Independent Auditor's Report

The Plan Administrator
The Cooper Clinic, A Professional Association 401(k) Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Cooper Clinic, A Professional Association 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Asset (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of The Cooper Clinic, a Professional Association 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by The Cooper Clinic, a Professional Association (the Company) under the provision of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company who have completed one month of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was created on January 1, 1997. The Plan was amended and restated effective June 1, 2015 to bring the Plan into compliance with certain provisions of the Pension Protection Act of 2006 and other legislative and regulatory changes and to provide opportunity for the employees of Cooper Medical Imaging, LLP to participate in this Plan.

Plan Administration

The Plan is administered by the Profit-Sharing Plan Committee which was appointed by the Board of Directors of the Company. The Standard Insurance Company (Standard or Custodian) is responsible for the custody and management of the Plan's assets.

Eligibility

Company employees become eligible to participate in the Plan upon reaching the age of 21 and one continuous month of service. The Plan entry date is the first day of the month coinciding with or next following the date the eligibility requirement has been satisfied. Nonresident aliens who have no earned income from sources within the United States and residents of Puerto Rico are not eligible to participate in the plan.

Contributions

Each year, participants may contribute a percentage of their eligible compensation up to the maximum amount allowed by law, as defined by the Plan.

The Plan also allows for Roth and/or after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Company may make a discretionary employer matching contribution as a percent of eligible compensation deferred by participants. Catch-up contributions are not eligible for discretionary matching contributions. During 2022, the Company matched contribution ranges from 25% to 75% (depending on the employee's years of completed service), up to 6% of participant's compensation.

The Cooper Clinic, A Professional Association 401(k) Plan

Notes to Financial Statements

The Company may also make a non-elective discretionary contribution (profit-sharing contribution) to the Plan. Participants must have performed one year of service (defined as 1,000 hours of service during the Plan year) and be employed on the last day of the plan year, except in the event of death, disability or retirement during the year, to be eligible for the profit-sharing contribution. Contributions are allocated pro-rata based on a classification grouping method. See the groupings and allocations below:

Grouping	Allocated Percentage (%)
Class A (non-physician/non-management personnel)	1.00%
Class B (non-physician/management personnel)	1.00%
Class C (physicians with tenure between 0-5 years of service)	2.00%
Class D (physicians with tenure between 6-10 years of service)	2.46%
Other (physicians with tenure of 11 or more years of service)	3.00%

During 2022, the Company made a discretionary non-elective contribution totaling \$250,000. Participant's compensation for the allocated percentage was capped at \$305,000 per IRS requirements.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contribution, as well as the participant's share of the Plan's income. Allocations of income are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on earnings or specific participant transactions, as defined.

Vesting

Participants are fully vested immediately in their contributions and the earnings thereon. Vesting in employer matching, profit sharing and qualified non-elective contributions and the earnings thereon is as follows:

Vesting Service (in Years)	Vesting Percentage (%)
Less than 1	-
1, less than 2	20
2, less than 3	40
3, less than 4	60
4, less than 5	80
5 years or more	100

A year of service, for vesting purposes, is defined as a Plan year in which a participant completes at least 1,000 hours of service. Notwithstanding the vesting specified above, an employee's right to his or her account will vest 100% upon attainment of normal retirement age, death, or disability.

The Cooper Clinic, A Professional Association 401(k) Plan

Notes to Financial Statements

Forfeited Accounts Per the Plan Agreement

At December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately \$1,115 and \$1,083, respectively. These accounts may be used to pay administrative expenses and reduce future employer contributions. Approximately \$3,429 of the forfeited funds were used to pay administrative expenses and/or fund employer contributions in 2022.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. In addition, hardship distributions and other in-service distributions at age 59 are permitted if certain criteria are met.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract (see Note 4) is valued at contract value.

The Cooper Clinic, A Professional Association 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based upon the terms of the plan document. There is no allowance at December 31, 2022 and 2021 as the loans are fully collateralized by the participants' accounts.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan, nor does the Company charge the Plan for any administrative costs. In addition, expenses for the Plan's consulting and custodial services are paid directly by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid for participants and participant loan fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses paid to investment advisors, transfer agents, and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation/depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Contributions Receivables

Participant contributions and any related discretionary matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurement, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The Cooper Clinic, A Professional Association 401(k) Plan

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts (PSAs): Pooled separate accounts are valued at the net asset value (NAV) of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by Standard Insurance Company is used as a practical expedient to estimate fair value. NAV would not be used if it was probable that the investment would not be traded at NAV.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

<i>Year ended</i>	Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2022	PSA	\$ 22,613,757	None	Daily	None
December 31, 2021	PSA	28,898,116	None	Daily	None

The Cooper Clinic, A Professional Association 401(k) Plan

Notes to Financial Statements

4. Guaranteed Investment Contract

In 1998, the Plan entered in a benefit-responsive guaranteed investment contract with The Standard Insurance Company. The Standard Insurance Company maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by The Standard Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

5. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation/depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by The Standard Insurance Company a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Related Party and Party-In-Interest Transactions

The Plan invests in units of pooled separate accounts and a guaranteed investment contract issued by Standard Insurance Company. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation/depreciation in fair value of investments.

The Cooper Clinic, A Professional Association 401(k) Plan

Notes to Financial Statements

Notes receivable from participants are exempt party-in-interest transactions.

7. Tax Status

The IRS has determined and informed the Plan by a letter dated June 30, 2020, that the Plan and related trust were designed in accordance with the applicable sections of the IRC. The Plan sponsor is responsible for reviewing the annual Required Amendments List issued by the IRS for individually designed plans to retain qualified tax status. Although the Plan has been amended since the date of the determination letter, Plan management believes that the Plan and the related trust is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Plan Termination

Although the Company has not expressed an intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, employees become 100% vested in their accounts.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2023 the date the financial statements were available to be issued.
