Independent Auditor's Report

Participants and Plan Trustees
KTH Parts Industries, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of KTH Parts Industries, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of and for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KTH Parts Industries, Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the KTH Parts Industries, Inc. (the Employer and Plan Sponsor) 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time associates (other than Japanese national associates) of the Employer who have completed three months of service. The Plan was amended for automatic enrollment upon participant eligibility as of January 1, 2022. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Participants may contribute from 1% to 20% of their annual salary. The Employer makes a Safe Harbor matching contribution equal to 100% of the first 3% and 50% of the next 2% of annual compensation contributed by the Plan participants. Effective July 1, 2016, new participants who are enrolled on or after July 1, 2016, are eligible for an additional employer match contribution equal to 50% of the first 3% of annual compensation contributed by the Plan participants. Contributions are subject to certain limitations.

Rollovers: The Plan accepts rollovers from a qualified retirement plan of a prior employer with approval from the Plan Sponsor.

Participant accounts: Each participant's account is credited with the participant's contribution; the Employer's matching contribution, and an allocation of Plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and Safe Harbor matching contributions, plus earnings thereon. Vesting of additional employer match contributions is based on years of service, as defined by the Plan Document with participants 100% vested after three years of service.

Payment of benefits: On termination of service due to retirement, disability or death, a participant will become fully vested. Distributions are made in a lump sum, in installments not to exceed 10 years, or through the purchase of a joint and survivor annuity for the participant.

A participant's beneficiary will receive the participant's account balance in the event of a participant's death. Participants may withdraw their vested interest in the Plan under certain hardship conditions as defined in the Plan. Such financial hardship withdrawals are subject to approval of the Administrative Committee. Terminated participants will be paid their vested interest in the Plan.

Notes receivable from participants: Loans to participants are treated as a separate fund. Interest charged to participants is reviewed by the Administrative Committee and is based upon prevailing interest rates for similar loans in the surrounding community. Loans may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance, and the repayment period shall not exceed five years (unless proceeds are used to acquire a principal residence). Each loan is collateralized by the remaining balance in the participant's account. Interest rates on participant loans ranged from 4.25% to 8.00% as of December 31, 2022 and 2021.

Forfeited accounts: Forfeited, nonvested accounts from unallocated earnings totaled \$22,667 and \$13,251 at December 31, 2022 and 2021, respectively. These amounts are periodically used to reduce future employer matching contributions. No forfeitures were used during 2022.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board Accounting Standards Codification.

Contributions: Participant contributions are recognized when earned. Employer matching contributions are recognized concurrently with participant contributions.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan Document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: A significant portion of the Plan's administrative expenses are paid by the Employer.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's participant directed investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Capital gain distributions are included in dividend income.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 2, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2022 and 2021, and for the year ended December 31, 2022, was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to these plan assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 6 and the supplemental schedule related to the Plan's assets.

Bank of America, N.A. also certified to the completeness and accuracy of \$11,543,056 of net depreciation in fair value of investments and \$2,622,268 of dividends related to investments and \$72,556 of interest income from notes receivable from participants for the year ended December 31, 2022.

Notes to Financial Statements

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

Note 5. Income Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by the Plan's trustee. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2019.

Note 6. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 6. Fair Value Measurements (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund: Valued at the net asset value (NAV), based on the quoted prices in active markets.

Common/collective trust funds: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis: The following tables summarize assets measured at fair value on a recurring basis as of December 31, 2022 and 2021, segregated by the level of the valuation inputs with the fair value hierarchy utilized to measure fair value.

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value--mutual funds	\$ 43,201,464	\$ -	\$ -	43,201,464
Investments measured at NAV ^(a)				10,220,439
Total investments, at fair value				<u>\$ 53,421,903</u>

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value--mutual funds	\$ 55,611,156	\$ -	\$ -	55,611,156
Investments measured at NAV ^(a)				9,310,759
Total investments, at fair value				<u>\$ 64,921,915</u>

- (a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

Note 6. Fair Value Measurements (Continued)

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2022 and 2021.

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2022	2021	2022	2021		
Common/collective trust funds	\$ 10,220,439	\$ 9,310,759	None	None	Immediate	None

Note 7. Related-Party Transactions

Certain plan investments are common/collective trust funds and mutual funds managed by Bank of America, N.A. Bank of America, N.A. is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants represent loans taken from participant accounts and qualify as party-in-interest transaction. Fees paid by the Plan for trustee services amounted to \$16,375 for the year ended December 31, 2022.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 54,940,044	\$ 66,645,102
Deemed distributed loans	(14,970)	(18,431)
Net assets available for benefits per Form 5500	<u>\$ 54,925,074</u>	<u>\$ 66,626,671</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (11,705,058)
Change in deemed distribution loans	3,461
Net decrease in net assets available for benefits per Form 5500	<u>\$ (11,701,597)</u>
