REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator and Participants of
Rohrer Corporation Amended and Restated Profit Sharing Plan and Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Rohrer Corporation Amended and Restated Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - PLAN DESCRIPTION

The following description of the Rohrer Corporation Amended and Restated Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Rohrer Corporation ("Plan Sponsor" "Employer" or "Company") with the exception of leased employees or employees covered by a collective bargaining agreement. Employees become eligible to participate in the Plan after attaining the age of eighteen and thirty days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Effective January 1, 2022, the Plan was amended to change its year-end from May 31 to December 31.

Effective July 1, 2022, the Coburn, Inc. 401(k) Plan ("Coburn") merged into the Plan. As a result of the merger, approximately \$1,700,000 was transferred to the Plan.

Effective August 15, 2022, the Jay Packaging, Inc. 401(k) Retirement Plus Plan ("Jay Packaging") merged into the Plan. As a result of the merger, approximately \$8,000,000 was transferred to the Plan.

The participants of these plans became eligible to participate in the Plan as of the date of the transfers.

Contributions

Each participant may contribute up to 100% of pretax eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows for after-tax contributions. These contributions are collectively known as employee salary deferrals. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Eligible employees, who do not affirmatively make a deferral election, will be automatically enrolled in the Plan at 2% of their eligible compensation until either the participant elects to discontinue or change his or her election. Participants who are automatically enrolled will escalate 1% annually up to a maximum of 10%.

The Company may make, at its discretion, matching and employer contributions. For the year ended December 31, 2022, the Company's matching contribution was 30% of employees' salary deferrals each pay period. There were no employer contributions for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's employee salary deferrals, Company matching contributions and employer contributions, investment earnings, and charged with investment losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan provides for establishment of investment funds in which the Plan's assets are invested. Participants are permitted to direct the investment of assets in their accounts to any these funds. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Vesting

Participants are 100% vested in their accounts derived from employee salary deferrals, rollover contributions, and investment earnings thereon. The extent to which participants are vested in Company matching and employer contributions made on their behalf depends on the following vesting schedule:

**Vesting service
(whole years)**

Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A year of vested service is a Plan year in which a participant has at least 1,000 hours of service. Participants are fully vested upon their death, disability, or retirement if employed by the Company at the time of death, disability, or retirement.

Payment of Benefits

Payment of benefits for participants terminated from employment with full vesting (other than death) may be distributed in a lump sum, or rolled over to an IRA or other qualified plan.

For participants terminated from employment without full vesting, all or a portion of their accounts derived from Company matching and employer contributions will be forfeited. The amount forfeited will be based upon the vesting schedule. Payments of fully vested amounts will be made under one or more of the methods noted above.

Hardship withdrawals from participants' vested accounts are permitted in the event of immediate and heavy financial needs as defined in the Plan document.

Participants may withdraw any part of vested accounts any time after they attain the age of 59½.

Participants who reach age 72 are required to start withdrawing a minimum amount each year.

Notes Receivable from Participants

Participants may borrow a part of the vested portion of their account. The minimum loan is \$1,000. The maximum aggregate loan amount is the lessor of (1) 50% of a participant's total vested account balance, reduced by any outstanding loan balance or (2) \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The period of the loan shall not exceed five years, unless the loan is to be used to acquire a dwelling unit which is used as the primary residence of the participant, in which case the repayment period may not exceed thirty years. Payments are due at least quarterly. The loans are secured by the vested balance in the participant's account and bear interest at a fixed rate available for similar loans from commercial lending institutions. No more than two loans may be granted per participant in any 12-month period. Only one loan may be outstanding at a time. Interest rates on loans outstanding as of December 31, 2022 and 2021 ranged from 4.25% - 8.50% and 4.25% and 6.50%, respectively.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Forfeitures

Non-vested matching and employer contributions are forfeited upon termination of employment or withdrawal of the vested account balance. Forfeitures may be used to pay Plan expenses or to reduce employer contributions. Forfeitures used during the year ended December 31, 2022 were approximately \$40,600. Forfeitures to be allocated at December 31, 2022 and 2021 were approximately \$120 and \$100, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Included in investments of the Plan is the Victory/Key Bank EB Managed Guaranteed Investment Contract Fund (the "Fund"), a collective trust fund. The underlying investments of the Fund are synthetic guaranteed investment contracts ("SIC"). The fair value of SICs is valued at the fair value of the underlying securities primarily based on quoted market prices, with the applicable wrapper contracts valued at estimated fair value based on a replacement cost approach. The investment in the collective trust fund is presented at fair value which reflects the NAV of the fund. Certain events or conditions could potentially limit the ability of the Fund to transact at contract value. Such events or conditions include, but are not limited to (1) amendments to the Plan document (including partial or complete termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan (plant closings, mergers, early retirement incentives); (4) changes of qualification status of employer or Plan; or (5) employer communications designed to induce participants to transfer from the Fund. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan pays all costs to the Principal Trust Company ("Trustee") for the investment management services. The Company pays substantially all other costs of the Plan. Loan fees are deducted from the accounts of participants incurring such fees.

**Rohrer Corporation Amended and Restated
Profit Sharing Plan and Trust**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants and forfeited the associated match contributions prior to March 15, 2023.

Reclassification

Certain prior year disclosures have been recast to conform with current year presentation.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator determined that the certification received from the Trustee meets the requirements of ERISA Section 103(a)(3)(C). The Trustee certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net Investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Rohrer Corporation Amended and Restated
Profit Sharing Plan and Trust**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Pooled separate accounts: Valued at the net asset value ("NAV") per unit as determined by Principal on the last day of the Plan year based primarily on the quoted market price of the respective fund's underlying assets. This NAV is used as a practical expedient to estimate fair value.

Collective trust fund: Valued at the NAV per unit based primarily on the quoted market price of the respective fund's underlying assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions used to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and terms of the Plan. In the event of termination or partial termination of the Plan, applicable participants will become 100% vested in their accounts. The Company determines the date and manner in which participants' accounts will be distributed in accordance with ERISA.

Profit Sharing Plan and Trust**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE F - TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan, including amendments, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are units of pooled separate accounts and collective investment trust funds managed by the Trustee. Transactions involving these investments are allowable party-in-interest transactions under ERISA. Notes receivable from participants also qualify as allowable part-in-interest transactions

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
