INDEPENDENT AUDITORS' REPORT

**To Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C.
401(k) Profit Sharing Plan and Trust:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C. 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Continued)

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of The Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C. 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, which was established January 1, 1989, under Internal Revenue Code Section 401(k) that covers all eligible employees of Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C. and Tectonic CMI Corporation (collectively known as the “Company”).

All employees are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Management is responsible for the oversight of the Plan. The Plan Sponsor’s management determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

Upon enrollment in the Plan, participants may direct investments to their accounts among various fund investments. The investing objective of each fund has been made available to the participants. All new eligible employees are automatically enrolled in the Plan, unless elected not to, with a default contribution rate of 3%. Effective January 1, 2014, existing eligible employees and any new employee, upon first becoming eligible to participate in the plan, who fails to affirmatively make any deferral election within the time prescribed by the administrator shall be deemed to have elected to defer at least 4% of their compensation. Unless the employee otherwise elects, such deemed elective deferral shall be increased by 1% annually to a maximum of 15% of compensation.

The Plan is funded by participant and employer contributions. Eligible employees may elect to make pretax and Roth elective contributions up to 92% of eligible compensation (subject to statutory limits) to the Plan. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. In addition to the salary deferrals, the Company may make discretionary matching contributions and profit sharing contributions. The matching contribution and profit sharing contribution is equal to a discretionary percentage determined annually by management.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Contributions (Continued)

In order to share in the matching contribution and profit sharing contribution the employee must be actively employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year. The Company contributed \$200,000 for the Plan year ended December 31, 2022 as employer profit sharing contributions.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant's Company matching contribution and profit sharing contribution account plus investment income earned thereon is based on years of service. A participant vests 20% upon completion of 2 years of service with annual increments of 20% thereafter totaling 100% after six years. If a participant reaches normal retirement age of 59 ½, becomes permanently disabled, or in the event of death, the participant becomes fully vested.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan.

Information as to investment options and benefit payments has been published and made available to all participants.

Notes Receivable from Participants

Participants may borrow from their Plan accounts up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. Loan terms are up to five years unless made for the purpose of acquiring primary residence, in which case such loan may be repaid over a reasonable time commensurate with the repayment period permitted by commercial lenders of similar loans. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application. Principal and interest are paid ratably through bi-weekly payroll deductions.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payments of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either an annuity based upon the value of the participant's interest in his or her account, or a lump-sum distribution. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

Forfeited non-vested accounts total \$54,300 and \$43,035 at December 31, 2022 and 2021, respectively. Forfeitures applicable for the year shall pay reasonable plan expenses first then will be allocated among the participant's non-elective account in the same proportion that such participant's compensation bears to the total compensation of all participants during the year in which the forfeitures are applicable. Of the balance as of December 31, 2022, \$30,125 was reallocated to the participants on March 16, 2023.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are not included in administrative expenses. Investment management consulting service related expenses are included in administrative expenses.

Additionally, the Plan provides for a participant revenue credit to be allocated to eligible participants pro rata across specific investments. The revenue credit program allocates a revenue credit to participants who invest in mutual funds for which Empower receives revenue. The revenue credit is allocated to the participant on a bi-weekly basis and is reinvested in the fund that generated the credit.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 - TAX STATUS

The Internal Revenue Service has determined and informed the plan administrator by a letter dated June 30, 2020, that the form of the pre-approved plan is acceptable under the applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the opinion letter. However, the plan administrator believes that the pre-approved plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, or partial termination of the Plan, participants' accounts shall be fully vested as of the date of such termination. The Company determines the date and manner in which participants' accounts will be distributed in accordance with ERISA.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - UNAUDITED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Great -West Trust Company, LLC, (the trustee/custodian of the Plan.).

NOTE 6 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The Plan also utilizes the authoritative guidance under GAAP for estimating the fair value of investments in the investment funds that have calculated net asset value ("NAV") per share in accordance with the specialized accounting guidance for investment companies. Accordingly, the Plan estimates the fair value of an investment in an investment fund using the NAV of the investment (or its equivalent) without further adjustment unless the Plan determines that the NAV is deemed to be not reflective of fair value.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**TECTONIC ENGINEERING CONSULTANTS,
GEOLOGISTS & LAND SURVEYORS, D.P.C.
401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. In evaluating the level at which the Plan's investments have been classified, the Plan has assessed factors including, but not limited to price transparency, the ability to redeem at net asset value at the year-end and the existence or absence of certain restrictions at year-end.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**TECTONIC ENGINEERING CONSULTANTS,
GEOLOGISTS & LAND SURVEYORS, D.P.C.
401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Collective investment trust: Valued based on the NAV of the collective trust's/investment fund's underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The collective investment trust, which is a stable value fund, has an investment objective to provide diversification of investment consistent with stable fixed-income methodology and the careful and prudent assumption of investment risk providing for preservation of capital, stability and predictability of returns, liquidity to pay plan benefits and high credit quality. Generally, there are no restrictions on a participant's ability to redeem their investment in the common collective trust.

However, withdrawals prompted by certain events (e.g., termination of the managed income portfolio, changes in laws or regulations) may restrict a participant's ability to redeem the investment. The plan administrator does not believe that the occurrence of any such event is probable. There were no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

<u>Description</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 33,316,740	\$ 33,316,740	\$ -	\$ -

NOTE 6 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

<u>Description</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 38,640,427	\$ 38,640,427	\$ -	\$ -
Investments measured at net asset value (a)	<u>5,527,262</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total Assets at Fair Value	<u>\$ 44,167,689</u>	<u>\$ 38,640,427</u>	<u>\$ -</u>	<u>\$ -</u>

- (a) In accordance with Subtopic 820-10, the common collective trust was measured at net asset value per share (or its equivalent) and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 7 - RELATED-PARTY TRANASCTIONS AND PARTY IN INTEREST TRANSACTIONS

The common collective trust is managed by Empower Retirement Services. Empower Retirement Services is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the Plan to the trustee for administrative services amounted to \$78,934. Additionally, fees earned by the Plan through the revenue credit program with the trustee amounted to \$76,500. In addition, direct fees paid by the Plan to Morgan Stanley & Co Incorporated for investment management consulting services amounted to \$63,682. The net amount of all these items is \$66,116.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
