INDEPENDENT AUDITOR'S REPORT

To the Plan Investment Administrative Committee and participants of the
Thomas Concrete, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Thomas Concrete, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C) institutions.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions which management determined meets the requirements of ERISA Section 103(a)(3)(C).

Thomas Concrete, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

1. Description of Plan

The following description of the Thomas Concrete, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2022.

General

The Plan is a defined contribution plan covering substantially all employees of Thomas Concrete, Inc. (the Company or Plan Sponsor) and its participating subsidiaries that have at least two months of consecutive service. Effective January 1, 2022, the Plan includes an automatic enrollment feature for all eligible participants. The participants are automatically enrolled at 2% unless the participant elects otherwise.

During 2021, the Company acquired Palmetto Ready Mix, Inc. (Palmetto). Effective December 15, 2021 the Plan was amended to allow for immediate vesting of employees of the acquired entity as Palmetto did not have a 401(k) plan. During 2022, the Company acquired Benton Ready Mix of Florence, Inc. (Benton Ready Mix). Effective January 7, 2022 the Plan was amended to allow for immediate vesting of employees of the acquired entity as Benton Ready Mix did not have a 401(k) plan.

The Plan changed service providers from Massachusetts Mutual Life Insurance Company (MassMutual) to Transamerica Retirement Solutions, LLC (Transamerica) in December 2021. A majority of the Plan assets were held in a stable value fund account at December 31, 2021. These assets were allocated to participant accounts on January 11, 2022.

Contributions

Each participant may make pre-tax contributions and/or Roth contributions of up to 100% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$20,500 in 2022, plus an additional \$6,500 if the employee has attained age 50 by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make discretionary matching contributions and discretionary profit sharing contributions to the Plan. The discretionary matching contribution is equal to a percentage of the participant's salary deferrals. The discretionary profit sharing contribution will be divided among participants eligible to share in the contribution as defined in the Plan document. During 2022, the Company did not elect to make discretionary matching contributions or discretionary profit sharing contributions to the Plan.

Thomas Concrete, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

The Company makes a safe-harbor matching contribution equal to 100% of participant contributions up to 4% of eligible compensation. During 2022, the Company contributed \$2,265,239 as a safe-harbor matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings and losses on the investments in their account and is charged with certain administrative expenses and individual transaction fees. Upon enrollment in the Plan, a participant may direct their contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

Vesting

Participants are vested immediately in their contributions and safe-harbor matching contributions plus actual earnings and losses thereon. Participants who were employed with the Company on or after January 1, 2016 are immediately fully vested in Company discretionary matching and discretionary profit sharing contributions. Participants who were terminated prior to January 1, 2016 are subject to the six year graded vesting schedule with 20% vested after two years of service and 20% each year thereafter.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have two notes outstanding at any time. The notes are secured by the balance in the participant's account and must bear a reasonable rate of interest, as defined by the Plan document. During 2022, notes had fixed rates ranging from 4.25% to 8.00% for the term of the notes, not to exceed 5 years, unless used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum distribution. In-service withdrawals are permitted for participants who have attained age 59½. Participants are also eligible to receive hardship withdrawals when certain conditions are met.

Thomas Concrete, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

Administrative Expenses

The Plan permits for payment of operational and administrative expenses, which are allocated to participant accounts proportionately based on the value of their account balances. These expenses are paid to service providers of the Plan and, therefore, qualify as party-in-interest transactions. Expenses relating to the acquisition and disposition of investments and specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. All other administrative expenses were paid by the Company. The Company does not expect reimbursement from the Plan for these expenses.

Forfeited Accounts

Forfeited non-vested accounts totaled \$77,772 and \$40,486 at December 31, 2022 and 2021, respectively. Forfeited non-vested accounts may be used to pay Plan expenses or used to reduce qualified nonelective contributions, qualified matching contributions, and safe-harbor matching contributions. During 2022, the Plan used \$0 of forfeitures to pay for administrative expenses. The Plan used \$23,350 of forfeitures to pay for safe-harbor matching contributions in 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The safe-harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Discretionary matching and profit sharing contributions are considered payable to the Plan when approved by the administrative committee. Any unfunded participant or employer contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2022 and 2021.

Thomas Concrete, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Net change in fair value of investments includes interest, dividends, realized and unrealized gains and losses on those investments, and certain operational and administrative expenses. Interest income is recorded when earned.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 5, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

Information in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held and notes receivable from participants at December 31, 2022 and 2021, and net change in fair value of investments and interest income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the Plan's qualified institution.

Thomas Concrete, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

4. Investments

Plan investments include mutual funds and a stable value fund managed by Transamerica. Transamerica is the qualified institution of the Plan; therefore, transactions in this investment qualifies as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing, rather than direct payment.

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include public healthcare emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Thomas Concrete, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investments in the mutual fund accounts are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund held in a common/collective trust fund. The stable value fund invests in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, as well as synthetic GICs. The stable value fund trades at the net asset value (NAV) which is based on the contract value of the underlying investments (Level 1). Participants transact at NAV daily in the fund. The stable value fund includes certain redemption restrictions. If the Plan chooses to redeem all or a significant portion of the stable value fund, the issuer may require a 12-month wait period to redeem.

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2022 and 2021:

	Level 1	
	2022	2021
Stable value fund	\$ 2,881,171	\$ 41,690,657
Mutual fund account	32,982,495	21,815
Total investments, at fair value	\$ 35,863,666	\$ 41,712,472

5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

The Plan is operating under a prototype plan document offered by Ascensus, LLC (Ascensus). The Internal Revenue Service has determined and informed Ascensus by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
