Independent Auditors' Report

To the Plan Sponsor and Administrator of
Gemini Pharmaceuticals,Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gemini Pharmaceuticals,Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the ("Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gemini Pharmaceuticals,Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

mazars

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gemini Pharmaceuticals,Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gemini Pharmaceuticals,Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gemini Pharmaceuticals,Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Gemini Pharmaceuticals, Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements
Years ended December 31, 2022 and 2021

1. Plan Description

The following description of Gemini Pharmaceuticals,Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") (previously known as "Gemini Pharmaceuticals, Inc. 401(k) Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan, established on January 1, 2006, and restated January 1, 2022 and most recently on October 10, 2022, is a defined contribution plan covering all eligible employees of Gemini Pharmaceuticals, Inc. ("the Company"). Those who have reached the age of eighteen and have been employed with the Company for at least four months and have worked at least 1,000 hours are eligible to participate in the Plan. Enrollment in the Plan occurs on the first day of the calendar quarter after the employees satisfy the requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Participant Salary Deferral
Participants in the Plan may contribute a discretionary amount of their annual compensation and bonus from 1% to 92%, provided that the participant's contribution does not exceed the maximum dollar amount determined by the Internal Revenue Service ("IRS") each year, which was $20,500 for the year ended December 31, 2022; an additional $6,500 for participants over the age of 50 could be contributed as a catch-up contribution during the year ended December 31, 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Safe Harbor Matching Contributions
As of January 1, 2022, the Company adopted safe harbor provisions and makes Safe Harbor matching contributions based on an active participant's weekly deferral contribution percentage. During the year ended December 31, 2022, the Company made Safe Harbor matching contributions equal to their elected deferral percentage, not exceeding 4%. The matching contribution is made on a weekly basis. The safe harbor matching contribution totaled $93,739 for the year ended December 31, 2022.

Profit Sharing Contributions
As of October 10, 2022, the Company adopted Employer Profit Sharing Contribution provisions. Those who have attained the age of eighteen and have completed one year of eligibility service are eligible to receive these contributions. The Company has not made any profit sharing contributions during the plan year 2022.

Vesting
Participant's voluntary contributions, rollover contributions, Safe Harbor matching contributions and any earnings thereon vest immediately. Vesting in employer profit-sharing contributions and any earnings thereon is based on the number of years of continuous service (as defined). Vesting occurs at the rate of 20% per year after two years of credited service, with full vesting completed after six years of credited service. In the event of death or disability, participants' accounts become fully vested.

Participant Accounts
Each participant's account is credited with the participant's contributions and an allocation of (i) the Company's contribution and (ii) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

Investment Options
Participants may direct contributions to any of the investment options offered by the Plan. Participants may change their investment options online.

Distributions
Distributions from the Plan are permitted under the following circumstances: (i) attainment of age 59 ½, (ii) termination of employment, (iii) death or permanent disability, and (iv) a proven hardship. A distribution from a participant's account is made in the form of a lump-sum payment or a partial payment.

Loans
The Plan does not permit participants to take loans from their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, except for the guaranteed insurance contract which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are included in investment gain/(loss) on the statement of changes in net assets.

The Plan's administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net change in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Benefit Payments
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

3. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Co. ("Principal"), the custodian of the Plan through October 1, 2022, who continued holding the historic Plan assets through April 2023 when the Plan balances were transferred, and Mid Atlantic Trust Company ("Mid Atlantic"), the custodian of the Plan starting October 1, 2022, handling the Plan's activity through the remainder of the year ending December 31, 2022, have both certified that the below data included in the accompanying financial statements is complete and accurate.

	December 31, 2022	December 31, 2021
Investments, at fair value	$ 1,117,016	$ 1,295,929
Investments, at contract value	$ -	$ 180,513

	Year Ended December 31, 2022
Net depreciation in fair value of investments	$ (276,220)
Dividend and interest income	$ 1,928

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at December 31, 2022 and 2021:

- Mutual funds: Mutual funds and money market funds are stated at fair value based on quoted prices in an active market for each share held by the Plan.
- Shares of pooled separate accounts ("PSA") are valued at its Net Asset Value ("NAV") based on the fair value of its underlying investments as practical expedient for estimate of fair value, but PSA is not a publicly quoted price in an active market. The PSA may be redeemed on a daily basis with no redemption restrictions, and investments can be transferred at the current NAV based on the fair value of the underlying assets.
- Stable value collective trust fund: Composed primarily of fully-benefit responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments and the redemption notice period of 12 months is applicable only at the Plan level.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022, are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 297,318	$ -	$ -	$ 297,318
Pooled separate accounts	-	112,495	-	112,495
Comm/collective trust:				
Stable value fund (a)	-	-	-	707,203
Total investments at fair value	$ 297,318	$ 112,495	$ -	$ 1,117,016

Investments at fair value as of December 31, 2021, are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 195,984	$ -	$ -	$ 195,984
Pooled separate accounts	-	160,159	-	160,159
Comm/collective trust:				
Stable value fund (a)	-	-	-	939,786
Total investments at fair value	$ 195,984	$ 160,159	$ -	$ 1,295,929

(a) In accordance with Subtopic 820-10, certain investments that were measured at net assets value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Investment Contracts with Insurance Companies

The Guaranteed Income Fund, established and maintained by Principal, is a guaranteed investment fund which is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal. The contract is fully benefit responsive and is reflected in the financial statements at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no Investment Contracts with Insurance Companies as of December 31, 2022. The contract value of the investment contract at December 31, 2021 was $180,513.

The existence of certain conditions can limit the trust's ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the trust that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the trust or a unit holder, tax disqualification of the trust or a unit holder, and certain trust amendments if issuers' consent is not obtained.

6. Related Party Transactions

The Company administers the Plan from its office. Certain Plan investments are managed by Principal and Mid Atlantic. Principal and Mid Atlantic are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Company for investment management services for the year ended December 31, 2022, are included in the net depreciation in fair value of investments.

7. Tax Status

The Plan is a non-standardized pre-approved profit sharing plan provided by Ascensus LLC. Ascensus LLC has obtained an opinion letter on the pre-approved plan dated June 30, 2020, stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2019.

8. Concentration

At December 31, 2022 and 2021, the Plan invested in two and three investments, respectively, which accounted for approximately 46% and 69%, respectively, of net assets available for benefits.

9. Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term, and those changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

11. Excess Contributions Payable

Excess contributions payable represents amounts owed to participants who made excess contributions based on the compliance testing performed by the Plans' recordkeeper. There were no excess contributions payable as of December 31, 2022.

12. Subsequent Events

The Plan has evaluated subsequent events through September 7, 2023, the date the financial statements were available to be issued.
