Independent Auditors' Report

Plan Participants and Administrator
GIS National, LLC 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GIS National, LLC 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GIS National, LLC 401(k) Plan and Trust financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material

respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GIS National, LLC 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GIS National, LLC 401(k) Plan and Trust ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GIS National, LLC 401(k) Plan and Trust internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GIS National, LLC 401(k) Plan and Trust ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description

The following description of the GIS National 401(k) Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

- a) *General* – The Plan is a defined-contribution plan covering all full-time employees of GIS National 401(k) Plan and Trust (“the Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- b) *Eligibility* – The Plan substantially covers all employees of the Company who have completed one year of service and are age twenty-one or older. Once an eligible employee has satisfied the eligibility requirements the employee will become a participant in the Plan on the first day of the Plan Year or the first day of the seventh month of the Plan Year coinciding with or next following the date the eligibility conditions are met.
- c) *Contributions* – Each year, participants may contribute up to the contribution limitation allowed under the Internal Revenue Service guidelines. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover contributions).

The Company made a 3% of compensation safe-harbor contribution for the year ended December 31, 2022 to eligible participants. In 2022, the Company made safe-harbor contributions of \$261,932. Participants ineligible for a safe-harbor contribution received a 3% of compensation profit-sharing contribution. In order to be eligible for a profit-sharing contribution, a participant must be employed on the last day of the Plan year and complete 1,000 hours of service in the year. The Company made a discretionary profit-sharing contribution of \$181,982 in 2022.

- d) *Participant Accounts* – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit that the participant is entitled to is the benefit that can be provided from that participant's vested account.

GIS National, LLC 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

- e) *Forfeited Accounts* – Forfeitures of non-vested balances may be used to reduce future employer contributions or to pay plan expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$2,700 and \$0, respectively.
- f) *Vesting* – Participants are immediately vested in their contributions and Company safe-harbor contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20 percent vested after two years of service an additional 20 percent each year thereafter. Participants are 100 percent vested after six years of credited service.
- g) *Investment Options* – Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Participants may change their investment options at any time. Participants who do not select specific investments are invested in accordance with the default investment alternatives established under the Plan.
- h) *Notes Receivable from Participants* – The Plan permits its participants to borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's account balance. Participants cannot have more than one loan active at any one time. The loans are collateralized by the balance in the participant's account and bear interest at 1% above the prime rate of interest. Principal and interest are paid ratably through payroll deductions.
- i) *Payment of Benefits* - On termination of service with a participant vested balance of more than \$5,000, a participant may elect to receive the value of the participant's vested interest in his or her account as a lump sum distribution, direct rollovers, annuity contract, or installments paid in cash. For termination of service with a participant vested balance of less than \$5,000, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or direct rollover.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022.

GIS National, LLC 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

Payment of Benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses

Administrative expenses of \$30,678 were incurred by the Plan for the year ended December 31, 2022. Certain administrative costs of the Plan are paid directly by the Company.

3. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2022 as of October 6, 2023, which is the date the financial statements were available to be issued.

4. Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental material was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

<i>December 31,</i>	<i>2022</i>	<i>2021</i>
Investments, at fair value:

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority;
- Level 2 inputs consist of quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets in inactive markets;
- Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

GIS National, LLC 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

Collective Trust Fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	<i>Investments at Fair Value</i> <i>December 31, 2022</i>			
	Level 1	Level 2	Level 3	Total

6. Guaranteed Investment Contract (GIC)

The Key Guaranteed Portfolio Fund is a benefit-responsive investment contract held with Great-West Life & Annuity Insurance Company (Great West). Great West maintains the contributions in a general account. The GIC is included in the financial statements at fair value as reported to the Plan by Great West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value is equal to fair value prior to contract termination. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

GIS National, LLC 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

The investment contract (Great West Key Guaranteed Portfolio Fund) is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yield for 2022 was 0.93% and for 2021 was 0.90%.

7. Related Party Transactions and Party in Interest transactions

Empower Retirement is the trustee and recordkeeper of the Plan; therefore transactions with Empower Retirement qualify as party-in-interest transactions. Fees paid for the Plan for the investment management and recordkeeping services amounted to \$30,678 for the year ended December 31, 2022.

8. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

GIS National, LLC 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

10. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2014, that the volume submitter plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.
