INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Caesars Entertainment, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Caesars Entertainment, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at the end of year) as of December 31, 2022 and of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 — Description of Plan

The following description of the Caesars Entertainment, Inc. 401(k) Plan (the "Plan") provides only general information. Caesars Entertainment, Inc. (the "Company"), is the plan sponsor and along with all its wholly-owned subsidiaries are participating employers in the Plan. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

In July 2020, Eldorado Resorts, Inc. acquired Caesars Entertainment Corporation and its wholly owned subsidiaries and immediately renamed the merged company Caesars Entertainment, Inc. Effective December 20, 2021, the Company merged the assets of the Caesars Entertainment Corporation Savings & Retirement Plan ("CSR Plan") into the Plan. As a result, the assets totaling $1.6 billion including notes receivable from participants totaling $40.1 million and less excess contributions payable of $55 thousand were transferred into the Plan.

In March 2021, the Company acquired William Hill PLC and its wholly owned subsidiaries. Effective January 4, 2022, the Company merged the assets of the William Hill U.S. 401(k) Retirement Savings Plan ("WH Plan") into the Plan. As a result, all assets totaling $14.1 million, including note receivables from participants totaling $183 thousand less excess contributions payable of $170 thousand were transferred into the Plan.

In 2022, the Company divested one subplan related to Southern Indiana Casino participants due to the sale of these wholly-owned subsidiaries in 2021. As a result, employee benefit plan assets totaling approximately $35.7 million, including notes receivables from participants totaling $1.6 million, previously administered by the Plan were transferred out of the Plan in January 2022.

General

The Plan is a defined contribution plan covering substantially all employees of the Company and certain participating wholly-owned subsidiaries. The Board of Directors of the Company has appointed the Retirement Plan Committee to manage the operation and administration of the Plan. Eligibility for employees to contribute into the Plan is 90 days of service as defined by the Plan and age 18 or older. Eligible participants may enroll immediately upon completing those requirements.

The Company is responsible for the general administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may elect to contribute a designated whole percentage of their eligible compensation on a pretax basis, as defined in the Plan. After-tax and Roth contributions are also permitted under the provisions of the Plan. Highly compensated employees may contribute up to 10% of eligible compensation on a pretax and Roth basis; however, the pretax, Roth, and after-tax contributions may not exceed 10% of eligible compensation. Non-highly compensated employees may contribute up to 50% of eligible compensation on a pretax and Roth basis; however, the pretax, Roth, and after-tax contributions may not exceed 50% of eligible compensation.

Participants in the Plan may, under certain circumstances, make a rollover contribution consisting of funds distributed from another defined contribution plan or from an individual retirement account, provided that the source of such distribution is attributable solely to a distribution from a qualified plan.

The Plan allows for automatic deferrals beginning on or after meeting eligibility requirements. Employees are automatically enrolled in the Plan and defer 3% of compensation each payroll period unless a contrary election is made. In addition, the Plan has scheduled increases in the automatic deferral of 1% for each year of participation up to a maximum of 15%, unless a contrary election is made.

Effective January 1, 2022, the Company matches 50% up to the first 6% of eligible compensation contributed. For the year ended December 31 ,2021, the Company matched contributions equal to 50% of the first 6% of the participant's contribution. The Company may also make discretionary contributions on behalf of eligible participants.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's matching and non-elective contributions, and allocations of Plan earnings, and charged with the participant's withdrawals and an allocation of Plan expenses and losses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Upon enrollment in the Plan, the participant may direct contributions into various mutual funds, pooled separate accounts, common collective trusts or a guaranteed income fund. All contributions are participant directed. If a participant does not provide investment direction or if contributions are received prior to receiving the investment direction, contributions are directed to the applicable GoalMaker portfolios based on the participant's current age and the definition of normal retirement age under the Plan, which is age 65. Prior to December 3, 2018, certain participants had the option of self-directed brokerage accounts. These participants were allowed to maintain their accounts; however, no new contributions were allowed after such date.

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions, and actual earnings thereon.

Employer matching contributions vest based on completed years of continuous service in accordance with the following schedule:

Years of Completed Service	**Vesting Percentage**
One year	20 %
Two years	40 %
Three years	60 %
Four years	80 %
Five years	100 %

Participants become fully vested in all Company contributions and investment results upon termination of employment due to disability or death or upon attainment of age 65 while employed. In addition, if it is determined that a partial plan termination occurred, impacted participants become fully vested in Company contributions and investments results.

Payment of benefits

Upon termination of service, or at normal retirement age, participants can receive a lump sum amount equal to their vested account balance or in substantially equal installment payments. Upon death, the designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Loans from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at Prime rate plus 1%. Principal and interest is paid ratably through biweekly payroll deductions.

Forfeitures

Terminated participants forfeit the unvested employer portion of their account to the Plan. These forfeitures are applied to reduce the Company's matching contributions or to pay administrative expenses. Unallocated forfeiture balances as of December 31, 2022 and 2021 were approximately $1,837,000 and $3,504,000, respectively. Forfeitures used to pay employer contributions and Plan administrative expenses totaled approximately $4,535,000 and $588,000 for the years ended December 31, 2022 and 2021, respectively. The remaining outstanding balance as of December 31, 2022 was fully utilized in 2023.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include participant record-keeping and trustee fees which are charged to participants on a quarterly basis. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Certain other administrative expenses of the Plan are paid through the application of forfeitures and the Plan's expense account. Fees paid from the Plan's expense account totaled $1,842,000 and $71,000 for the years ended December 31, 2022 and 2021, respectively. All remaining administrative expenses of the Plan are paid by the Company.

Note 2 — Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2022, participant loans have maturities through 2042 at interest rates ranging from 4.25% to 9.5%. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment valuation and income recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts, which are stated at contract value, see Note 5) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

The Plan's investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings or losses, less participant withdrawals, and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of withdrawals

Withdrawals are recorded when paid. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS") and a participant must show that the distributed amount is not reasonably available from other available sources.

Use of estimates

The preparation of financial statements in conformity US GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Contributions

Employee contributions and employer matching contributions are recorded when withheld from the employee.

Refunds for excess contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions of approximately $87,000 and $5,000 for the years ended December 31, 2022 and 2021, respectively. In addition, liabilities for excess contributions of $55,000 from the CSR Plan was transferred into the Plan in 2021 and reduced the net assets transferred in during the year.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company. Administrative expenses paid by the Plan include participant record-keeping and trustee fees which are charged to the participant. Certain other administrative expenses of the Plan are paid through the application of the forfeitures or from the Plan expense account.

Risks and uncertainties

The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Note 3 — Certified Investment Information

The following is a summary of the certified investment information regarding the Plan as of December 31, 2022 and 2021, included in the Plan's financial statements that were prepared by or derived from information prepared by Prudential Bank & Trust, F.S.B., the Trustee, Empower Annuity Insurance Company, the Insurance Company, of the Plan and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee and the Insurance Company that such information is complete and accurate.

In addition to the balances noted on the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits related to investments disclosed in Note 4, Fair Value Measurements and the supplemental schedules was derived from information certified by the Trustee and the Insurance Company.

Note 4 — Fair Value Measurements

Investments are carried at fair value as defined by Accounting Standard Codification 820, *Fair Value Measurement* (ASC 820). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk.

The level in the fair value hierarchy within which the fair value measurement is classified as determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value.

- *Mutual funds*: The fair value is determined based on quoted market prices.
- *Common collective trusts and pooled separate accounts*: Collective trust funds and pooled separate accounts with readily determinable fair value are valued at the daily closing price as reported or published by the collective trust fund or pooled separate account. The collective trust funds and pooled separate accounts have been determined to have a readily determinable fair value based on the published price and transact at that price. The collective trust funds and pooled separate accounts included in the fair value hierarchy are deemed to be actively traded. The collective trust funds and pooled separate accounts are not exchange-traded funds; however, the prices per unit are published and represent the actual price at with the units held in the funds can be bought or sold. The Plan's common collective trust funds and pooled separate accounts with readily determinable fair value are included in the fair value hierarchy.
- *Self-directed brokerage accounts:* Accounts primarily consist of mutual funds and corporate stock that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2022 and 2021:

Assets at Fair Value	December 31, 2022			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ 1,604,046,619	$ —	$ —	$ 1,604,046,619

Note 5 — Fully Benefit Responsive Investment Contracts

The Guaranteed Long-Term Fund is a guaranteed investment contract, with no maturity date, issued by an insurance company backed by its general account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.50%. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Generally, there were no events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. However, in the event the Plan terminates the contract, this would be an event that would limit the Plan's ability to transact at contract value and be paid within 90 days. In this instance, contract value would be paid over time, or at the Company's discretion, paid immediately after applying a market value adjustment.

There are no events that allow the issuer to terminate the contract and which require the Company to settle at an amount different than contract value paid either within 90 days or over time.

Note 6 — Parties-in-Interest

The Plan holds shares of certain pooled separate accounts and a guaranteed investment contract managed by the Insurance Company affiliates of the Trustee. The Plan also holds self directed brokerage accounts managed by an affiliate of the Trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

Note 7 — Reconciliation of Financial Statements to Form 5500

Following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	As of December 31,	
	2022	2021
Net assets available for benefits per the financial statements	$ 1,681,661,237	$ 1,997,256,623
Adjustments for refunds of excess contribution	87,035	59,389
Net assets available for benefits per Form 5500	$ 1,681,748,272	$ 1,997,316,012

Following is a reconciliation of the increase (decrease) in net assets available for benefits before transfers per the financial statements to the Form 5500:

	Years Ended December 31,	
	2021	2020
Net increase (decrease) in net assets before plan transfers per the financial statements	$ (293,986,687)	$ 20,816,568
Adjustments for refunds of excess contribution	27,646	(351,281)
Net income (loss) per Form 5500	$ (293,959,041)	$ 20,465,287

Note 8 — Plan Tax Status

The underlying prototype plan received opinion letters from the IRS dated September 22, 2022 and December 4, 2020 stating that the written form of the underlying prototype plan document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Note 9 — Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 10 — Nonexempt Party-in-Interest Transaction

The Company remitted participant contributions withheld from payroll on December 23, 2022 of $1,205 to the Trustee and Insurance Company on February 21, 2023. In addition, the Company remitted participant contributions and loan payments withheld from payroll on December 30, 2021 of $43,420 to the Trustee and Insurance Company on February 3, 2022. These remittances were later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company computed the lost earnings totaling $150 on these contributions and has taken remedial actions under the IRS Voluntary Correction Program to correct the matter by crediting participant accounts with the amount of investment income that would have been earned had the participant contribution been remitted timely. The Company submitted a request to the IRS in October 2023, related to the December 23, 2022 contribution and is awaiting a response. The Company submitted a request to the IRS in October 2022 related to the December 30, 201 contribution, and received a response that the correction was accepted.

Note 11 — Subsequent Events

Management evaluated subsequent events for the Plan through October 3, 2023, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Caesars Entertainment, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Caesars Entertainment, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at the end of year) as of December 31, 2022 and of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 — Description of Plan

The following description of the Caesars Entertainment, Inc. 401(k) Plan (the "Plan") provides only general information. Caesars Entertainment, Inc. (the "Company"), is the plan sponsor and along with all its wholly-owned subsidiaries are participating employers in the Plan. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

In July 2020, Eldorado Resorts, Inc. acquired Caesars Entertainment Corporation and its wholly owned subsidiaries and immediately renamed the merged company Caesars Entertainment, Inc. Effective December 20, 2021, the Company merged the assets of the Caesars Entertainment Corporation Savings & Retirement Plan ("CSR Plan") into the Plan. As a result, the assets totaling $1.6 billion including notes receivable from participants totaling $40.1 million and less excess contributions payable of $55 thousand were transferred into the Plan.

In March 2021, the Company acquired William Hill PLC and its wholly owned subsidiaries. Effective January 4, 2022, the Company merged the assets of the William Hill U.S. 401(k) Retirement Savings Plan ("WH Plan") into the Plan. As a result, all assets totaling $14.1 million, including note receivables from participants totaling $183 thousand less excess contributions payable of $170 thousand were transferred into the Plan.

In 2022, the Company divested one subplan related to Southern Indiana Casino participants due to the sale of these wholly-owned subsidiaries in 2021. As a result, employee benefit plan assets totaling approximately $35.7 million, including notes receivables from participants totaling $1.6 million, previously administered by the Plan were transferred out of the Plan in January 2022.

General

The Plan is a defined contribution plan covering substantially all employees of the Company and certain participating wholly-owned subsidiaries. The Board of Directors of the Company has appointed the Retirement Plan Committee to manage the operation and administration of the Plan. Eligibility for employees to contribute into the Plan is 90 days of service as defined by the Plan and age 18 or older. Eligible participants may enroll immediately upon completing those requirements.

The Company is responsible for the general administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may elect to contribute a designated whole percentage of their eligible compensation on a pretax basis, as defined in the Plan. After-tax and Roth contributions are also permitted under the provisions of the Plan. Highly compensated employees may contribute up to 10% of eligible compensation on a pretax and Roth basis; however, the pretax, Roth, and after-tax contributions may not exceed 10% of eligible compensation. Non-highly compensated employees may contribute up to 50% of eligible compensation on a pretax and Roth basis; however, the pretax, Roth, and after-tax contributions may not exceed 50% of eligible compensation.

Participants in the Plan may, under certain circumstances, make a rollover contribution consisting of funds distributed from another defined contribution plan or from an individual retirement account, provided that the source of such distribution is attributable solely to a distribution from a qualified plan.

The Plan allows for automatic deferrals beginning on or after meeting eligibility requirements. Employees are automatically enrolled in the Plan and defer 3% of compensation each payroll period unless a contrary election is made. In addition, the Plan has scheduled increases in the automatic deferral of 1% for each year of participation up to a maximum of 15%, unless a contrary election is made.

Effective January 1, 2022, the Company matches 50% up to the first 6% of eligible compensation contributed. For the year ended December 31 ,2021, the Company matched contributions equal to 50% of the first 6% of the participant's contribution. The Company may also make discretionary contributions on behalf of eligible participants.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's matching and non-elective contributions, and allocations of Plan earnings, and charged with the participant's withdrawals and an allocation of Plan expenses and losses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Upon enrollment in the Plan, the participant may direct contributions into various mutual funds, pooled separate accounts, common collective trusts or a guaranteed income fund. All contributions are participant directed. If a participant does not provide investment direction or if contributions are received prior to receiving the investment direction, contributions are directed to the applicable GoalMaker portfolios based on the participant's current age and the definition of normal retirement age under the Plan, which is age 65. Prior to December 3, 2018, certain participants had the option of self-directed brokerage accounts. These participants were allowed to maintain their accounts; however, no new contributions were allowed after such date.

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions, and actual earnings thereon.

Employer matching contributions vest based on completed years of continuous service in accordance with the following schedule:

Years of Completed Service	**Vesting Percentage**
One year	20 %
Two years	40 %
Three years	60 %
Four years	80 %
Five years	100 %

Participants become fully vested in all Company contributions and investment results upon termination of employment due to disability or death or upon attainment of age 65 while employed. In addition, if it is determined that a partial plan termination occurred, impacted participants become fully vested in Company contributions and investments results.

Payment of benefits

Upon termination of service, or at normal retirement age, participants can receive a lump sum amount equal to their vested account balance or in substantially equal installment payments. Upon death, the designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Loans from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at Prime rate plus 1%. Principal and interest is paid ratably through biweekly payroll deductions.

Forfeitures

Terminated participants forfeit the unvested employer portion of their account to the Plan. These forfeitures are applied to reduce the Company's matching contributions or to pay administrative expenses. Unallocated forfeiture balances as of December 31, 2022 and 2021 were approximately $1,837,000 and $3,504,000, respectively. Forfeitures used to pay employer contributions and Plan administrative expenses totaled approximately $4,535,000 and $588,000 for the years ended December 31, 2022 and 2021, respectively. The remaining outstanding balance as of December 31, 2022 was fully utilized in 2023.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include participant record-keeping and trustee fees which are charged to participants on a quarterly basis. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Certain other administrative expenses of the Plan are paid through the application of forfeitures and the Plan's expense account. Fees paid from the Plan's expense account totaled $1,842,000 and $71,000 for the years ended December 31, 2022 and 2021, respectively. All remaining administrative expenses of the Plan are paid by the Company.

Note 2 — Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2022, participant loans have maturities through 2042 at interest rates ranging from 4.25% to 9.5%. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment valuation and income recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts, which are stated at contract value, see Note 5) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

The Plan's investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings or losses, less participant withdrawals, and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of withdrawals

Withdrawals are recorded when paid. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS") and a participant must show that the distributed amount is not reasonably available from other available sources.

Use of estimates

The preparation of financial statements in conformity US GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Contributions

Employee contributions and employer matching contributions are recorded when withheld from the employee.

Refunds for excess contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions of approximately $87,000 and $5,000 for the years ended December 31, 2022 and 2021, respectively. In addition, liabilities for excess contributions of $55,000 from the CSR Plan was transferred into the Plan in 2021 and reduced the net assets transferred in during the year.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company. Administrative expenses paid by the Plan include participant record-keeping and trustee fees which are charged to the participant. Certain other administrative expenses of the Plan are paid through the application of the forfeitures or from the Plan expense account.

Risks and uncertainties

The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Note 3 — Certified Investment Information

The following is a summary of the certified investment information regarding the Plan as of December 31, 2022 and 2021, included in the Plan's financial statements that were prepared by or derived from information prepared by Prudential Bank & Trust, F.S.B., the Trustee, Empower Annuity Insurance Company, the Insurance Company, of the Plan and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee and the Insurance Company that such information is complete and accurate.

In addition to the balances noted on the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits related to investments disclosed in Note 4, Fair Value Measurements and the supplemental schedules was derived from information certified by the Trustee and the Insurance Company.

Note 4 — Fair Value Measurements

Investments are carried at fair value as defined by Accounting Standard Codification 820, *Fair Value Measurement* (ASC 820). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk.

The level in the fair value hierarchy within which the fair value measurement is classified as determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value.

- *Mutual funds*: The fair value is determined based on quoted market prices.
- *Common collective trusts and pooled separate accounts*: Collective trust funds and pooled separate accounts with readily determinable fair value are valued at the daily closing price as reported or published by the collective trust fund or pooled separate account. The collective trust funds and pooled separate accounts have been determined to have a readily determinable fair value based on the published price and transact at that price. The collective trust funds and pooled separate accounts included in the fair value hierarchy are deemed to be actively traded. The collective trust funds and pooled separate accounts are not exchange-traded funds; however, the prices per unit are published and represent the actual price at with the units held in the funds can be bought or sold. The Plan's common collective trust funds and pooled separate accounts with readily determinable fair value are included in the fair value hierarchy.
- *Self-directed brokerage accounts:* Accounts primarily consist of mutual funds and corporate stock that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2022 and 2021:

Assets at Fair Value	December 31, 2022			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ 1,604,046,619	$ —	$ —	$ 1,604,046,619

Note 5 — Fully Benefit Responsive Investment Contracts

The Guaranteed Long-Term Fund is a guaranteed investment contract, with no maturity date, issued by an insurance company backed by its general account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.50%. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Generally, there were no events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. However, in the event the Plan terminates the contract, this would be an event that would limit the Plan's ability to transact at contract value and be paid within 90 days. In this instance, contract value would be paid over time, or at the Company's discretion, paid immediately after applying a market value adjustment.

There are no events that allow the issuer to terminate the contract and which require the Company to settle at an amount different than contract value paid either within 90 days or over time.

Note 6 — Parties-in-Interest

The Plan holds shares of certain pooled separate accounts and a guaranteed investment contract managed by the Insurance Company affiliates of the Trustee. The Plan also holds self directed brokerage accounts managed by an affiliate of the Trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

Note 7 — Reconciliation of Financial Statements to Form 5500

Following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	As of December 31,	
	2022	2021
Net assets available for benefits per the financial statements	$ 1,681,661,237	$ 1,997,256,623
Adjustments for refunds of excess contribution	87,035	59,389
Net assets available for benefits per Form 5500	$ 1,681,748,272	$ 1,997,316,012

Following is a reconciliation of the increase (decrease) in net assets available for benefits before transfers per the financial statements to the Form 5500:

	Years Ended December 31,	
	2021	2020
Net increase (decrease) in net assets before plan transfers per the financial statements	$ (293,986,687)	$ 20,816,568
Adjustments for refunds of excess contribution	27,646	(351,281)
Net income (loss) per Form 5500	$ (293,959,041)	$ 20,465,287

Note 8 — Plan Tax Status

The underlying prototype plan received opinion letters from the IRS dated September 22, 2022 and December 4, 2020 stating that the written form of the underlying prototype plan document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Note 9 — Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 10 — Nonexempt Party-in-Interest Transaction

The Company remitted participant contributions withheld from payroll on December 23, 2022 of $1,205 to the Trustee and Insurance Company on February 21, 2023. In addition, the Company remitted participant contributions and loan payments withheld from payroll on December 30, 2021 of $43,420 to the Trustee and Insurance Company on February 3, 2022. These remittances were later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company computed the lost earnings totaling $150 on these contributions and has taken remedial actions under the IRS Voluntary Correction Program to correct the matter by crediting participant accounts with the amount of investment income that would have been earned had the participant contribution been remitted timely. The Company submitted a request to the IRS in October 2023, related to the December 23, 2022 contribution and is awaiting a response. The Company submitted a request to the IRS in October 2022 related to the December 30, 201 contribution, and received a response that the correction was accepted.

Note 11 — Subsequent Events

Management evaluated subsequent events for the Plan through October 3, 2023, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Caesars Entertainment, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Caesars Entertainment, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at the end of year) as of December 31, 2022 and of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 — Description of Plan

The following description of the Caesars Entertainment, Inc. 401(k) Plan (the "Plan") provides only general information. Caesars Entertainment, Inc. (the "Company"), is the plan sponsor and along with all its wholly-owned subsidiaries are participating employers in the Plan. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

In July 2020, Eldorado Resorts, Inc. acquired Caesars Entertainment Corporation and its wholly owned subsidiaries and immediately renamed the merged company Caesars Entertainment, Inc. Effective December 20, 2021, the Company merged the assets of the Caesars Entertainment Corporation Savings & Retirement Plan ("CSR Plan") into the Plan. As a result, the assets totaling $1.6 billion including notes receivable from participants totaling $40.1 million and less excess contributions payable of $55 thousand were transferred into the Plan.

In March 2021, the Company acquired William Hill PLC and its wholly owned subsidiaries. Effective January 4, 2022, the Company merged the assets of the William Hill U.S. 401(k) Retirement Savings Plan ("WH Plan") into the Plan. As a result, all assets totaling $14.1 million, including note receivables from participants totaling $183 thousand less excess contributions payable of $170 thousand were transferred into the Plan.

In 2022, the Company divested one subplan related to Southern Indiana Casino participants due to the sale of these wholly-owned subsidiaries in 2021. As a result, employee benefit plan assets totaling approximately $35.7 million, including notes receivables from participants totaling $1.6 million, previously administered by the Plan were transferred out of the Plan in January 2022.

General

The Plan is a defined contribution plan covering substantially all employees of the Company and certain participating wholly-owned subsidiaries. The Board of Directors of the Company has appointed the Retirement Plan Committee to manage the operation and administration of the Plan. Eligibility for employees to contribute into the Plan is 90 days of service as defined by the Plan and age 18 or older. Eligible participants may enroll immediately upon completing those requirements.

The Company is responsible for the general administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may elect to contribute a designated whole percentage of their eligible compensation on a pretax basis, as defined in the Plan. After-tax and Roth contributions are also permitted under the provisions of the Plan. Highly compensated employees may contribute up to 10% of eligible compensation on a pretax and Roth basis; however, the pretax, Roth, and after-tax contributions may not exceed 10% of eligible compensation. Non-highly compensated employees may contribute up to 50% of eligible compensation on a pretax and Roth basis; however, the pretax, Roth, and after-tax contributions may not exceed 50% of eligible compensation.

Participants in the Plan may, under certain circumstances, make a rollover contribution consisting of funds distributed from another defined contribution plan or from an individual retirement account, provided that the source of such distribution is attributable solely to a distribution from a qualified plan.

The Plan allows for automatic deferrals beginning on or after meeting eligibility requirements. Employees are automatically enrolled in the Plan and defer 3% of compensation each payroll period unless a contrary election is made. In addition, the Plan has scheduled increases in the automatic deferral of 1% for each year of participation up to a maximum of 15%, unless a contrary election is made.

Effective January 1, 2022, the Company matches 50% up to the first 6% of eligible compensation contributed. For the year ended December 31 ,2021, the Company matched contributions equal to 50% of the first 6% of the participant's contribution. The Company may also make discretionary contributions on behalf of eligible participants.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's matching and non-elective contributions, and allocations of Plan earnings, and charged with the participant's withdrawals and an allocation of Plan expenses and losses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Upon enrollment in the Plan, the participant may direct contributions into various mutual funds, pooled separate accounts, common collective trusts or a guaranteed income fund. All contributions are participant directed. If a participant does not provide investment direction or if contributions are received prior to receiving the investment direction, contributions are directed to the applicable GoalMaker portfolios based on the participant's current age and the definition of normal retirement age under the Plan, which is age 65. Prior to December 3, 2018, certain participants had the option of self-directed brokerage accounts. These participants were allowed to maintain their accounts; however, no new contributions were allowed after such date.

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions, and actual earnings thereon.

Employer matching contributions vest based on completed years of continuous service in accordance with the following schedule:

Years of Completed Service	**Vesting Percentage**
One year	20 %
Two years	40 %
Three years	60 %
Four years	80 %
Five years	100 %

Participants become fully vested in all Company contributions and investment results upon termination of employment due to disability or death or upon attainment of age 65 while employed. In addition, if it is determined that a partial plan termination occurred, impacted participants become fully vested in Company contributions and investments results.

Payment of benefits

Upon termination of service, or at normal retirement age, participants can receive a lump sum amount equal to their vested account balance or in substantially equal installment payments. Upon death, the designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Loans from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at Prime rate plus 1%. Principal and interest is paid ratably through biweekly payroll deductions.

Forfeitures

Terminated participants forfeit the unvested employer portion of their account to the Plan. These forfeitures are applied to reduce the Company's matching contributions or to pay administrative expenses. Unallocated forfeiture balances as of December 31, 2022 and 2021 were approximately $1,837,000 and $3,504,000, respectively. Forfeitures used to pay employer contributions and Plan administrative expenses totaled approximately $4,535,000 and $588,000 for the years ended December 31, 2022 and 2021, respectively. The remaining outstanding balance as of December 31, 2022 was fully utilized in 2023.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include participant record-keeping and trustee fees which are charged to participants on a quarterly basis. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Certain other administrative expenses of the Plan are paid through the application of forfeitures and the Plan's expense account. Fees paid from the Plan's expense account totaled $1,842,000 and $71,000 for the years ended December 31, 2022 and 2021, respectively. All remaining administrative expenses of the Plan are paid by the Company.

Note 2 — Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2022, participant loans have maturities through 2042 at interest rates ranging from 4.25% to 9.5%. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment valuation and income recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts, which are stated at contract value, see Note 5) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

The Plan's investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings or losses, less participant withdrawals, and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of withdrawals

Withdrawals are recorded when paid. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS") and a participant must show that the distributed amount is not reasonably available from other available sources.

Use of estimates

The preparation of financial statements in conformity US GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Contributions

Employee contributions and employer matching contributions are recorded when withheld from the employee.

Refunds for excess contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions of approximately $87,000 and $5,000 for the years ended December 31, 2022 and 2021, respectively. In addition, liabilities for excess contributions of $55,000 from the CSR Plan was transferred into the Plan in 2021 and reduced the net assets transferred in during the year.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company. Administrative expenses paid by the Plan include participant record-keeping and trustee fees which are charged to the participant. Certain other administrative expenses of the Plan are paid through the application of the forfeitures or from the Plan expense account.

Risks and uncertainties

The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Note 3 — Certified Investment Information

The following is a summary of the certified investment information regarding the Plan as of December 31, 2022 and 2021, included in the Plan's financial statements that were prepared by or derived from information prepared by Prudential Bank & Trust, F.S.B., the Trustee, Empower Annuity Insurance Company, the Insurance Company, of the Plan and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee and the Insurance Company that such information is complete and accurate.

In addition to the balances noted on the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits related to investments disclosed in Note 4, Fair Value Measurements and the supplemental schedules was derived from information certified by the Trustee and the Insurance Company.

Note 4 — Fair Value Measurements

Investments are carried at fair value as defined by Accounting Standard Codification 820, *Fair Value Measurement* (ASC 820). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk.

The level in the fair value hierarchy within which the fair value measurement is classified as determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value.

- *Mutual funds*: The fair value is determined based on quoted market prices.
- *Common collective trusts and pooled separate accounts*: Collective trust funds and pooled separate accounts with readily determinable fair value are valued at the daily closing price as reported or published by the collective trust fund or pooled separate account. The collective trust funds and pooled separate accounts have been determined to have a readily determinable fair value based on the published price and transact at that price. The collective trust funds and pooled separate accounts included in the fair value hierarchy are deemed to be actively traded. The collective trust funds and pooled separate accounts are not exchange-traded funds; however, the prices per unit are published and represent the actual price at with the units held in the funds can be bought or sold. The Plan's common collective trust funds and pooled separate accounts with readily determinable fair value are included in the fair value hierarchy.
- *Self-directed brokerage accounts:* Accounts primarily consist of mutual funds and corporate stock that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2022 and 2021:

Assets at Fair Value	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 60,731,221	$ —	$ —	$ 60,731,221

Total assets at fair value	$ 1,604,046,619	$ —	$ —	$ 1,604,046,619

Note 5 — Fully Benefit Responsive Investment Contracts

The Guaranteed Long-Term Fund is a guaranteed investment contract, with no maturity date, issued by an insurance company backed by its general account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.50%. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Generally, there were no events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. However, in the event the Plan terminates the contract, this would be an event that would limit the Plan's ability to transact at contract value and be paid within 90 days. In this instance, contract value would be paid over time, or at the Company's discretion, paid immediately after applying a market value adjustment.

There are no events that allow the issuer to terminate the contract and which require the Company to settle at an amount different than contract value paid either within 90 days or over time.

Note 6 — Parties-in-Interest

The Plan holds shares of certain pooled separate accounts and a guaranteed investment contract managed by the Insurance Company affiliates of the Trustee. The Plan also holds self directed brokerage accounts managed by an affiliate of the Trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

Note 7 — Reconciliation of Financial Statements to Form 5500

Following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	As of December 31,	
	2022	2021
Net assets available for benefits per the financial statements	$ 1,681,661,237	$ 1,997,256,623
Adjustments for refunds of excess contribution	87,035	59,389
Net assets available for benefits per Form 5500	$ 1,681,748,272	$ 1,997,316,012

Following is a reconciliation of the increase (decrease) in net assets available for benefits before transfers per the financial statements to the Form 5500:

	Years Ended December 31,	
	2021	2020
Net increase (decrease) in net assets before plan transfers per the financial statements	$ (293,986,687)	$ 20,816,568
Adjustments for refunds of excess contribution	27,646	(351,281)
Net income (loss) per Form 5500	$ (293,959,041)	$ 20,465,287

Note 8 — Plan Tax Status

The underlying prototype plan received opinion letters from the IRS dated September 22, 2022 and December 4, 2020 stating that the written form of the underlying prototype plan document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Note 9 — Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 10 — Nonexempt Party-in-Interest Transaction

The Company remitted participant contributions withheld from payroll on December 23, 2022 of $1,205 to the Trustee and Insurance Company on February 21, 2023. In addition, the Company remitted participant contributions and loan payments withheld from payroll on December 30, 2021 of $43,420 to the Trustee and Insurance Company on February 3, 2022. These remittances were later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company computed the lost earnings totaling $150 on these contributions and has taken remedial actions under the IRS Voluntary Correction Program to correct the matter by crediting participant accounts with the amount of investment income that would have been earned had the participant contribution been remitted timely. The Company submitted a request to the IRS in October 2023, related to the December 23, 2022 contribution and is awaiting a response. The Company submitted a request to the IRS in October 2022 related to the December 30, 201 contribution, and received a response that the correction was accepted.

INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Caesars Entertainment, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Caesars Entertainment, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at the end of year) as of December 31, 2022 and of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 — Description of Plan

The following description of the Caesars Entertainment, Inc. 401(k) Plan (the "Plan") provides only general information. Caesars Entertainment, Inc. (the "Company"), is the plan sponsor and along with all its wholly-owned subsidiaries are participating employers in the Plan. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

In July 2020, Eldorado Resorts, Inc. acquired Caesars Entertainment Corporation and its wholly owned subsidiaries and immediately renamed the merged company Caesars Entertainment, Inc. Effective December 20, 2021, the Company merged the assets of the Caesars Entertainment Corporation Savings & Retirement Plan ("CSR Plan") into the Plan. As a result, the assets totaling $1.6 billion including notes receivable from participants totaling $40.1 million and less excess contributions payable of $55 thousand were transferred into the Plan.

In March 2021, the Company acquired William Hill PLC and its wholly owned subsidiaries. Effective January 4, 2022, the Company merged the assets of the William Hill U.S. 401(k) Retirement Savings Plan ("WH Plan") into the Plan. As a result, all assets totaling $14.1 million, including note receivables from participants totaling $183 thousand less excess contributions payable of $170 thousand were transferred into the Plan.

In 2022, the Company divested one subplan related to Southern Indiana Casino participants due to the sale of these wholly-owned subsidiaries in 2021. As a result, employee benefit plan assets totaling approximately $35.7 million, including notes receivables from participants totaling $1.6 million, previously administered by the Plan were transferred out of the Plan in January 2022.

General

The Plan is a defined contribution plan covering substantially all employees of the Company and certain participating wholly-owned subsidiaries. The Board of Directors of the Company has appointed the Retirement Plan Committee to manage the operation and administration of the Plan. Eligibility for employees to contribute into the Plan is 90 days of service as defined by the Plan and age 18 or older. Eligible participants may enroll immediately upon completing those requirements.

The Company is responsible for the general administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may elect to contribute a designated whole percentage of their eligible compensation on a pretax basis, as defined in the Plan. After-tax and Roth contributions are also permitted under the provisions of the Plan. Highly compensated employees may contribute up to 10% of eligible compensation on a pretax and Roth basis; however, the pretax, Roth, and after-tax contributions may not exceed 10% of eligible compensation. Non-highly compensated employees may contribute up to 50% of eligible compensation on a pretax and Roth basis; however, the pretax, Roth, and after-tax contributions may not exceed 50% of eligible compensation.

Participants in the Plan may, under certain circumstances, make a rollover contribution consisting of funds distributed from another defined contribution plan or from an individual retirement account, provided that the source of such distribution is attributable solely to a distribution from a qualified plan.

The Plan allows for automatic deferrals beginning on or after meeting eligibility requirements. Employees are automatically enrolled in the Plan and defer 3% of compensation each payroll period unless a contrary election is made. In addition, the Plan has scheduled increases in the automatic deferral of 1% for each year of participation up to a maximum of 15%, unless a contrary election is made.

Effective January 1, 2022, the Company matches 50% up to the first 6% of eligible compensation contributed. For the year ended December 31 ,2021, the Company matched contributions equal to 50% of the first 6% of the participant's contribution. The Company may also make discretionary contributions on behalf of eligible participants.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's matching and non-elective contributions, and allocations of Plan earnings, and charged with the participant's withdrawals and an allocation of Plan expenses and losses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Upon enrollment in the Plan, the participant may direct contributions into various mutual funds, pooled separate accounts, common collective trusts or a guaranteed income fund. All contributions are participant directed. If a participant does not provide investment direction or if contributions are received prior to receiving the investment direction, contributions are directed to the applicable GoalMaker portfolios based on the participant's current age and the definition of normal retirement age under the Plan, which is age 65. Prior to December 3, 2018, certain participants had the option of self-directed brokerage accounts. These participants were allowed to maintain their accounts; however, no new contributions were allowed after such date.

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions, and actual earnings thereon.

Employer matching contributions vest based on completed years of continuous service in accordance with the following schedule:

Years of Completed Service	**Vesting Percentage**
One year	20 %
Two years	40 %
Three years	60 %
Four years	80 %
Five years	100 %

Participants become fully vested in all Company contributions and investment results upon termination of employment due to disability or death or upon attainment of age 65 while employed. In addition, if it is determined that a partial plan termination occurred, impacted participants become fully vested in Company contributions and investments results.

Payment of benefits

Upon termination of service, or at normal retirement age, participants can receive a lump sum amount equal to their vested account balance or in substantially equal installment payments. Upon death, the designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Loans from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at Prime rate plus 1%. Principal and interest is paid ratably through biweekly payroll deductions.

Forfeitures

Terminated participants forfeit the unvested employer portion of their account to the Plan. These forfeitures are applied to reduce the Company's matching contributions or to pay administrative expenses. Unallocated forfeiture balances as of December 31, 2022 and 2021 were approximately $1,837,000 and $3,504,000, respectively. Forfeitures used to pay employer contributions and Plan administrative expenses totaled approximately $4,535,000 and $588,000 for the years ended December 31, 2022 and 2021, respectively. The remaining outstanding balance as of December 31, 2022 was fully utilized in 2023.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include participant record-keeping and trustee fees which are charged to participants on a quarterly basis. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Certain other administrative expenses of the Plan are paid through the application of forfeitures and the Plan's expense account. Fees paid from the Plan's expense account totaled $1,842,000 and $71,000 for the years ended December 31, 2022 and 2021, respectively. All remaining administrative expenses of the Plan are paid by the Company.

Note 2 — Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2022, participant loans have maturities through 2042 at interest rates ranging from 4.25% to 9.5%. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment valuation and income recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts, which are stated at contract value, see Note 5) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

The Plan's investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings or losses, less participant withdrawals, and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of withdrawals

Withdrawals are recorded when paid. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS") and a participant must show that the distributed amount is not reasonably available from other available sources.

Use of estimates

The preparation of financial statements in conformity US GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Contributions

Employee contributions and employer matching contributions are recorded when withheld from the employee.

Refunds for excess contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions of approximately $87,000 and $5,000 for the years ended December 31, 2022 and 2021, respectively. In addition, liabilities for excess contributions of $55,000 from the CSR Plan was transferred into the Plan in 2021 and reduced the net assets transferred in during the year.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company. Administrative expenses paid by the Plan include participant record-keeping and trustee fees which are charged to the participant. Certain other administrative expenses of the Plan are paid through the application of the forfeitures or from the Plan expense account.

Risks and uncertainties

The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Note 3 — Certified Investment Information

The following is a summary of the certified investment information regarding the Plan as of December 31, 2022 and 2021, included in the Plan's financial statements that were prepared by or derived from information prepared by Prudential Bank & Trust, F.S.B., the Trustee, Empower Annuity Insurance Company, the Insurance Company, of the Plan and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee and the Insurance Company that such information is complete and accurate.

In addition to the balances noted on the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits related to investments disclosed in Note 4, Fair Value Measurements and the supplemental schedules was derived from information certified by the Trustee and the Insurance Company.

Note 4 — Fair Value Measurements

Investments are carried at fair value as defined by Accounting Standard Codification 820, *Fair Value Measurement* (ASC 820). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk.

The level in the fair value hierarchy within which the fair value measurement is classified as determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value.

- *Mutual funds*: The fair value is determined based on quoted market prices.
- *Common collective trusts and pooled separate accounts*: Collective trust funds and pooled separate accounts with readily determinable fair value are valued at the daily closing price as reported or published by the collective trust fund or pooled separate account. The collective trust funds and pooled separate accounts have been determined to have a readily determinable fair value based on the published price and transact at that price. The collective trust funds and pooled separate accounts included in the fair value hierarchy are deemed to be actively traded. The collective trust funds and pooled separate accounts are not exchange-traded funds; however, the prices per unit are published and represent the actual price at with the units held in the funds can be bought or sold. The Plan's common collective trust funds and pooled separate accounts with readily determinable fair value are included in the fair value hierarchy.
- *Self-directed brokerage accounts:* Accounts primarily consist of mutual funds and corporate stock that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2022 and 2021:

Assets at Fair Value	December 31, 2022

Note 5 — Fully Benefit Responsive Investment Contracts

The Guaranteed Long-Term Fund is a guaranteed investment contract, with no maturity date, issued by an insurance company backed by its general account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.50%. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Generally, there were no events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. However, in the event the Plan terminates the contract, this would be an event that would limit the Plan's ability to transact at contract value and be paid within 90 days. In this instance, contract value would be paid over time, or at the Company's discretion, paid immediately after applying a market value adjustment.

There are no events that allow the issuer to terminate the contract and which require the Company to settle at an amount different than contract value paid either within 90 days or over time.

Note 6 — Parties-in-Interest

The Plan holds shares of certain pooled separate accounts and a guaranteed investment contract managed by the Insurance Company affiliates of the Trustee. The Plan also holds self directed brokerage accounts managed by an affiliate of the Trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

Note 7 — Reconciliation of Financial Statements to Form 5500

Following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	As of December 31,	
	2022	2021
Net assets available for benefits per the financial statements	$ 1,681,661,237	$ 1,997,256,623
Adjustments for refunds of excess contribution	87,035	59,389
Net assets available for benefits per Form 5500	$ 1,681,748,272	$ 1,997,316,012

Following is a reconciliation of the increase (decrease) in net assets available for benefits before transfers per the financial statements to the Form 5500:

	Years Ended December 31,	
	2021	2020
Net increase (decrease) in net assets before plan transfers per the financial statements	$ (293,986,687)	$ 20,816,568
Adjustments for refunds of excess contribution	27,646	(351,281)
Net income (loss) per Form 5500	$ (293,959,041)	$ 20,465,287

Note 8 — Plan Tax Status

The underlying prototype plan received opinion letters from the IRS dated September 22, 2022 and December 4, 2020 stating that the written form of the underlying prototype plan document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Note 9 — Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 10 — Nonexempt Party-in-Interest Transaction

The Company remitted participant contributions withheld from payroll on December 23, 2022 of $1,205 to the Trustee and Insurance Company on February 21, 2023. In addition, the Company remitted participant contributions and loan payments withheld from payroll on December 30, 2021 of $43,420 to the Trustee and Insurance Company on February 3, 2022. These remittances were later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company computed the lost earnings totaling $150 on these contributions and has taken remedial actions under the IRS Voluntary Correction Program to correct the matter by crediting participant accounts with the amount of investment income that would have been earned had the participant contribution been remitted timely. The Company submitted a request to the IRS in October 2023, related to the December 23, 2022 contribution and is awaiting a response. The Company submitted a request to the IRS in October 2022 related to the December 30, 201 contribution, and received a response that the correction was accepted.

Note 11 — Subsequent Events

Management evaluated subsequent events for the Plan through October 3, 2023, the date the financial statements were available to be issued.
