Independent Auditors' Report

To the CDI Corporation 401(k) Savings Plan Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CDI Corporation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements

Management, having determined it is permissible in the circumstances, has elected to have the audits of the CDI Corporation 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CDI Corporation 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CDI Corporation 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CDI Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CDI Corporation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CDI Corporation
401(k) Savings Plan
Notes to Financial Statements

(1) Description of Plan

The CDI Corporation 401(k) Savings Plan (the "Plan") is a defined contribution plan maintained for the benefit of eligible employees of CDI Corporation (the "Company" or the "Plan Sponsor") and those of its subsidiaries that have adopted the Plan. The Plan was adopted in 1985 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and Section 401(k) of the Internal Revenue Code of 1986, as amended (the "IRC"). The Plan is administered by a committee consisting of members appointed by the board of directors of the Company. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) Eligibility

The Plan benefits eligible employees of the Company and those of its subsidiaries that have adopted the Plan. Employees who have attained the age of eighteen are eligible to participate in the Plan as of the first day of any payroll period beginning as soon as administratively practicable after the date on which the employee becomes eligible to participate.

(b) Contributions

Eligible employees may make voluntary tax deferred contributions of a specified percentage of their compensation to the Plan. Eligible employees may elect to make voluntary Roth after-tax contributions. The Roth contributions, together with the tax deferred contributions, are subject to the limitations established by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. The Company and each of its participating subsidiaries may, at the discretion of their respective board of directors, make matching contributions, which are added to the employee's elective contributions. Eligible employees receive a matching contribution on a per pay basis of 33.3% up to the first 6% of eligible contributions. Effective March 16, 2020, matching contributions were suspended for all employees with the exception of the Management Recruiters International employees. Effective January 1, 2021, the matching contribution was restored for all eligible CDI-Infrastructure, LLC employees. Effective January 1, 2022, the matching contribution was restored for all eligible employees. Effective January 1, 2023, eligible employees receive a matching contribution on a per pay basis of 50% up to the first 6% of eligible contributions. The employer matching contributions are subject to limitations established by the IRC and the provisions of the Plan. Effective January 1, 2021, the Company has the ability to make discretionary non-elective contributions to the Plan. The non-elective contributions will be allocated to the accounts of all eligible participants who are actively employed as of the last day of the Plan year. There were no non-elective contributions for the year ended December 31, 2022. Non-elective contributions for the year ended December 31, 2021 were \$-0- (net of \$108,750 forfeitures applied). Participants may also contribute amounts representing distributions from other qualified defined contribution plans sponsored by the participants' previous employer and Roth rollover accounts.

Newly-hired eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation following an election period during which the employee may either opt out of the Plan or choose a different salary deferral percentage in the manner prescribed by the Plan Administrator. Unless the participant elects otherwise, participants who are automatically enrolled in the Plan have their deferral rate automatically increase by 1% on the first day of each subsequent plan year. The automatic increase is stopped when a deferral rate of 10% is attained, unless changed by the participant.

(c) Investments

Participants direct the investment of their contributions and any employer matching and non-elective contributions into various investment options offered by the Plan, including mutual funds and common collective trust funds. Participants who are automatically enrolled in the Plan will have their accounts initially invested in an age-appropriate Empower (formerly Great-West) Lifetime Trust; however, participants may change investment funds at any time. Company contributions are invested in a portfolio of investments as directed by the participant.

(d) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is adjusted to reflect participant and Company contributions, as well as investment income or loss and withdrawals based on the terms of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CDI Corporation
401(k) Savings Plan
Notes to Financial Statements

(e) Vesting

All participants are fully vested in their salary deferral contribution account, including earnings or losses thereon. The majority of participants are fully vested at all times in their employer matching contributions account, with some exceptions as noted below. The exceptions pertain to the CDI-Infrastructure, LLC and DSPCon Corporation subsidiaries of the Company where vesting of matching contributions takes place on a six-year graduated basis for matching contributions made before January 1, 2012. The vesting of matching contributions made on or after January 1, 2012 for all participants will take place on a three-year graduated schedule based on years of service. The vesting of non-elective contributions will also take place on a three-year graduated schedule based on years of service. Participants forfeit the non-vested portion of employer contributions if their employment is terminated. The forfeiture amounts are used to reduce employer-matching and non-elective contributions in accordance with the Plan provisions. As of December 31, 2022 and 2021, the Plan had forfeitures of \$29,012 and \$120,572, respectively, available to reduce future employer contributions.

(f) Fee Income

A portion of service fees are returned to the Plan based on a revenue sharing arrangement with Empower Life & Annuity Company ("Administrative Service Provider"). The revenue sharing amounts received are credited to an administrative account, which is used to pay administrative expenses incurred by the Plan. Amounts remaining in the administrative account at the end of the prior plan year shall be allocated to participant accounts. During 2022 and 2021, the Plan earned \$391,200 and \$489,862, respectively, in fee income. As of December 31, 2022 and 2021, the balance in the administrative account was \$232,392 and \$195,421, respectively.

(g) Withdrawals and Distributions

A participant who is still an employee of the Company or any of its participating subsidiaries may make withdrawals from the Plan if the participant has reached the age of 59 $\frac{1}{2}$. Prior to the age of 59 $\frac{1}{2}$, participants can withdraw up to 100% of their salary deferral contributions in the event of a monetary hardship as interpreted in accordance with the applicable regulations under the IRC.

Upon termination of employment, retirement or total disability, a participant can elect to receive a distribution as either a lump sum payment or in certain situations, in annual installments.

(h) Notes Receivable from Participants

Participants are permitted to make loan withdrawals against their individual account balances. The loan amount must be a minimum of \$500 and may not exceed the lesser of one-half of the participant's vested account balance or \$50,000 reduced by the participant's highest outstanding loan balance during the previous year. Prior to September 15, 2016, loans were evidenced by a promissory note bearing a rate of interest equal to the prime rate plus two percent at the time of the loan. Effective September 15, 2016, new loans bear interest at the prime rate plus zero percent. Interest rates on outstanding loans at December 31, 2022 range from 3.25% to 7.00%.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, Fair Value Disclosures, for a discussion of fair value measurements.

Security transactions are accounted for on the trade date for securities purchased or sold. The proceeds from sales of investments are compared to the cost for each investment to determine realized gains and losses. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

CDI Corporation
401(k) Savings Plan
Notes to Financial Statements

(c) Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

(d) Administrative Expenses

Administrative expenses, such as auditing, legal fees and investment advisory services incurred in the operation of the Plan are paid out of the Plan Sponsor's ERISA budget account. The ERISA budget account was established as a result of a negotiated arrangement between the Plan Sponsor and Administrative Service Provider (See (1)(f)) for purposes of allocating some or all of the service fees that the Administrative Service Provider receives from the Plan's investments for the payment of Plan expenses. These Plan expenses are reflected in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021. Administrative expenses in excess of the ERISA budget account are paid by the Company and its participating subsidiaries.

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

(f) Payment of Benefits

Benefits are recorded when paid.

(3) Fair Value Disclosures

The Plan measures the fair value of Plan assets as the price that would be received to sell an asset in the principal market for that asset. These measurements are classified into a hierarchy framework by the inputs used to perform the fair value calculation. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly, for substantially the full-term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of the input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for these items, as well as the general classification of such items pursuant to the fair value hierarchy:

Mutual Funds - The value of the shares in a mutual fund is based on the quoted market price of the fund in the exchange in which the fund is traded on the last business day of the year. Mutual funds are classified within Level 1 in the fair value hierarchy tables below.

CDI Corporation
401(k) Savings Plan
Notes to Financial Statements

Common Collective Trust Funds:

- The Putnam Stable Value Fund is a common collective trust that primarily holds investments in fully benefit-responsive insurance contracts. The Plan's investments in the Putnam Stable Value Fund are considered indirect investments in fully benefit-responsive investment contracts, and therefore are valued at their daily net asset value ("NAV"), which is used as a practical expedient to estimate fair value. The stable value fund generally permits redemptions daily at the current NAV. If the fund experiences periods of insufficient liquidity then the stable value fund may defer honoring any payment request until liquidity is sufficient.
- The Putnam Large Cap Value Trust is a common collective trust fund that provides for daily redemptions by the Plan at reported NAV with no advance notice requirement. Under unusual circumstances redemptions may be suspended should the withdrawal cause a material adverse impact on other participating plans. Fair values for the investments within the fund are based on quoted prices in active markets and securities valued using either observable inputs or quotations from inactive markets. The Plan is permitted to redeem investment units at NAV on the measurement date.
- The Empower Lifetime Trust (2015, 2025, 2035, 2045, 2055) Indexes represent portfolios of global equities, bonds and traditional inflation hedges such as commodities and treasury inflation protected securities. The investment objective of each fund is to seek capital appreciation and income. After the target year noted in the name of the Fund, the investment objective is to seek income and secondarily, capital growth. Investments in units of the underlying collective funds and shares of underlying mutual funds are valued at their unit value or NAV as reported by the underlying fund. The unit value of each Fund is determined by dividing the net assets attributable to the fund by the number of outstanding units of each Fund on each valuation date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables outline, by major category, the Plan's financial assets measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Description	Fair Value Measurement at December 31, 2022	Fair Value Measurements At December 31, 2022 Using

(4) Investments

During the years ended December 31, 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year; net of individual fund management fees and expenses appreciated (depreciated) in value by \$(52,174,642) and \$22,680,493, respectively.

CDI Corporation
401(k) Savings Plan
Notes to Financial Statements

(5) Federal Income Taxes

The Internal Revenue Service ("IRS") has issued a letter of determination dated September 17, 2015, that the Plan is a qualified plan under Section 401(a) of the IRC and is, therefore, exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examination for years prior to 2019.

(6) Plan Termination

Although there is currently no intent to do so, the Company and each of its participating subsidiaries have the right under the Plan provisions to terminate their participation in the Plan, subject to the provisions of ERISA. Upon termination or partial termination of the Plan, the accounts of all affected participants would immediately become fully vested and be paid in accordance with the terms of the Plan.

In May 2021, the Company sold a division, CDI Infrastructure Holdings, Inc. The affected employees were no longer active participants in the Plan and they became fully vested in their employer matching contribution accounts as of the sale effective date.

(7) Information Certified by Plan's Trustee

Certain information related to investments included in the Plan's financial statements and the ERISA-required supplemental schedule was obtained or derived from information provided by Empower Trust Company, LLC ("Empower") (formerly Great-West Trust Company, LLC), the trustee of the Plan, and furnished to the plan administrator. Management of the Plan has obtained a certification from the trustee that such information is complete and accurate. The certification applies to the Plan's investment balances at December 31, 2022 and 2021 and the related activity for the years then ended.

(8) Administration of Plan Assets

The Plan's assets are administered under a contract with Empower, the trustee of the Plan. Contributions are held and managed by the trustee, who invests cash received, interest and dividend income.

Certain administrative functions are performed by employees of the Plan Sponsor. No such employee received compensation from the Plan.

(9) Related Party Transactions

Plan investments amounting to \$91,512,161 and \$109,401,449 at December 31, 2022 and 2021, respectively, are held in funds sponsored by Empower, the trustee of the Plan, and affiliates. Certain administrative fees have been paid through a revenue sharing agreement with the Administrative Service Provider, see Note 1. The Plan also carries notes receivable from participants, which are party-in-interest transactions.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near to midterm and such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits accompanying these notes.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the years ended December 31, 2022 and 2021 to the Form 5500:

	December 31,

Net assets available for benefits per the Form 5500	<u>\$ 200,822,644</u>	<u>\$ 269,774,150</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2022 to the Form 5500:

	December 31,
	2022
Net decrease in net assets available for benefits per the financial statements	\$ (69,085,632)
Change in deemed distributed loans	127,925
Change in fee income receivable	9,602
Change in administrative expenses payable	(3,401)
Net income (loss) per the Form 5500	<u>\$ (68,951,506)</u>

(12) Commitments and Contingencies

In July 2020, a purported class-action was commenced against the Plan Sponsor, its Board of Directors and the CDI Corp. 401(k) Savings Plan Committee. The Plan itself was not named as a defendant. The complaint alleged that the defendants breached their fiduciary duties under ERISA. The Plan Sponsor settled in court in November 2021. Any damages from this class action will be paid by the Plan Sponsor. Any adjustments to the Plan's financial statements are not required as of the report date.

(13) Subsequent Events

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 10, 2023, the date that the financial statements were available to be issued and determined that, except as disclosed below, there have been no events that have occurred that would require adjustments to our disclosures in the financial statements.

The Plan was amended, whereby, effective January 1, 2023, eligible employees receive a matching contribution on a per pay basis of 50% up to the first 6% of eligible contributions.
