Savings and Investment Plan

NDEPENDENT AUDITORS' REPORT

To the Investment and Benefits Committee of
the W. R. Grace & Co. Savings and Investment Plan and its Participants:

Opinion

We have audited the accompanying financial statements of the W. R. Grace & Co. Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the W. R. Grace & Co. Savings and Investment Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the W. R. Grace & Co. Savings and Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the W. R. Grace & Co. Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.
In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the W. R. Grace & Co. Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan document, the Summary Plan Description, and the Prospectus Supplement for the Plan for more information.

General

The Plan is a defined contribution plan originally adopted effective September 1, 1976, and was most recently amended October 1, 2020 to allow participants to transfer tax-deferred contributions and earnings within the Plan to an after-tax Roth in-plan transfer account. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Fidelity Management Trust Company ("Fidelity" or "Trustee") and its related organizations administer the Plan's recordkeeping and serve as the Plan's Trustee and Custodian.

Investment management of the Fixed Income Fund and oversight of the Plan's mutual fund offerings is the responsibility of the Investment and Benefits Committee (the "Committee"), or as delegated by that Committee.

Eligibility and Vesting

Any salaried or hourly employee of W. R. Grace & Co. ("Grace" or the "Company") or its U.S. subsidiaries who is in an eligible employment classification, as defined by the Plan, is immediately eligible to participate in the Plan. New employees are automatically enrolled in the Plan upon meeting eligibility requirements. Unless the new participant elects otherwise, 6% of the participant's compensation will be deferred into the appropriate T. Rowe Price target date fund based on the participant's age.

A participant's interest in the Plan, which comprises their contributions, employer contributions, and earnings thereon, is always fully vested.

Contributions

Participants may elect to contribute 2% to 25% of their compensation to the Plan. For this purpose, compensation consists of salary and/or commissions, incentive compensation, and bonus awards, excluding long-term incentive bonuses and retention bonuses.

Participant contributions may be made from before-tax and/or after-tax compensation, as provided under Sections 401(k) and 401(m) of the Internal Revenue Code of 1986, as amended (the "Code"), subject to an annual dollar limit on total contributions of $20,500 and $19,500 for 2022 and 2021, respectively. Federal income tax law limited the annual compensation on which tax-qualified plan benefits may be based to $305,000 and $290,000 for 2022 and 2021, respectively. Participants have the option to make after-tax contributions to a "Roth 401(k)", which is subject to the dollar limitations detailed above, and is an account within the Plan from which tax-free withdrawals can be made upon retirement under certain circumstances. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to limitations imposed by the Code. Participants are permitted to make rollover contributions to the Plan.

The Company contributes a matching 100% of the first 6% of eligible compensation that a participant contributes to the Plan up to the income limits noted above. The Company does not match catch-up contributions made by eligible participants.

Employer contributions are allocated to investment options in accordance with the participant's investment election.

As of December 31, 2022, the Plan offered 23 mutual funds and a Fixed Income Fund comprised of a stable value common/collective trust fund as investment options for participants. The Committee or its designee periodically evaluates and changes the funds offered under the Plan.

Participants may allocate their future contributions among any of the investment options and may transfer the amounts related to their existing balances among any of the investment options to other investment options. All investment options are participant-directed.

Participant Accounts

Each participant's account is credited with the participant's contributions, the applicable allocation of the Company's contribution, and an appropriate allocation of Plan earnings (losses), and charged with an allocation for administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Any former Grace employee with an account balance within the Plan may directly roll over into the Plan a lump sum distribution from a Grace defined benefit plan.

Notes Receivable from Participants

Participants may borrow up to one-half of the value of their account balance up to $50,000, but not less than the minimum note amount of $500. Notes may be for a term of one to five years for a general-purpose note and up to twenty years for a note to purchase a principal residence. For notes issued by the Plan, the interest rate on the note is set on the application date and equals the prime interest rate on the last business day of the preceding calendar quarter plus 2 percentage points. The interest rate and repayment amounts for the notes are fixed for the term of the note, and notes are repaid in periodic installments to the participant's account based on the note provisions. Participants may repay the outstanding note balance in full at any time without penalty.

Notes receivable from participants are measured at their unpaid balances plus accrued but unpaid interest. Notes are considered to be in default and treated as a distribution for tax purposes if no payment is received for ninety days. If employment with the Company ends, any outstanding note balance will be considered a distribution if not repaid within ninety days.

Active notes receivable from participants, including those transferred from acquired companies' plans, bear interest rates that range from 5.25% to 10.25% with maturity dates ranging from 2023 through 2042. Interest paid on notes is credited to the individual participant's investment options from which the note was taken.

Payment of Benefits

Upon disability, retirement, death, or other termination of service, a participant (or their beneficiary in the event of death) who is not eligible to elect or who does not elect to defer the distribution may elect to receive his/her benefit in the form of a single lump sum payment or annual or quarterly installment payments if the balance exceeds $5,000. A terminated participant with an account balance less than $1,000 will receive an automatic direct distribution of that amount; for amounts greater than $1,000 but less than $5,000, the balance will remain in that terminated participant's account until the participant elects to have it distributed as a single lump sum payment.

Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. In all cases, certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½.

There were no net assets of the Plan allocated to the accounts of participants who had elected to withdraw from the Plan but had not received such distributions as of December 31, 2022 and 2021.

Administrative Expenses

Expenses incurred in the administration of the Plan are required to be paid with assets of the Plan unless the Company, at its discretion, elects to pay them. The Company paid a portion of Plan expenses for the years ended December 31, 2022 and 2021. Plan expenses paid by the Company are excluded from the Plan's financial statements. Distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. During 2022 and 2021, the Company utilized a revenue sharing account to offset Plan expenses due from the Company, which is shown as other income (expense) on the accompanying statements of changes in net assets available for benefits. Plan expenses are shown gross on the accompanying statements of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting, which is acceptable under U.S. Department of Labor Regulations and is in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end, which is fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is accrued when earned.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Investment securities change in value, and it is possible that such changes could be material.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan fiduciaries to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities on the date of the financial statements. Actual amounts may differ from the estimates used.

Payment of Benefits

The Plan recognizes benefits when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 5, 2023, the date the financial statements were available to be issued, and determined there were no material subsequent events that warrant disclosure.

3. Fair Value Measurement

Certain of the Plan's assets and liabilities are reported at fair value. See Note 2 for methods of valuation for the various investments. Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 "Fair Value Measurement" defines fair value as the value that would be received at the measurement date in the principal or "most advantageous" market. The Plan uses principal market data, whenever available, to value assets and liabilities at fair value. ASC 820 prescribes three valuation techniques that shall be used to measure fair value as follows:

1. Market Approach—uses prices or other relevant information generated by market transactions involving identical or comparable assets or liabilities.

2. Income Approach—uses valuation techniques to convert future amounts to a single present amount (discounted).

3. Cost Approach—the amount that currently would be required to replace the service capacity of an asset (i.e., current replacement cost).

One or a combination of the approaches above can be used to calculate fair value, whichever results in the most representative fair value.

In addition to the three valuation techniques, ASC 820 prescribes a fair value hierarchy in order to increase consistency and comparability in fair value measurements and related disclosures. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 Inputs — Quoted prices in active markets for identical assets or liabilities. A quoted price in an active market provides the most reliable evidence of fair value.

Level 2 Inputs — Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs — Unobservable inputs for the asset or liability, which should reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods of investment valuation discussed in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value hierarchy for the Plan's assets measured at fair value as of December 31, 2022 and 2021:

	Fair Value Measurements at December 31, 2022 Using			
Assets Measured at Fair Value	**Total**	**Quoted Prices in Active Markets for Identical Assets or Liabilities (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Mutual Funds	$ 499,581,141	$ 499,581,141	$ —	$ —
Total Assets in the Fair Value Hierarchy	499,581,141	499,581,141	—	—
Common/Collective Trust Fund (a)	124,908,343	N/A	N/A	N/A
Total Investments, at Fair Value	$ 624,489,484	$ 499,581,141	$ —	$ —

	Fair Value Measurements at December 31, 2021 Using			
Assets Measured at Fair Value	**Total**	**Quoted Prices in Active Markets for Identical Assets or Liabilities (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Mutual Funds	$ 631,729,497	$ 631,729,497	$ —	$ —
Total Assets in the Fair Value Hierarchy	631,729,497	631,729,497	—	—
Common/Collective Trust Fund (a)	129,020,467	N/A	N/A	N/A
Total Investments, at Fair Value	$ 760,749,964	$ 631,729,497	$ —	$ —

(a) In accordance with ASC 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

In accordance with the fair value measurements and disclosure guidance, the following table presents the category, fair value, redemption frequency, redemption notice period, and unfunded commitments for Plan investments, the fair value of which are estimated using the net asset value per share (or its equivalent) as a practical expedient, as of December 31,:

	2022	2021	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Common/Collective Trust Fund (b)	$ 124,908,343	$ 129,020,467	Daily	Daily	N/A

(b) This fund invests in conventional and synthetic investment contracts issued by insurance companies. Individual assets of the conventional and synthetic investment contracts include domestic and foreign fixed income securities and investments in investment companies or collective investment trusts.

4. Related-Party Transactions

The Plan invests in shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc. ("FIIOC"). FIIOC acts as Custodian for the Plan and is related to the Plan's Trustee, Fidelity Management Trust Company. The Plan advances funds as notes receivable to its participants according to the applicable provisions of the Plan agreement. Notes receivable from participants, which

qualify as party-in-interest transactions, were $7,604,692 and $7,973,707 as of December 31, 2022 and 2021, respectively. The Company provides the Plan with certain accounting and administrative services for which no fees are charged.

As of December 31, 2022 and 2021, the fair value of the Fidelity investments was $245,278,747 and $338,450,028, respectively. Administrative fees paid by the Plan to Fidelity amounted to $328,581 and $306,298 for the years ended December 31, 2022 and 2021, respectively. Other administrative fees were paid directly by the Company during 2022 and 2021. All such transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

5. Tax Status of Plan

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated May 6, 2016. Although the Plan has been amended since receiving this letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740 "Income Taxes" prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have a material impact on the Plan's financial statements.

The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2022 and 2021.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Grace anticipates that the Plan will continue indefinitely, but reserves the right to amend or discontinue the Plan at any time. In the event the Plan terminates, participants would receive the value of their account balances at the time of distribution, in accordance with the Plan and ERISA.
