QC Financial Services 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of QC Financial Service 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

The following description of the QC Financial Services 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that covers employees of QC Financial Services (“Plan Sponsor” or “Company”) who have completed six months of service. The Plan provides for retirement, disability, and death benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Board of Directors is responsible for oversight of the Plan. The Compensation Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Board of Directors.

Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company), and Principal Life Insurance Company are the asset custodians (“Custodians”) and are responsible for the custody and management of the Plan’s assets at the direction of the Plan administrator. Principal Life Insurance Company is the Plan’s recordkeeper and is responsible for maintaining participants’ accounts and executing participant-initiated transactions.

The Plan was restated effective January 1, 2022. The key restatement changes are: 1) the vesting schedule was amended from “6 year graded” to fully vested after 3 years of service 2) the Plan added a “Special Effective Date” clause for spin-offs and mergers to amend the vesting schedule to include time worked under previous plans as necessary.

Contributions

Each year, participants may make pre-tax contributions and Roth contributions, as defined in the Plan agreement, up to the annual limit of \$20,500 for the year ended December 31, 2022, in accordance with Internal Revenue Service (“IRS”) regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional catch-up contribution to the Plan up to \$6,500 for the year ended December 31, 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows for discretionary Company matching contributions, which the Plan Sponsor elected to make during the Plan year ended December 31, 2022. Discretionary amounts may be contributed at the option of the Plan Sponsor’s Board of Directors and are invested in a portfolio of investments as directed by the participant.

Participant Accounts

The contributions made on behalf of each participant are invested by Principal Life Insurance Company or the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company at the direction of each participant. Contributions may be invested in any of several investment options, including pooled separate accounts, mutual funds, and collective trusts. Each participant’s account is credited with the participant’s contribution and allocations of Plan Sponsor’s contributions, if applicable, and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Administrative expenses related to investment management and loan maintenance are paid directly from the participant’s account.

Vesting

Participants are immediately vested in their contributions and the earnings thereon. The vesting schedule for discretionary Company matching contributions and profit-sharing contributions is as follows:

Years of Service	Vested Percentage
0-1	0%
2	50%
3	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, subject to Internal Revenue Code ("IRC") limitations. Participants may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at rates equal to the Prime Rate plus 1%. The rate at the time the loan is taken is fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions. Loan repayment periods are a maximum of five years, unless for purchase of principal residence, in which case the Plan administrator may permit a longer repayment term.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account or annual installments over a reasonable period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Administration

The Plan Sponsor is the Plan's administrator and is responsible for the administration of the Plan.

Forfeited Accounts

In accordance with the Plan agreement, forfeitures may first be used to pay administrative expenses. Any forfeiture not used to pay administrative expenses may be applied to reduce Company contributions. During the year ended December 31, 2022, forfeited non-vested amounts totaling \$5,600, were used to pay administrative expenses and \$235 was used to reduce organizations match. As of December 31, 2022, and 2021, the forfeiture non-vested balance was \$672 and \$0 respectively, that can be used to pay administrative expenses or reduce Company contributions in future periods.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

QC Financial Services 401(k) Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions once a participant fails to make payments under the terms of the loan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions amounting to \$60,952 to the applicable participants prior to March 15, 2023.

Payment of Benefits

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Administrative Expenses

Certain expenses related to the maintenance of the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor or participants. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Expenses related to investment management and loan maintenance are paid by participants.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.

QC Financial Services 401(k) Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

On May 1, 2022, the Company acquired Hutcheson Enterprises, Inc. The acquired company maintained a separate retirement plan, Y.O.U.R. 401(k) Plan for 2022. The Y.O.U.R. 401(k) Plan merged with the Plan and all participant account balances were transferred in May and April of 2023. The Plan was amended for this merger and such amendment was signed on April 5, 2023.

NOTE C - INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians of the Plan certify that the following information included in the financial statements and the supplemental schedule is complete and accurate:

- Investments at fair value, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment (loss)/income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of assets (held at end of year) as of December 31, 2022, except for the notes receivable from participants.

NOTE D - FAIR VALUE MEASUREMENTS

Fair value is determined based upon a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, are described below.

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; and
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

There have been no changes in valuation methodologies used by the Plan at December 31, 2022 or 2021.

Pooled separate accounts - Valued at the fair value of the underlying investments based upon publicly quoted prices to determine the net asset value ("NAV") of the pooled separate accounts, which are not

QC Financial Services 401(k) Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

publicly quoted. The Plan applied the practical expedient to determine the fair values of pooled separate accounts of the Plan based on the NAV at December 31, 2022 and 2021.

Mutual funds - Valued based on unadjusted published quoted prices in active markets.

Collective trust accounts - Valued at the NAV per unit based on information provided by the issuer of the collective trust fund as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date (Level 2 inputs). Each of the collective trust funds invests in securities and other financial instruments, initially obtained via its investment in other collective investments and provides for daily redemptions by the Plan with no advance notice requirements. The Plan applied the practical expedient to determine fair values of collective trust accounts of the Plan based on the NAV at December 31, 2022 and 2021.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 1,544,518	\$ -	\$ -	\$ 1,544,518

Investments measured at NAV				<u>9,880,275</u>

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

NOTE E - INCOME TAX STATUS

The Plan is a non-standardized prototype plan and has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC. Therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan has been amended since receiving the opinion letter, however the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - TERMINATION OF PLAN

Should the Plan terminate, although the Plan Sponsor has no present intent to do so, each member's account, which will become fully vested under the Plan, will remain with the Custodians and continue to participate in investment earnings until distributed under the retirement or termination provisions of the Plan. Termination of the Plan is subject to the provisions of ERISA.

QC Financial Services 401(k) Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are units of pooled separate accounts and collective trusts, managed by the Custodians. The Plan also permits notes receivable from participants. Certain administrative expenses, such as fees to service providers, are paid out of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.
