Independent Auditor's Report

To the Administrative Committee of the
Cedar Health Group LLC 401K Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cedar Health Group LLC 401K Plan (The Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520. 103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and for the year ended, stating that the certified investment information, as described in **Note 5** to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Independent Auditor's Report (continued)

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (continued)

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4i – Schedule of assets (held at end of year) and the Schedule of Delinquent Participant Contributions and are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of Cedar Health Group LLC 401K Plan (formally known as Intensive Specialty Hospital, LLC 401k Plan) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan was established on December 16, 2019, as a defined contribution plan covering all eligible employees of Cedar Health Group LLC (formally known as Intensive Specialty Hospital, LLC (the "Plan Sponsor"). Employees who have completed three months of service and attained the age of 21, are eligible to participate in the Plan. Eligible employees exclude employees covered by collective bargaining agreements (unless inclusion is required by the agreements), leased employees and non-resident alien employees. An employee entry date into the Plan is the first day of the month coinciding with or following the date eligibility is satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions:

Participant Salary Deferral

Participants in the Plan may contribute a discretionary amount of their annual compensation and bonus provided that the participant's contribution does not exceed the maximum dollar amount determined by the Internal Revenue Service ("IRS") each year, which is \$20,500 for the year ended December 31, 2022. Employees over the age of 50 can elect to contribute an additional \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan has a managed savings feature with an option for automatic deferral increase on your anniversary, if elected.

Employer Discretionary Matching Contributions

Participants are eligible to receive a discretionary matching contribution based on a discretionary percentage.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's discretionary matching and profit-sharing contributions plus actual earnings thereon based on the following schedule:

Years of Service	Vesting Requirement
Less than two years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant accounts:

Individual participant accounts are credited with applicable participant contributions, an allocation of the Company's contributions, and investment earnings or losses, and are charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures:

A participant who terminates employment and is less than 100% vested forfeits the non-vested portion of their account. Forfeitures attributable to employer matching contributions are used to pay the Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. For the year ended December 31, 2022, there were forfeitures in the amount of \$5,842.

Investment options:

Participants direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers a variety of registered mutual funds as investment options for participants.

Notes receivables from participants:

Participants are permitted to borrow from their vested account balances a minimum of \$1,000 not to exceed the lesser of either (i) \$50,000 or (ii) 50% of the vested amount of the participant's account attributable to salary deferrals and rollovers from other plans.

Loans are secured by the balance in the participant's account and bear interest at the prevailing prime rate plus 1% (rates were 4.25% to 8.50% per annum in 2022). A loan shall be repaid over a period of up to five years unless the loan is for the purchase of a primary residence, which can be repaid over a period of up to ten years. Loans are repaid through payroll deductions. Participant loans were in the amount of \$185,739 for the year then ended December 31, 2022, respectively.

Payment of benefits:

Distributions from the Plan are permitted under the following circumstances: (i) attainment of age 59 ½, (ii) termination of employment, (iii) death or permanent disability, and (iv) a proven hardship. Distributions from a participant's account are made in the form of a lump-sum payment or installments over a period of time or partial withdrawals of at least \$1,000. If a participant's account balance does not exceed \$5,000, the distributions can only be made in the form of a lump-sum payment. Participants' benefits are charged to participants' equity during the period when participants are entitled to receive payment, which generally is the period during which the benefits are paid.

Disposition of forfeitures:

Forfeitures arising during the Plan year will first be used to pay administrative expenses. Any remaining amounts will be used to reduce the Company's future employer contributions payable under the Plan. Forfeitures arising during the year ended December 31, 2022, totaled \$1,463 and forfeitures were used to pay Plan expenses during the Plan year then ended.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis in accordance with accounting policies generally accepted in the United States of America, except for benefit payments, which are recorded when paid.

Valuation of investments and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Purchases and sales of securities are recorded on a trade-date basis.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net change in the fair value of its investments which consists of realized gains or losses, and unrealized appreciation or depreciation on those investments.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Receivables from participants:

Notes receivables

Receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contribution receivables

The participants made contributions to the Plan that was received and valued by the custodian in the subsequent period. These contributions are presented as a receivable of the amount of \$26,951 for the year ended December 31, 2022, respectively.

In addition, the Company made a discretionary matching contribution amounting to \$48,432 for the year ended December 31, 2022, respectively.

Excess Contributions Payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions. The Plan distributed 2022 excess contributions prior to March 15, 2023.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Investment-related expenses are included in the net depreciation of fair value of investments.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the end of the Plan year and the reported amounts of changes in net assets available for benefits during the year. Accordingly, actual results could differ from those estimates.

NOTE 3. TAX STATUS

The Plan is a prototype non-standardized profit-sharing plan with CODA sponsored by John Hancock Retirement Plan Services LLC, which has received an opinion letter from the Internal Revenue Service dated May 18, 2015, which indicated that the prototype plan document was in accordance with applicable sections of the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company LLC, the trustee for the year ended December 31, 2022, has certified that the following data included in the accompanying financial statements is complete and accurate.

Asset	Value as of December 31, 2022
Money market fund	\$ 5,843
Common collective trust fund	4,755
Mutual funds	3,489,988
Notes receivable from participants	185,739
Total Assets	\$ 3,761,708

The Plan's investments depreciated in value in the amount of \$698,178 (in which includes gains and/or losses on investments purchased, sold, and held during the year) for the year ended, December 31, 2022, respectively.

NOTE 6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") No. 820, Fair Value Measurements and Disclosures ("ASC 820"), provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to the Financial Statements

For the year ended December 31, 2022

NOTE 6. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds are valued at the closing price reported by the fund sponsor from an actively traded exchange. These are included within investments as Level 1 measurements.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts are valued by the determination of the trustee of the common collective trust based on the underlying assets, which represents the net asset value. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

There have been no changes in the methodologies used at December 31, 2022. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Net gains and losses included in changes in net assets available for benefits for the year ended December 31, 2022, are reported in net depreciation in fair value of investments.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market	\$ 5,843	\$ -	\$ -	\$ 5,843
Mutual Funds	3,489,988	-	-	3,489,988
Total investments in heirarchy	3,495,831	-	-	3,495,831
Investment measured at NAV ^(A)				4,755
Total investments at fair value	\$ 3,495,831	\$ -	\$ -	\$ 3,500,586

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 7. EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants totaling \$7,539 for contributions in excess of amounts allowed by the IRS are recorded as a liability and subtracted from employee contributions. The Plan did not distribute the 2022 excess contributions to the applicable participants prior to March 15, 2023, subjecting the amount to excise taxes.

NOTE 8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. PARTY – IN – INTEREST TRANSACTIONS

The Company administers the Plan from its office. Certain Plan investments are managed by John Hancock Trust Company LLC. John Hancock Trust Company LLC is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments, on the Statement of Changes in Net Assets Available for Benefits.

The following table presents the certain fees paid by the Plan as of December 31, 2022:

Name	Nature of Relationship	Type of Transaction	Amount
United Planners Financial Services	Advisor	Advisory fees	8,539
John Hancock Retirement Plan Services	Recordkeeper, Custodian, and Trustee	Administrator fees	23,009
GGM Associates Inc	Plan Auditor	Audit fees	7,000
			<u>\$ 38,548</u>

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2022, per the accompanying financial statements to the Form 5500:

Net assets available for benefits per the financial statements	\$ 3,754,169
(Less: deemed distributed participant loans)	<u>-</u>
Net assets available for benefits per the Form 5500	<u>\$ 3,754,169</u>

NOTE 11. SUBSEQUENT EVENTS

The Plan Administrator has reviewed and evaluated subsequent events through September 29, 2023, the date the financial statements were available to be issued. Management has determined that no event requires disclosure.
