INDEPENDENT AUDITOR'S REPORT

Board of Directors
WB&T Bankshares, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **WB&T Bankshares, Inc. 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters - Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WB&T BANKSHARES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan

The following description of the WB&T Bankshares, Inc. 401(k) Plan (the Plan) provides only general information. The Plan sponsor, WB&T Bankshares, Inc. (the Company), is a member of a controlled group which includes Guardian Bank, Waycross Bank & Trust, and South Coast Bank & Trust. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the exclusive benefit of eligible employees and their beneficiaries. Employees are eligible to enter the Plan on the first day of each plan quarter following the completion of 120 hours of service in a one-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Directors (the Board) is responsible for oversight of the Plan. The Board determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Company also absorbs certain costs of the Plan.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law on March 27, 2020. In May 2020, the Plan adopted certain changes to participant distributions as permitted by the CARES Act. These changes are discussed further in Hardship Withdrawals.

Contributions

Employees of the Company participating in the Plan are entitled to make traditional elective deferrals (pre-tax) or Roth elective deferrals (after-tax) up to 100 percent of their annual compensation, as defined by the Plan, and up to certain maximum amounts as allowed by the Internal Revenue Service (IRS). Participants who have attained or will attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a matching contribution in a discretionary amount as determined by the Company. During 2022, the Company matched 100 percent of participant contributions up to six percent of the participant's compensation. Contributions are subject to certain IRS limitations.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the Company's contributions, qualified rollover contributions, and adjusted for gains and losses based on the investment performance of a participant's account, less any distributions and associated transaction fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the Company's matching contributions is based on years of continuous service. After two years of service, participants are 20 percent vested, and vesting percentages increase at a rate of 20 percent each year thereafter. The participant is fully vested after the sixth year of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. A participant may have only two outstanding loans at any time. Loan terms generally may not exceed five years unless the loan is used for the purchase of the principal residence. The loan interest rate is one percent over the prime rate published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest payments are made through payroll deduction.

Payment of Benefits

Upon termination of service due to retirement, disability, or reason other than death, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his/her account. Extended payments to beneficiaries due to death of a participant are allowed.

Hardship Withdrawals

In the event funds are needed because of extreme financial hardship, as defined by the law, the participant may be allowed to make a withdrawal from his/her vested account balance from eligible accounts, as defined by the Plan. In accordance with the Internal Revenue Code (the Code), benefits withdrawn prior to age 59 ½ may be subject to additional taxes.

In 2020, as part of the CARES Act, the Plan permitted eligible participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, or being unable to work due to a lack of childcare due to COVID-19. Eligible employees are not required to repay this distribution; however, the Plan allows for them to repay their Plan account within three years of the date they received their distribution.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits from the employer contributions under the Plan. Forfeited amounts may be used to reduce the employer's contributions or to pay reasonable Plan expenses. As of December 31, 2022 and 2021, forfeited nonvested amounts totaled \$69,784 and \$119,973, respectively. In 2022 and 2021, \$79,608 and \$2,763, respectively, of forfeitures were used to reduce the employer's contributions.

Investment Options and Investments

Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options at any time. As of December 31, 2022, the Plan offered more than 25 diversified investment options consisting primarily of mutual funds.

(2) Summary of Significant Accounting Policies

The accounting policies of the Plan are maintained in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the *Accounting Standards Codification (ASC)* and related Accounting Standards Updates (ASUs). The following describes the more significant of those policies:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and third-party administrator. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year. Earnings on investments are allocated to individual participant accounts based on the performance of the investments selected by the participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant benefit payments and participant loans are charged directly to the participant's account and are reflected in administrative expenses on the statement of changes in net assets available for benefits. Investment-related expenses are included in net appreciation/depreciation in fair value of investments.

(3) Information Prepared and Certified by the Trustee (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank & Trust (the trustee of the Plan.)

Investments and notes receivable from participants as of December 31, as certified by the trustee, are as follows:

	<u>2022</u>	<u>2021</u>
Mutual Funds	\$ 8,145,889	\$ 9,198,993
Stable Value Funds	<u>1,978,618</u>	<u>1,999,260</u>
	<u>\$ 10,124,507</u>	<u>\$ 11,198,253</u>
Notes Receivable from Participants	<u>\$ 162,002</u>	<u>\$ 204,117</u>

Investment loss for the year ended December 31, 2022, as certified by the trustee, is as follows:

Changes in Net Assets	
Net Depreciation in Fair Value of Investments	\$ (2,086,106)
Interest and Dividends	<u>425,076</u>
	<u>\$ (1,661,030)</u>
Interest Income on Notes Receivable from Participants	<u>\$ 9,651</u>

(4) Fair Value Measurements

Financial Accounting Standards Board *Topic 820* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds - Net asset values (NAVs) are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as the Interactive Data Corporation. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Funds - Share prices/NAVs are generally obtained directly from the fund house or other investment provider. Due to the various unique investments that may be allowed in a stable value fund, and the various redemption restrictions that may be imposed, these investments use a NAV practical expedient for fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 8,145,889</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,145,889</u>
Investments Measured at NAV Practical Expedient*				<u>1,978,618</u>
Total Investments at Fair Value				<u>\$ 10,124,507</u>

	2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 9,198,993</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,198,993</u>
Investments Measured at NAV Practical Expedient*				<u>1,999,260</u>
Total Investments at Fair Value				<u>\$ 11,198,253</u>

* In accordance with *Topic 820*, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. These funds calculate NAV per share (or its equivalent) in a manner consistent with measurement principles of *Topic 946*. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes the investments measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Fund					
EB MaGIC 95					
Stable Value Fund	<u>\$ 1,978,618</u>	<u>\$ 1,999,260</u>	None	None	None

(5) Income Tax Status

The Non-Standardized Pre-Approved Profit-Sharing Plan with CODA adopted by the Plan has received a favorable determination letter from the IRS stating that the Plan is qualified under IRS Section 401. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC. As such, no provision for income taxes has been included in the Plan's financial statements.

(5) Income Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related Party and Party-in-Interest Transactions

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan assets are investment options offered through Capital Bank and Trust Company, the trustee; therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempted from the prohibition of party-in-interest transactions under ERISA. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The Company pays certain administrative fees on behalf of the Plan including all legal and accounting fees.

Administrative expenses on the statement of changes in net assets available for benefits include amounts paid by participants for fees paid to the trustee and third-party administrator for administrative services relating to loans and distributions. Fees paid for these services totaled \$2,025 for the year ended December 31, 2022, and were offset by revenue sharing fees credited to the Plan. Revenue sharing fees are deposited into the forfeiture account on a quarterly basis. For the year ended December 31, 2022, revenue sharing fees credited to the Plan totaled \$9,030. The excess of revenue sharing fees is accumulated in the forfeiture account to be utilized for future administrative expenses or to reduce employer contributions.

(7) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(9) Subsequent Events

Changes in investment returns can have a significant effect on the Plan. Management is monitoring investment market conditions and the impact such fluctuations are having on the Plan's investment portfolio. Due to the volatility of the financial markets as of the date of this report, there is uncertainty regarding the impact which continued volatility may have on the Plan's investment portfolio.

On December 29, 2022, the President signed into law the Consolidated Appropriations Act of 2023, which included the SECURE 2.0 Act of 2022. Management is monitoring to determine the overall impact on the Plan.

Management has evaluated events subsequent to December 31, 2022 through October 3, 2023, the date these financial statements were available to be issued.
