INDEPENDENT AUDITORS' REPORT

To the Retirement Committee of
Vermont Law School Retirement Plan
South Royalton, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Vermont Law School Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vermont Law School Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vermont Law School Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vermont Law School Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vermont Law School Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ending December 31, 2022 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Vermont Law School Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of Plan

The following description of the Vermont Law School Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

- (a) General – The Plan is a tax-exempt, defined contribution retirement plan sponsored by Vermont Law School (the “Law School”). The Plan is available to all Law School employees, excluding students. Effective January 1, 2022, employees who normally work less than 20 hours per week are also excluded. Participants may begin making salary deferrals upon hire. Entry dates were the first day of each month following the satisfaction of the eligibility requirements. Effective January 1, 2022, participants are eligible to contribute immediately upon hire.

Teachers Insurance and Annuity Association of America (“TIAA”) and College Retirement Equity Fund (“CREF”) is the record keeper and custodian. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

- (b) Contributions – Eligible participants may make contributions to the Plan through salary deferrals on a pre-tax basis or Roth after-tax basis up to 100% of eligible compensation, as defined in the Plan. The maximum amount that a participant can contribute is limited by the provisions of the Internal Revenue Code (“IRC”).

The Plan provides for employer discretionary contributions as determined by the Law School. Participants were eligible for employer discretionary contributions upon attaining the age of 18 and completing two years of service, defined as 1,000 hours. Effective January 1, 2022, all eligibility rules were removed for the employer discretionary contribution, and participants were able to receive this contribution on the first day of the month following hire.

The Law School made a discretionary contribution of 3% for each eligible participant from January 1, 2022 through June 30, 2022, then the contribution was increased to 4% through the end of the plan year. For the year ending December 31, 2021, the Law School made a 2% discretionary contribution to the Plan.

- (c) Participant Accounts – Each participant’s account is credited with the participant’s contributions, the Law School’s contribution, and allocation of Plan earnings. Allocations of Plan earnings are based on participants’ account balances to total account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant determines the investment strategy of their account as provided by the Plan.
- (d) Vesting – Effective January 1, 2022, participants are 100% vested in their contributions plus earnings thereon. Participants will be 100% vested in the employer portion of their accounts after one year of service. Employees hired prior to November 18, 2021 are 100% vested.

Notes to Financial Statements

December 31, 2022 and 2021

Description of Plan (continued)

- (e) Payments of Benefits – Participants shall become eligible to receive their vested account balances upon retirement (normal retirement age is 65), death, disability, or termination. Participants may receive their benefits in a single lump sum, installments, annuities, or take ad-hoc distributions. Participants may withdrawal their account balances upon attaining age 59½ or in the event of hardship.
- (f) Forfeiture Accounts – Forfeitures represent amounts which could not be paid to terminated participants due to failure to meet vesting requirements. The existing balance as of December 31, 2021 was due to ineligible employer contributions that were forfeited. Forfeitures can be used to reduce the Law School's contributions. There were no forfeitures used in 2022 or 2021. Available forfeitures at December 31, 2022 and 2021 were \$874 and \$653, respectively.
- (g) Plan Amendment and Termination – Although it has not expressed any intent to do so, the Law School reserves the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination and payment of all expenses, the assets of the Plan would be distributed to participants based upon amounts outstanding in their account as of the date of liquidation.

In addition, the Law School may amend the Plan at any time without the consent of any participant or beneficiary, provided that no amendment deprives any participant of their non-forfeitable accrued benefit.

- (h) Investments – The Plan provides for a variety of investment options, which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.
- (i) Plan Loans – Participants may borrow up to the lesser of 50% of their individual account balance or \$50,000. Plan loans are issued directly from the funds owed by the custodian instead of being removed from the participant's account balance. These loans are collateralized by 110% of the participant's account, which is required to be maintained in the TIAA Traditional Annuity investment. As the loans are paid off, participants may reinvest their funds as they choose. Investments underlying defaulted loan balances are reflected in the statements of net assets available for plan benefits until a distribution event occurs, at which time the custodian will draw the funds from the participant's account to cover the remaining loan balance. Effective 2021, TIAA and CREF no longer offer plan loans – instead, participants are permitted to take participant loans (notes receivable).

Notes to Financial Statements

December 31, 2022 and 2021

Description of Plan (continued)

These loans qualify as non-ERISA and are excluded from net assets available for plan benefits. Participants had outstanding Plan loan balances due to the custodian amounting to \$23,725 and \$55,677 as of December 31, 2022 and 2021, respectively. As of December 31, 2022 and 2021, \$26,098 and \$61,245, respectively, of the TIAA Traditional Annuity investment serves as collateral for the Plan loans. There were no Plan loans in default as of December 31, 2022 and 2021.

- (j) Notes Receivable – Effective 2021, participants are permitted to have 3 outstanding loans at any time. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the Federal Reserve Board Bank prime rate plus 1%. Principal and interest is paid either through payroll deductions or an ACH agreement.

(2) Summary of Significant Accounting Policies

- (a) Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.
- (b) Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to use estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- (c) Investment Valuation – The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- (d) Annuity Contracts – Annuity contracts represent purchases of contracts, which provide guaranteed amounts for future retirement benefits to participants. Once purchased, the guaranteed benefit of principal plus interest cannot be decreased, but it can be increased by dividends. These contracts are included in the Plan's assets because the insurance contracts do not guarantee to pay a "specific" benefit at a future date.
- (e) Benefit Payments – Benefits are recorded when paid.
- (f) Administrative Expenses – Administrative expenses are paid by the Law School. Certain investment expenses are paid to the custodian through the Plan's investments as eligible indirect compensation.

Vermont Law School Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Summary of Significant Accounting Policies (continued)

- (g) Notes Receivable – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.
- (h) Subsequent Events – The Plan evaluated subsequent events through August 28, 2023, the date the Plan's financial statements were available to be issued.

(3) Information Certified by the Insurance Carriers

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, the insurance carriers of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2022 and 2021, the schedule of assets held for investment purposes as of December 31, 2022, and the related investment activity reflected in the statements of changes in net assets available for plan benefits for the years ended December 31, 2022 and 2021.

(4) Fair Value Measurements

Generally accepted accounting principles in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Vermont Law School Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: valued using quoted market prices in an active market.

Pooled separate accounts: derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion using market and income approaches.

Annuity contracts: valued at contract cost, which equals accumulated cash contributions and interest credited to the contracts less any withdrawals.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>

Total	<u>\$36,314,391</u>	<u>\$ -</u>	<u>\$ 7,464,604</u>	<u>\$ 43,778,995</u>

Total purchases for the Level 3 investments for the years ended December 31, 2022 and 2021 were \$331,931 and \$151,368, respectively. Total sales for the Level 3 investments for the years ended December 31, 2022 and 2021 were \$409,371 and \$335,957, respectively.

The following table presents the valuation techniques used to measure the fair value of the Plan's Level 3 financial instruments as of December 31, 2022 and the significant unobservable inputs and the ranges of values for those inputs.

<u>Type</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range</u>
TIAA Traditional Annuity	\$7,705,528	Discounted Cash Flow	Risk-adjusted discount rate applied	RA – 3.70% - 6.25% SRA – 3.00% - 5.50% GRA – 3.70% - 6.25% GSRA – 3.00% - 5.50%
		Theoretical Transfer (exit value)		RC – 3.95% - 6.50% RCP – 3.20% - 5.75%

(5) Investment Contracts

Investments in the TIAA Traditional Annuity and Stable Value are in guaranteed annuity accounts. Contributions to these investments buy a contractual or guaranteed amount of future benefits for the participant. This account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA and CREF. The guaranteed minimum rate of interest is based on a formula established by TIAA and CREF. The TIAA Traditional Annuity and Stable Value do not permit TIAA and CREF to terminate the agreement prior to the scheduled maturity date.

Certain individual annuity contracts are considered to be nonbenefit-responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit worthiness of the issuer. These contracts do not allow for lump sum withdrawals. In addition, participant initiated transfers may only be made in ten annual installments.

Vermont Law School Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Investment Contracts (continued)

Certain individual annuity contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment option or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, (d) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

(6) Tax Status

The Plan is based on a prototype plan that received a favorable determination letter from the IRS dated August 7, 2017, indicating that the prototype plan, then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"), and was, therefore, exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

FASB ASC 740, *Income Taxes*, require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2019.
