Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fidelity Technologies Corporation Employees Savings and Protection Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fidelity Technologies Corporation Employees Savings and Protection Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Administrator
Fidelity Technologies Corporation
Employees Savings and Protection Plan
Reading, Pennsylvania

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fidelity Technologies Corporation Employees Savings and Protection Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fidelity Technologies Corporation Employees Savings and Protection Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

To the Administrator
Fidelity Technologies Corporation
Employees Savings and Protection Plan
Reading, Pennsylvania

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fidelity Technologies Corporation Employees Savings and Protection Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fidelity Technologies Corporation Employees Savings and Protection Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Administrator
Fidelity Technologies Corporation
Employees Savings and Protection Plan
Reading, Pennsylvania

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FIDELITY TECHNOLOGIES CORPORATION
EMPLOYEES SAVINGS AND PROTECTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE A - DESCRIPTION OF PLAN

The following description of the Fidelity Technologies Corporation Employees Savings and Protection Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution employee benefit plan covering substantially all employees of Fidelity Technologies Corporation (the "Company"). Employees who are 18 years of age are immediately eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may elect to contribute up to 100% of his/her compensation as a 401(k) contribution, up to statutory limits as prescribed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company will contribute an amount equal to 25% of the participant's 401(k) contribution (up to the first 5% of the participant's compensation) to the Plan. The Plan will accept rollover contributions on behalf of any participant.

Participant Accounts

Participants may direct the investment of their account into the various funds specified by the Plan. Each participant's account is credited with the participant's contribution and an allocation of the Company's matching contribution and Plan earnings (losses). Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants have access to their accounts 24 hours a day/7 days per week via a toll-free telephone number and a website. Fund transfers and investment election changes may be elected daily. A participant may start or change his/her salary deferral rate quarterly and may stop at any time.

Forfeitures

Plan forfeitures may first be used to pay administrative costs or reduce employer contributions. There were no forfeitures available for future year for the year ended December 31, 2022. For the year ended, December 31, 2021, there were \$5,816 of forfeitures available for future use. For the year ended December 31, 2022, \$6,159 of forfeitures were utilized to offset employer contribution payments.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of their accounts plus earnings (losses) thereon is based on years of service. A participant is 20% vested after two years of credited service and 20% for each additional year of credited service until 100% vested at six years of credited service.

EMPLOYEES SAVINGS AND PROTECTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE A - DESCRIPTION OF PLAN (Continued)

Participant Loans

Loans to participants may be granted based upon a written request approved by the Plan Administrator. The maximum loan amount borrowed shall not exceed 50% of the participant's total vested account balance or \$50,000. Interest rates on participant loans are determined by the trustee and are based on market conditions at the time of the loan. Loan repayments are processed via payroll deduction on an after-tax basis.

Retirement Benefits

Benefits may be paid out in equal installments over a period of years not extending beyond the life expectancy of the member and/or a designated beneficiary, a lump-sum payment, or through the purchase of an annuity policy, or in any combination. A lump-sum payment is automatic for amounts up to \$5,000. Normal retirement age is 65.

Administrative Costs

The Plan is administered by a committee appointed by the Company's Board of Directors. Expenses pertaining to the administration of the Plan are paid by the Company or with account forfeitures. Administrative expenses incurred by the Plan were \$126,704 for the year ended December 31, 2022.

Date of Management's Review

Management has evaluated subsequent events through October 6, 2023, the date which the financial statements were available to be issued.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant Accounting Policies

The significant accounting policies of the Plan employed in the preparation of the accompanying financial statements follow.

Valuation of Investments - The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Plan's investment in a common collective trust is stated at fair value using net asset value, as a practical expedient.

Participant Loans Receivable - All transactions are measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are valued at cost, which approximates fair value.

FIDELITY TECHNOLOGIES CORPORATION
EMPLOYEES SAVINGS AND PROTECTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fully Benefit Responsive Investment Contract - Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan invests in a group annuity contract. Contract value for this annuity is based on the value of the contract as reported by Principal Life Insurance Company ("PLIC"), the issuer. The Plan sponsor may terminate the contract at the value of the Plan's interest 12 months after notification or be subject to a 5% surrender charge.

Revenue Recognition and Method of Accounting - All transactions are recorded on the accrual basis. Purchases and sales of investments are recorded based on the trade date. Investment income is recorded as earned. Realized gains or losses on security transactions are determined using the average cost of securities sold on the trade date. Expenses are recorded as incurred.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - RELIANCE ON TRUSTEE'S REPORT

The administrator of the Plan chose the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Under that section, no auditing procedures are required to be performed with respect to the investment information certified by Principal Trust Company, the trustee of the Plan, other than comparing such information to that contained in the financial statements and schedule.

FIDELITY TECHNOLOGIES CORPORATION
EMPLOYEES SAVINGS AND PROTECTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE C - RELIANCE ON TRUSTEE'S REPORT (Continued)

The information certified by Principal Trust Company, which was relied upon in the preparation of these financial statements and supplemental schedules, includes:

	2022	2021
Mutual funds	\$ 12,817,703	\$ 15,776,619
Common collective trust	14,076,403	13,890,874
Insurance company general account	2,764,140	1,750,928
Investment income		
Interest and dividends	151,538	*
Income from insurance company general account	36,316	*
Net realized and unrealized loss on investments	(5,867,032)	*

*2021 investment income was not presented in the financial statement.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE E - TAX STATUS OF THE PLAN

The Plan participates in a non-standardized pre-approved profit sharing plan with CODA sponsored by the Trustee. The Trustee has received a favorable opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, indicating that the Plan is a qualified plan under Section 401(k) of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan believes it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

NOTE F - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below.

FIDELITY TECHNOLOGIES CORPORATION
EMPLOYEES SAVINGS AND PROTECTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE F - FAIR VALUE MEASUREMENTS (Continued)

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the *Level 2* input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Net Asset Value (a)
Mutual funds	\$ 12,817,703	\$ -	\$ -	\$ -
Common collective trusts	-	-	-	14,076,403
	<u>\$ 12,817,703</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,076,403</u>
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Net Asset Value (a)
Mutual funds	\$ 15,776,619	\$ -	\$ -	\$ -
Common collective trusts	-	-	-	13,890,874
	<u>\$ 15,776,619</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,890,874</u>

FIDELITY TECHNOLOGIES CORPORATION
EMPLOYEES SAVINGS AND PROTECTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE F - FAIR VALUE MEASUREMENTS (Continued)

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Mutual funds have quoted prices for identical assets in active markets; therefore, the investments are measured at fair value using these readily available Level 1 inputs. Fair value of investments in common collective trusts are measured at net asset value as a practical expedient.

NOTE G - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment in an insurance general account, specifically the Principal Fixed Income Guaranteed Option. The Principal Fixed Income Guaranteed Option is a guaranteed general account-backed group annuity contract. The group annuity contract has been issued by the Principal Life Insurance Company (Principal Life) to Principal Trust Company as trustee. The Principal Fixed Income Guaranteed Option meets the criteria for a contract to qualify as fully benefit responsive under Accounting Standards Codification Sub-Topic 962-325-35.

The methodology for calculating the interest crediting rate is defined in Article I, Section 2 of the contract under the term "Composite Crediting Rate." Under the terms of the existing contract, the crediting rate is currently reset on a semiannual basis. This crediting rate, which is the rate of interest contractually guaranteed by Principal Life credited to participant account balances, is a 1.75% effective annual rate until December 31, 2022. The rate will be reset June 1, 2023, and semiannually thereafter. Changes in future interest crediting rate will not affect the amount reported on the statement of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit responsive investment contracts from fair value to contract value as fair value is considered book value less early withdrawal charge.

The Principal Fixed Income Guaranteed Option is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a Stable Value Fund. As a result, the average yield earned by the plan is the yield earned (i.e., interest credited) on the group annuity contract.

FIDELITY TECHNOLOGIES CORPORATION
EMPLOYEES SAVINGS AND PROTECTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE G - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (Continued)

The Composite Crediting Rate history for the contract is as follows:

Time Period	Rate
December 1, 2021 - May 31, 2022	1.55%
June 1, 2022 - November 30, 2022	1.60%
November 30, 2022 – December 31, 2022	1.75%

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributed to the guaranteed investment contracts. Contract value, as reported to the Plan by the principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2022 and 2021 was equal to its contract value, thus no adjustment is presented on the face of the financial statements. The crediting interest rate is based on a formula agreed upon with the issuer based on the characteristics of the underlying fixed income portfolio.

By definition, The Principal Fixed Income 401(a)(k) Option group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. The terms and methods under which the contract may transact are defined in Article II (Deposits and Funds), Article III (Fees), Article IV (Benefits and Other Payments) and Article V (Limitations; Termination) in the contract.

Article V of the contract defines the circumstances and amounts for which the Plan may terminate its interest in the contract. The issuer, Principal Life Insurance Company, has the right to no longer receive deposits under Article VI, Section 3. However, the circumstances for termination of the contract are still subject to Article V.

Management has taken steps to terminate the Plan's interest in the Principal Fixed Income Guaranteed Option in the fourth quarter of 2023. No adjustments have been made to the financial statements.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are managed by the trustee, and, therefore, all transactions involving these investments qualify as party-in-interest transactions. These transactions qualify as exempt party-in-interest transactions. In addition, the Plan issues loans to participants, which are secured by the balances in the participants' accounts.

NOTE J - RISKS AND UNCERTAINTIES

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

Effective January 1, 2023, the Plan was amended to indicate that the Company will now contribute an amount equal to 50% of the participant's 401(k) contribution (up to the first 6% of the participant's compensation) to the Plan.
