests and investment advisor. The related Fidelity entities are collectively referred to as "Fidelity".

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings from investments bought, sold and held during the years are reflected in the statements of changes in net assets available for benefits - modified cash basis. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following are descriptions of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily published quoted market prices as reported by the fund. These investments held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Trachte Building Systems, Inc. 401(k) Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2022 and 2021

Common/collective trust - Valued at the NAV based on the underlying unit value as reported by Fidelity. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund would sell the investment for an amount different from the reported NAV. The common/collective trust investment is a Fidelity sponsored direct filing entity that invests in cash equivalents, fixed-income securities and bond funds that include derivative instruments such as future contracts, swap agreements and wrap contracts issued by third parties.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$18,843,662	\$ -	\$ -	\$18,843,662
Total investments in the fair value hierarchy	\$18,843,662	\$ -	\$ -	18,843,662
Investments measured at NAV (a)				2,599,963
Total investments at fair value				\$21,443,625

Investments at fair value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$22,003,957	\$ -	\$ -	\$22,003,957
Total investments in the fair value hierarchy	\$22,003,957	\$ -	\$ -	22,003,957
Investments measured at NAV (a)				2,509,357
Total investments at fair value				\$24,513,314

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits - modified cash basis.

The following tables summarize investments for which fair value is measured using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

As of December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$2,599,963	n/a	Daily	12 months
As of December 31, 2021	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective January 1, 1995 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Non-union employees are eligible to participate once they have completed 30 days of service and have reached age twenty-one. An employee will be deemed a participant and allowed to enter the plan immediately following the date the plan's eligibility requirements are met.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. New employees are automatically enrolled in the plan and have 5% of compensation withheld as deferral contributions. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Safe harbor employer matching contributions are made equal to 100% of the first 5% of compensation that a participant contributes to the plan.
- d. Discretionary matching and nonelective contributions may be made at the discretion of the employer's board of directors. There were no such contributions in 2022 and 2021.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's deferral and rollover contributions and an allocation of employer contributions. Participants are allowed to change their investment options on a daily basis and change their deferral percentage each month. Participants can stop making contributions at any time.

Vesting - Participant accounts are always 100% vested.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of age 59 1/2. Distributions are generally made in the form of a single lump sum payment. In addition, hardship withdrawals are permitted under certain circumstances.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer and not included in these financial statements. Certain other expenses are paid using plan assets and recorded as administrative expenses in these financial statements. Administrative expenses consist of participant directed charges paid to Fidelity for participant loan servicing costs and personal planning advice fees.

Notes receivable from participants - Participants may obtain a loan from their account. A request for a loan must be made to the plan administrator, who will establish the payment terms, including a reasonable rate of interest. Loans must generally be paid back over a period not to exceed five years, unless used to purchase a primary residence, in which case the period may be extended. As of December 31, 2022, the interest rates charged on the loans ranged from 4.25% to 8.00%. The loans mature at various dates through December 2025. The notes receivable from participants are valued at their unpaid principal balances plus accrued but unpaid interest, which approximates fair value.

Trachte Building Systems, Inc. 401(k) Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2022 and 2021

Corrective distributions - The Internal Revenue Code Section 415(c)(1)(A) limits the aggregate amount of employee and employer contributions an individual can contribute to employee benefit plans each year. The employer sponsors several benefit plans that provide employee and employer contributions. These plans are required to be combined for 415(c)(1)(A) annual compliance testing purposes. This plan is considered the cutback plan in that any corrections needed as a result of annual excess contributions above the annual individual limits stemming from the combined annual compliance testing are processed through this plan as corrective distributions.

3. PARTY-IN-INTEREST TRANSACTIONS

Fidelity is the trustee that holds custody of the plan's investment assets and also manages certain plan investment offerings. As such, transactions between Fidelity and the plan qualify as party-in-interest transactions. Fidelity receives indirect compensation from mutual fund service providers for services Fidelity provides to the funds. This indirect compensation received by Fidelity is used to offset amounts that would otherwise be owed by the plan to Fidelity for administrative services provided.

Notes receivable from participant transactions also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA.

5. INCOME TAX STATUS

The plan adopted a Fidelity pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan; however, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2022 and 2021. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY FIDELITY

Management has obtained certifications from Fidelity, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values of such as of December 31, 2022 and 2021;
- b. Dividends and interest income from investments and net appreciation (depreciation) in fair values of investments during 2022 and 2021;
- c. Purchases and sales of investments during 2022 and 2021; and
- d. Contributions to, investment income (loss) credited to, benefits paid from and transfers between investment accounts during 2022 and 2021.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Trachte Building Systems, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Trachte Building Systems, Inc. 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements - modified cash basis.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 1 to the financial statements.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 1 to the financial statements, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 1 to the financial statements.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 1 to the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Other Matter - Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Trachte Building Systems, Inc. 401(k) Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Trachte Building Systems, Inc. 401(k) Plan ("the plan") follows the modified cash basis of accounting. Under that basis, certain additions and the related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred. That basis differs from accounting principles generally accepted in the United States of America ("GAAP") primarily because the plan recognizes contributions when received rather than when earned and corrective distributions when paid rather than when it is known the plan is obligated to pay.

Accounting estimates - The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2022 through September 30, 2023, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

Key parties of the plan - Trachte Building Systems, Inc. is the plan sponsor, employer and plan administrator. Fidelity Management Trust Company is the trustee that holds custody of the plan's investment assets. Fidelity Workplace Services LLC is the plan's recordkeeper that maintains plan and participant records, tax counsel that performs various compliance tests and investment advisor. The related Fidelity entities are collectively referred to as "Fidelity".

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings from investments bought, sold and held during the years are reflected in the statements of changes in net assets available for benefits - modified cash basis. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following are descriptions of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily published quoted market prices as reported by the fund. These investments held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Notes to Financial Statements - Modified Cash Basis

December 31, 2022 and 2021

Common/collective trust - Valued at the NAV based on the underlying unit value as reported by Fidelity. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund would sell the investment for an amount different from the reported NAV. The common/collective trust investment is a Fidelity sponsored direct filing entity that invests in cash equivalents, fixed-income securities and bond funds that include derivative instruments such as future contracts, swap agreements and wrap contracts issued by third parties.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$18,843,662	\$ -	\$ -	\$18,843,662
Total investments in the fair value hierarchy	\$18,843,662	\$ -	\$ -	18,843,662
Investments measured at NAV (a)				2,599,963
Total investments at fair value				\$21,443,625

Investments at fair value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$22,003,957	\$ -	\$ -	\$22,003,957
Total investments in the fair value hierarchy	\$22,003,957	\$ -	\$ -	22,003,957
Investments measured at NAV (a)				2,509,357
Total investments at fair value				\$24,513,314

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits - modified cash basis.

The following tables summarize investments for which fair value is measured using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

As of December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$2,599,963	n/a	Daily	12 months
As of December 31, 2021	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$2,509,357	n/a	Daily	12 months

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective January 1, 1995 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Non-union employees are eligible to participate once they have completed 30 days of service and have reached age twenty-one. An employee will be deemed a participant and allowed to enter the plan immediately following the date the plan's eligibility requirements are met.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. New employees are automatically enrolled in the plan and have 5% of compensation withheld as deferral contributions. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Safe harbor employer matching contributions are made equal to 100% of the first 5% of compensation that a participant contributes to the plan.
- d. Discretionary matching and nonelective contributions may be made at the discretion of the employer's board of directors. There were no such contributions in 2022 and 2021.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's deferral and rollover contributions and an allocation of employer contributions. Participants are allowed to change their investment options on a daily basis and change their deferral percentage each month. Participants can stop making contributions at any time.

Vesting - Participant accounts are always 100% vested.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of age 59 1/2. Distributions are generally made in the form of a single lump sum payment. In addition, hardship withdrawals are permitted under certain circumstances.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer and not included in these financial statements. Certain other expenses are paid using plan assets and recorded as administrative expenses in these financial statements. Administrative expenses consist of participant directed charges paid to Fidelity for participant loan servicing costs and personal planning advice fees.

Notes receivable from participants - Participants may obtain a loan from their account. A request for a loan must be made to the plan administrator, who will establish the payment terms, including a reasonable rate of interest. Loans must generally be paid back over a period not to exceed five years, unless used to purchase a primary residence, in which case the period may be extended. As of December 31, 2022, the interest rates charged on the loans ranged from 4.25% to 8.00%. The loans mature at various dates through December 2025. The notes receivable from participants are valued at their unpaid principal balances plus accrued but unpaid interest, which approximates fair value.

Corrective distributions - The Internal Revenue Code Section 415(c)(1)(A) limits the aggregate amount of employee and employer contributions an individual can contribute to employee benefit plans each year. The employer sponsors several benefit plans that provide employee and employer contributions. These plans are required to be combined for 415(c)(1)(A) annual compliance testing purposes. This plan is considered the cutback plan in that any corrections needed as a result of annual excess contributions above the annual individual limits stemming from the combined annual compliance testing are processed through this plan as corrective distributions.

3. PARTY-IN-INTEREST TRANSACTIONS

Fidelity is the trustee that holds custody of the plan's investment assets and also manages certain plan investment offerings. As such, transactions between Fidelity and the plan qualify as party-in-interest transactions. Fidelity receives indirect compensation from mutual fund service providers for services Fidelity provides to the funds. This indirect compensation received by Fidelity is used to offset amounts that would otherwise be owed by the plan to Fidelity for administrative services provided.

Notes receivable from participant transactions also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA.

5. INCOME TAX STATUS

The plan adopted a Fidelity pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan; however, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2022 and 2021. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY FIDELITY

Management has obtained certifications from Fidelity, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values of such as of December 31, 2022 and 2021;
- b. Dividends and interest income from investments and net appreciation (depreciation) in fair values of investments during 2022 and 2021;
- c. Purchases and sales of investments during 2022 and 2021; and
- d. Contributions to, investment income (loss) credited to, benefits paid from and transfers between investment accounts during 2022 and 2021.
