INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Piper Mechanical 401(k) Retirement Plan
Vancouver, WA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of Piper Mechanical 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Piper Mechanical 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Piper Mechanical 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and

maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Piper Mechanical 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Piper Mechanical 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Piper Mechanical 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

The accompanying statement of net assets available for benefits of Piper Mechanical 401(k) Retirement Plan, as of December 31, 2021, was not audited, reviewed, or compiled by us, and, accordingly, we do not express an opinion or any other form of assurance on them.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PIPER MECHANICAL 401(K) RETIREMENT PLAN

Notes to Financial Statements
Year ended December 31, 2022

(1) Description of the plan

(a) General

The Piper Mechanical 401(k) Retirement Plan (the “Plan”) is a defined contribution plan for certain employees of Piper Mechanical, Inc. (the “Company”) and its affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, (“ERISA”) and the Internal Revenue Code (“Code”). The following represents a summary of key provisions of the Plan but does not purport to be complete and is qualified in its entirety by the terms of the Plan. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(b) Plan Year

The Plan operates on a calendar year ending on December 31. References to 2022 relate to the Plan year ended December 31, 2022.

(c) Plan Contributions

Contributions to the Plan are made through employee contributions, including catch-up contributions, Company contributions, and participant rollover contributions. Contributions are subject to certain limitations of the IRC.

(d) Participation Accounts

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Each participant’s account is credited with the participant’s contributions and the Plan’s matching contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested balance in the participant’s account. The value of participant accounts will fluctuate with the market values of the securities in which the accounts are invested.

(e) Vesting and Forfeitures

Participants are immediately vested in their contributions, the Company safe-harbor matching and prevailing wage contributions, and all related earnings. The Company’s profit-sharing contributions fully vest after 5 years of service. At December 31, 2022, forfeited accounts totaled \$0.

(f) Benefits Paid to Participants

On termination of service, a participant (or participant’s beneficiary in the case of death) may elect to roll over the value of the vested interest in his or her account to another qualified plan, to receive the value as a lump-sum distribution or elect to remain in the Plan, if the vested account balance exceeds \$1 (subject to required distributions under Section 401(a)(9) of the IRC). When an active participant reaches age 59½ and continues to work for the Company, the participant is eligible to receive a partial or full distribution of their account. The Plan also allows distributions to active participants for financial hardship, if certain criteria are met.

(g) *Notes Receivable from Participants*

Participants may borrow a minimum of \$1,000 from their account up to a maximum that is equal to the lesser of:

- 50% of their vested account balance, or
- \$50,000

Loan terms are a maximum of five years or, if the purpose of the loan is to purchase a principal residence, terms may be longer. The loans are secured by the balance in the participant's account. The interest rate is fixed and determined by the prime rate plus 1% at the time the loan is approved. Interest rates for participant loans outstanding at December 31, 2022 range from 4.25% to 8.00% with various maturities through December 2027.

Principal and interest is paid through payroll deductions following the participant's payroll cycle. A participant may have a maximum of one loan outstanding at any one time. Loan balances that become delinquent will be deemed distributed and become taxable income to the participant.

(2) Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") using the accrual basis of accounting.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation*

The Plan's investments are carried at fair value. Net realized gains or losses on investment sales represent the difference between the sale proceeds and cost of the investments, or the adjusted market price. Net unrealized appreciation or depreciation on investments held at the end of the Plan year represents the net change in the fair value of investments during the year. The Statement of Changes in Net Assets Available for Benefits presents the net appreciation or depreciation in fair value of investments, which consists of realized and unrealized gains and losses.

(d) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document; thus, no allowance for credit losses has been recorded as of December 31, 2022.

(e) *Benefits Paid to Participants*

Benefits and withdrawals are recorded when paid.

(f) Administrative Expenses

Administrative expenses include trustee and custodian fees as well as other administrative expenses directly associated with the Plan. A maintenance fee is deducted from each participant's account on a pro-rata basis for certain administrative expenses of the Plan. Fees for individual services, such as withdrawals or loan initiation, are charged to and paid by the requesting participant.

(3) Income Tax Status

The Internal Revenue Service (IRS) has ruled that the Plan qualified under Section 401(a) of the Internal Revenue Code (IRC) in a letter, October 6, 2020, and is therefore not subject to tax under present income tax laws. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

(4) Fair Value Measurements

The Plan discloses its assets that are measured at fair value in the Statements of Net Assets Available for Benefits by level within the fair value hierarchy as defined by applicable accounting standards:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (1) quoted prices for similar assets or liabilities in active markets;
- (2) quoted prices for identical or similar assets or liabilities in inactive markets;
- (3) inputs other than quoted prices that are observable for the asset or liability; or
- (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022.

Registered investment companies (Mutual Funds): Mutual funds are valued at quoted prices in an active market.

Common Collective Trusts: The fair value of participation units in the common collective trust funds are valued at the respective net asset values (“NAV”) as reported by such trusts, which are reported at fair value. The value of each unit is determined by subtracting total liabilities from the total value of the assets, including accrued income, and dividing the amount remaining by the number of units outstanding on the valuation date. There are no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of these funds. The NAV is a quoted price in a market that is not active and classified within Level 2 of the valuation hierarchy.

The following tables set forth, by level within the fair value hierarchy, a summary of the Plan’s investments that were measured at fair value on a recurring basis as of December 31, 2022:

Investments at fair value at December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Registered investment companies (Mutual Funds)	\$ 5,654,397	\$ 0	\$ 5,654,397
Common collective trusts	<u>0</u>	<u>5,459</u>	<u>5,459</u>

(6) Risks and Uncertainties

The Plan’s investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in these factors in the near term could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Individual participants’ accounts bear the risk of loss resulting from fluctuations in investment values.

(7) Subsequent Events

The Plan has evaluated subsequent events from the balance sheet date through October 6, 2023, the date on which the financial statements were available to be issued, and determined there are no other items to disclose.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Piper Mechanical 401(k) Retirement Plan
Vancouver, WA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of Piper Mechanical 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Piper Mechanical 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Piper Mechanical 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and

maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Piper Mechanical 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Piper Mechanical 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Piper Mechanical 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

The accompanying statement of net assets available for benefits of Piper Mechanical 401(k) Retirement Plan, as of December 31, 2021, was not audited, reviewed, or compiled by us, and, accordingly, we do not express an opinion or any other form of assurance on them.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PIPER MECHANICAL 401(K) RETIREMENT PLAN

Notes to Financial Statements
Year ended December 31, 2022

(1) Description of the plan

(a) General

The Piper Mechanical 401(k) Retirement Plan (the “Plan”) is a defined contribution plan for certain employees of Piper Mechanical, Inc. (the “Company”) and its affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, (“ERISA”) and the Internal Revenue Code (“Code”). The following represents a summary of key provisions of the Plan but does not purport to be complete and is qualified in its entirety by the terms of the Plan. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(b) Plan Year

The Plan operates on a calendar year ending on December 31. References to 2022 relate to the Plan year ended December 31, 2022.

(c) Plan Contributions

Contributions to the Plan are made through employee contributions, including catch-up contributions, Company contributions, and participant rollover contributions. Contributions are subject to certain limitations of the IRC.

(d) Participation Accounts

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Each participant’s account is credited with the participant’s contributions and the Plan’s matching contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested balance in the participant’s account. The value of participant accounts will fluctuate with the market values of the securities in which the accounts are invested.

(e) Vesting and Forfeitures

Participants are immediately vested in their contributions, the Company safe-harbor matching and prevailing wage contributions, and all related earnings. The Company’s profit-sharing contributions fully vest after 5 years of service. At December 31, 2022, forfeited accounts totaled \$0.

(f) Benefits Paid to Participants

On termination of service, a participant (or participant’s beneficiary in the case of death) may elect to roll over the value of the vested interest in his or her account to another qualified plan, to receive the value as a lump-sum distribution or elect to remain in the Plan, if the vested account balance exceeds \$1 (subject to required distributions under Section 401(a)(9) of the IRC). When an active participant reaches age 59½ and continues to work for the Company, the participant is eligible to receive a partial or full distribution of their account. The Plan also allows distributions to active participants for financial hardship, if certain criteria are met.

(g) *Notes Receivable from Participants*

Participants may borrow a minimum of \$1,000 from their account up to a maximum that is equal to the lesser of:

- 50% of their vested account balance, or
- \$50,000

Loan terms are a maximum of five years or, if the purpose of the loan is to purchase a principal residence, terms may be longer. The loans are secured by the balance in the participant's account. The interest rate is fixed and determined by the prime rate plus 1% at the time the loan is approved. Interest rates for participant loans outstanding at December 31, 2022 range from 4.25% to 8.00% with various maturities through December 2027.

Principal and interest is paid through payroll deductions following the participant's payroll cycle. A participant may have a maximum of one loan outstanding at any one time. Loan balances that become delinquent will be deemed distributed and become taxable income to the participant.

(2) Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") using the accrual basis of accounting.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation*

The Plan's investments are carried at fair value. Net realized gains or losses on investment sales represent the difference between the sale proceeds and cost of the investments, or the adjusted market price. Net unrealized appreciation or depreciation on investments held at the end of the Plan year represents the net change in the fair value of investments during the year. The Statement of Changes in Net Assets Available for Benefits presents the net appreciation or depreciation in fair value of investments, which consists of realized and unrealized gains and losses.

(d) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document; thus, no allowance for credit losses has been recorded as of December 31, 2022.

(e) *Benefits Paid to Participants*

Benefits and withdrawals are recorded when paid.

(f) Administrative Expenses

Administrative expenses include trustee and custodian fees as well as other administrative expenses directly associated with the Plan. A maintenance fee is deducted from each participant's account on a pro-rata basis for certain administrative expenses of the Plan. Fees for individual services, such as withdrawals or loan initiation, are charged to and paid by the requesting participant.

(3) Income Tax Status

The Internal Revenue Service (IRS) has ruled that the Plan qualified under Section 401(a) of the Internal Revenue Code (IRC) in a letter, October 6, 2020, and is therefore not subject to tax under present income tax laws. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

(4) Fair Value Measurements

The Plan discloses its assets that are measured at fair value in the Statements of Net Assets Available for Benefits by level within the fair value hierarchy as defined by applicable accounting standards:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (1) quoted prices for similar assets or liabilities in active markets;
- (2) quoted prices for identical or similar assets or liabilities in inactive markets;
- (3) inputs other than quoted prices that are observable for the asset or liability; or
- (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022.

Registered investment companies (Mutual Funds): Mutual funds are valued at quoted prices in an active market.

Common Collective Trusts: The fair value of participation units in the common collective trust funds are valued at the respective net asset values (“NAV”) as reported by such trusts, which are reported at fair value. The value of each unit is determined by subtracting total liabilities from the total value of the assets, including accrued income, and dividing the amount remaining by the number of units outstanding on the valuation date. There are no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of these funds. The NAV is a quoted price in a market that is not active and classified within Level 2 of the valuation hierarchy.

The following tables set forth, by level within the fair value hierarchy, a summary of the Plan’s investments that were measured at fair value on a recurring basis as of December 31, 2022:

Investments at fair value at December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Registered investment companies (Mutual Funds)	\$ 5,654,397	\$ 0	\$ 5,654,397

(5) Information Prepared and Certified by Reliance Trust

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust:

	<u>2022</u>
Investments at fair value:	
Registered investment companies (Mutual Funds)	\$ 5,654,397
Common collective trusts	<u>5,459</u>
	<u>\$ 5,659,856</u>

(6) Risks and Uncertainties

The Plan’s investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in these factors in the near term could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Individual participants’ accounts bear the risk of loss resulting from fluctuations in investment values.

(7) Subsequent Events

The Plan has evaluated subsequent events from the balance sheet date through October 6, 2023, the date on which the financial statements were available to be issued, and determined there are no other items to disclose.
