Intek Plastics, Inc. Union Retirement Savings Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Intek Plastics, Inc. Union Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Intek Plastics, Inc. Union Retirement Savings Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Intek Plastics, Inc. Union Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Intek Plastics, Inc. Union Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Intek Plastics, Inc. Union Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Intek Plastics, Inc. Union Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN

The following description of Intek Plastics, Inc. Union Retirement Savings Plan (the Plan) provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Intek Plastics, Inc. (the Company). The Plan was originally effective January 1, 1983, and was most recently amended effective January 1, 2020. The Plan excludes nonresident aliens, leased employees, employees compensated on total or partial commission basis, salaried employees, employees covered by another qualified plan maintained by the Company, and employees not in a unit covered by an agreement with Local 949 International Brotherhood of Electrical Workers. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to ERISA, as amended.

Eligibility

The Plan provides benefits to eligible union employees who have reached the age of 18 and completed 60 days of eligible service, as defined in the Plan agreement. Eligible employees begin participation in the Plan the first day of the month upon meeting eligibility requirements for employee deferrals and Company discretionary matching contributions and the first day of the quarter upon meeting eligibility requirements for profit sharing contributions.

Contributions

Eligible employees may elect to make tax-deferred contributions to the Plan based on a percentage of their eligible compensation, as defined in the Plan document, not to exceed certain limits, as defined by the Internal Revenue Service (IRS). automatically withhold 3% as pre-tax contributions unless the participant elects otherwise.

In addition, eligible employees are automatically enrolled to defer 6% of eligible compensation with an automatic increase of 1% a year up to 10% of total compensation. The automatic increase will be effective March 1 of each year. The automatic increase will apply unless the participant makes an affirmative election to opt out of the automatic increase feature.

The Company may make a discretionary matching contribution based on a percentage of eligible compensation, as defined by the Employer. Discretionary matching contributions (net of forfeitures) for the 2022 and 2021 Plan years were \$327,025 and \$334,174, respectively.

Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Contributions are subject to certain limitations.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings or losses. Allocations are based on participant compensation or account balances, as defined. The Plan is valued on a daily basis and income is allocated to participants daily based on the number of shares in their account.

Vesting

Participants are immediately vested in their 401(k) salary reduction contributions plus actual earnings thereon. Employer matching contributions and discretionary profit sharing contributions plus actual earnings thereon are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	- %
2	25
3	50
4	75
5	100

A participant is fully vested in his or her entire account upon the earliest occurrence of death, disability, attainment of age 65, or Plan termination.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce the employer contributions. There were \$59,445 and \$32,328 of forfeitures used to reduce employer contributions for the years ended December 31, 2022 and 2021, respectively. Forfeited nonvested accounts as of December 31, 2022 and 2021 totaled \$37,095 and \$45,484, respectively.

Benefit Payments

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination of service, death, disability, or retirement, a participant (or the participant's beneficiary in the case of death) will receive the vested portion of his or her account in a single lump-sum distribution of cash in accordance with the Plan's agreement. If the participant's balance is \$5,000 or less, it will automatically be distributed into an IRA without the participant's consent. The Plan allows for withdrawals of the participant's account upon attainment of age 59½. Hardship distributions during employment are available to participants for qualifying medical expenses, the purchase of a principal residence, the payment of tuition and related educational fees for the next six months of postsecondary education or for immediate and heavy financial need as determined by the Company based on all relevant facts and circumstances.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Master Trust Investment Account

The Company has established a Master Trust Investment Account (MTIA) with BMO Harris Bank N.A. (BMO) prior to March 22, 2021 and with Matrix Trust Company (Matrix) effective March 22, 2021 for the Plan and Intek Plastics, Inc. Retirement Savings Plan. The purpose of the MTIA is to pool investment transactions and achieve uniform rates of return on comparable funds under all the Company's plans. The Plan deposits funds in the MTIA and owns an undivided interest in the net assets of the MTIA.

Notes Receivable from Participants

The Plan allows for notes receivable from participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range up to five years or up to 10 years for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate at the Prime rate at the time the loan was processed plus 1%. Principal and interest is paid ratably through payroll deductions. The notes receivable from participants are held outside of the MTIA.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Fair Value Measurements

The Plan categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investment in the MTIA represents the fair value of the Plan's proportionate share of the underlying net assets of the MTIA.

Mutual funds held by the MTIA are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment Valuation and Income Recognition (Continued)

The collective trust funds held by the MTIA are valued using the NAV of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end. NAV is a readily determinable fair value and is the basis for current transactions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Benefit Payments

Benefit payments are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 9, 2023, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The following tables set forth by level, within the fair value hierarchy, the MTIA's assets at fair value as of December 31:

Total Investments at Fair Value	<u>\$ 33,548,800</u>	<u>\$ 4,358,921</u>	<u>\$ -</u>	<u>\$ 37,907,721</u>

NOTE 4 MASTER TRUST INVESTMENT ACCOUNT

A portion of the Plan's investments are in the MTIA which was established for the investment of assets of the Plan and another Intek Plastics, Inc. sponsored retirement plan. Each participating retirement plan has an undivided interest in the MTIA. The assets of the MTIA were held by BMO, trustee, through March 22, 2021 and held by Matrix, trustee, effective March 22, 2021. The MTIA was terminated effective January 1, 2023.

The value of the Plan's interest in the MTIA is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2022 and 2021, the Plan's interest in the net assets of the MTIA was approximately 47% and 46%, respectively. Investment income and administrative expenses relating to the MTIA are allocated to the individual plans based upon the annual balance invested by each plan.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 TAX STATUS

The IRS has determined and informed the Company by a letter dated September 24, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Fees were paid to Financial Concepts, Inc. for investment advisory services and BMO and Matrix for administrative services. These fees are considered party-in-interest transactions and were based on customary and reasonable rates for such services.
