Report of Independent Auditors

To the Administrator of
CC Industries and Affiliates Profit Sharing Plan for Salaried Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of CC Industries and Affiliates Profit Sharing Plan for Salaried Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included

in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Profit Sharing Plan for Salaried Employees

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

The following description provides general information on the provisions of the CC Industries and Affiliates Profit Sharing Plan for Salaried Employees (the “Plan”), a multiple-employer plan, sponsored by Henry Crown and Company S LLC, d/b/a CC Industries (the “Company”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, a profit sharing plan, was established effective October 1, 2012. On this date, the Plan accepted the transfer of the profit sharing contributions of each employee who was a participant in the CC Industries and Affiliates Retirement Savings Plan for Salaried Employees.

The Plan currently covers all salaried employees of the Company and Longview Asset Management, LLC (each as “Employer”) who have completed 30 days of service with no minimum age requirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

The annual profit sharing contribution is determined by each participating Employer that has adopted the Plan. The contribution made by each Employer is allocated among the participants employed by that Employer based on the ratio of the participant’s eligible compensation (as defined) to the total eligible compensation of all participants employed by that Employer.

Vesting

A participant becomes 20% vested in their profit sharing account after completion of two years of service (as defined) and continues to vest annually until 100% vesting is attained after six years of service.

Participant Accounts

Each participant’s account is credited with the Employer’s profit sharing contribution and an allocation of (1) investment earnings and losses after allocation of investment management fees and (2) forfeitures of terminated participants’ nonvested accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Participants are only eligible to share in the profit sharing contribution for a plan year if they are an active participant on the last day of the plan year or they die, retire or become totally and permanently disabled during the plan year.

Forfeitures

Forfeited nonvested accounts are reallocated to current participants in the same manner as the Employers’ contributions. The forfeiture balance as of December 31, 2022 and 2021 amounted to \$22,592 and \$175,835, respectively. Forfeitures in the amount of \$175,835 were reallocated to participants during 2022.

CC Industries and Affiliates
Profit Sharing Plan for Salaried Employees
Notes to Financial Statements
December 31, 2022 and 2021

Description of the Plan - Continued

Investment Options

The Company administers the Plan. Principal Trust Company (“Principal”) is the trustee of the Plan. Principal Financial Group is the recordkeeper of the Plan.

The Plan’s investments are nonparticipant-directed and invested at the discretion of the Company’s investment managers primarily in a portfolio of publicly traded equity securities, corporate bonds, a publicly traded limited partnership and an interest-bearing cash account.

Payment of Benefits

On termination of service, retirement or total and permanent disability, a participant may elect to receive payment in the form of either a lump-sum distribution, annual installments or a direct rollover to an Individual Retirement Account (“IRA”) or another Internal Revenue Service (“IRS”) qualified plan equal to the value of the participant’s vested account. Participants with vested account balances of \$5,000 or more can take a distribution or defer the distribution. Participants with a vested account balance greater than \$1,000 but less than \$5,000 must make a distribution election within 60 days otherwise the balance is automatically rolled to an IRA. Balances of \$1,000 or less but greater than \$100 require a distribution election within 60 days otherwise a check is issued for the balance. Balances less than \$100 are issued a check. Under Federal law, benefit payments must begin on the April 1st following the later of the calendar year in which the participant reaches age 72 (or 70 ½ if participant reached age 70 ½ before January 1, 2020 or is not a 5% owner and stops working for the Company).

On December 29, 2022, the SECURE 2.0 Act of 2022 (“Secure Act 2.0”) was enacted. As part of Secure Act 2.0, the required minimum distribution date was changed to 73, effective January 1, 2023.

Benefit payments received before age 59 ½ may be subject to a 10% tax penalty unless the amount is rolled over. Participants who are age 59 ½ and 100% vested are permitted to make an in-service withdrawal which can be rolled over to an IRA or another IRS qualified plan, such as the CC Industries and Affiliates Retirement Savings Plan for Salaried Employees. In the event of death, the participant’s beneficiary will receive a lump-sum distribution.

Administrative Expenses

Expenses of administration, such as legal, accounting, recordkeeping and trustee fees, are paid entirely by each Employer. Investment management fees are paid from the assets of the Plan.

Plan Termination

Although they have not expressed any intent to do so, each Employer has the right under the Plan to discontinue their contributions at any time and the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be fully vested in their accounts and the trustee will distribute Plan assets to participants or their beneficiaries in accordance with the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net realized and unrealized appreciation (depreciation) in the fair value of investments, which includes gains and losses on investments bought and sold, as well as held during the year, is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Evaluation of Subsequent Events

The Plan evaluated the impact of events that have occurred subsequent to December 31, 2022 through October 9, 2023, the date the financial statements were available to be issued, for possible recognition or disclosure in those financial statements.

3. Investments

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

4. Fair Value

The Plan follows guidance defined in Accounting Standards Codification, *Fair Value Measurement (Topic 820)*, which provides a framework for measuring fair value under GAAP. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Fair Value - Continued

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are valued using the following methodologies:

- **Common stocks:** valued at the closing price of individual shares at year-end as traded in an active market.
- **Corporate bonds:** valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available, the bond is valued using matrix pricing or models from reputable pricing vendors.
- **Limited Partnership:** The limited partnership is publicly traded and the value is based on quoted market prices.
- **Interest-bearing cash:** valued at cost, which reflects fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Income Tax Status

The IRS has determined and informed the Company in a letter dated February 12, 2014 that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the letter, the Company and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements as of December 31, 2022 and 2021. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The Plan is no longer subject to income tax examinations for years prior to 2019.

6. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal has certified that the following data included in the financial
