Report of Independent Auditors

To the Administrator of Sony USA 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Sony USA 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and December 31, 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

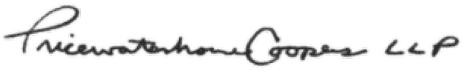

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 "supplemental schedules", are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The Sony USA 401(k) Plan (the "Plan") is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

On November 30, 2020, Sony Electronics, Inc. acquired Nevion USA, Inc. Nevion's eligible employees began participating in the Plan effective January 1, 2022 when they became employees of Sony Electronics, Inc. On May 18, 2021, Sony Music Entertainment acquired AWAL. AWAL's eligible employees began participating in the Plan as of that date.

On April 21, 2022, Sony Pictures Entertainment, Inc. acquired Industrial Media, LLC. Industrial Media's eligible employees began participating in the Plan as of that date.

Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan Sponsor is Sony Corporation of America (the "Plan Sponsor"). The Plan is administered by the Sony USA 401(k) Committee (the "Committee" or "Administrator") except as otherwise delegated by the Committee. The assets of the Plan are maintained and transactions therein are executed by the Plan's trustee, The Northern Trust Company (the "Trustee"). The Plan's record keeper is T. Rowe Price (the "record keeper").

The Plan is intended to satisfy one of the traditional safe harbor plan designs.

Participating companies (the "Companies") as of December 31, 2022 are**:**

- Crispin Corporation
- Industrial Media LLC
- MI Liquidation
- Naughty Dog Inc.
- SEG Travel LLC
- SEL Retail Operations Inc.
- Sony Americas Holding Inc.
- Sony Biotechnology Inc.
- Sony Corporation of America
- Sony Electronics, Inc.
- Sony DADC US Inc.
- Sony Depthsensing Solutions (f/k/a SoftKinetic Inc.)
- Sony Immersive Music Studios
- Sony Interactive Entertainment LLC
- Sony Latin America Inc.
- Sony Music Entertainment
- Sony Music Publishing (US) LLC (f/k/a Sony Music Holdings Inc.)
- Sony Plaza Inc.
- Sony Pictures Entertainment Inc.
- Sostar Inc.
- The Orchard Enterprises Inc.

Eligibility
The Plan covers all eligible employees of the Companies. Eligible employees are immediately eligible to make elective pre-tax, Roth and after-tax deferrals and to receive company matching contributions under the Plan except that employees who are regularly scheduled to work fewer than 20 hours per week are not eligible to participate in the Plan until they have completed a year of service as defined by the Plan.

Contributions
The savings component of the Plan provides that participating employees may elect to contribute up to 50% of their eligible annual compensation, with the company matching 100% of the first 3%, and 50% of the second 3% of participant contributions immediately. No matching contribution is made for participant contributions in excess of 6% of eligible annual compensation. Newly eligible employees (and rehires) who do not make a timely active election to contribute to the Plan (generally within 45 days of becoming eligible) are automatically enrolled in the Plan at a rate of 6% of eligible compensation on a pre-tax basis only with annual increases of 1% each year on the anniversary of their enrollment date until the contribution level of 10% is reached. Employees may opt out of either of these automatic elections at any time. Certain groups are excluded from auto-enrollment but still have the ability to opt into the Plan at any time (subject to satisfying the Plan's eligibility requirements). Employees who are auto-enrolled are notified of their enrollment and of the Plan's qualified default investment alternative ("QDIA"), and thus the QDIA is deemed to be a participant-directed investment. In accordance with the Internal Revenue Service ("IRS") limitations, employee pre-tax and Roth contributions are limited to a maximum annual amount of $20,500 for 2022. Participants who are turning 50 years of age or older may also make catch-up contributions on a pre-tax and Roth basis of up to $6,500 for 2022, which increases the maximum annual pre-tax and/or Roth contribution amount to $27,000 for 2022. Catch-up contributions are not eligible for company matching contributions. On a combined pre-tax, Roth and after-tax basis, participant contributions are limited to $47,275 annually. Participants direct the investment of their contributions into various investment options offered by the Plan. Absent an investment election by the employee, assets are invested in the QDIA, which is the Sony Target Date Fund with the year in its name closest to the employee's 65th birthday.

Certain employees of designated participating Companies are eligible for an annual 3% non-elective contribution (either "Retirement Savings Account ("RSA")" or "Retirement Savings Investment Fund ("RSIF")" as applicable in accordance with Plan rules) based on their eligible compensation after they have completed a year of service with a participating Company (in accordance with the Plan's eligibility rules). These annual contributions are made after the end of the Plan year subject to Plan provisions and are based on eligible compensation earned in the previous calendar year. The RSA contribution amount was recorded as employer contributions receivable of $8,023,169 at December 31, 2022. The RSIF contribution amount was recorded as employer contributions receivable of $1,070,441 at December 31, 2022. The RSA and RSIF receivable balances at December 31, 2021 were $7,615,612 and $1,023,484 respectively.

In connection with the adoption of a safe harbor plan design, the Plan instituted a true-up employer matching contribution. If, during the Plan year, a participant reaches the pre-tax/Roth contribution limit, before the end of the year, and therefore stops receiving matching contributions before they have received the maximum matching contribution for which they are eligible under the Plan, the applicable Company will make a lump sum contribution, as soon as administratively possible after the end of the applicable Plan year to the participant's account, which is equal to the difference between the amount they would have received had they not reached one of the Plan limits and the amount actually contributed, subject to the maximum match as defined by the Plan. The true-up contribution was $7,560,585 for the year ended December 31, 2022. The true-up contribution for the year ended

December 31, 2021 was $6,781,224. The contributions are included in the employer contributions receivable amount shown on the Statement of Net Assets Available for Benefits.

Participant Account Allocations
Individual accounts are maintained for each Plan participant. Each participant's account is credited (or debited) with the participant's contributions, company contributions (if applicable), earnings on participant and company contributions (if applicable), distributions to and withdrawals by participants, and charges for administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in all employee contributions and employer matching contributions. RSA contributions vest according to the following graduated schedule: 25% vesting after two years of vesting service, 50% vesting after three years of vesting service, 75% vesting after four years of vesting service and 100% vesting after five years of vesting service (a year of service is based on the Plan's definition of "Credited Vesting Year"). RSIF contributions vest ratably over three Credited Vesting Years. Participants also become 100% vested as a result of reaching age 60, death, or permanent and total disability while actively employed with the Companies. RSA contributions and RSIF contributions are company non-elective contributions.

Forfeited Accounts
If a participant who is not 100% vested terminates from the Companies, the non-vested portion of all company contributions is forfeited in accordance with Plan rules and may be used to offset subsequent company contributions and/or Plan expenses. Forfeitures for the year ended December 31, 2022 were $323,979 and were used to reduce company contributions. The total forfeiture account balance as of December 31, 2022 and December 31, 2021 was $384,640 and $417,028, respectively.

Notes Receivable from Participants
Participants may elect to take loans from their accumulated vested account balances subject to certain restrictions and limitations, as defined in the Plan document. Loans are withdrawn pro rata from the participant's fund balance(s). For the year ended December 31, 2022, the interest rate charged on loans ranged from 4.25% to 8.50%, which was derived from the Prime rate plus 1%. Repayment of loans is amortized monthly, bi-weekly or weekly, depending on the participant's pay frequency, and made either in equal installments through payroll deductions for a period generally not to exceed 15 years if the loan is for the purchase of a primary residence, or five years for a general purpose loan, or in a lump sum. Employees may have one general purpose loan and one primary residence loan outstanding at one time. The maximum amount a participant can borrow is the lesser of 50% of his or her vested account balance (including any outstanding loans) minus his or her current outstanding loan balance, or $50,000 minus his or her highest outstanding loan balance(s) across all of the employer's qualified plans during the past twelve months. Loan repayments, consisting of interest and principal, are paid ratably through payroll deductions and are invested in the participant's fund balance(s) according to his or her current investment elections. Should a participant terminate employment with the Companies and not repay his or her loan in full by the end of the calendar quarter following the calendar quarter in which payment is due, the participant's outstanding loan balance is deemed to be distributed to the participant in partial settlement of the participant's vested account balances.

Payment of Benefits
Participants may receive the value of the vested interest in his or her account at any time after separation from service subject to the minimum distribution requirements. The participant or beneficiary may elect to receive a lump-sum amount subject to limitations specified in the Plan

document, or monthly, quarterly, semi-annual, or annual installments over an elected period of time. A terminated participant may also elect to take partial lump-sum distributions from their Plan account at any time, limited to one partial lump-sum distribution per calendar quarter, subject to the terms of the Plan. Prior to separation from service, participants may elect a rollover withdrawal, after-tax withdrawal, hardship withdrawal or age 59 ½ withdrawal subject to meeting certain criteria.

In accordance with the CARES Act, the Plan allowed eligible participants to request Coronavirus-Related Distributions up to $100,000, excluding Roth sources, effective January 1, 2020 to December 31, 2020. Participants may repay the Coronavirus-Related Distributions back to the Plan or other qualified plan or IRA within a three-year period. In addition, Required Minimum Distributions scheduled to be paid in 2020 were waived until 2021.

Administrative and Investment Management Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from the Plan financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Termination
The Plan Sponsor intends to continue the Plan indefinitely; however, the Plan Sponsor may amend or terminate the Plan at any time. Upon termination of the Plan, all participants will have a non-forfeitable right to the entire value of their accounts.

2. Summary of Significant Accounting Policies

Basis of Preparation
The financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America requires that Plan management make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments
Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. See Note 3 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income and expenses are accrued daily. Income from other investments is recorded as earned on an accrual basis. The Plan presents the net appreciation or depreciation in the fair value of its investments, which consist of the realized gains or losses and the change in unrealized appreciation or depreciation on those investments, in the Statements of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions upon the occurrence of a distributable event. Participants make loan repayments through payroll deductions or direct payments to the recordkeeper.

Administrative Expenses
Expenses incurred in the administration of the Plan are borne by the Plan except for general consulting fees which are paid by the Companies. Any expenses paid by the Companies are excluded from the Plan financial statements.

Benefits Paid
Distributions to participants are recorded when paid.

3. Fair Value Measurements

The Plan applies the provisions of FASB ASC 820. The standard defines fair value, outlines a framework for measuring fair value, and details the required disclosures about fair value measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There were no significant transfers in or out of Level 1 or Level 2 fair value measurements during the periods presented. There were no Level 3 investments for the years ended December 31, 2022 and 2021.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Collective Trusts
Valued at the Net Asset Value ("NAV") of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchased and sales) may occur daily.

Registered Investment Companies
Assets of publicly traded registered investment companies are valued using the NAV calculated by the administrator of the funds and the NAV quotes are available in public markets, such as stock exchanges. The NAV is calculated daily based on the closing market prices and accruals of the securities in the funds' portfolios (total value of the fund) divided by the number of shares currently issued and outstanding. It offers daily redemption with notification on trade date, assuming normal market conditions.

Common and Preferred Stocks
Valued at the closing price reported on the active market on which the individual securities are traded.

Interest Bearing Cash
Cash and cash equivalent assets with high degree of liquidity are valued at cost which equals or approximates fair value.

Self-directed Brokerage Account
Investments held in the self-directed brokerage account constitute a broad array of registered investment companies (publicly traded mutual funds) and certificates of deposit. On July 1, 2022, investments available through the self-directed brokerage account were expanded to include publicly traded exchange traded funds (ETFs) in addition to the previously available publicly traded mutual funds and certificates of deposit. Fair values of all registered investment companies and certificates of deposit are determined using the methods prescribed above.

The following tables set forth by level, within the fair value hierarchy, the fair value of the Plan's investments as of December 31, 2022 and 2021:

4. Fully Benefit-Responsive Investment Contracts (FBRICs)

The Plan holds a portfolio of four separate synthetic guaranteed investment contracts ("the Contracts") that are held within a customized separately-managed stable value account. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants when they initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less withdrawals. The value of these investment contracts held by the Plan was $439,387,094 at December 31, 2022, and $404,090,632 at December 31, 2021.

The Contracts, which are held under a separately-managed account along with a collective trust fund, are issued by insurance companies or other financial institutions, and are backed by a portfolio of fixed income investments. The Contracts' underlying investments consist primarily of collective trust funds, corporate bonds, U.S. government securities, and interest-bearing cash. The Contracts guarantee that all qualified participant withdrawals will be at contract value and that the crediting rate applied will not be less than 0%. Crediting rates are typically reset quarterly to account for the difference between the contract value and the fair value of the underlying portfolio.

Risks arise when entering into any investment contract due to the potential inability of the issuer to meet the terms of the contract. In addition, synthetic guaranteed investment contracts have the risk of default or the lack of liquidity of the underlying portfolio assets. The credit risk of each issuer is evaluated and monitored through the stable value account portfolio manager's credit analysis. The credit analysis includes, but is not limited to, asset quality and liquidity, management quality, surplus adequacy, and profitability. The Plan requires that the issuers of each contract have a minimum quality rating as of the contract effective date and that all underlying portfolio assets be rated investment grade at the time of purchase.

Synthetic guaranteed investment contracts generally are evergreen contracts that contain termination provisions, allowing the Plan or the contract issuer to terminate with notice, at any time at fair value, and providing for automatic termination of the contract if the contract value or the fair value of the underlying portfolio equals zero. The issuer is obligated to pay the excess contract value when the fair value of the underlying portfolio equals zero.

In addition, if the Plan defaults on its obligations under the contract (including the issuer's determination that the agreement constitutes a nonexempt prohibited transaction as defined under ERISA), and such default is not corrected within the time permitted by the contract, then the contract may be terminated by the issuer and the Plan will receive the fair value as of the date of termination. Each contract recognizes certain "events of default" which can invalidate the Contracts' coverage. Among these are investments outside of the range of instruments which are permitted under the investment guidelines contained in the investment contract, fraudulent or other material misrepresentations made to the issuer, changes of control of the investment adviser not approved by the contract issuer, changes in certain key regulatory requirements, or failure of the Plan to be tax qualified.

The Contracts also generally provide for withdrawals associated with certain events which are not in the ordinary course of Plan operations. These withdrawals are paid with a market value adjustment applied to the withdrawal as defined in the investment contract. Each contract issuer specifies the events which may trigger a market value adjustment; however, such events may include, but not be limited to, the following:

- material amendments to the Plan's structure or administration;
- complete or partial termination of the Plan, including a merger with another plan;
- the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;

- the redemption of all or a portion of the interests in the Plan at the direction of the plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of the plan sponsor, the merger of the plan with another plan, or the plan sponsor's establishment of another tax qualified defined contribution plan;
- any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Plan;
- changes to competing investment options;
- the delivery of any communication to plan participants designed to influence a participant not to invest in the stable value option.

The events described above are not probable of occurring, and as such, the Contracts are deemed to be fully benefit responsive.

5. Information Certified by the Plan's Trustee

The Plan's investments are held in a trust administered by the Northern Trust Company, Trustee of the Plan. The Trustee has certified that their reports of assets held at December 31, 2022 and December 31, 2021, and transactions for the year ended December 31, 2022, are complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the Plan's financial information and data certified by the Trustee:

	As of December 31 2022	As of December 31 2021
Investments at fair value	$ 4,055,748,575	$ 4,953,275,683
Investments at contract value	439,387,094	404,090,632
Notes receivable from participants	26,508,773	26,345,924
Accrued interest and dividends	1,686,721	1,476,954

	For the year ended December 31, 2022
Net investment income/(loss):	
Net appreciation/(depreciation) in fair value of investments	$ (909,036,257)
Interest and dividends	7,142,909
Total net investment income/(loss)	$ (901,893,348)
Interest income on notes receivable from participants	$ 1,207,535

6. Federal Income Tax Status

The Plan received a favorable determination letter from the IRS dated September 28, 2016 indicating that the Plan documentation satisfied the requirements for tax qualification under Section 401(a) of the Internal Revenue Code and, therefore, the Trust established as part of the Plan is exempt from federal income tax under the provisions of Section 501(a) of the Internal Revenue Code. The Plan has been amended subsequent to the filing with the IRS for this determination letter. However, the Company believes that the Plan continues to be designed and operated in compliance with Section 401(a) and, therefore, no provision for income taxes has been made in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participant account balances, as well as the amounts reported in the Statements of Net assets Available for Benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.

8. Related Party and Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Officers and employees do not receive compensation from the Plan. Certain Plan investments are collective trust funds managed by the Trustee. Additionally, as described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA. In addition, notes receivable from participants are party-in-interest transactions.

9. Reconciliation between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to the Form 5500:

	2022	2021
Net assets available for benefits per financial statements	$ 4,542,998,809	$ 5,400,701,891
Market value adjustments to Stable Value Fund	(31,857,579)	5,847,643
Net assets available for benefits per Form 5500	$ 4,511,141,230	$ 5,406,549,534

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2022, per the financial statements to the net income reported in the 2022 Form 5500:

Net decrease in net assets available for benefits per financial statements	$ (857,703,082)
Market value adjustments to Stable Value Fund	(37,705,222)
Net decrease in net assets available for benefits per Form 5500	$ (895,408,304)

10. Subsequent Events

Plan management evaluated all events or transactions that occurred after December 31, 2022 up through October 10 2023, the date these financial statements were available for issuance.

Effective January 1, 2023, there were two additional participating companies. Sony Pictures Entertainment Inc. became the sole owner of Game Show Network, LLC on November 18, 2019. Game Show Network's eligible employees began participating in the Plan effective January 1, 2023 when they became employees of Sony Pictures Entertainment Inc. Additionally, Sony Pictures Entertainment Inc. acquired Beachwood Services, Inc in late 2020. Beachwood Services, Inc.'s eligible employees began participating in the Plan effective January 1, 2023.
