INDEPENDENT AUDITORS' REPORT

To the Management and 401(k) Oversight Committee of the Capital Lumber Company 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Capital Lumber Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Capital Lumber Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Capital Lumber Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Capital Lumber Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Capital Lumber Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Capital Lumber Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAPITAL LUMBER COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

(1) DESCRIPTION OF THE PLAN

The following description of the Capital Lumber Company 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering employees of Capital Lumber Company (the “Company”), who meet eligibility requirements. The Plan was established effective January 1, 1989. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is a profit-sharing plan, which qualifies under Section 401 and 401(k) of the Internal Revenue Code of 1986. The Plan provides for retirement, disability, and death benefits for eligible employees.

Effective April 10, 2021, the Plan was amended to comply with the Bipartisan Budget Act of 2018 and final regulations that amend the rules relating to hardship distributions.

Effective July 1, 2022, the Plan was restated and amended to incorporate all amendments, update changes required by law, and add new sections for changes in provisions since the previous restatement.

On December 29, 2022, the SECURE Act 2.0 was signed into law. This legislation builds on the 2019 Setting Every Community Up for Retirement Enhancement Act (SECURE Act) and includes several provisions that may impact the Plan. These provisions include changes to contribution limits, catch-up contributions, hardship distributions, and required minimum distributions, as well as new rules for part-time employees and student loan borrowers. The Company is currently evaluating the impact of the SECURE Act 2.0 on the Plan and will implement any necessary changes in accordance with the law.

Administration

The Plan is sponsored by the Company and is managed by the Company’s Human Resources Department.

The Plan has entered into a contract with Principal Financial Group to serve as the Plan’s trustee and custodian. As the Plan’s trustee and custodian, Principal Financial Group holds the Plan’s investment assets and executes investment transactions. Principal Financial Group also performs record keeping and administrative services for the Plan. Included in these services, Principal Financial Group maintains the participants’ accounts and prepares the Plan’s Form 5500.

(1) DESCRIPTION OF THE PLAN (Continued)

Eligibility

Employees become eligible to participate in the Plan after completing thirty days of employment with the Company.

Contributions

Employees may contribute a specified percentage or amount of pretax annual compensation, not to exceed \$20,500 and \$19,500 in 2022 and 2021, respectively, as an elective deferral. Employees at least 50 years old may contribute a maximum of \$27,000 and \$26,000 in 2022 and 2021, respectively.

Eligible employees are automatically enrolled in the Plan with a contribution rate of 6% of compensation, unless the respective employees elect otherwise. Employees who are automatically enrolled at 6% of compensation are automatically increased by 1% per year until they reach 10%.

On an annual basis, the Company determines the amount of the matching contribution to be made. A participant must be a current employee at year-end and have made elective deferrals to the Plan during the year in order to share in the employer match for the year. The Company contributed to the participants account, 50% on the first 6% of each respective participant's elective deferral in 2022 and 2021.

Roth Designated Contributions

Participants may elect to have all or part of their salary reduction 401(k) contributions be made to the Plan as Roth after-tax 401(k) contributions. In this case, the participant will have to pay income tax on these contributions when the contributions are made to the Plan. If the requirements are met for a qualified distribution, the subsequent distribution to the participant of his or her Roth after-tax 401(k) contributions, and the investment earnings thereon, will be tax-free.

Vesting

Participants are immediately vested in their elective deferral contributions. Vesting on the employer matching contributions and earnings allocable to these contributions is based on years of continuous service and hours worked during the calendar year. A participant is required to work three years of at least 1,000 hours each to become 100% vested. Additionally, a participant is 100% vested upon the attainment of normal retirement age, total and permanent disability, or death.

(1) DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited for his or her contributions on a cash basis when received by the Plan's administrator. In addition, each participant's account is credited with an allocation of the employer's matching contribution and earnings thereon. The employer matching contribution is allocated to the investment funds in the same relationship as the employee elective deferral contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years (loans for the purchase of a primary residence may exceed five years). The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect at the respective loan's origination, plus 1%. Principal and interest are paid through payroll deductions.

Investment Options

SageView Advisory Group, LLC recommends the investment strategies and related mutual funds, which are reviewed and approved by the Plan's oversight committee. Participants allocate their funds among the available investment strategies and funds. The various investment strategies may invest in the same mutual funds, but with different allocations, based upon the selected levels of risk. Participants may change their investment options at any time.

Forfeited Accounts

Non-vested portions of participant accounts are forfeited upon termination of employment. Forfeited amounts are used to reduce the employer matching contribution for the Plan year after a priority allocation has been made to restore forfeited amounts to employees who return to the Plan within a designated period of time. Forfeitures totaling \$32,825 and \$37,565, representing the value of non-vested benefits of terminated participants, were used to reduce the 2022 and 2021 employer matching contributions, respectively. During 2022 and 2021, forfeited amounts were \$34,747 and \$39,189, respectively. At December 31, 2022 and 2021, forfeited accounts totaled \$34,910 and \$39,922, respectively.

Benefit Payments

A participant may receive in installment payments (if the account balance is greater than \$5,000), lump sum, or rollover distributions, the vested portion of their account upon attainment of age 65 or termination of employment due to death, disability, retirement, or certain other circumstances.

(2) SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for doubtful accounts is necessary as any defaulted note receivable would be treated as a taxable deemed distribution to the participant.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices available on active markets. Units of the collective investment trust are estimated at net asset value based upon the quoted prices of the underlying investments.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation or depreciation in the value of its investments which consists of the realized gains or losses, the unrealized appreciation or depreciation on those investments, and capital gain distributions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payments of Benefits

Benefits are recorded when paid. At December 31, 2022 and 2021, all benefits requested had been paid.

Risk and Uncertainties

The Plan invests in a variety of investment funds. Investment funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) PLAN EXPENSES

The Company incurred certain expenses pertaining to management of the Plan. These costs paid by the Company included accounting personnel, the value of which is undetermined, auditing fees of \$15,000 and \$14,500 for 2022 and 2021, respectively, and investment expenses of \$36,000 per year for 2022 and 2021.

Administrative expenses of \$112,010 and \$120,494, including loan and distribution fees of \$9,602 and \$11,097 for 2022 and 2021, respectively, were paid directly by participants.

The investment funds are also subject to asset-based fees. These fees are taken out of the investment funds' assets, which lower the returns generated by the investment funds. A portion of these fees are paid to the Plan's service providers. The remaining portion is used to pay investment fund operating costs and the various fund managers.

(4) INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Financial Group, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate to the best of their knowledge and belief.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2022 and 2021.
- Net investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information and notes receivable from participants included in the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

(5) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching contributions and the administrator shall distribute the assets in the same manner as benefits are distributed.

(6) TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has not taken, nor expects to take, any uncertain income tax positions that would require recognition of a liability or disclosure in the Plan's financial statements. The Plan may be subject to routine audits by tax authorities but is not currently under audit. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(7) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Plan's financial statements are prepared on the accrual basis of accounting, whereas the Plan's Form 5500 is prepared using a modified cash basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 33,421,509	\$ 37,648,537
Adjustment for interest income	<u>-</u>	<u>-</u>
Net assets available for benefits per the Form 5500	<u>\$ 33,421,509</u>	<u>\$ 37,648,537</u>

(7) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Change in net assets available for benefits per the financial statements	\$ (4,227,028)	\$ 4,463,464
Change in the adjustment for interest income	<u>-</u>	<u>315</u>
Change in net assets available for benefits per the Form 5500	<u>\$ (4,227,028)</u>	<u>\$ 4,463,779</u>

(8) COLLECTIVE INVESTMENT TRUST

The Plan invests in the Principal Stable Value Fund, which is a collective investment trust of Principal Global Investors Trust Company. The fund is designed for long term retirement investing by offering low volatility, stable principal value, and returns with a capital preservation objective. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund primarily invests in a variety of stable value investment contracts as well as cash and cash equivalents. The fund is included in the statements of net assets available for benefits at net asset value (NAV) as determined by Principal Global Investors Trust Company based on quoted market prices of the underlying investments. The NAV is used as a practical expedient to estimate fair value.

There are no unfunded commitments or restrictions on redemptions by participants of the collective investment trust. The Plan is required to provide a thirty-day redemption notice to liquidate its entire share in the collective investment trust.

(9) FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three level of inputs that may be used to measure fair value:

- Level 1 - Quoted prices in active markets for identical assets.
- Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.
- Level 3 - Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets.

As discussed in Note 8, the Plan's investment in the collective investment trust is measured at NAV and has not been classified in the fair value hierarchy.

At December 31, 2022 and 2021, the Plan's portfolio investments were classified as follows, based on fair values:

Investments at Fair Value as of December 31, 2022

Description	Total	Level 1	NAV
Mutual funds	\$ 28,962,643	\$ 28,962,643	\$ -
Collective investment trust	3,208,928	-	3,208,928
Total	<u>\$ 32,171,571</u>	<u>\$ 28,962,643</u>	<u>\$ 3,208,928</u>

Investments at Fair Value as of December 31, 2021

Description	Total	Level 1	NAV
Mutual funds	\$ 33,901,521	\$ 33,901,521	\$ -
Collective investment trust	2,531,449	-	2,531,449
Total	<u>\$ 36,432,970</u>	<u>\$ 33,901,521</u>	<u>\$ 2,531,449</u>

There were no investments utilizing Level 2 or Level 3 inputs as of December 31, 2022 and 2021, and there were no transfers between levels of the fair value hierarchy during 2022.

(10) PARTY-IN-INTEREST TRANSACTIONS

As discussed in Note 3, the Plan incurs administrative expenses to Principal Financial Group, the Plan's trustee. Therefore, these transactions qualify as exempt party-in-interest transactions.

As discussed in Note 8, shares of the collective investment trust are managed by Principal Financial Group, the Plan's trustee. Therefore, these transactions qualify as exempt party-in interest-transactions.

(11) SUBSEQUENT EVENTS

Management has evaluated all subsequent events through the date the financial statements were available to be issued on September 18, 2023. No subsequent events occurred during this period which require adjustment to or disclosure in the financial statements.
