INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
of **Eurecat U.S., Inc. Employees 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eurecat U.S., Inc. Employees 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audits of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

General

The Eurecat U.S., Inc. Employees 401(k) Plan (the Plan) is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was amended and restated effective July 31, 2022. Significant provisions of the Plan indicated below are as of December 31, 2022, unless otherwise noted. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

Administration of the Plan

The Plan Sponsor and named Plan Administrator is Eurecat U.S., Inc. (the Company). As of December 31, 2021 and for the period January 1, 2022 to August 14, 2022, the Plan's custodian was Charles Schwab Trust Bank. Beginning August 15, 2022, the Plan's custodian is BOKF, NA. The investment custodians held all of the Plan's assets and executed all of the Plan's transactions. The Company has retained BOK Financial Asset Management, Inc. to provide participant recordkeeping and administration services. Certain officers of the Company act as Trustees of the Plan.

Eligibility

Employees of the Company are eligible to participate in the Plan on the first day of the Plan year quarter coinciding with or next following the date upon attaining the age of twenty-one and completing two months of service.

Employee Contributions

Participating employees may elect to contribute up to 90% of their annual compensation subject to the annual dollar limit set by the Internal Revenue Service (IRS). Participants may contribute on a pre-tax basis or after-tax basis through Roth contributions. Eligible compensation is defined as total pay included on a W-2 but excludes compensation paid prior to becoming eligible or paid after termination of employment, reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, welfare benefits, bonuses and commission. The amount of a participant's contributions for any calendar year may not exceed certain limits under Section 402(g) of the Internal Revenue Code (the Code). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Active participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and certain IRAs.

Employer Contributions

A safe harbor matching contribution is made by the Company on behalf of the participants. The contribution is equal to 100% of pretax deferrals up to 3% of eligible compensation plus 50% of pretax deferrals between 3% and 6% of eligible compensation. The safe-harbor matching contribution is funded with each pay period.

Note 1 - Description of Plan (Continued)

Employer Contributions (Continued)

The Plan allows the Company to make discretionary profit sharing contributions to participants who are employed as of the last day of the Plan year. For the year ended December 31, 2022, there were no profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions. Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions. The investment fund gains or losses are allocated daily to the applicable participant's account in that fund based on the previously reported account balance, adjusted for current period contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance ($100,000 or 100% of their vested account balance. A participant may have no more than two loans outstanding at any time. Effective July 31, 2022, newly issued notes receivable bear interest at the prime rate plus 2% and the term of a loan is one to five years, unless used to purchase a primary residence, in which case the loan term is fifteen years. Prior to July 31, 2022, the interest rate was commensurate with prevailing prime rates and the term of a loan was one to five years, unless used to purchase a primary residence, in which case the loan term was determined by the Plan Administrator. Loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The Plan provides benefits for eligible participants upon retirement, early retirement, death, termination, or permanent disability, according to the form of payment elected by the participants within the limitations defined in the Plan. The Plan also allows for in-service distributions upon attainment of age 59 ½. Required minimum distributions are made in accordance with IRS requirements. Distributions shall be made in the form of a lump sum. A terminated participant with a vested account balance of $5,000 or less is not allowed to leave such amounts in the Plan and must take a distribution. Hardship withdrawals are available from elective deferral and Roth contributions, including earnings, after the participant has met the hardship withdrawal requirements stated in the Code.

Note 1 - Description of Plan (Continued)

Vesting

Each participant's pretax contributions, after-tax contributions, safe harbor matching contributions, and any qualified non-elective contributions, as well as allocated earnings thereon, are fully vested and non-forfeitable. All employees actively employed by the Plan Sponsor on April 16, 2018 or thereafter are 100% vested for all Plan purposes. Participants not actively employed by the Plan Sponsor on April 16, 2018, acquired a vested interest in their non-safe harbor matching and profit sharing accounts based on a graded vesting schedule, becoming 100% vested after six years of service. If a participant is a terminated participant with account balances from the Tricat 401(k) Plan, the vesting schedule is 25% after one year of service, 50% after two years of service and 100% after three years of service. In any event, the employer contribution account of an active participant shall become fully vested upon the attainment of early retirement age (age 55 and completion of 10 years of service), normal retirement age of 65, disability or death.

Forfeitures

Forfeitures may be used to reduce employer contributions or to pay reasonable Plan expenses. As of December 31, 2022 and 2021, the balance in the forfeiture account was $69 and $-, respectively. No forfeitures were used during the year ended December 31, 2022.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

Continued

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan's loan policy.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation in fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through August 30, 2023, with is the date the financial statements were available to be issued.

Note 3 - Unaudited Investment Information Certified by Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Charles Schwab Trust Bank and BOKF, NA as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditor:

- Investment and notes receivable from participant balances as reflected in the statements of net assets available for benefits as of December 31, 2022 and 2021 and notes to financial statements.
- Investment interest and dividend income, net depreciation in fair value of investments and interest income from participant notes receivable as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment and participant loan information included in the Supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Collective trust fund: The collective trust fund is not publicly traded and represents a stable value collective investment trust. This investment meets the criteria for readily determinable fair value. The fair value of this fund is determined based on the fair value of the underlying assets in the fund, less its liabilities as reported by the issuer of the fund. Redemption can occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plans assets at fair value as of December 31, 2022:

	Total	Level 1	Level 2	Level 3
Registered investment companies	$ 8,858,415	$ 8,858,415	$ -	$ -
Collective trust fund	271,322	271,322	-	-
Investments at fair value	$ 9,129,737	$ 9,129,737	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plans assets at fair value as of December 31, 2021:

	Total	Level 1	Level 2	Level 3
Registered investment companies	$ 10,629,157	$ 10,629,157	$ -	$ -
Collective trust fund	117,821	117,821	-	-
Investments at fair value	$ 10,746,978	$ 10,746,978	$ -	$ -

Note 5 - Tax Status and Plan Restatement

The Plan is utilizing a non-standardized prototype plan, which has been filed with the IRS and has received a favorable opinion letter dated June 30, 2020 from the IRS. The Plan Administrator has elected not to apply for an individual IRS Determination Letter upon adoption of the non-standardized prototype plan nor on any subsequent amendments. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan is qualified under Section 401(a) and the related trust is tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right to cease contributions and terminate the Plan at any time. In the event of Plan termination, participants would become 100% vested in their employer contributions and would receive benefits based on their account balance accumulated to the date of termination of the Plan.

Continued

Note 7 - Party-in-Interest Transactions

During the year, certain Plan investments were managed by an affiliate of Charles Schwab Trust Bank. Fees incurred by the Plan for investment management services are included in the net depreciation in fair value of the respective investment. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. For the year ended December 31, 2022, fees paid from Plan assets to the Custodians and recordkeeper totaled $5,826.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities which are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
