Independent Auditor's Report

To the Plan Administrator and Participants
Click Bond, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Click Bond, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Click Bond, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Click Bond, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Click Bond, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Click Bond, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA.

The supplemental Schedule of Assets (held at end of year) as of December 31, 2022 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Click Bond, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

1. **Description of the Plan**

The following description of the Click Bond, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) Plan covering all of the employees of Click Bond, Inc. (the "Plan Sponsor"). Employees are eligible to participate in the Plan once they have attained age 18 and completed 30 days of service. Employees may begin deferring a portion of their compensation into the Plan immediately upon eligibility. Union employees, leased employees, non-resident aliens, interns, part-time employees whose scheduled service is less than 1,000 hours of service, temporary employees, and seasonal employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and section 401(a) of the Internal Revenue Code. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plans' Board of Trustees.

Contributions to the Plan

Participants may contribute up to 85% of their eligible annual salary to the Plan subject to certain non-discrimination restrictions and an annual limitation of \$20,500 for 2022 (\$27,000 for those participants who are age 50 or over). Roth contributions are also permitted.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in an appropriate target retirement fund until changed by the participant. The Plan allows the automatic deferral amount to increase each Plan year by 1% of Plan compensation up to 6% of Plan compensation. Participants deferring a dollar rate are excluded from all automatic enrollment provisions including automatic increase provisions.

The Plan sponsor has adopted the safe harbor matching provision whereby eligible participants receive 100% of employee deferrals up to the first 4% of employee compensation plus 50% of employee deferrals up to the next 2% of employee compensation for the Plan year.

The Plan permits the Plan sponsor to make discretionary nonelective contributions. Participants who are age 18, have completed one year of service with the company, 1,000 hours of service during the current year, and are employed on the last day of the year are eligible for nonelective contributions. For 2022, the Plan sponsor elected to forego a nonelective contribution.

Participants Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled investments. A participant's account balance in the Plan is derived from an allocation of these assets. A participant's account balance is credited with the participant's contribution, Plan sponsor contributions, and an allocation of investment gains and losses pursuant to the participant's selection of investments and timing of purchase. Allocations of income are based strictly on the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are immediately 100% vested in their contributions and related earnings at all times. Participants vest in Plan sponsor safe harbor matching contribution and discretionary nonelective contributions in a 2-year cliff vesting: 100% vested after 2 years of service. Participants hired before January 1, 2020 vest in regular matching and profit sharing contributions in ratable installments of 20% in

Click Bond, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

the second year of service. Participants are immediately fully vested in the event of death, or upon reaching retirement age. Forfeitures may be used to reduce the employer contributions to the Plan or to offset Plan expenses. At December 31, 2022 and 2021, forfeitures available to reduce employer contributions and offset Plan expenses were \$51,263 and \$40,412, respectively. During the year ended December 31, 2022, forfeitures in the amount of \$131 were used to pay Plan fees and \$11,134 were used to offset employer contributions.

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement (age 65), disability, death, financial hardship (as defined in the Plan), or termination of employment. In-service distributions are also available, providing the participant is at least age 59½. Participants can take an in-service distribution of a rollover contribution account at any time. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum payment, installment payments or partial withdrawals. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of \$5,000 or less and do not process their own distribution may receive a lump sum cash payment if the entire vested account balance is \$1,000 or less. If the value of the vested account balance is greater than \$1,000 but equal to or less than \$5,000 the account will be converted to an individual retirement account. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 72.

Notes Receivable from Participants

Participants may obtain a loan from the Plan based upon their vested account balance. Loans are limited to lesser of \$50,000 or 50% of the participant's vested account balance. Participants may have two loans outstanding at any time. The minimum loan amount is \$1,000. Loans bear an interest rate of 1 percent above prime rate determined on the date of the advance by the Plan administrator. All loans have a term of not more than five years (unless the loan is used to acquire a principal residence) and are payable through regular payroll deductions. Loans are segregated investments, and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. The interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments

Effective April 1, 2022, the Plan was restated to:

- Adopt a Pre-Approved Plan and to comply with recent legislative and regulatory changes.
- Exclude interns, part-time/temporary/seasonal employees from participating in the Plan.
- Permit partial withdrawals.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the Plan sponsor. Benefit payments are recorded when paid.

Click Bond, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 13, 2023, the date the financial statements were available to be issued.

3. Certification of Assets

Matrix Trust Company ("Matrix") serves as the trustee of the Plan's assets. In that capacity, Matrix holds the Plan's investment assets and executes investment transactions. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the Plan administrator has obtained certifications from Matrix as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that all investment information supplied to the Plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2022 and 2021, and interest, dividends and net appreciation/depreciation in fair value of investments for the year ended December 31, 2022, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2022:

	<u>Level 1</u>	<u>Total</u>
Mutual Funds	\$ 29,433,442	\$ 29,433,442
Total assets in the fair value hierarchy	<u>29,433,442</u>	<u>29,433,442</u>
Common collective trusts measured at net asset value	<u>-</u>	<u>3,141,710</u>
Total investments at fair value	<u><u>\$ 29,433,442</u></u>	<u><u>\$ 32,575,152</u></u>

Assets at Fair Value as of December 31, 2021:

	<u>Level 1</u>	<u>Total</u>
Mutual Funds	\$ 33,521,631	\$ 33,521,631
Total assets in the fair value hierarchy	<u>33,521,631</u>	<u>33,521,631</u>
Common collective trusts measured at net asset value	<u>-</u>	<u>3,151,880</u>
Total investments at fair value	<u><u>\$ 33,521,631</u></u>	<u><u>\$ 36,673,511</u></u>

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded	Redemption	Redemption
Investments	12/31/2022	Commitments	Frequency	Notice Period
Common collective trust	<u>\$ 3,141,710</u>	<u>\$ -</u>	Daily	None

	Fair Value	Unfunded	Redemption	Redemption
Investments	12/31/2021	Commitments	Frequency	Notice Period
Common collective trust	<u>\$ 3,151,880</u>	<u>\$ -</u>	Daily	None

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

Click Bond, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. **Tax Status**

The Plan sponsor has adopted the OneAmerica Non-Standardized Pre-Approved plan. The Pre-Approved plan received a favorable opinion letter from the Internal Revenue Service dated November 30, 2020, stating that the Pre-Approved plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Click Bond, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested.

7. Related Party Transactions

Matrix Trust Company ("Matrix") serves as the trustee of the Plan's assets. Accordingly, all investments managed by Matrix and related entities qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling \$112,025 to the third party administrator and investment advisors, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 33,775,745	\$ 37,783,648
Deemed distributed loans	<u>(32,123)</u>	<u>(32,123)</u>
Net assets available for benefits per the Form 5500	<u>\$ 33,743,622</u>	<u>\$ 37,751,525</u>

10. Prohibited Transactions

During the year ended December 31, 2022, the Plan sponsor did not remit certain participant contributions to the Plan in a timely manner as defined by ERISA. See the Schedule of Delinquent Participant Contributions. The Plan sponsor will compensate participants for any lost earnings resulting from the delay in contributions. These contributions are considered nonexempt party-in-interest transaction subject to an excise tax that the company intends to pay.

Notes to the Financial Statements

11. Subsequent Events

Effective January 1, 2023, the Loan Policy was amended to allow only 1 outstanding loan.

Effective January 1, 2023, the Plan was amended to:

- Change the Plan name from Click Bond, Inc. 401(k) Profit Sharing Plan to Click Bond, Inc. 401(k) Plan.
- Change the maximum percentage for automatic enrollment from 6% to 10% of compensation.
- Allow employer nonelective contributions to be allocated based on a grouping method instead of an integrated allocation.
