INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
The Faison Center, Inc. Employees' Retirement Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Faison Center, Inc. Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan:

The following description of The Faison Center, Inc. Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of The Faison Center, Inc. (the "Organization"). The Plan is intended to meet the requirements of Section 403(b) of the Internal Revenue Code of 1986, as amended. All employees who work at least 20 hours per week and are not classified as a student of the Organization are eligible to participate in the Plan and make contributions. However, employees must have three months of service to be eligible for allocation of Employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration: Overall responsibility for administering the Plan rests with the Organization. Participant accounts are administered by Actuarial Benefits & Design Company, which serves as the third-party administrator of the Plan. All assets of the Plan are held with Nationwide Trust Company, FSB (the "Custodian").

Contributions: Participants may designate a portion of their eligible compensation to be withheld and contributed to the Plan, and participants who have at least 15 years of service or are at least age 50 may make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Organization has the option of making contributions to the Plan. Contributions are subject to certain limitations.

Participant Accounts: The Plan maintains an account for each participant to record the participant's contributions, allocations of Employer contributions, and allocations of Plan earnings. Plan earnings consist of income from the investment in mutual funds less administrative expenses incurred by the Plan.

Investment Options: Participants may direct the Custodian as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time.

Vesting: The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants are vested immediately in their contributions and the related Plan earnings. Participants are vested at a rate of 25% per year of service (defined as consecutive twelve-month period with at least 1,000 hours of service) and become fully vested in Employer contributions and the related Plan earnings after four years of service, or upon death, disability, or reaching age 65.

**THE FAISON CENTER, INC.
EMPLOYEES' RETIREMENT PLAN**

Notes to Financial Statements, Continued

1. Description of Plan, Continued:

Payment of Benefits: Distribution of the vested portion of a participant's account will occur upon the participant's termination of service, retirement, death, disability, hardship withdrawal, or attainment of age 59 ½ as defined in the Plan. A participant is entitled to receive a distribution from the Plan under any of the forms of benefit available under the relevant funding vehicle, with the exception of a hardship withdrawal which must be distributed in a single sum.

Forfeitures: The portion of an account balance that is not vested at the time the participant's employment is terminated for other than death, disability, or retirement is forfeited and used to reduce employer contributions or to pay administrative expenses. Forfeitures totaled \$13,609 in 2022 and \$22,167 in 2021. In 2022, accumulated forfeited balances totaling \$9,805 were used to pay administrative fees. In 2021, accumulated forfeited balances totaling \$20,000 were applied against the 2021 payment of 2020 employer contributions and forfeited balances totaling \$1,479 were used to pay administrative fees. Forfeited balances available were \$22,484 at December 31, 2022 and \$18,680 at December 31, 2021.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through September 29, 2023, the date the financial statements were available to be issued, has determined there are no subsequent events to be reported in the accompanying financial statements.

**THE FAISON CENTER, INC.
EMPLOYEES' RETIREMENT PLAN**

Notes to Financial Statements, Continued

3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Valued at the cash balance.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Level 1	
	2022	2021
Assets:		
Mutual funds	\$ 3,503,911	\$ 4,093,769
Money market	44,478	41,155
Total assets at fair value	<u>\$ 3,548,389</u>	<u>\$ 4,134,924</u>

**THE FAISON CENTER, INC.
EMPLOYEES' RETIREMENT PLAN**

Notes to Financial Statements, Continued

4. Administrative Expenses:

Administrative expenses incurred by the Plan during the year primarily were for fees charged by Actuarial Benefits & Design Company, which provides administration services for the Plan, and Nationwide Trust Company, FSB, the custodian of the Plan. Administrative expenses totaled \$55,427 for 2022 and \$60,402 for 2021.

5. Related-Party Transactions:

The Plan invests in three mutual funds that are administered by Nationwide Trust Company, FSB, the custodian of the Plan. These are related-party transactions and the funds are identified as parties-in-interest in the accompanying schedule of assets (held at end of year).

In addition, as disclosed in Note 4, the Plan pays recordkeeping fees to Nationwide Trust Company, FSB which totaled \$35,171 for 2022 and \$38,951 in 2021. The amounts are included in administrative expenses.

6. Plan Termination:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the account balances of all participants would immediately vest.

7. Tax Status:

The plan agreement was designed by Actuarial Benefits & Design Company. The Organization believes the agreement was designed in compliance with the applicable requirements of the Internal Revenue Code. The Internal Revenue Service does not have a determination letter program for individually designed 403(b) plans.

Management has evaluated the effects of FASB guidance related to uncertain income tax positions and concluded that the Plan has no significant financial statement exposure to uncertain income tax positions at December 31, 2022 and 2021. The Plan is not currently under audit by any tax jurisdiction.

**THE FAISON CENTER, INC.
EMPLOYEES' RETIREMENT PLAN**

Notes to Financial Statements, Continued

8. Risks and Uncertainties:

The Plan provides for various investments in a money market and mutual fund accounts. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.
