INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Riviera Finance, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Riviera Finance, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Riviera Finance, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Riviera Finance, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Riviera Finance, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Riviera Finance, LLC 401(k)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Riviera Finance, LLC 401(k)'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – “Schedule of Assets as of December 31, 2022”, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Riviera Finance, LLC 401(k) Plan

We were engaged to audit the of net assets available for benefits of the Riviera Finance, LLC 401(k) Plan as of December 31, 2021, and the related notes to the financial statements.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2021 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Transamerica Financial Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2021, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statement. Accordingly, we do not express an opinion on the 2021 financial statement.

**Report on Form and Content in Compliance With DOL Rules and Regulations for 2021
Financial Statement**

The form and content of the information included in the 2021 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RIVIERA FINANCE, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022, and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Riviera Finance, LLC ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of the company and the common control entities who have one year of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally effective on May 1, 1995. The amended and restated provisions of the Plan became effective on August 1, 2016, and amended on June 2, 2020.

Contributions - Each year, participants may contribute up to 100% of annual compensation on a pre-tax basis to a regular 401(k) account or on an after-tax basis to a Roth 401(k) account, as defined in the Plan. Participants who are at least age 50 or will attained age 50 before the end of a calendar year are eligible to defer additional amounts (called "catch-up contributions") to the Plan as of the January 1st of that year. Federal law limits the amount of 401(k) contributions that participants can make to the Plan each calendar year. The Plan provides for the Company to match 50% of contributions up to 5% of participant's compensation.

Participant Accounts - Each participant's account is maintained separately within the Plan and is credited with their elective deferrals. Investment income and related management expenses are allocated to the participant's accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options - Upon enrollment in the Plan, participants may direct their contributions be invested in any of the several investment options made available to them under the Plan. Because participants direct how contributions to their accounts are invested, the Plan management is not liable under the law for any losses to participants' accounts that are the direct and necessary result of participants' investment directions. Participants may change their investment options at any time.

Notes to Financial Statements Continued:

Notes Receivable from Participants - Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and are limited to one outstanding loan at any time. (See Note 7 for CARES Act changes and provisions) Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Generally, the term of the loan may not exceed 60 months. The loans are secured by the balance in the participant's account and bear an interest rate at the Prime Interest Rate published in the Wall Street Journal plus 0.00%. Principal and interest are paid ratably through semi-monthly payroll deductions or payment by check (for prepayments or payments by Terminated Participants only).

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a deferred payment commencing at a later date. For termination of service due to other reasons, a participant may elect to receive the vested value of his account instead of waiting until his normal retirement date. For 401(k) hardship distributions, participants can request from the vested portion of their pre-tax deferral accounts and account(s) attributable to Employer matching contributions. At December 31, 2022, and 2021, total benefits paid to participants or beneficiaries, including direct rollovers were \$1,742,663, and \$345,624, respectively.

Forfeited Accounts - During 2022 and 2021, \$16,238 and \$1,220, respectively, was forfeited and \$18,152 and \$-0-, respectively, was used to reduce employer contributions. For the year ended December 31, 2022, and 2021, the forfeited non-vested account totaled \$343 and \$2,169, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. However, the Stable Value Fund is considered a deposit liability with no defined maturities and is fairly valued at contract value. The stable value investment is more similarly looked at like a bank CD with a revolving interest guarantee. Therefore, the contract value is also the fair market value.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses - The Plan permits the payment of Plan expenses to be made from the Plan's assets. Expenses of maintaining the Plan can be paid from the Plan's Expense Budget Account (EBA), a revenue-sharing account held in Transamerica's general account for the purpose of paying plan administrative expenses. If the expenses are paid by the Company, they are therefore excluded from these financial statements. At December 31, 2022, and 2021, the total Plan's administrative expense paid by the EBA was \$18,290, and \$15,845, respectively.

Notes to Financial Statements Continued:

Investment-related expenses are included in net appreciation in fair value of investments. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all Participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar expense itself. The method of allocating the expenses depends on the nature of the expense itself. There are certain other expenses that may be paid just from a Participant's account. These are expenses that are specifically incurred by, or attributable to, the Participant, such as processing fees for Participant's loans or distribution checks; therefore, they will be deducted from the participant's account. At December 31, 2022, and 2021, the Participants' administrative expense was \$3,826, and \$2,783, respectively.

Payment of Benefits - Benefits to participants are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants is measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022, and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a deemed loan distribution based on the terms of the Plan document. At December 31, 2022, and 2021, the Participants' note receivable balance was \$397,423, and \$369,817, respectively.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The contract value listed on Transamerica's Annual Employer Plan Statement – Summary is also the fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Transamerica determines the Plan's valuation policies. See Note 3 for a discussion of fair value measurements. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events and Date of Management's Review – For the year ended December 31, 2022, Management has evaluated subsequent events for potential recognition and disclosure through October 6, 2023, the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared Covid-19 a pandemic. As a result of Covid-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. In May 2020, the Company suspended the 50% Employer Matching Contribution due to cost-cutting measures enacted as a response to the pandemic economic downturn. The Company reinstated the 50% Employer Matching Contribution effective in March 2021 and approved the option to make the Employer Matching Contribution retroactive to January 1, 2021. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have on the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of their investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Pooled Separate Accounts (PSAs) investing in mutual funds or domestic equity securities are measured using quoted prices in active markets for identical assets (“Level 1” input under ASC 820). Those PSAs directly investing in fixed maturity securities are measured daily by unit value which is calculated based on the observable net asset value (NAV) established by the funds’ sponsor on the last business day of the plan year (“Level 2” input under ASC 820).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan did not have any Level 3 measurements as of December 31, 2022, and 2021. During 2022, there were no transfers in or out of Levels 1, 2, or 3.

Note 5 describes Investment at Contract Value with a value of \$4,414,333 and \$5,144,154 as of December 31, 2022, and 2021. The investment is a Level 2 investment in the fair value hierarchy.

NOTE 5 – INVESTMENT AT CONTRACT VALUE

The Plan entered into a fully benefit-responsive traditional group annuity contract with Transamerica Life Insurance Company. Contributions under a group annuity contract are allocated to Stable Value Option account, which is an investment option offered under the Transamerica group annuity contract. Transamerica maintains the fund in its general account and is a custodian of these assets.

Transamerica's Stable Value Option investment choices in the Group Annuity Contract comply with the Financial Accounting Standards Board's (FASB's) fully benefit-responsive requirements, and thus are reportable at contract value in the defined contribution plan's financial statements.

- The Stable Value Option investment choice is a non-tradable obligation of Transamerica. The investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Transamerica.
- The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable for example, a significant decline in creditworthiness of Transamerica, the Stable Value Option investment choice may no longer be considered fully benefit-responsive.
- The terms of Transamerica's Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans, or transfers to other investment choices within the plan.
- Since the Stable Value Option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.

Notes to Financial Statements Continued:

- The Stable Value Option investment choice allows a participant reasonable access to their assets.

Prior to January 1st and July 1st, the effective annual rate of interest is established for the corresponding six- month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate for the Stable Value Option investment choices.

The Stable Value Option investment choices are backed by the general account of Transamerica. While Transamerica declares rates periodically and back the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance company. This investment choice is not guaranteed by the FDIC or any other government agency. Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

These investment choices seek to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. The guaranteed rate of interest shall not change during the six-month period for which it is effective.

The contract value and interest rate of the Stable Value Option accounts as of December 31, 2022, and 2021 were as follows:

<u>Stable Value Option Accounts</u>	<u>December 31</u>	
	<u>2022</u>	<u>2021</u>
Contract value	\$ 4,414,333	\$ 5,144,154
Declared interest rate	0.80%	0.75%
Average yield interest (based on actual earnings and Interest rate credited to participants)	0.74%	0.78%

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements Continued:

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, 2020, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on substantial portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however, are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have on the Plan's financial statements.

NOTE 7 – PLAN PROVISIONS, AMENDMENTS AND TERMINATION

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants.

- Special coronavirus distributions up to \$100,000.
- Increase the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance.
- Permit COVID-19 impacted participants to take out loans while on furlough; and
- Extend the period for loan repayments, if applicable, up to one year.

The Company adopted the provisions of the CARES Act.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – CORRECTIVE DISTRIBUTIONS

During the plan year ended December 31, 2021, the plan refunded excess contributions to participants as corrective distributions in compliance with its Actual Deferral Percentage Test (ADP). The amount of excess contributions refunded to the participants for the year ended December 31, 2022, and 2021, was \$27,150 and \$57,497 comprised of the excess contribution amounts and investment gains thereon.

NOTE 9 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Transamerica Retirement Solutions (“Transamerica”). Transamerica is the recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Transamerica provides services to the Plan pursuant to a service agreement between the Company and the respective recordkeeper. An Expense Budget Account (“EBA”) Addendum to Application and Agreement for Services was adopted between the Company and Transamerica which provides monthly credits (basis points) that will be made to the EBA annually. The EBA credit is used to pay necessary and reasonable plan-related expenses. The sum of the EBA credits plus any earned interest, less any disbursements is held in the EBA and is considered a plan holding. Amounts held are invested in the General Account of Transamerica (Stable Value Core).

The Plan’s EBA activities as of December 31, 2022, and 2021 were as follows:

	<u>2022</u>	<u>2021</u>
Beginning balance	\$ 43,693	\$ 28,803
Contributions and earnings	35,914	30,735
Plan administrative expenses	(18,290)	(15,845)
Reallocation to other investment choices resulting in allocation to the Plan participants	(48,000)	-0-
Ending balance	<u>\$ 13,317</u>	<u>\$ 43,693</u>

The EBA is considered a Level 2 investment in the fair value hierarchy in Plan Investments at December 31, 2022, and 2021.

Notes Receivable - Participants – Notes receivable from participants also qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA. Total interest income received from participants’ loans for the year ended December 31, 2022, and 2021 was \$18,049 and \$17,697, respectively. As of December 31, 2022, and 2021, total notes receivable from participants were \$397,423 and \$369,817, respectively.

NOTE 10 – INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 2, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the Plan’s financial statement.

Notes to Financial Statements Continued:

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE 11– CONTRIBUTION AND OTHER RECEIVABLES

As of December 31, 2022, and 2021, employer contribution and other receivables were as follows:

	<u>2022</u>	<u>2021</u>
Employer contributions	\$ -0-	\$ 57,105
Other Receivable	440	375
	<u>\$ 440</u>	<u>\$ 57,480</u>
