In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Falcon Drilling Company, LLC Profit Sharing Plan and Trust and to meet our other ethical responsibilities in

accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Falcon Drilling Company, LLC Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Falcon Drilling Company, LLC Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Falcon Drilling Company, LLC Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules of assets (held at end of year) and of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

### NOTE 1—DESCRIPTION OF PLAN

The following description of Falcon Drilling Company, LLC Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

**General** – The Plan is a defined contribution plan covering substantially all employees of Falcon Drilling Company, LLC (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan eligibility is achieved by employment and attaining the age of 18. Employees enter the Plan the first day of the month after completion of the eligibility requirements.

**Contributions** – Contributions are subject to certain Internal Revenue Service (IRS) limitations. Each year, participants may elect to defer an amount up to 90% of their compensation not to exceed the maximum allowable amounts, as defined in the Plan. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their entire interest in the Plan into various investment options offered by the Plan.

Effective September 1, 2017, the Plan was amended to allow Company matching contributions. The matching contribution equals 50% of the first 6% of the participant’s compensation. Additionally, profit-sharing contributions may be made at the discretion of the Company. There were no profit-sharing contributions in 2022 or 2021. Effective January 1, 2019, the Plan was amended such that the Company will make a safe harbor matching contribution in the amount of 100% on the first 3% of compensation which is deferred as an elective deferral and 50% on the next 2% of compensation which is deferred as an elective deferral to each Plan participant who makes an elective deferral to the Plan. This safe harbor matching contribution will be allocated to each payroll period. Participants do not need to be employed on the last day of the Plan year to receive this safe harbor matching contribution, and they are always 100% vested in this contribution.

**Participant Accounts** – Each participant’s account is credited with the participant’s contributions, an allocation of (a) the Company’s contributions, and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on a participant’s compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

**Vesting** – Participants are immediately vested in their voluntary contributions and actual earnings thereon. As stated above, matching contributions made after the Safe Harbor election on January 1, 2019, are always 100% vested. For matching contributions made prior to the Safe Harbor election on January 1, 2019, participants become vested in the Company’s matching and profit-sharing contributions in accordance with the following vesting schedule (a year of service is defined as 1,000 hours):

| <u>Years of<br/>Service</u> | <u>Percentage</u> |
|-----------------------------|-------------------|
| Less Than 2                 | 0%                |

## PROFIT SHARING PLAN AND TRUST

### NOTES TO FINANCIAL STATEMENTS

**Notes Receivable from Participants** – Effective May 1, 2017, participants are no longer permitted to borrow from their accounts under the Plan. Prior to that date, participants were permitted to borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a fixed rate of interest of two percent (2%) above the prime interest rate. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis, and related fees are recorded as administrative expense and are expensed as they are incurred. No allowance for credit loss has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan payments and the Plan administrator deems the participant loan balance to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

**Payment of Benefits** – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time if not more than the participant's assumed life expectancy (per the participant's and his/her beneficiary's assumed life expectancies). For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

**Hardship Withdrawals** – The Plan administrator may direct the custodian to distribute up to 100% of a participant's vested account balance in the event of immediate financial need. Withdrawals will be authorized only for reasons specified in the Plan document.

**Forfeited Accounts** – Any portion of a participant's account, which is not vested, is forfeited upon the participant's termination of service. Forfeitures of terminated participants' nonvested accounts are used to reduce subsequent Company contributions and, in the absence of such contributions, any remaining forfeitures will be allocated among participants based upon account balances. Unallocated forfeitures were \$44,377 and \$40,167 at December 31, 2022 and 2021, respectively. During the year ended December 31, 2022, the Company used \$71 in forfeitures to reduce Company contributions.

**Plan Expenses and Costs** – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

### NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Accounting**

The Plan's financial statements are prepared on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

# **FALCON DRILLING COMPANY, LLC**

## **PROFIT SHARING PLAN AND TRUST**

### **NOTES TO FINANCIAL STATEMENTS**

#### **Investment Valuation and Income Recognition**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold during the year as well as the current year change in unrealized appreciation and depreciation of investments held at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded as earned.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Income Taxes**

The plan has adopted a prototype non-standardized profit-sharing plan document with a cash or deferral arrangement sponsored by SDAdvantage Retirement Solutions LP. The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is a qualified plan as described in Section 401(a) of the IRC and is therefore exempt from Federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's purpose would be subject to tax which, if incurred, would be recognized as a current expense. No such tax has been recognized as of December 31, 2022.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

#### **NOTE 3—INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)**

The trustee of the Plan has certified that certain information disclosed in the accompanying financial statements and supplemental schedules is complete and accurate as of and for the years ended December 31, 2022 and 2021 in accordance with DOL Regulation 2520.103-5. Such information includes the composition, cost and current value of all investments held as of December 31, 2022 and 2021, as reported in the statements of net assets available for benefits and supplemental schedules, and the interest,

dividends, and net appreciation (depreciation) in fair value of investments, as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

#### NOTE 4—FAIR VALUE MEASUREMENTS (UNAUDITED)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

*Level 1* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* Inputs to the valuation methodology include:

- Quoted Prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Mutual Funds:* Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund which represents the net asset value of the investments held by the fund at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the plan are considered to be actively traded.

*Collective Trust Funds:* The MetLife Stable Value Fund is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The fund invests primarily in the MetLife Group Annuity Contract 25053, which consists of separately managed investment portfolios directed by Reliance Trust Company. This fund is a bank collective trust fund for which Reliance Trust Company serves as the trustee and investment manager. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 30 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no participant redemption restrictions on these investments; the redemption period notice is only

applicable to the Plan. The collective trust's primary investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. There are no unfunded commitments, and the redemption frequency is daily.

The Clearbridge Large Cap Growth Fund is designed to seek long-term capital growth. It is valued in the same fashion as the mutual funds described above.

The Blackrock Equity Index Fund is designed to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the S&P 500 Index. The Fund is invested solely in the BlackRock Equity Index Fund managed by BlackRock Institutional Trust Company, N.A. It is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value.

The BlackRock Mid Cap Equity Index Fund is designed to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the S&P Midcap 400 Index. The Fund is invested solely in the BlackRock Mid Cap Equity Index Fund managed by BlackRock Institutional Trust Company, N.A. It is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value.

The BlackRock MSCI ACWI ex-U.S. Index Fund is designed to achieve investment results that correspond generally to the price and yield performance, before fees and expenses, of the MSCI ACWI ex-U.S. Net Dividend Return Index. The Fund is invested solely in the BlackRock MSCI ACWI ex-U.S. Index Fund managed by BlackRock Institutional Trust Company, N.A. It is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value.

The BlackRock Russell 2000 Index Fund is designed to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the Russell 2000 Index. The Fund is invested solely in the BlackRock Russell 2000 Index Fund managed by BlackRock Institutional Trust Company, N.A. It is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value.

The Wilmington Trust flexPATH Emerging Markets Fund seeks capital appreciation through investing in emerging and developing market stocks. flexPATH Strategies, LLC has selected, and the Trustee has approved, the Invesco Emerging Markets Equity Trust T as the Underlying Fund. It is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value.

The PGIM Total Return Bond Fund is designed to outperform the Bloomberg Barclays U.S. Aggregate Bond Index. Units of each fee class of each Fund are valued each day on which the New York Stock Exchange ("NYSE") is open for trading in accordance with the valuation procedures established by the Trustee. The net asset value (NAV) per unit is calculated as of the close of trading on the NYSE. The NAV per unit is computed by dividing the total fair value of the assets of each Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in each Fund and included in the determination of unit values.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### **NOTES TO FINANCIAL STATEMENTS**

\* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

#### **NOTE 5—AMENDMENT AND TERMINATION**

It is the intention of the Company to continue the Plan indefinitely and to make contributions as herein provided. The Company reserves the right, in its sole discretion by written action of the Plan sponsor, to amend the plan, terminate the plan, or to reduce or cease contributions at any time. Notwithstanding any other provision of this Plan, no action to amend or terminate the Plan may have the effect of decreasing, denying or otherwise adversely affecting any benefit to a participant that is a “protected benefit” within the meaning of Code Section 411(d)(6) and the Treasury Regulations thereunder. In the event of Plan termination, participants will become 100% vested in amounts attributed to the Company’s contributions.

The plan document was restated effective January 1, 2022.

#### **NOTE 6—RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

#### **NOTE 7—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others.

Notes receivable from Plan participants qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

The Company’s employees perform certain administrative functions on behalf of the Plan for which no fees are charged. Certain Plan investments are in the custody of Charles Schwab Trust Bank, the trustee of the Plan.

During the year ended December 31, 2022, administrative fees of \$27,024 were paid by the Plan to the trustee, which qualify as party-in-interest transactions. Additionally, the Plan sponsor also pays certain fees and expenses of the Plan.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

**NOTE 8—SECURE ACT 2.0**

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

**NOTE 9—SUBSEQUENT EVENTS**

Management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements as of the date of the independent auditor's report, which is the date the financial statements were available to be issued. There were no subsequent events requiring adjustments to the financial statements or disclosures, as stated herein.
