Independent Auditor's Report

To the Participants and Administrative Committee of the
Perry Homes, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Perry Homes, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

The Participants and Administrative Committee of the
Perry Homes, LLC 401(k) Profit Sharing Plan

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplementary Information Required by ERISA

The supplementary information listed in the table of contents as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary information, other than the information in the supplementary information that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Perry Homes, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Perry Homes, LLC 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The original Plan was adopted by Perry Homes, A Joint Venture and subsidiaries (the Employer or Plan Sponsor) on January 1, 1994. The name of the Plan was changed to Perry Homes, LLC 401(k) Profit Sharing Plan during 2007, as a result of a change in the Employer's name. The Plan is a defined contribution plan covering all employees who are 21 years of age or older and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Empower Retirement (Empower) serves as the record keeper of the Plan. Great-West Trust Company, LLC serves as the custodian of the Plan (the Custodian). NFP Retirement, Inc. is the Plan Advisor for the Plan. The provisions of the Plan are discussed below.

Contributions

Participants may contribute between 1 and 25 percent of pretax compensation per payroll period as defined in the Plan and shall not exceed the deferral limitations as specified in section 402(g) of the Internal Revenue Code (IRC). The annual deferral limitation was \$20,500 and \$19,500 for 2022 and 2021, respectively.

The Economic Growth and Tax Relief Reconciliation Act of 2001 includes a catch up provision for employee benefit plans. This provision became effective as of January 1, 2002, and allows employees who are 50 years old or older and who contributed the maximum amount allowed by law to their account to contribute an additional \$6,500 for 2022 and 2021.

Effective January 1, 2009, the Plan was amended to incorporate changes in Plan provisions related to employer matching contributions and the use of forfeitures. Employer matching contributions shall be discretionary and forfeitures may be used to pay Plan administrative expenses before applying towards Employer contributions. Participants who are employed on the last day of the Plan year and complete at least 1,000 hours of service during the Plan year are eligible to receive Employer matching contributions. The Employer may make discretionary matching contribution equal to a uniform percentage or dollar amount of the employee's elective deferrals each Plan Year. Each year, the Employer will determine the formula for the discretionary matching contribution. For the 2022 and 2021 Plan years, the Company matched 50% of the employee contributions up to the first 6% of gross wages, up to the maximum amount allowed by law.

The Plan accepts rollover contributions transferred from other qualified retirement plans, subject to the applicable provisions of the Plan.

Plan assets are held by the Custodian. Participants may direct the investment of their contributions among one or more of the funds offered under the Plan.

Perry Homes, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's and the employer's contributions, if any, and an allocation of investment earnings and losses. Allocations are based on participant earnings or account balances, as defined. Contributions are deposited into a trust account, which is invested by the Custodian based on various investment options determined by each participant. A participant may change his or her investment options at any time via a telephone service or the Internet. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100 percent vested at all times with respect to their contributions and earnings and losses thereon. Matching contributions, if any, and earnings and losses thereon vest based on their full years of active service with the Employer as follows (except that upon death, total permanent disability, or retirement at the age of 65, the employee becomes 100 percent vested):

Less than two years	0%
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six years or more	100%

For employer contribution vesting purposes, a year of service is defined as having worked at least 1,000 hours during the Plan year. All years of service are counted, regardless of whether or not they are continuous.

Payment of Benefits

On termination of service due to death, disability or retirement, or any other reason, a participant, or beneficiary in the case of death, may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or request a rollover into another qualified plan.

Forfeitures

Nonvested benefits of terminated participants are forfeited. Forfeitures were applied towards the Employer's matching contribution to the plan for the years ended December 31, 2022 and 2021. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$269,142 and \$113,889, respectively, and were applied to reduce Employer contributions for the years ended December 31, 2022 and 2021, respectively.

Perry Homes, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Participant Loans

A participant may borrow up to the lesser of 50 percent of his or her total vested account balance, or \$50,000. A participant may have only one loan outstanding at a time. The minimum loan amount is \$1,000.

The interest rate charged on the loan is a reasonable rate of interest based on the prevailing interest rate charged on similar loans under like circumstances by professional lenders. The loans are secured by the balance in the participant's account. Loan repayments are made through payroll deductions. Each payment, including interest, is credited to the participant's account.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are based on information provided by the Custodian. Certain adjustments have been made to the information provided by the Custodian and the Trustee in order for the financial statements to conform to the accrual basis of accounting and accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and disclosures associated with the investments held by the Plan.

All investments in the Plan are participant-directed. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainty

The Plan invests in various investment securities. Such investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Payments of Benefits

Benefits are recorded when paid.

Perry Homes, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Participant Loans

Participant loans represent notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses

Asset management fees and all other administrative costs are paid by the Plan. Loan fees are paid by the borrowing participant.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Retirement (Empower), the trustee/custodian of the Plan.

The Plan has a fully-benefit-responsive group annuity contract (GAC) with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GAC is included in the financial statements at contract value as reported to the Plan by Great-West. The contract value represents the principal balance plus contributions, earnings, and interest, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the GAC. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-off of a subsidiary) that cause significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 4. Fair Value Measurements

FASB Accounting Standard Codification (ASC) No. 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements

The following table presents by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis, as of December 31, 2022 and 2021:

	2022	2021
Level 1:		
Mutual funds	\$ 16,733,369	\$ 15,798,248
Investments measured at net asset value:		
Collective trust funds	42,084,930	48,845,570
Total investments at fair value	<u>\$ 58,818,299</u>	<u>\$ 64,643,818</u>

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively:

	2022	2021
Collective trust funds		
Fair value	\$ 42,084,930	\$ 48,845,570
Unfunded commitment	None	None
Redemption frequency	Immediate	Immediate
Other redemption restrictions	None	None
Redemption notice period	None	None

Note 5. Party-In-Interest Transactions

The Plan's guaranteed investment contract is managed by Great-West Life & Annuity Insurance Company, an affiliate of the Custodian of the Plan. Therefore, the Plan's investment transactions in these funds qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transactions provisions of ERISA and the IRC.

Note 6. Income Tax Status

The Plan uses the third party administrator's (TPA) Prototype Non-Standardized Profit Sharing Plan with CODA (Cash or Deferred Arrangement Prototype Plan). The Prototype Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested and the Plan's Custodian would distribute to each participant the amount certified by the Plan's Administrative Committee representing the balance of the participant's account.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	\$ 71,391,885	\$ 76,853,760
Deemed distributions of participant loans	(72,767)	(55,856)
Net assets available for benefits per the Form 5500	<u>\$ 71,319,118</u>	<u>\$ 76,797,904</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the years ended December 31, 2022 and 2021, to Form 5500:

	2022	2021
Change in net assets available for benefits per the financial statements	\$ (5,461,875)	\$ 16,722,064
Deemed distributions of participant loans	(16,911)	(14,958)
Change in net assets available for benefits per Form 5500	<u>\$ (5,478,786)</u>	<u>\$ 16,707,106</u>
