INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and the Trustee Committee
MSC (USA) Holdings Retirement Plan

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MSC (USA) Holdings Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental schedule H, line 4i - assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Information Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MSC (USA) HOLDINGS RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the MSC (USA) Holdings Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all full-time employees of Mediterranean Shipping Company (USA), Inc. (the "Sponsor"), Interlink Transport Technologies, Inc., and Top Logistics, LLC (collectively known as the "Company"), except for those who are members of a collective bargaining unit. Employees are eligible to participate in the Plan upon beginning employment with the Company, with the exception of Top Logistics, LLC, for which employees are required to complete three months of service in order to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan has implemented certain requirements of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). These laws permit the Plan to (a) allow certain eligible individuals to receive coronavirus-related relief for loan repayment, (b) suspend required minimum distributions for 2020, and (c) delay the commencement date for required minimum distributions from age 70-1/2 to age 72 beginning January 1, 2020. Written amendments to the Plan document to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

Participant Contributions

Participants may elect to defer up to 100% of their eligible compensation, as defined by the Plan. The amount deferred in any calendar year may not exceed the limits specified under Internal Revenue Code ("IRC") Sections 401(k), 404 and 415. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions.

Any newly hired employees will be auto enrolled at an initial 3% deferral rate unless they affirmatively elect a different deferral rate. Any participants contributing under 3% of their eligible compensation or have not made affirmative salary deferral elections will need to complete a new affirmative election, which expires annually. If a participant fails to complete a new affirmative election subsequent to their prior election expiring, the participant will be auto enrolled at the 3% deferral rate. The Plan has an auto-escalation feature whereby all participants' deferral rates will increase by 1% beginning each year until they reach a maximum deferral rate of 10%, unless a participant makes a contrary election.

A participant may, with the consent of the Plan administrator, make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred to the Plan from another qualified savings plan in which an employee participated prior to their employment by the Company.

Employer Contributions

Safe harbor

The Sponsor makes safe harbor contributions annually to the Plan in an amount of not less than 3% of participants' eligible compensation, subject to limitations as defined by the Plan. This contribution is 100% vested.

DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN (CONTINUED)

Employer Contributions (Continued)

Additional matching contribution

Prior to January 14, 2022, the Sponsor also made a fixed additional matching contribution equal to 1% of each participant's elective deferrals of 2% of their eligible compensation and 2% of each participant's elective deferrals of 3% or greater of their eligible compensation. Notwithstanding the foregoing, a participant was required to make an elective deferral of at least 2% of their annual eligible compensation to receive the fixed additional matching contribution.

Effective January 14, 2022, the fixed additional matching contribution is equal to 100% of the participant's elective deferrals that do not exceed 3% of their eligible compensation.

Other discretionary employer contributions

In addition, the Sponsor may make other discretionary employer contributions to the Plan.

Investment Options

The Plan's assets are held by Empower Trust Company, LLC (the "Custodian") at December 31, 2022 and 2021. Contributions by or on behalf of a participant are invested at the election of the participant in any of the mutual funds and a fixed annuity contract administered by the Custodian.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contributions, investment earnings or losses, and administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All contributions made to these accounts are directed by the participant into investments offered by the Plan and the allocations between investments can be changed at will.

Vesting

Participants are immediately vested in their contributions plus actual earnings and losses thereon, the Sponsor's safe harbor contributions, the Sponsor's fixed matching contributions, and amounts transferred from other plans.

All participants entering the Plan will have a nonforfeitable right to a percentage of the Sponsor's discretionary profit-sharing contributions based on the following schedule:

<u>Years of Vesting Service</u>	<u>Nonforfeitable Percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service due to disability or retirement, a participant may elect to receive a lump-sum payment or distributions in the form of an annuity, equal to the value of the participant's vested interest in his or her account. If the participant dies after distribution has begun, the remaining portion of the account balance will be distributed to the participant's designated beneficiary under the same method elected by the participant prior to the participant's death. If the account was not distributed in the form of an annuity at the time of death, the beneficiary may elect to receive a lump-sum payment. If the participant's vested account balance is \$5,000 or less before attaining the normal retirement age, the Plan administrator will direct the Custodian to automatically rollover the account balance to a qualified individual retirement account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows withdrawals in the event of certain financial hardships.

A participant who is required to receive lifetime Required Minimum Distributions ("RMD") may elect to receive installments payable monthly, quarterly, or annually equal to or exceeding the annual RMD.

Notes Receivable from Participants

Participants may borrow against the vested value of their accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan repayment terms range from one to five years for a general purpose loan or up to 20 years for the purchase of a primary residence. The loans are secured by the vested account balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through periodic payroll deductions. A participant can have only one outstanding loan at any time.

When a loan is made, the participant's account is charged, thereby reducing the balance in the participant's account. The repayment of the loan, including interest, is credited to the specific participant account as received (i.e., the interest paid on the loan is credited to the account of the participant borrower). If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. The loan in default could be considered a deemed distribution from the Plan and could be considered income to the participant. Failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document. Interest income is reported on the accrual basis.

Forfeitures

Upon termination of a participant's employment, as defined in the Plan, or upon distribution, the nonvested portion of the participant's account can be used to offset administrative fees, if any, and future employer contributions. At December 31, 2022 and 2021, forfeitures of nonvested accounts amounted to \$53,368 and \$19,614, respectively, which are included in the Plan's fixed annuity contract investment. For the year ended December 31, 2022, forfeitures totaling \$11,869 were used to pay for administrative fees and employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute of the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Certain management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected in the net appreciation or depreciation in the fair market value of such investments.

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MSC (USA) HOLDINGS RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the *Level 2* input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all of the Plan's administrative expenses are paid by the Sponsor of the Plan.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Sponsor has evaluated subsequent events through October 4, 2023, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the tables below. The valuation techniques are as follows:

- (a) *Market approach*. Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- (b) *Cost approach*. Amount that would be required to replace the service capacity of an asset (replacement cost); and
- (c) *Income approach*. Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's investments measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy, as of December 31, 2022 and 2021.

Description	Total at December 31, 2022	Level 1	Level 2	Level 3	Valuation Technique
Mutual funds	\$ <u>111,145,900</u>	<u>\$111,145,900</u>	<u>\$ -</u>	<u>\$ -</u>	(a)

Description	Total at December 31, 2021	Level 1	Level 2	Level 3	Valuation Technique
Mutual funds	\$ <u>126,221,811</u>	<u>\$126,221,811</u>	<u>\$ -</u>	<u>\$ -</u>	(a)

During the years ended December 31, 2022 and 2021, there were no transfers between levels of the fair value hierarchy.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Valued at quoted market prices, which represent the net asset value of the securities held in such fund.

The methods described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The following tables summarize investment information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the Custodian and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Custodian that such investment information is complete and accurate.

Interest income on notes receivable from participants	\$ <u>97,015</u>

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RELATED-PARTY AND PARTY - IN - INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Certain Plan investments are managed by the Custodian. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Custodian aggregated \$27,268 for the year ended December 31, 2022. Notes receivable from participants also qualify as party-in-interest transactions.

8. TAX STATUS

The Plan adopted a prototype plan effective January 14, 2022, and obtained an opinion letter dated November 14, 2022, from the prototype plan provider which states that the prototype plan satisfied the applicable provisions of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and that, therefore, the Plan qualifies under Section 401(a) of the IRC, and is exempt from federal taxes under Section 501(a) of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Fixed Annuity Contract

The Plan has a fixed annuity contract with the Custodian that invests contributions in the Empower Select Guaranteed Fund. The Empower Select Guaranteed Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The actual average yield earned by the Empower Select Guaranteed Fund for the years ended December 31, 2022 and 2021, was 1.88% and 1.85%, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

This contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.
