Gourmet Boutique, LLC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Gourmet Boutique, LLC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements ("Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Reliance Trust Company, the custodian of the Plan, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued, in accordance with accounting principles generally accepted in the United States of America.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements December 31, 2022 and 2021

1. Plan Description

The following description of Gourmet Boutique, LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established on June 1, 2003, and restated on January 1, 2021, is a defined contribution plan covering all eligible employees of Gourmet Boutique, LLC, and Gourmet Boutique West, LLC (collectively referred to as the "Company"), who are age 21 or older and worked more than 1,000 hours and have completed six months of service. Employees become eligible to make elective deferrals and receive matching contributions on the first day of the calendar month coinciding with or following the date the participant attains age 21 and completes six months of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participant Salary Deferral

Participants in the Plan may contribute a discretionary amount of their annual compensation and bonus provided that the participant's contribution does not exceed the maximum dollar amount determined by the Internal Revenue Service ("IRS") each year, which is \$20,500 for the year ended December 31, 2022. Employees over the age of 50 can elect to contribute an additional \$6,500 each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Safe Harbor Contributions

The Company makes safe harbor contributions based on participants' pre-tax contributions up to 3% of their compensation, plus one-half of the totals in excess of 3% of the participants' compensation, but not in excess of 5% of total participants' compensation. For the year ended December 31, 2022, the employer contributions were \$169,191. Additional amounts may be contributed by the Company at the option of its Board of Directors. There were no additional amounts contributed for the year ended December 31, 2022.

Vesting

Participants are immediately vested in their voluntary contributions and employer safe harbor contributions plus actual earnings thereon. Any additional contributions by the employer vest over a six-year period in 20% increments beginning after one year of service until the sixth year, at which time the participant is 100% vested.

Participant Accounts

Individual participant accounts are credited with the applicable participant and safe harbor contributions and allocations of investment earnings or losses and are charged with an allocation of administrative fees. Allocations are based upon participant earnings or account balances, as defined in the Plan document.

Investment Options

Participants may direct contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis.

Distributions

Distributions from the Plan are permitted under the following circumstances: (i) attainment of age 59 ½, (ii) termination of employment, (iii) death or permanent disability, and (iv) a proven hardship. Distributions from a participant's account are made in the form of a lump-sum payment or installments over a period of not more than the participant's assumed life expectancy (or the assumed life expectancy of a beneficiary). The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

Notes Receivable from Participants

In general, the participants may borrow from their vested account balances a minimum of \$1,000 not to exceed the lesser of either (i) \$50,000 or (ii) 50% of the vested amount of the participant's account attributable to salary deferrals and rollovers from other plans.

Loans are secured by the balance in the participant's account and bear interest at an interest rate determined by the Plan administrator based on annual interest rates charged for similar types of loans by other lenders (4.25% and 7.25% per annum in 2022). A loan shall be repaid over a period of up to five years. Loans are repaid through payroll deductions. At December 31, 2022 and 2021, participant loans were \$262,938 and \$263,702 respectively.

Forfeitures

Non-vested account balances that remain upon participant termination may be used to pay Plan administrative fees. Any remaining forfeitures will be used to reduce the employer's contribution. At December 31, 2022 and 2021, there were no forfeitures available to be used.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments. Purchases and sales of securities are recorded on a trade-date basis.

The Plan presents, in the statement of changes in net assets available for benefits, the net change in the fair value of its investments which consists of the realized gains or losses, and the unrealized depreciation on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees.

3. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate (See Note 6).

	December 31, 2022	December 31, 2021
Investments at fair value	<u>\$ 5,260,467</u>	<u>\$ 6,227,783</u>
	Year Ended December 31, 2022	
Net depreciation in fair value of investments	<u>\$ (1,172,641)</u>	
Dividend and interest income	<u>\$ 165,081</u>	

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at December 31, 2022 and 2021:

- Mutual funds: Mutual funds are stated at fair value based on quoted prices in an active market for each share held by the Plan.
- Stable value collective trust fund: Composed primarily of fully-benefit responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments and the redemption notice period of 12 months is applicable only at the Plan level.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gourmet Boutique, LLC Retirement Plan

Investments at fair value as of December 31, 2022, are as follows:

	Level 1	Total
Mutual funds	\$ 4,558,576	\$ 4,558,576
Total investments in the fair value hierarchy	4,558,576	4,558,576
Stable value collective trust fund, measured at net asset value (a)	-	701,891
Total investments at fair value	\$ 4,558,576	\$ 5,260,467

Investments at fair value as of December 31, 2021, are as follows:

	Level 1	Total
Mutual funds	\$ 5,552,448	\$ 5,552,448
Total investments in the fair value hierarchy	5,552,448	5,552,448
Stable value collective trust fund, measured at net asset value (a)	-	675,335
Total investments at fair value	\$ 5,552,448	\$ 6,227,783

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Related Party Transactions

Certain Plan investments were managed by Reliance Trust Company. Reliance Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$63,879 for the year ended December 31, 2022, and are included in administrative fees on the statement of changes in net assets available for benefits.

6. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been restated since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Gourmet Boutique, LLC Retirement Plan

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

7. Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term, and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

9. Subsequent Events

The Plan has evaluated events through October 3, 2023, the date the financial statements were available to be issued.
