INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Isuzu Companies' Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Isuzu Companies' Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Isuzu Companies' Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Isuzu Companies' Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Isuzu Companies' Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Isuzu Companies' Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Isuzu Companies' Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Isuzu Companies' Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following brief description of the Isuzu Companies' Savings Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Isuzu North America Corporation ("INAC"), Isuzu Motors America, LLC ("ISZA"), Isuzu Technical Center of America, Inc. ("ITCA"), as successor-in-interest to Isuzu Manufacturing Services of America, Inc. ("IMSA"), Isuzu Commercial Truck of America, Inc. ("ICTA"), and Isuzu Logistics North America, Inc. ("ILNA") (collectively, the "Companies") and provides for future retirement benefits. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

The board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Eligibility

Prior to April 2022, employees that had at least six months of service with a participating company were eligible to participate in the Plan. As of April 2022, employees are immediately eligible to participate in the Plan.

Contributions

Employees' contributions are made to the Plan by means of a salary deferral arrangement. Employees can contribute up to 75% of their salary, in increments of 1%, subject to certain annually adjusted maximum amounts established pursuant to the rules set forth by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified benefit plans. Employee contributions, plus actual earnings thereon, vest immediately.

The Companies match participant contributions at 50% of the first 6% of the employees' salary. The Companies made matching contributions of \$987,280 to the Plan for the year ended December 31, 2022.

The Companies may also make discretionary nonelective contributions under the Plan. The nonelective contribution is a percentage of compensation based on the participant's salary and years of service for all participants eligible to share in the allocation. The Companies made nonelective contributions of \$2,058,852 to the Plan for the year ended December 31, 2022.

Participant Accounts

Each participant's account includes the participant's contribution, the Companies' matching and discretionary nonelective contributions, any forfeitures of terminated participants' non-vested accounts, any allocations of the Administrative Budget Account and mutual fund revenue sharing, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Isuzu Companies' Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Notes Receivable from Participants

The Plan allows participants to borrow from their fund accounts. The minimum loan amount is \$1,000. The maximum loan amount is limited to the lesser of (1) \$50,000 reduced by the highest outstanding loan balance in the previous 12 months or (2) 50% of the participant's vested account balance.

The term of all loans (other than primary residence loans) cannot exceed five years. The term of primary residence loans is limited to fifteen years. Loan interest rates are based on prime rate plus 1%. Principal and interest are paid at least monthly through payroll deductions.

In the event participants terminate employment, they are in default of their loan if they fail to make a payment by the end of the calendar quarter following the calendar quarter in which it was due. The loan balance is then reclassified as a premature distribution.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of service. The employer's contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20
2	40
3	60
4	80
5	100

Payment of Benefits

Upon termination of service, participants with a vested account balance in the Plan of more than \$5,000 may elect to take distributions, roll their account balance into an individual retirement account or other eligible retirement plan, or leave the funds in the Plan, as defined by the Plan document. The distributions to terminated employees with account balances equal to or less than \$5,000 will automatically be rolled over to an individual retirement account maintained by a provider selected by the plan administrator, unless the participant elects to receive a direct distribution or to roll over the distribution to an individual retirement account or other eligible retirement plan. The Plan allows for hardship distributions, as defined in the Plan document, and distributions in the case of disability. Withdrawals made by terminating participants are based upon the vested balance in their individual accounts and are recorded in the year of distribution.

Forfeitures

Amounts forfeited from terminating participants' nonvested portion of the Companies' contributions and earnings on Companies' contributions can be used to reduce future employer contributions or pay administrative expenses. On December 31, 2022 and 2021, unallocated forfeitures totaled \$2 and \$3,791, respectively. Forfeited amounts used to reduce employer contributions during the year ended December 31, 2022 were \$40,559.

Investments

Each participant directs the allocation of his or her contribution, and employer matching and nonelective contributions to one or more of the investment options offered by the Plan. If a participant has not made an investment election, their contributions will be invested in the Qualified Default Investment Alternative.

Administrative Budget Account

Pursuant to a revenue sharing agreement between the Plan and T. Rowe Price Trust Company, an Administrative Budget Account ("ABA") exists to capture quarterly deposits of available revenue shared with the Plan. The account may be used for the payment of authorized expenses or allocated among eligible participants. The revenue shared is included in the accompanying financial statements as other income and expenses paid are included in administrative expenses. On December 31, 2022 and 2021, the ABA totaled \$1 and \$43,600, respectively. During the year ended December 31, 2022, \$43,601 of the ABA was allocated to eligible participants. Effective July 1, 2021, in lieu of the ABA, mutual fund revenue sharing of each fund is allocated back to participants invested in that fund and plan expenses are charged pro rata to participants accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Administrative expenses incurred in the administration of the Plan are paid by the Companies, to the extent not paid for by the Plan. Expenses paid by the Companies are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Isuzu Companies' Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Risk and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in the values of investment securities in the near term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

The Plan evaluated subsequent events through October 9, 2023, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2022 and 2021. There were no transfers between Levels 1, 2, and 3 for the periods presented.

Isuzu Companies' Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Registered investment companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Following is a description of the valuation methodologies used for assets measured at Net Asset Value ("NAV") as the practical expedient to estimate fair value:

Common/collective trusts: Common/collective trusts ("CCT") are valued at NAV which is based on the fair value of the underlying investments of the CCT, less any liabilities. CCT includes the T. Rowe Price Stable Value Fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The Plan has no unfunded commitments related to the CCT. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the CCT, the issuer reserves the right to temporarily delay withdrawal from the CCT in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 76,291,397	\$ -	\$ -	\$ 76,291,397
Investments measured at net asset value (a)	-	-	-	27,195,507
Total assets at fair value	<u>\$ 76,291,397</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 103,486,904</u>
	2021			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 90,332,639	\$ -	\$ -	\$ 90,332,639
Investments measured at net asset value (a)	-	-	-	30,787,395
Total assets at fair value	<u>\$ 90,332,639</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 121,120,034</u>

- a) In accordance with Accounting Standard Codification Subtopic 820-10 "Fair Value Measurement," certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by T. Rowe Price Trust Company (the "trustee"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021. Accordingly, the trustee of the Plan assets has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021 as well as the supplemental schedule of assets (held at end of year) as of December 31, 2022.
- Net (depreciation) in fair value of investments, interest, dividend, and other income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

6. TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter on August 19, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirements of the IRC.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by T. Rowe Price Trust Company, trustee of the Plan. These transactions therefore qualify as party-in-interest transactions under ERISA. Additionally, notes receivable from participants are considered party-in-interest transactions.
