Independent Auditor's Report

To the Plan Administrator
CCI Retirement Savings Plan

Opinion

We have audited the financial statements of CCI Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 1 - Description of Plan

The following description of the CCI Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all full-time salaried and nonunion hourly employees of Castleton Commodities International LLC and certain affiliates collectively referred to as (the "Company"). The Plan also allows employees of the Company who are covered by Local Union 320 of the International Brotherhood of Electrical Workers ("Local 320") to participate in the Plan. Qualifying employees become eligible to participate in the Plan immediately following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Retirement Benefits Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined by the Plan. Eligible participants may elect to designate all or a portion of their salary deferral contributions as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover) provided there are no after-tax contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

On an annual basis, the Company makes a matching contribution to the Plan equal to 100% of elective deferrals, up to a maximum contribution equal to 9% of eligible compensation, as defined by the Plan, for employees with a base salary of \$150,000 or less as of the beginning of the Plan year or the commencement of employment, if later. The Company will also match 100% of elective deferrals, up to a maximum contribution equal to 6% of eligible compensation for eligible employees with a base salary greater than \$150,000 as of the beginning of the Plan year or the commencement of employment, if later. All matching contributions are limited to a maximum of \$10,000 per participant. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company contributions and an allocation of Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Participants become 100% vested in the employer contribution portion of their account after three credited years of service, as defined by the Plan. In the event of termination due to death, disability or upon reaching normal retirement age, participants shall become 100% vested in the employer contribution portion of their account.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is based on the prime rate on the first business day of the month in which the loan is approved, plus 1% percent. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service for any reason, participants with a vested account balance less than \$1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with a vested account balance greater than \$1,000 may elect to defer payment of benefits until a later date.

Withdrawals from the salary deferral portion of a participant's account may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Participants who are at least 59½ years of age or disabled may withdraw all or a portion of their salary deferral and vested employer matching account balances prior to termination.

Forfeited accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$138,780 and \$242,253, respectively. These amounts will be used to reduce future employer contributions. In 2022, employer contributions were reduced by \$587,335 from forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, management of self-directed brokerage accounts, and certain other transactional fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation in fair value of investments.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: The accounts consist of mutual funds, exchange traded funds, common stock, preferred stock and money market funds, which have all been designated as Level 1 investments. Common stock, preferred stock and exchange traded funds are valued at the closing price reported in the active market on which the individual securities are traded. Mutual funds and money market funds are valued as described above.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 91,433,864	\$ -	\$ -	\$ 91,433,864
Self-directed brokerage accounts	11,118,635	-	-	11,118,635

Assets at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 125,317,156	\$ -	\$ -	\$ 125,317,156

Investments measured at NAV (a)				7,374,105
Total investments at fair value				<u>\$ 142,756,229</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

The following table summarizes investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
<u>December 31, 2022</u>				
Fidelity Managed Income Portfolio	<u>\$ 8,190,210</u>	N/A	Daily	1 Day
<u>December 31, 2021</u>				
Fidelity Managed Income Portfolio	<u>\$ 7,374,105</u>	N/A	Daily	1 Day

Note 4 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 5 - Tax status

The Plan has been designed using a pre-approved defined contribution plan document sponsored by Fidelity Management & Research Company ("FMR"). FMR received an opinion letter dated June 30, 2020 in which the IRS stated that the pre-approved defined contribution plan satisfies the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 7 - Related party transactions and party-in-interest transactions

Certain Plan investments are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Direct expenses paid from Plan assets to Fidelity Management Trust Company and its affiliates were \$5,480 for the year ended December 31, 2022. Indirect fees incurred by the Plan for investment management services are included in the net depreciation in fair value of investments. The Plan sponsor paid directly any other fees related to the Plan's operations. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

The Plan has entered into a revenue sharing arrangement with Fidelity Management Trust Company. The revenue credit account is treated as a Plan asset and must be used to pay legitimate Plan expenses or may be allocated to participant accounts. The balance in the account totaled \$42,082 as of December 31, 2022. There was no balance in this account as of December 31, 2021. Fidelity Management Trust Company contributed \$43,750 into the revenue credit account for the year ended December 31, 2022, which is included in other income in the accompanying financial statements. During 2022, no revenue sharing credits were utilized to pay Plan expenses or allocated to participant accounts.

Note 8 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 111,349,863	\$ 143,454,696
Fair value adjustment for investment contract	<u>(552,880)</u>	<u>65,627</u>
Net assets available for benefits per Form 5500	<u><u>\$ 110,796,983</u></u>	<u><u>\$ 143,520,323</u></u>

The following is a reconciliation of total additions to net assets available for benefits per the financial statements for the year ended December 31, 2022 to total income per Form 5500:

Decrease in net assets available for benefits per the financial statements	\$ (32,104,833)
Fair value adjustment for investment contract at December 31, 2022	(552,880)
Fair value adjustment for investment contract at December 31, 2021	<u>(65,627)</u>
Total income per Form 5500	<u><u>\$ (32,723,340)</u></u>

Independent Auditor's Report

To the Plan Administrator
CCI Retirement Savings Plan

Opinion

We have audited the financial statements of CCI Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 1 - Description of Plan

The following description of the CCI Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all full-time salaried and nonunion hourly employees of Castleton Commodities International LLC and certain affiliates collectively referred to as (the "Company"). The Plan also allows employees of the Company who are covered by Local Union 320 of the International Brotherhood of Electrical Workers ("Local 320") to participate in the Plan. Qualifying employees become eligible to participate in the Plan immediately following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Retirement Benefits Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined by the Plan. Eligible participants may elect to designate all or a portion of their salary deferral contributions as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover) provided there are no after-tax contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

On an annual basis, the Company makes a matching contribution to the Plan equal to 100% of elective deferrals, up to a maximum contribution equal to 9% of eligible compensation, as defined by the Plan, for employees with a base salary of \$150,000 or less as of the beginning of the Plan year or the commencement of employment, if later. The Company will also match 100% of elective deferrals, up to a maximum contribution equal to 6% of eligible compensation for eligible employees with a base salary greater than \$150,000 as of the beginning of the Plan year or the commencement of employment, if later. All matching contributions are limited to a maximum of \$10,000 per participant. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company contributions and an allocation of Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Participants become 100% vested in the employer contribution portion of their account after three credited years of service, as defined by the Plan. In the event of termination due to death, disability or upon reaching normal retirement age, participants shall become 100% vested in the employer contribution portion of their account.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is based on the prime rate on the first business day of the month in which the loan is approved, plus 1% percent. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service for any reason, participants with a vested account balance less than \$1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with a vested account balance greater than \$1,000 may elect to defer payment of benefits until a later date.

Withdrawals from the salary deferral portion of a participant's account may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Participants who are at least 59½ years of age or disabled may withdraw all or a portion of their salary deferral and vested employer matching account balances prior to termination.

Forfeited accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$138,780 and \$242,253, respectively. These amounts will be used to reduce future employer contributions. In 2022, employer contributions were reduced by \$587,335 from forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, management of self-directed brokerage accounts, and certain other transactional fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation in fair value of investments.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: The accounts consist of mutual funds, exchange traded funds, common stock, preferred stock and money market funds, which have all been designated as Level 1 investments. Common stock, preferred stock and exchange traded funds are valued at the closing price reported in the active market on which the individual securities are traded. Mutual funds and money market funds are valued as described above.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 91,433,864	\$ -	\$ -	\$ 91,433,864
Self-directed brokerage accounts	11,118,635	-	-	11,118,635
Total assets in the fair value hierarchy	<u>\$ 102,552,499</u>	<u>\$ -</u>	<u>\$ -</u>	102,552,499
Investments measured at NAV (a)				8,190,210
Total investments at fair value				<u>\$ 110,742,709</u>

Assets at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 125,317,156	\$ -	\$ -	\$ 125,317,156
Self-directed brokerage accounts	10,064,968	-	-	10,064,968
Total assets in the fair value hierarchy	<u>\$ 135,382,124</u>	<u>\$ -</u>	<u>\$ -</u>	135,382,124
Investments measured at NAV (a)				7,374,105
Total investments at fair value				<u>\$ 142,756,229</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

The following table summarizes investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
<u>December 31, 2022</u>				
Fidelity Managed Income Portfolio	<u>\$ 8,190,210</u>	N/A	Daily	1 Day
<u>December 31, 2021</u>				
Fidelity Managed Income Portfolio	<u>\$ 7,374,105</u>	N/A	Daily	1 Day

Note 4 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 5 - Tax status

The Plan has been designed using a pre-approved defined contribution plan document sponsored by Fidelity Management & Research Company ("FMR"). FMR received an opinion letter dated June 30, 2020 in which the IRS stated that the pre-approved defined contribution plan satisfies the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

CCI Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 7 - Related party transactions and party-in-interest transactions

Certain Plan investments are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Direct expenses paid from Plan assets to Fidelity Management Trust Company and its affiliates were \$5,480 for the year ended December 31, 2022. Indirect fees incurred by the Plan for investment management services are included in the net depreciation in fair value of investments. The Plan sponsor paid directly any other fees related to the Plan's operations. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

The Plan has entered into a revenue sharing arrangement with Fidelity Management Trust Company. The revenue credit account is treated as a Plan asset and must be used to pay legitimate Plan expenses or may be allocated to participant accounts. The balance in the account totaled \$42,082 as of December 31, 2022. There was no balance in this account as of December 31, 2021. Fidelity Management Trust Company contributed \$43,750 into the revenue credit account for the year ended December 31, 2022, which is included in other income in the accompanying financial statements. During 2022, no revenue sharing credits were utilized to pay Plan expenses or allocated to participant accounts.

Note 8 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 111,349,863	\$ 143,454,696
Fair value adjustment for investment contract	<u>(552,880)</u>	<u>65,627</u>
Net assets available for benefits per Form 5500	<u><u>\$ 110,796,983</u></u>	<u><u>\$ 143,520,323</u></u>

The following is a reconciliation of total additions to net assets available for benefits per the financial statements for the year ended December 31, 2022 to total income per Form 5500:

Decrease in net assets available for benefits per the financial statements	\$ (32,104,833)
Fair value adjustment for investment contract at December 31, 2022	(552,880)
Fair value adjustment for investment contract at December 31, 2021	<u>(65,627)</u>
Total income per Form 5500	<u><u>\$ (32,723,340)</u></u>
