INDEPENDENT AUDITORS' REPORT

Plan Management
SVG 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the SVG 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the SVG 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Spring Venture Group, LLC (the "Company") for the benefit of the full-time employees of Spring Venture Group, LLC, Spring Insurance Solutions, LLC, SmartMatch Insurance Agency, LLC (formerly Spring Medicare Exchange, LLC), and Open Market Quotes who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administrated by a group of members of management of the Company (the "Committee"). This group has overall responsibility for the operation and administration of the Plan. This group, along with a wealth advisor, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan amendments and restatement - Effective January 1, 2021, the Plan was amended as follows:

- To exclude union employees, leased employees, and non-resident aliens,
- The eligibility requirements for deferrals were changed to allow employees to participate in the Plan following the completion of 250 hours of service in a 3-month period or after completing 1,000 hours of service in a 12-consecutive month period following their hire date,
- The plan entry was changed to allow eligible employees to enter the Plan on the first day of the calendar month following completion of the eligibility requirements, and
- To add an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants will have their deferral rate set at 3% of eligible compensation.

Effective January 1, 2022, the Plan document was restated in accordance with the Internal Revenue Service ("IRS") Cycle 3 restatement requirements for pre-approved plans. The IRS has determined that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed Ascensus LLC, an affiliated company of FuturePlan Fiduciary Services, the third-party administrator, of such in a letter dated June 30, 2020. The plan administrator has adopted the pre-approved plan and believes that the Plan is operating in compliance with the applicable requirements of the IRC. The following provisions were changed during this restatement:

- The employer matching contribution was increased to 100% of the first 1% of base compensation and 50% of the next 5% of base compensation that a participant contributes to the Plan,
- To add an automatic escalation provision whereby the automatic deferral provision will increase by 1% per year up to a maximum of 6% of eligible compensation,

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Plan amendments and restatement (continued) -

- The eligibility requirements for employer matching contributions were changed to mirror eligibility requirements for deferrals, which are to allow employees to receive employer contributions following the completion of 250 hours of service in a 3-month period or after completing 1,000 hours of service in a 12-consecutive month period following their hire date, and
- The vesting schedule for employer matching contributions will be 100% vested after 2 years of employment.

Contributions - Each year, participants may contribute up to the maximum amount of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes added an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Effective January 1, 2022, an automatic escalation provision was added whereby the automatic deferral provision will increase by 1% per year up to a maximum of 6% of eligible compensation.

The Company may make discretionary matching or profit sharing contributions to the Plan. To be eligible for employer contributions during 2021, participants were required to have 12 months of service and be employed on the last day of the year. Effective January 1, 2022, eligibility requirements for employer matching contributions were changed to allow employees to receive employer matching contributions following the completion of 250 hours of service in a 3-month period or after completing 1,000 hours of service in a 12-consecutive month period following their hire date. For the year ended December 31, 2021, eligible participants received a matching contribution up to \$1,000. For the year ended December 31, 2022, eligible participants received a matching contribution calculated at 100% of the first 1% of base compensation and 50% of the next 5% of base compensation that a participant contributes to the Plan. Contributions are subject to certain IRC limitations.

Participant investment account options - The Plan currently offers various pooled separate accounts and a guaranteed interest account as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0%
1 year but less than 2	33%
2 years but less than 3	66%
3 years	100%

Effective January 1, 2022, employer matching contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	0%
2	100%

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or delay the receipt of benefits if the vested account balance is greater than \$1,000. If the vested account balance is less than \$1,000 and the participant has not elected to receive a distribution from the Plan, the amount will be paid to the participant as a lump sum. If no distribution elections are made and if the participant's balance is between \$1,000 and \$5,000, the balance will be automatically rolled over to an IRA. For balances greater than \$5,000, a participant may elect to receive an amount equal to the value of their vested interest in his or her account in the form of a lump sum payment, a rollover to another retirement plan or IRA, or continue to participate in the Plan investments.

Forfeited accounts - At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$31,005 and \$20,110, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses. For the years ended December 31, 2022 and 2021, employer contributions were reduced by \$0 and \$1,044, respectively, from forfeited nonvested accounts. Also, for the years ended December 31, 2022 and 2021, \$14,789 and \$22,757 were used from the forfeited nonvested accounts to pay Plan expenses, respectively.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) **Summary of significant accounting policies (continued)**

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(3) **Information prepared and certified by the custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company ("Voya"), the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation (depreciation) in fair value of investments
- Dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account to ensure that securities liquidations will be carried out in an orderly business manner. Additionally, there are no unfunded commitments.

Guaranteed interest account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible market value adjustment when funds are withdrawn prior to maturity. Therefore, the guaranteed interest account is not considered benefit-responsive and is valued at estimated fair value as determined by Voya. The crediting interest rate is guaranteed not to be less than 1%. For the years ended December 31, 2022 and 2021, the average net return for the guaranteed interest account was 0.87% and 1.06%, respectively.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments.

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Related party transactions and party-in-interest transactions

Certain Plan investments are shares of pooled separate accounts and a guaranteed interest account managed by Voya. Voya is the custodian and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to Voya of \$27,621 and \$8,168 for the years ended December 31, 2022 and 2021, respectively.

The Plan also made direct payments to other service providers which were not covered by revenue sharing. These transactions are party-in-interest transactions. The Plan made direct payments to FuturePlan Fiduciary Services (formerly GoldLeaf Partners), the recordkeeper, of \$47,939 and \$24,228, for the years ended December 31, 2022 and 2021, respectively.

The Plan Sponsor pays directly any other fees related to the Plan's operations directly.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) Excess contributions refundable

Contributions received from participants for 2022 and 2021 are net of refunds of \$206,798 and \$194,736 made in March 2022 and March 2021, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2022 and 2021, \$206,798 and \$194,736, respectively, have been included in the Plan's statements of net assets for benefits as excess contributions refundable.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	December 31,	
	2022	2021
Net assets available for benefits per the financial statements	\$ 11,963,944	\$ 12,396,136
Excess contributions refundable	206,798	194,736

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(8) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of net increase (decrease) per the financial statements for the years ended December 31, 2022 and 2021 to Form 5500:

	Years Ended December 31,	
	2022	2021
Net increase (decrease) per the financial statements	\$ (432,192)	\$ 3,855,985
Excess contributions refundable - current year	206,798	194,736
Excess contributions refundable - prior year	(194,736)	(76,094)
Net income (loss) per Schedule H of the Form 5500	<u>\$ (420,130)</u>	<u>\$ 3,974,627</u>

(9) Tax status

The IRS determined that the volume submitter 401(k) profit sharing plan was designed in accordance with applicable sections of the IRC and informed FuturePlan Fiduciary Services (formerly Goldleaf Partners), the third-party administrator, of such in a letter dated March 31, 2014. Although the Plan had been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust were designed and operated in compliance with the applicable requirements of the IRC.

Effective January 1, 2022, the Plan document was restated in accordance with the IRS Cycle 3 restatement requirements for pre-approved plans. The IRS has determined that the pre-approved plan is designed in accordance with applicable sections of the IRC and informed Ascensus LLC, an affiliated company of FuturePlan Fiduciary Services, the third-party administrator, of such in a letter dated June 30, 2020. The plan administrator has adopted the pre-approved plan and believes that the Plan is operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) **Risks, uncertainties and concentrations** (continued)

At December 31, 2022 and 2021, approximately 33% and 34%, respectively, of the Plan's investments were invested in the Vanguard 500 Index Fund Adm and Voya Index Solution 2055 Portfolio Z.

(11) **Subsequent events**

The Plan has evaluated subsequent events through September 14, 2023, which is the date the financial statements were available to be issued and noted the following items for disclosure:

Effective January 1, 2023, the Plan was amended to change the discretionary matching contribution to a safe harbor matching contribution. In addition, the automatic enrollment provision will be as follows:

<u>Years of Service</u>	<u>Deferral %</u>
1-2 years	3%
3 years	4%
4 years	5%
5 or more	6%

Effective August 2, 2023, the Plan changed to Schwab Retirement Plan Services, Inc. as recordkeeper and Charles Schwab Trust Bank as trustee.

INDEPENDENT AUDITORS' REPORT

Plan Management
SVG 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the SVG 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the SVG 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Spring Venture Group, LLC (the "Company") for the benefit of the full-time employees of Spring Venture Group, LLC, Spring Insurance Solutions, LLC, SmartMatch Insurance Agency, LLC (formerly Spring Medicare Exchange, LLC), and Open Market Quotes who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by a group of members of management of the Company (the "Committee"). This group has overall responsibility for the operation and administration of the Plan. This group, along with a wealth advisor, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan amendments and restatement - Effective January 1, 2021, the Plan was amended as follows:

- To exclude union employees, leased employees, and non-resident aliens,
- The eligibility requirements for deferrals were changed to allow employees to participate in the Plan following the completion of 250 hours of service in a 3-month period or after completing 1,000 hours of service in a 12-consecutive month period following their hire date,
- The plan entry was changed to allow eligible employees to enter the Plan on the first day of the calendar month following completion of the eligibility requirements, and
- To add an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants will have their deferral rate set at 3% of eligible compensation.

Effective January 1, 2022, the Plan document was restated in accordance with the Internal Revenue Service ("IRS") Cycle 3 restatement requirements for pre-approved plans. The IRS has determined that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed Ascensus LLC, an affiliated company of FuturePlan Fiduciary Services, the third-party administrator, of such in a letter dated June 30, 2020. The plan administrator has adopted the pre-approved plan and believes that the Plan is operating in compliance with the applicable requirements of the IRC. The following provisions were changed during this restatement:

- The employer matching contribution was increased to 100% of the first 1% of base compensation and 50% of the next 5% of base compensation that a participant contributes to the Plan,
- To add an automatic escalation provision whereby the automatic deferral provision will increase by 1% per year up to a maximum of 6% of eligible compensation,

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Plan amendments and restatement (continued) -

- The eligibility requirements for employer matching contributions were changed to mirror eligibility requirements for deferrals, which are to allow employees to receive employer contributions following the completion of 250 hours of service in a 3-month period or after completing 1,000 hours of service in a 12-consecutive month period following their hire date, and
- The vesting schedule for employer matching contributions will be 100% vested after 2 years of employment.

Contributions - Each year, participants may contribute up to the maximum amount of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes added an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Effective January 1, 2022, an automatic escalation provision was added whereby the automatic deferral provision will increase by 1% per year up to a maximum of 6% of eligible compensation.

The Company may make discretionary matching or profit sharing contributions to the Plan. To be eligible for employer contributions during 2021, participants were required to have 12 months of service and be employed on the last day of the year. Effective January 1, 2022, eligibility requirements for employer matching contributions were changed to allow employees to receive employer matching contributions following the completion of 250 hours of service in a 3-month period or after completing 1,000 hours of service in a 12-consecutive month period following their hire date. For the year ended December 31, 2021, eligible participants received a matching contribution up to \$1,000. For the year ended December 31, 2022, eligible participants received a matching contribution calculated at 100% of the first 1% of base compensation and 50% of the next 5% of base compensation that a participant contributes to the Plan. Contributions are subject to certain IRC limitations.

Participant investment account options - The Plan currently offers various pooled separate accounts and a guaranteed interest account as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0%
1 year but less than 2	33%
2 years but less than 3	66%
3 years	100%

Effective January 1, 2022, employer matching contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	0%
2	100%

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or delay the receipt of benefits if the vested account balance is greater than \$1,000. If the vested account balance is less than \$1,000 and the participant has not elected to receive a distribution from the Plan, the amount will be paid to the participant as a lump sum. If no distribution elections are made and if the participant's balance is between \$1,000 and \$5,000, the balance will be automatically rolled over to an IRA. For balances greater than \$5,000, a participant may elect to receive an amount equal to the value of their vested interest in his or her account in the form of a lump sum payment, a rollover to another retirement plan or IRA, or continue to participate in the Plan investments.

Forfeited accounts - At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$31,005 and \$20,110, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses. For the years ended December 31, 2022 and 2021, employer contributions were reduced by \$0 and \$1,044, respectively, from forfeited nonvested accounts. Also, for the years ended December 31, 2022 and 2021, \$14,789 and \$22,757 were used from the forfeited nonvested accounts to pay Plan expenses, respectively.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) **Summary of significant accounting policies (continued)**

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(3) **Information prepared and certified by the custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company ("Voya"), the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation (depreciation) in fair value of investments
- Dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account to ensure that securities liquidations will be carried out in an orderly business manner. Additionally, there are no unfunded commitments.

Guaranteed interest account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible market value adjustment when funds are withdrawn prior to maturity. Therefore, the guaranteed interest account is not considered benefit-responsive and is valued at estimated fair value as determined by Voya. The crediting interest rate is guaranteed not to be less than 1%. For the years ended December 31, 2022 and 2021, the average net return for the guaranteed interest account was 0.87% and 1.06%, respectively.

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Voya Fixed Account	\$ -	\$ 136,622	\$ -	\$ 136,622
Investments measured at NAV practical expedient ^(a)				10,555,163
Total investments at fair value				\$ 10,691,785

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Voya Fixed Account	\$ -	\$ 194,235	\$ -	\$ 194,235
Investments measured at NAV practical expedient ^(a)				11,703,211
Total investments at fair value				\$ 11,897,446

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments.

Investments	Fair Value 12/31/2022	Fair Value 12/31/2021	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	\$ 10,555,163	\$ 11,703,211	Daily	None

SVG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Related party transactions and party-in-interest transactions**

Certain Plan investments are shares of pooled separate accounts and a guaranteed interest account managed by Voya. Voya is the custodian and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to Voya of \$27,621 and \$8,168 for the years ended December 31, 2022 and 2021, respectively.

The Plan also made direct payments to other service providers which were not covered by revenue sharing. These transactions are party-in-interest transactions. The Plan made direct payments to FuturePlan Fiduciary Services (formerly GoldLeaf Partners), the recordkeeper, of \$47,939 and \$24,228, for the years ended December 31, 2022 and 2021, respectively.

The Plan Sponsor pays directly any other fees related to the Plan's operations directly.

(6) **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) **Excess contributions refundable**

Contributions received from participants for 2022 and 2021 are net of refunds of \$206,798 and \$194,736 made in March 2022 and March 2021, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2022 and 2021, \$206,798 and \$194,736, respectively, have been included in the Plan's statements of net assets for benefits as excess contributions refundable.

(8) **Reconciliation of financial statements to Schedule H of Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	December 31,	
	2022	2021
Net assets available for benefits per the financial statements	\$ 11,963,944	\$ 12,396,136

NOTES TO FINANCIAL STATEMENTS

(8) **Reconciliation of financial statements to Schedule H of Form 5500 (continued)**

The following is a reconciliation of net increase (decrease) per the financial statements for the years ended December 31, 2022 and 2021 to Form 5500:

	Years Ended December 31,	
	2022	2021
Net increase (decrease) per the financial statements	\$ (432,192)	\$ 3,855,985
Excess contributions refundable - current year	206,798	194,736
Excess contributions refundable - prior year	(194,736)	(76,094)
Net income (loss) per Schedule H of the Form 5500	<u>\$ (420,130)</u>	<u>\$ 3,974,627</u>

(9) **Tax status**

The IRS determined that the volume submitter 401(k) profit sharing plan was designed in accordance with applicable sections of the IRC and informed FuturePlan Fiduciary Services (formerly Goldleaf Partners), the third-party administrator, of such in a letter dated March 31, 2014. Although the Plan had been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust were designed and operated in compliance with the applicable requirements of the IRC.

Effective January 1, 2022, the Plan document was restated in accordance with the IRS Cycle 3 restatement requirements for pre-approved plans. The IRS has determined that the pre-approved plan is designed in accordance with applicable sections of the IRC and informed Ascensus LLC, an affiliated company of FuturePlan Fiduciary Services, the third-party administrator, of such in a letter dated June 30, 2020. The plan administrator has adopted the pre-approved plan and believes that the Plan is operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) **Risks, uncertainties and concentrations**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

(10) **Risks, uncertainties and concentrations** (continued)

At December 31, 2022 and 2021, approximately 33% and 34%, respectively, of the Plan's investments were invested in the Vanguard 500 Index Fund Adm and Voya Index Solution 2055 Portfolio Z.

(11) **Subsequent events**

The Plan has evaluated subsequent events through September 14, 2023, which is the date the financial statements were available to be issued and noted the following items for disclosure:

Effective January 1, 2023, the Plan was amended to change the discretionary matching contribution to a safe harbor matching contribution. In addition, the automatic enrollment provision will be as follows:

<u>Years of Service</u>	<u>Deferral %</u>
1-2 years	3%
3 years	4%
4 years	5%
5 or more	6%

Effective August 2, 2023, the Plan changed to Schwab Retirement Plan Services, Inc. as recordkeeper and Charles Schwab Trust Bank as trustee.
