Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2; and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Trustees and Participants
Hinckley, Allen & Snyder LLP Retirement Savings Plan

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hinckley, Allen & Snyder LLP Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hinckley, Allen & Snyder LLP Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) – modified cash basis as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule – modified cash basis, we evaluated whether the supplemental schedule – modified cash basis, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule – modified cash basis, other than the information in the supplemental schedule – modified cash basis that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule – modified cash basis related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022

1. Description of Plan

The following brief description of the Hinckley, Allen & Snyder LLP Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions or to the Summary Plan Description that is available from the human resources department of Hinckley, Allen & Snyder LLP (the "Firm" or "Plan Sponsor").

General

The Plan is a defined contribution plan covering virtually all employees of the Firm. The Plan was established on May 1, 1984 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). After the close of business at midnight December 31, 2006, Hinckley, Allen & Snyder Employees' Retirement Plan and Trust transferred all assets and merged into Hinckley, Allen & Snyder Employees' Savings Plan and was renamed Hinckley, Allen & Snyder LLP Retirement Savings Plan. During 2007, the Hinckley, Allen, Snyder Partners Retirement Plan and Hinckley, Allen, Snyder Partners Savings Plan transferred all assets and merged into the Plan.

Contributions

Plan participants may elect pre-tax compensation deferrals and post-tax Roth deferrals within the limits prescribed by Section 401(k) of the Internal Revenue Code ("IRC"). In addition, participants who are age 50 or over at the end of the calendar year may make annual catch-up contributions. All firm contributions are discretionary. The Firm matched 100% of Associate Lawyers' and Of-Counsel Lawyers' pre-tax deferral contributions to the Plan up to 5% of their compensation for the year ended December 31, 2022. Catch-up contributions were not matched. For all Equity Partners and Non-Lawyer Employees, the Firm contributed at a rate of 7.5% of compensation up to the Social Security taxable wage base and 5.7% for amounts exceeding the social security taxable wage base for the year ended December 31, 2022, subject to limitations specified in the IRC. For all Income Partners the Firm contributed at a rate of 5% of compensation for the year ended December 31, 2022. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans. All contributions to a participant's account are allocated among the various investments based on each participant's elections.

Participant Accounts

Each participant's account is credited with the participant's contributions based on each participant's elections, the corresponding employer matching contribution for eligible participants, and an allocation of Plan earnings. Allocations are performed annually based upon account balances. The benefit to which a participant is entitled is the vested portion of the participant's account. The total amount of Plan assets which were not allocated to specific Plan participant accounts was \$3,407,735 and \$3,459,147 as of December 31, 2022 and 2021. These amounts represent funds which are maintained in a holding account which will be used to fund employer contributions in the following year. During the Plan year ended December 31, 2022, the Plan received deposits totaling \$3,400,000 into this holding account to fund employer contributions in the year ended December 31, 2022 and used \$3,459,199 to fund employer contributions in the year ended December 31, 2022. The net effect of this activity has been reported within other additions (reductions) in the statement of changes in net assets available for benefits - modified cash basis (see Note 11).

1. Description of Plan (*continued*)

Investment Options

Participants can direct their salary deferral and related employer contributions to various investment options offered by the Plan. Participants can change their investment options at any time throughout the year.

Vesting

Participants are 100% vested upon entering the Plan in their deferral contributions plus actual earnings thereon. Associate Lawyers and Of-Counsel Lawyers are 100% vested in any Firm matching contributions after three years of vesting service. Equity Partners, Income Partners and Non-Lawyer Employees are 100% vested in any Firm contributions upon meeting the Plan's eligibility requirements, if applicable.

Payment of Benefits

Upon retirement of service, total and permanent disability, or termination of employment, a participant may elect to receive a lump sum distribution or annuity, in accordance with the provisions of the Plan. In the event of death, benefits are payable to the participant's surviving spouse or designated beneficiary. If a participant reaches age 59 ½ while still employed by the Firm that participant may elect to receive all or a portion of his or her account.

Forfeitures

Any balance in the employer contribution account of a participant who has separated from service, to which he or she is not vested, shall be used to first reduce the employer's contribution and then used for administrative expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$13,076 and \$32,074. No forfeitures were used to reduce administrative expenses for the year ended December 31, 2022. Forfeitures of \$58,914 were used to reduce employer contributions for the year ended December 31, 2022.

Notes Receivable from Participants

Participants may borrow, for specified reasons, the lesser of \$50,000 or one-half of the vested interest in their account balance, with the consent of the plan administrator. Principal and interest on loan payments are recorded as contributions to the funds from which the loan was borrowed. The loan repayment period may not exceed five years, except for loans used to purchase or construct a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Loans are amortized in level payments, based upon payroll frequency, over the term of the loan and are paid through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The Plan prepares its financial statements on the modified cash basis of accounting as allowed under the Department of Labor (“DOL”) Regulations Section 2520.103. Such basis differs from accounting principles generally accepted in the United States of America (“U.S. GAAP”) in that interest and dividends and contributions are recorded when received rather than when earned and expenses are recorded when disbursed rather than when the obligations are incurred. The modified cash basis requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value (“NAV”) per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The common/collective trusts are valued at the net asset value of units of a collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Notes to Financial Statements

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition (continued)

Interest and dividend income are recorded when received. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 4, 2023.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements – modified cash basis and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) – modified cash basis, including investments and notes receivable held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company, a qualified institution.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, grouped by the fair value hierarchy:

	2022		
	Other Investments Measured at		
	Level 1	NAV*	Total
Mutual funds	\$ 24,295,782	\$ -	\$ 24,295,782
Common/collective trusts	-	114,841,927	114,841,927

	2021

Mutual funds	\$ 26,476,109	\$ -	\$ 26,476,109
Common/collective trusts	-	142,304,043	142,304,043
	<u>\$ 26,476,109</u>	<u>\$ 142,304,043</u>	<u>\$ 168,780,152</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

Certain amounts in the 2021 fair value leveling have been reclassified to conform with the 2022 presentation.

5. Common/Collective Trusts

The T. Rowe Price Stable Value Common Trust Fund ("Stable Value Fund") is a common/collective trust. T. Rowe Price Trust Company is the trustee of the Stable Value Fund. The Stable Value Fund invests in assets (typically high-quality bonds with short to intermediate term maturities), purchases synthetic investment contracts issued by third parties and invests in cash equivalents represented by shares in money market funds. The investment objectives of the fund are to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value for certain events without penalty or adjustment. It is the policy of the Stable Value Fund to use its best efforts to maintain a stable NAV of \$1.00 per unit, although there is no guarantee that the Stable Value Fund will be able to maintain this value. The Stable Value Fund will attempt to achieve these objectives by investing and reinvesting amounts transferred to the trust in investment contracts selected by the trustee.

Hinckley, Allen & Snyder LLP Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

5. Common/Collective Trusts (*continued*)

The Stable Value Fund is designed to pay all permitted unitholder-initiated transactions at NAV. Permitted unitholder-initiated transactions are those transactions allowed by the underlying defined contribution plans (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within the Plan) excluding certain withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The wrap contracts limit the ability of the Stable Value Fund to transact at NAV upon the occurrence of such Plan Sponsor events. These events include: the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC; the establishment of a defined contribution plan that competes with the Plan for employee contributions; any substantive modification of the Stable Value Fund or the administration of the Stable Value Fund that is not consented to by the wrap issuer; any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the Stable Value Fund's cash flow; any communication given to unitholders by the Plan Sponsor, any other Plan fiduciary or T. Rowe Price that is designed to induce or influence unitholders not to invest in the portfolio or to transfer assets out of the portfolio; any transfer of assets from the portfolio directly to a competing investment option.

NAV per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unitholder's instructions in good order, based on the next determined NAV per unit normally each day. In unusual market conditions, the trustee may impose restrictions on issues and redemptions of units.

Certain relevant details for investments that transact at net asset value per share for which there are no unfunded commitments are as follows as of December 31, 2022 and 2021.

Investment	Fair Value		Redemption Frequency	Redemption Notice Period
	2022	2021		
T. Rowe Price Stable Value Common Trust Fund	\$ 12,766,098	\$ 12,280,908	Daily	None
T. Rowe Price Retirement Trust Funds	74,718,146	95,871,739	Daily	None
Wilmington Trust Funds	27,357,683	34,151,396	Daily	None
	<u>\$ 114,841,927</u>	<u>\$ 142,304,043</u>		

6. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Firm. No such officer or employees receive compensation from the Plan. Certain other administrative expenses are paid directly by the Firm, except for a per-transaction fee that is paid by the Plan and offset against investment income. During the year ended December 31, 2022, the Plan was charged with administrative expenses, including record-keeping fees, of \$82,157.

Hinckley, Allen & Snyder LLP Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the prototype plan document preparer by a letter, dated August 19, 2020, that the Plan is designed in accordance with applicable sections of the IRC. The plan administrator believes the Plan is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

8. Party-in-Interest Transactions

Certain Plan investments were units of mutual funds and common/collective trusts managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits - modified cash basis.

9. Plan Termination

Although it has not expressed any intention to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

10. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

Global and domestic uncertainty has resulted in significant volatility in financial markets. The volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements.
