To the Plan Administrator
Stewart Home & School, LLC Retirement Plan

We have audited the financial statements of Stewart Home & School, LLC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022 and we will issue our report thereon dated October 9, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 4, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Stewart Home & School, LLC Retirement Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies were not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was management's estimate of the fair value of Plan investments. The estimate is based upon the following:

Mutual funds are valued at the daily closing price as reported by the fund.

Common/collective trust funds are valued at the net asset value of units held by the Plan at year end. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

Certain financial statement disclosures are particularly sensitive because of their significance to the financial statement users. The most sensitive disclosures affecting the financial statement was:

The disclosure of investments in Note 4 to the financial statements. This disclosure is significant due to the materiality of investments to the financial statements and the investment risk exposure.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management does not maintain a separate general ledger for the Plan but uses the trustee reports to serve in that capacity. We recorded adjustments to the trust statement related to receivables, with a net effect of increasing net assets available for plan benefits by \$142,222.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention.

A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We identified the following reportable finding that we also considered to be a material weakness:

Financial Statement Preparation

Plan management meets informally throughout the year to discuss Plan operations and review the Plan's performance. While these analyses are considered adequate for management purposes, no financial statements are prepared by company personnel. Management relies on our assistance to prepare the financial statements, including full note disclosures, as part of performing the audit.

We understand that the current size and complexity of the plan sponsor may not justify the addition of qualified accounting personnel with the skills to prepare complete employee benefit plan financial statements and who understand and comply with all related accounting and reporting issues applicable to the Plan. However, we recommend that the current accounting staff and management continue to improve their understanding of the accounting and reporting requirements for the Plan financial statements including complete financial statement disclosures. We are also available throughout the year to assist with providing guidance with accounting and reporting issues.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. We identified the following reportable findings that we also considered to be a deficiencies in internal control:

Payroll Processing

Current payroll processing procedures require the manual entry of hours worked by employees, based on approved timecards, into the payroll system. During testing over payroll controls to ensure that employees are paid in accordance with approved timecards and pay rates, we noted one employee who was not paid for the full amount of overtime hours included on their approved timecard for one pay period. This appears to be the result of an incorrect entry of overtime hours worked into the payroll system. Expanded testing over an additional sample of five employees' overtime hours and approved timecards revealed no additional exceptions.

We recommend management ensure that the employee is compensated for the overtime hours which were missed on that timecard and make corrective contributions as necessary to the retirement plan. In addition, due to the manual nature in which timecard information is keyed into the payroll system, we recommend management evaluate the use of automated time tracking within the current payroll system, which would allow employees and supervisors to electronically enter and approve time. This would significantly reduce the opportunity for manual keying errors during payroll processing.

Participant Deferral Elections

Initial participant contribution elections and subsequent changes are made online, directly by the participant, via access to the Fidelity plan site. Each payroll period, updates to participant deferral elections are made within the payroll system, based on deferral reports provided by Fidelity. During contribution testing to ensure that contributions withheld and are remitted in accordance with participant elections, one participant was noted in which the amount withheld for their Roth elections (8%) was greater than the deferral amount elected on the Fidelity site (5%). Upon further review of deferral change reports from Fidelity, the participant changed their Roth deferral election from 8% to 5% in February 2021, but it appears as though the payroll system was not properly updated for this deferral change.

We recommend management consult with the TPA and make corrections as deemed necessary for the additional amounts withheld for the participant. In addition, we recommend management perform a 100% review of all current retirement plan participants to ensure that current contribution deferral percentages per Fidelity agree to the deferral percentages entered in the payroll system. Management currently maintains calendar reminders to ensure that deferral change reports are obtained weekly and updated with each payroll cycle. However, a review of all current participants' deferral elections will ensure all elections and changes from prior years are properly captured in the payroll system.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 9, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the plan administrator and management of the Stewart Home & School, LLC Retirement Plan and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report

Plan Administrator
Stewart Home & School, LLC Retirement Plan
Frankfort, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Stewart Home & School, LLC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stewart Home & School, LLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stewart Home & School, LLC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stewart Home & School, LLC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stewart Home & School, LLC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stewart Home & School, LLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (held at end of year) as of and for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted

auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STEWART HOME & SCHOOL, LLC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description

The following description of the Stewart Home & School, LLC Retirement Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees, except student-employees, of Stewart Home & School, LLC (Employer) who have completed two months of service, are age 19 or older, and are permanently employed. Entry dates for the deferral and matching contributions are the first day of each calendar month. Employees are eligible to receive profit sharing contributions following one year of service. Entry dates for the profit-sharing contribution are January 1 and July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions:

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants may also elect to defer a percentage of their after-tax compensation as a Roth contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. All automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions are invested in a default fund until changed by the participant.

The Employer makes a safe harbor employer matching contribution annually. The safe harbor match formula is 100% of the first 3% of participant compensation contributed to the Plan, plus 50% of the next 2% of participant compensation contributed to the Plan. The Employer may make an additional discretionary matching contribution each year. No employer discretionary contributions were made during the years ended December 31, 2022 and 2021.

Additional employer profit-sharing contributions may be made each year at the option of the Employer. During the years ended December 31, 2022 and 2021, the Employer made profit sharing contributions to the Plan of \$115,607 and \$143,839, respectively. Contributions are subject to certain IRS limits.

NOTES TO FINANCIAL STATEMENTS

Participant accounts:

Each participant's account is credited with the participant's contributions and employer safe harbor and discretionary matching contributions, as well as allocations of the employer profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions and employer safe-harbor contributions, plus actual earnings thereon. Vesting in the employer discretionary matching contributions and discretionary profit-sharing contributions and earnings on those contributions is based on years of service. A participant is 100% vested in employer discretionary matching and profit-sharing contributions after three years of service, with no vesting prior to that time.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In the event of financial hardship, the Employer may allow a participant to withdraw all or any part of his or her account resulting from their contributions and the vested portion of employer matching and profit-sharing contributions.

Forfeited accounts:

Forfeited non-vested accounts will be used to either pay administrative fees or to reduce future employer contributions. Forfeited non-vested accounts totaled \$47 and \$7,233 at December 31, 2022 and 2021, respectively. Forfeited amounts of \$7,124 were used to reduce employer contributions during the year ended December 31, 2022. During the year ended December 31, 2021, no forfeitures were used.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Any expenses of maintaining the Plan that are paid directly by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

Subsequent events:

The Plan has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. That hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

All assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds – valued at the daily closing price as reported by the fund.

Common/collective trust fund – valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>December 31, 2022</u>	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$8,733,359</u>	\$8,733,359
Investments measured at net asset value:		
Common/collective trust fund		<u>617,368</u>
Total assets at fair value		<u>\$9,350,727</u>
	<u>December 31, 2021</u>	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$11,122,563</u>	\$11,122,563
Investments measured at net asset value:		
Common/collective trust fund		<u>679,015</u>
Total assets at fair value		<u>\$11,801,578</u>

Investments Measured Using Net Asset Value per Share Practical Expedient:

The common/collective trust fund has no unfunded commitments and can be redeemed daily, with no redemption notice period, without specific terms or conditions at the underlying investments' net asset value. The NAV is updated daily. The common/collective trust fund has an investment objective to maximize current income while maintaining principal.

NOTES TO FINANCIAL STATEMENTS

Note 5. Income Tax Status

The Plan is a prototype plan offered by Fidelity Management & Research Company. The prototype plan obtained its latest opinion letter dated June 30, 2020, in which the IRS stated that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer discretionary contributions.

Note 7. Related Party and Party-In-Interest Transactions

Certain plan investments are units of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and third-party administrator of the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services and administration of the Plan provided by Fidelity Management Trust Company amounted to \$27,361 and \$29,733 for the years ended December 31, 2022 and 2021, respectively.

MCF Advisors, LLC is an advisor of the Plan, and therefore, transactions with MCF Advisors, LLC qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$20,574 and \$22,372 for the years ended December 31, 2022 and 2021, respectively.

Strategic Advisors, Inc. is an advisor of the Plan, and therefore, transactions with Strategic Advisors, Inc. qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$493 and \$380 for the years ended December 31, 2022 and 2021, respectively.

Certain administrative functions are performed by officers or employees of the Employer. No officer or employee receives compensation from the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 8. Risks and Uncertainties

The Plan has significant investments in various securities held by Fidelity Management Trust Company. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
