To the Trustees and Participants
Pacific Ag Management, Inc. 401(k) Profit Sharing Plan
Bakersfield, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pacific Ag Management, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pacific Ag Management, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Pacific Ag Management, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of Pacific Ag Management, Inc. and affiliated companies (the Company) who have reached the age of 21 and completed 6 months and 500 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participating employees are allowed to make contributions of their gross wages through payroll deductions up to 100% of wages, pursuant to Section 401(k) of the Internal Revenue Code. The safe harbor contribution is equal to 100% of the participant's elective deferrals that do not exceed 3% of the participant's compensation for the plan year, plus 50% of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. For the year ended December 31, 2022, the safe harbor contribution match was $151,660. The Company may make a discretionary nonelective contribution to the Plan that is determined by Plan management each Plan year. For the year ended December 31, 2022, the employer did not elect to make a matching contribution. Contributions are funded by pay week.

Participant accounts:

Separate accounts are kept for each participant. Each participant's account is credited with the participant's contributions, an allocation of Company contributions, Plan expenses and Plan earnings or losses. Allocations of earnings are based on account balances, as defined by the Plan. All amounts in participant accounts are participant-directed; participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting:

Participants are immediately vested in their voluntary contributions. A participant is 100% vested in safe harbor contributions plus actual earnings thereon. A participant is 100% vested in employer matching contributions plus actual earnings after 6 years of credited service.

Notes receivable, participants:

A participant may obtain one loan which does not exceed 50% of their vested account balance. The maximum aggregate dollar amount of loans outstanding to a participant may not exceed $50,000, as aggregated with all participant loans from other employer qualified plans. The loans are secured by 50% of the participant's vested interest in the Plan.

Benefit payments and withdrawals:

On termination of service, participants may elect to receive a lump-sum distribution equal to the vested value of their account or leave the value of the account on deposit until normal retirement age (65). Distribution of vested value will also occur in the case of death or disability. If a participant's vested account balance is less than $5,000, they will automatically receive payment in the form of a lump-sum. Participants with vested account balances greater than $5,000 can elect payments in the form of a lump-sum.

Amounts allocated to accounts of persons who, at December 31, 2022, have elected to withdraw from the Plan but have not been paid are $-0-.

Forfeited accounts:

Forfeitures of terminated employees' non-vested account balances can be used to offset employer contributions or Plan expenses. Forfeitures used to offset employer contributions for the year ended December 31, 2022 was $759. At December 31, 2022 and 2021, forfeited nonvested accounts totaled $-0-.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend

date. Net appreciation (depreciation) includes the Plan's gains and losses on investments held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable, participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Loans bear interest at prime rate plus one percent. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Benefits:

Benefits are recorded when paid.

Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Tax status:

The Plan is designed and operated in accordance with Section 401(a) of the Internal Revenue Code (IRC). The non-standardized pre-approved Profit Sharing Plan with CODA Adoption Agreement has obtained its latest determination letter June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 3. Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their discretionary employer contributions. Payment of such amounts will be made to participants by the Trustee, as directed by the Plan Administrator.

Note 4. Certified Financial Information

The following information as of and for the years ended December 31, 2022 and 2021 was obtained by management and agreed to from information certified as complete and accurate by Principal Life Insurance Company, the Plan custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes the following:

	2022	*2021*
Investments		
Pooled separate account	$ 89,985	$ 111,090
Mutual funds	4,460,521	5,524,130
Guaranteed investment contract	339,803	335,946
Notes receivable, participants	43,828	5,405
	$ 4,934,137	$ 5,976,571

	2022
Investment income	
Net depreciation in fair value of investments	$ (1,412,492)
Interest and dividends	$ 54,344
Interest income-notes receivable, participants	$ 1,356

Note 5. Investment Contract with Insurance Company

The Plan holds a guaranteed general-account contract with Principal which meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Principal maintains the contributions in a general account. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate for the Plan's Principal Guaranteed Interest Account at December 31, 2022 and 2021 was 2.05% and 1.65%, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a periodic basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (e) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Fair Value Disclosures

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB are described as follows: Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means; Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Pooled separate account: Pooled separate account invests in a single mutual fund. The fair value of the mutual fund is a publicly quoted pricing input used in determining the net asset value of the pooled separate account, which is not publicly quoted but is available to current investors.

Registered investment companies (mutual funds): The fair values of mutual funds are valued at quoted market prices on an active market which represent the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realized value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

		December 31, 2022			
		Fair Value Measurements Using:			
	Fair Value	***Level 1***	***Level 2***	***Level 3***
Pooled separate account	$ 89,985	$ -	$ 89,985	$ -
Registered investment companies	4,460,521	4,460,521	-	-
Total assets at fair value	$ 4,550,506	$ 4,460,521	$ 89,985	$ -

		December 31, 2021			
		Fair Value Measurements Using:			
	Fair Value	***Level 1***	***Level 2***	***Level 3***
Pooled separate account	$ 111,090	$ -	$ 111,090	$ -
Registered investment companies	5,524,130	5,524,130	-	-
Total assets at fair value	$ 5,635,220	$ 5,524,130	$ 111,090	$ -

Realized and unrealized gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2022, are reported in net appreciation (depreciation) in fair value of investments.

Note 7. Party-in-Interest Transactions

For the years ended December 31, 2022 and 2021, certain Plan investments are shares of common/collective trusts and mutual funds managed by Principal Life Insurance Company (Principal), the Plan's asset custodian. Fees paid to service providers by the Plan amounted to $36,920 for the year ended December 31, 2022. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rule.

Note 8. Reconciliation of Financial Statements to Form 5500

Certain balances included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been reclassified for purposes of presentation in the financial statements.

The following is a reconciliation of the net assets available for benefits and contributions per the financial statements to Schedule H of Form 5500:

		2022
Net assets available for benefits per financial statements	$	4,936,802
Employer contributions receivable at December 31, 2022	$	(1,154)
2022		(1,511)
Net assets available for benefits per Form 5500	$	4,934,137
Employer contributions per financial statements	$	151,660
Employer contributions receivable at December 31, 2022		(1,154)
Employer contributions per Form 5500	$	150,506
Employee contributions per financial statements	$	307,804
2022		(1,511)
Employee contributions per Form 5500	$	306,293

Note 9. Subsequent Events

The Plan has evaluated events and transactions subsequent to December 31, 2022 through October 2, 2023, the date the financial statements were available to be issued, noting no other significant items requiring further discussion.
