INDEPENDENT AUDITORS' REPORT

To the Audit Committee and participants of
Human Rights Campaign, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Human Rights Campaign 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HUMAN RIGHTS CAMPAIGN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

1. Description of the Plan

The following description of the Human Rights Campaign (HRC or Plan Administrator) 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all of HRC's active employees. The Plan was effective as of June 15, 1997, and was last amended in August 2022. The Plan qualifies under the Internal Revenue Code (IRC) as a 401(k) Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Full-time employees are eligible to participate in the Plan upon completion of 90 days of continuous service to HRC, and part-time employees are eligible to participate in the Plan upon completion of one year of service in which they worked 1,000 hours. There is no minimum age an employee must attain to become a participant in the Plan for purposes of making voluntary deferrals. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation.

Contributions

Participants may contribute their annual pretax compensation, up to certain statutory limitations, that are defined by regulations. Eligible participants are automatically enrolled in the Plan with a default deferral rate set at 3% of participants' compensation and will automatically increase by 1% each year thereafter, until reaching a 10% deferral rate. Effective January 1, 2023, the plan has been amended for a default deferral rate of 4% which will automatically increase 1% each year thereafter, until reaching a 12% deferral rate. The automatic deferral applies to all participants except those who are already contributing an amount which is at least equal to the automatic deferral amount. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions and HRC's contributions into various investment options offered by the Plan. HRC makes a safe harbor contribution to the Plan equal to 3% of each eligible employee's compensation. HRC also matches contributions up to 50% of employee elective deferrals that do not exceed 5% of the employee's compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Rollovers from Other Plans

A participant who has received a distribution of his or her interest from another qualified retirement plan may elect to deposit all or any portion of the distribution into the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, as well as allocations of (i) HRC's contribution and (ii) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

HUMAN RIGHTS CAMPAIGN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions and HRC's contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by any outstanding loan balance. On April 7, 2020, the Plan adopted the provisions of the CARES Act, impacting the default provisions of the Plan. Under the adopted CARES Act provisions, participants who met certain criteria could borrow from their accounts at higher limits and suspend making payments on their participant loans until 2021. Specifically, during the period between March 27, 2020 and September 22, 2020, participants impacted by COVID-19 could borrow from their account up to the lesser of \$100,000 or the vested account balance, and could suspend loan repayments due during that period until January 2021. Participants can have three outstanding loans at any given time. The loans are secured by the balance in the participant's account and bore interest at a rate with a range of 4.25% to 8.50% for the years ended December 31, 2022 and 2021, respectively, which were commensurate with local prevailing rates, as determined on a quarterly basis by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Benefit Payments

On termination of service due to death, disability, severance or retirement, a participant or participant's beneficiary may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or a distribution via various monthly annuity options for the life of the participant or beneficiary.

For termination of service for reasons other than those listed in the paragraph above, a participant whose vested balance is greater than \$5,000 can elect to receive a distribution or retain his or her monies in the Plan and be paid monthly for life. A participant whose vested balance is \$5,000 or less does not have the option to retain his or her funds in the Plan. A participant with a vested account balance less than \$1,000 will receive a lump-sum distribution if another permissible election is not made by the participant. If the participant's vested account balance is greater than \$1,000 but less than \$5,000, the balance will be distributed in the form of a rollover to a traditional individual retirement account unless otherwise elected.

Participants also have the option to receive a hardship distribution of salary reduction contributions if the conditions for hardship are satisfied.

On April 7, 2020, the Plan adopted the distribution provisions of the CARES Act, impacting the default provisions of the Plan, which allows hardship distributions up to \$100,000, which exclude federal withholding and are taxable over a three-year period, unless repaid by the participant over that period, and the temporary waiver of required minimum distributions.

HUMAN RIGHTS CAMPAIGN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

1. Description of the Plan (continued)

Administrative Expenses

HRC pays substantially all administrative expenses of the Plan, except for loan fees. Certain investment management fees and other charges paid to the trustee are offset against fund performance in net appreciation or depreciation in fair value of investments and are not separately reflected as administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, HRC can discontinue contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of termination, the assets will be allocated among participating employees and beneficiaries in proportion to the employees' respective account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses when incurred. No allowance for credit losses had been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. As described in Note 4, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

HUMAN RIGHTS CAMPAIGN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the amounts in the financial statements and the accompanying notes. Actual results could differ from those estimates.

3. Investment Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company (Principal) (the trustee of the Plan). This information has not been audited by the Plan's independent auditors.

The following table summarizes the information included in the Plan's financial statements, which was prepared by Principal as of and for the years ended December 31, 2022 and 2021, and furnished to the Plan Administrator:

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 32,314,519	\$ 39,233,075
Investment, at contract value	\$ 1,054,068	\$ 2,021,976
Notes receivable from participants	\$ 391,179	\$ 409,131
Net (depreciation) appreciation in fair value of investments	\$ (7,879,919)	\$ 5,060,221
Interest and dividends	\$ 504,927	\$ 401,755
Interest income from participants' notes receivable	\$ 18,629	\$ 21,977

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;

HUMAN RIGHTS CAMPAIGN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

4. Fair Value Measurement (continued)

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investments measured at fair value consisted entirely of mutual funds that are valued in the fair value hierarchy based on Level 1 inputs as of December 31, 2022 and 2021. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodologies and significant assumptions used at December 31, 2022 and 2021.

5. Investment Contract with Insurance Company

Contract Information

The Plan entered into a fully benefit-responsive investment contract with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The value of the investment contract was \$1,054,068 and \$2,021,976 as of December 31, 2022 and 2021, respectively.

Contract Value

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the accompanying statements of net assets available for benefits at contract value in calculating the net assets available for benefits.

HUMAN RIGHTS CAMPAIGN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

5. Investment Contract with Insurance Company (continued)

Contract Value (continued)

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Events

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (i) amendments to the plan document (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to transact at contract value with plan participants, is not probable.

The guaranteed investment contract does not permit Principal to terminate the agreement prior to the scheduled maturity date. The crediting interest rate is based upon a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

6. Party-in-Interest Transactions

The Plan's investment options are composed of a fixed income guaranteed option issued by the trustee. Transactions involving these investments are considered party-in-interest transactions for which a statutory exemption exists. Fees paid by the Plan for administrative services to the plan trustee totaled \$87,895 and \$131,599, respectively. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. The Plan also extends loans to participants who are considered parties-in-interest, therefore, these transactions qualify as parties-in-interest transactions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market Risks include global events which could impact the value of investments securities, such as pandemic or international conflicts. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

HUMAN RIGHTS CAMPAIGN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

8. Income Tax Status

The IRS has determined that the volume submitter plan is designed in accordance with the applicable sections of the IRC and informed the volume submitter plan of such in a letter dated August 8, 2014. The Plan Administrator has adopted the volume submitter plan and will take the appropriate actions, if any, to maintain the plan's qualified status. The Plan Administrator believes the Plan is currently being operated in compliance with the applicable requirements of the IRC. In August 2022, the plan administrator adopted an updated prototype plan document, which is covered by an opinion letter dated June 30, 2020.

GAAP requires the Plan's management to evaluate uncertainty in income taxes and recognize a tax liability if the Plan has taken a position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there were no matters that would require recognition of a liability or disclosure in the financial statements. As of December 31, 2022, the statute of limitations remained open with the U.S. federal jurisdiction in which the Plan files tax returns; however, there are currently no examinations in progress. It is the Plan's policy to recognize interest and/or penalties related to uncertainty in income taxes, if any, in income tax expense. As of December 31, 2022 and 2021, the Plan had no accruals for interest and/or penalties.

9. Subsequent Events

The Plan has evaluated, for potential recognition or disclosure, events and transactions through October 10, 2023, the date the financial statements were available to be issued. Except as noted in Note 1 for the change in default deferral rate for automatic contributions and as noted below, there were no subsequent events identified required to be disclosed in the financial statements.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
