INDEPENDENT AUDITORS' REPORT

To the Participants and Board of Trustees
Plumbers and Pipefitters Local 162 Retirement Savings Plan

Opinion on the 2022 Financial Statements

We have audited the financial statements of the Plumbers and Pipefitters Local 162 Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plumbers and Pipefitters Local 162 Retirement Savings Plan as of December 31, 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plumbers and Pipefitters Local 162 Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Audit of the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plumbers and Pipefitters Local 162 Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plumbers and Pipefitters Local 162 Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plumbers and Pipefitters Local 162 Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 and schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Auditors' Report on the 2021 Financial Statements

The 2021 financial statements of the Plumbers and Pipefitters Local 162 Retirement Savings Plan were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, their audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. In their report dated September 30, 2022 they indicated that in their opinion (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN:

The following brief description of the Plumbers and Pipefitters Local 162 Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on June 1, 1993. The Plan is a multiemployer defined contribution plan established pursuant to collective bargaining agreements (CBAs) by and between participating employers and The United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada, Local No. 162. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Administration of the Plan is the responsibility of a joint board of trustees (Board of Trustees), which consists of representation from the participating employers and the local union.

Contributions

Under the terms of the CBAs, participating employers contribute various amounts to the Plan for each reported hour worked for covered employees. Effective October 1, 2022, the Plan was amended to allow for participant pre-tax deferrals at voluntarily elected hourly rates. Participants direct the investment of these contributions into various investment options offered by the Plan.

The Plan may accept rollover contributions made on behalf of the employees from another qualified trust maintained in conjunction with a qualified pension plan. However, the rollover contributions may not include any employee contributions and must be made no later than 60 days after the date of distribution, if paid directly by the employee.

Participants of the Plan and participants of the benefit plans of other affiliated local unions may have temporary employment assignments outside of the jurisdiction of their local union. Therefore, the Plan has entered into reciprocity agreements with other affiliated locals to ensure that contributions are forwarded to the benefit plans of the participant's local union.

Participant accounts

Each participant's account is credited with their respective employee and employer contributions and an allocation of the Plan earnings and losses. Participant accounts are charged with an allocation of administration expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions and contributions made on their behalf by employers plus actual earnings thereon.

Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's interest in his or her account, or annual installments, provided by the purchase of an irrevocable annuity from an insurance company using the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution after a prescribed waiting period.

2. SUMMARY OF ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, with the exception of the fully benefit-responsive investment contract, which is recorded at contract value, as described in Note 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies by using information provided by its investment advisers and custodians. See Note 4 for discussion of fair-value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at year-end.

Cash

Cash includes amounts on deposit with financial institutions. The balances, at times, may exceed federally insured limits.

Contributions receivable

Contributions receivable as of December 31, 2022 and 2021 primarily represent employee and employer contributions for the last month of the Plan's calendar year and represent amounts due from employers that were received subsequent to year end. Therefore, the carrying amount of these receivables is not reduced by an allowance for amounts that will not be collected. Amounts in dispute with employers are not recorded as a receivable by the Plan. In addition, it is impractical to estimate a recognition of revenue for amounts due but erroneously unreported by employers.

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Administrative expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Reclassifications

Certain reclassifications have been made to the prior year financial statements in order to conform to the current year presentation.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

For the 2021 financial statements, Plan management elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian, certified to the completeness and accuracy of all the investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2021 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds are required to publish their daily net asset value and to transact at that price at the end of each trading day. Mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

<u>Assets at Fair Value as of December 31, 2022</u>						
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Assets at NAV</u>	<u>Total</u>

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT:

The Plan holds an unallocated insurance contract that meets the fully benefit-responsive investment contract criteria. Fully benefit-responsive investment contracts are presented at contract value in the Statements of Net Assets Available for Benefits because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of this traditional investment contract, SAGIC Core Bond I (SAGIC Fund), was \$6,681,218 and \$6,167,348 at December 31, 2022 and 2021, respectively.

The objective of the SAGIC Fund is to provide a stated rate of return, generated from performance of a core bond portfolio. Massachusetts Mutual Life Insurance Company (MassMutual) serves as the contract issuer for the SAGIC Fund, and Baring Asset Management serves as the investment advisor. There are no restrictions on redemptions for the SAGIC Fund, but transfers to competing fixed income investments are not allowed. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on an agreed-upon formula established by the contract issuer but cannot be less than zero percent. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract noted above is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value and may result in a deferral of the payment at contract value for up to twelve months. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary division or result of group layoffs or early retirement programs. At December 31, 2022, no events were considered probable that could limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreement without consent of the issuer

6. TAX STATUS:

The Plan obtained its latest determination letter on May 23, 2016, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, and certain others. The Plan pays fees for several service arrangements with service providers which include third party administration, legal and consulting, accounting and audit, and investment and custody fees. These transactions are considered exempt party-in-interest transactions under ERISA.

The Plan rents its office facilities from the Plumbers and Pipefitters Local 162 on a month-to-month basis. Rent expense was \$3,200 and \$2,133 for the years ended December 31, 2022 and 2021, respectively. The Plan is not responsible for utilities, maintenance, or taxes. The Plan operates jointly with the Plumbers and Pipefitters Local 162 Pension Fund and the Plumbers and Pipefitters Local 162 Health and Insurance Fund. As of December 31, 2022 and 2021, \$28,274 was payable to the Plumbers and Pipefitters Local 162 Pension Fund, and \$138 was due from the Plumbers and Pipefitters Local 162 Health and Insurance Fund.

8. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Plan may discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, any obligations of the Plan would be paid, and all remaining net assets would be distributed to participants in the manner specified in the Plan.

9. RISKS AND UNCERTAINTIES:

The Plan's contributing employers are primarily located throughout the Midwest Region. Due to the Plan's dependence of the industry and its geographical concentration of contributing employers, the Plan is affected by the economic conditions of the aforementioned region. Consequently, contributions may be affected, either positively or negatively, by changes in economic conditions in this geographic area. For the years ended December 31, 2022 and 2021, one employer represented 15% and 18% of total employer contributions, respectively.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term those changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. ADMINISTRATIVE EXPENSES:

During the years ended December 31, 2022 and 2021, the Plan's administrative expenses were as follows:

	<u>2022</u>	<u>2021</u>
Administration expense	\$ 27,670	27,312
