## Independent Auditor's Report

To the Plan Administrator  
GeneDx 401(k) Savings Plan

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed an audit of the financial statements of GeneDx 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise statement of net assets available for benefits as of December 31, 2022, and the related the statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the period from inception (May 16, 2022) to December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### *Basis for Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

*Other Matter - Supplemental Schedule Required by ERISA*

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the period from inception (May 16, 2022) to December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **GeneDx 401(k) Savings Plan**

### **Notes to Financial Statements December 31, 2022**

#### **Note 1 - Description of Plan**

The following description of the GeneDx 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution retirement plan established with an effective date of January 1, 2005 is covering all eligible employees of GeneDx, LLC (the "Company") who are age 18 or older. Eligible employees may enter the Plan on the first day of the month coinciding with or immediately following satisfaction of this eligibility requirement. Employees covered by a collective bargaining (union) agreement, residents of Puerto Rico and reclassified employees, as defined by the Plan, are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

GeneDx, LLC was an affiliate of OPKO Health, Inc. and all employees of GeneDx, LLC were eligible to participate in the OPKO Health, Inc. 401(k) Plan. During 2022, all assets for participants employed by GeneDx, LLC were transferred out of the OPKO Health, Inc. 401(k) Plan to form the Plan.

GeneDx, LLC was subsequently acquired by Sema4 and, effective December 31, 2022, the Plan was merged into the Sema4 401(k) Plan.

#### **Contributions**

Participants may make salary deferral contributions to the Plan equal to a percentage of their pre-tax annual compensation, as defined by the Plan. Eligible participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes a Qualified Automatic Contribution Arrangement ("QACA") provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 6% of eligible compensation and their contributions invested in a designated Vanguard Target Retirement Fund based on the participant's current age and expected normal retirement date, until changed by the participant. If the participant does not choose a different percentage, the QACA deferral percentage will be automatically increased each January 1st by 1%, up to a maximum percentage of 10%.

The Company may, at its discretion, make matching contributions to the Plan. Participants must be active participants of the Plan at any time during the Plan year in order to receive any matching contributions. For the period from inception (May 16, 2022) to December 31, 2022, the Company elected to make a matching contribution equal to 100% of each participant's elective deferral contributions up to 6% of eligible compensation, as defined by the Plan. Participants also direct the investment of Company contributions. All contributions are subject to certain Internal Revenue Code ("IRC") limitations.

## **GeneDx 401(k) Savings Plan**

### **Notes to Financial Statements December 31, 2022**

#### **Participant accounts**

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are vested immediately in all contributions to their account plus actual earnings thereon.

#### **Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is based on the rates available for similar loans from commercial lending institutions. Principal and interest are paid ratably through payroll deductions.

#### **Payment of benefits**

On termination of service for any reason, participants will receive benefits equal to the value of the participant's vested interest in his or her account. Participants with a vested account balance less than \$1,000 will receive a mandatory distribution. For terminated participants with a vested account balance greater than \$1,000, but less than \$5,000, the Plan Administrator will make a direct rollover of the participant's account to an Individual Retirement Account designed by the Plan Administrator. Participants with a vested account balance greater than \$5,000 may elect to receive their benefit as a lump sum, a specified amount each year, a series of substantially equal payments over a fixed period or may defer payment of benefits until a later date.

Withdrawals from the salary deferral portion of a participant's account may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Participants who are at least 59½ years of age may withdraw all or a portion of their vested account balances prior to termination. Withdrawals from a participant's rollover account may be made at any time, in accordance with the provisions specified in the Plan.

### **Note 2 - Summary of accounting policies**

#### **Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

#### **Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

## GeneDx 401(k) Savings Plan

### Notes to Financial Statements December 31, 2022

#### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022.

#### Payment of benefits

Benefits are recorded when paid.

#### Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and the processing of distributions are charged directly to the participant's account and are included in administrative expenses. Indirect investment-related expenses are included in the net depreciation in fair value of investments.

#### Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Subsequent events

The Plan has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued.

### Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

## GeneDx 401(k) Savings Plan

### Notes to Financial Statements December 31, 2022

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. As of December 31, 2022.

*Mutual funds:* Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common collective trust fund:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

*Pooled separate account:* Valued using the accumulated unit value, which is based on the fair value of the underlying assets of the account. The accumulation unit value is deemed equivalent to NAV, which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investment within fair value hierarchy				
Mutual funds	<u>\$ 43,200,959</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 43,200,959
Investments measured at NAV(a)				<u>510,318</u>
Total investment, at fair value				<u>\$ 43,711,277</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

## GeneDx 401(k) Savings Plan

### Notes to Financial Statements December 31, 2022

#### Fair value of investments in entities that use NAV

The following table summarize the investment for which fair value is measured using NAV per share practical expedient as of December 31, 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair value December 31, 2022	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Morley Stable Value Fund	\$ 329,157	None	Daily	12 months
Fidelity Managed Income Portfolio	95,761	None	Daily	12 months
Real Estate Securities Separate Account	85,400	None	Daily	12 months
	<u>\$ 510,318</u>			

#### Note 4 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

#### Note 5 - Tax status

The Plan has been designed using a non-standardized pre-approved defined contribution plan document designed by Principal Life Insurance Company. Principal Life Insurance Company received an opinion letter dated June 30, 2020 in which the Internal Revenue Service ("IRS") stated that the non-standardized pre-approved defined contribution plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan itself has not received a determination letter from the IRS, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audit for any tax periods in progress.

#### Note 6 - Related party transactions and party-in-interest transactions

The Plan includes investments in mutual funds, a pooled separate account, and common collective trusts managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net depreciation in fair value of investments. Fees paid directly by the Plan to the custodian for the processing of loan and distribution transactions were \$4,606 for the period from inception (May 16, 2022) to December 31, 2022. The Plan sponsor pays directly any other fees related to the Plan's operations. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

## GeneDx 401(k) Savings Plan

### Notes to Financial Statements December 31, 2022

#### Note 7 - Certified investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and investment income (loss) and interest income on notes receivable from participants for the period from inception (May 16, 2022) to December 31, 2022, that are disclosed in the accompanying financial statements were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan.

#### Note 8 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain salary deferral contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the period from inception (May 16, 2022) to December 31, 2022. The Company made a corrective contribution of lost earnings totaling \$848 that was deposited into the Sema4 401(k) Plan (successor Plan) and allocated to the affected participants during January 2023.

#### Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the statement of net assets available for benefits per the financial statements as of December 31, 2022 to Form 5500:
