INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
AgriVision Equipment Group, LLC 401(k) Plan
Glenwood, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of AgriVision Equipment Group, LLC Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AgriVision Equipment Group, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AgriVision Equipment Group, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AgriVision Equipment Group, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

AgriVision Equipment Group, LLC 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AgriVision Equipment Group, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AgriVision Equipment Group, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022 and of assets held for investment purposes at end of year as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AgriVision Equipment Group, LLC 401(k) Plan

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AGRIVISION EQUIPMENT GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of the Plan

Effective January 1, 2014, the Plan sponsor, formerly known as A&M Green Power, LC, acquired most of the assets of Barker Implement & Motor Co., Inc. (Barker) and changed its name to AgriVision Group LLC (the Company). Barker sponsored a 401(k) plan, the Barker Implement & Motor Co., Inc. 401(k) Plan (Barker Plan). Effective October 31, 2014, the Barker Plan was merged into the A&M Green Power LC 401(k) Plan and the Plan was renamed as AgriVision Group LLC 401(k) Plan (the Plan). All of the assets of the Barker Plan, consisting of investments and contributions receivable, were transferred to the Plan as of that date. On June 18, 2015, the Plan name was amended to AgriVision Equipment Group, LLC 401(k) Plan. The Plan was restated effective January 1, 2021. The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering substantially all employees of the Company ages 18 and older effective the first day of the month following one month of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

B. Contributions

Each year, participants may contribute, pretax, up to a specified dollar amount determined by the Internal Revenue Service, as defined in the Plan. The participants can elect a percentage of a specified amount in addition to excess employer benefits. Additional amounts may be contributed at the option of the Company's board of directors.

C. Participant Accounts

Each participant's account is credited with the participant's contributions and Company discretionary matching contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting of Benefits

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution of their portion of their accounts is based upon years of continuous service. Vesting in the Company's contribution of their portion of their accounts is based upon a six year graded scale where the Company contributions become fully vested after six years of service.

E. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

F. Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts total \$23,746 and \$13,785, respectively. These amounts will be used to reduce future employer contributions or pay administrative fees.

AGRIVISION EQUIPMENT GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of the Plan (continued)

G. *Notes Receivable from Participants*

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from 1-5 years, or up to 15 years for the purchase of a primary residence. The loans are secured by the participant's account balance and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator at origination. Principal and interest is paid ratably through payroll deductions. Interest rates range from 4.25% to 6.50%.

Note 2 – Summary of Significant Accounting Policies

A. *Basis of Presentation*

The financial statements of the Plan are prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

B. *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Profit Sharing Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. *Excess Contributions Payable*

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

E. *Payment of Benefits*

Benefits are recorded when paid.

AGRIVISION EQUIPMENT GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies (*continued*)

F. **Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

G. **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance has been recorded as of December 31, 2022 and 2021 for these notes receivable. Delinquent loans are treated as distributions in the quarter following the calendar quarter in which the participant missed the scheduled payment based upon the terms of the plan document.

H. **Subsequent Events**

The Plan has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

Note 3 – Information Certified by Custodian - Unaudited

The following is a summary of the unaudited information regarding the Plan, which was prepared by Massachusetts Mutual Life Insurance Company/Empower Retirement as custodian of the Plan. The Plan Administrator obtained certifications from the Custodians that such information is complete and accurate:

	<u>2022</u>	<u>2021</u>
Statements of net assets available for benefits:		
Investments and participant loans	\$31,536,438	\$35,258,747
Statement of changes in net assets available for benefits:		
Interest, and investment gain	\$ (5,663,048)	\$ 4,562,101

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

AGRIVISION EQUIPMENT GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 4 – Fair Value Measurements (*continued*)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the ASC 820 fair value hierarchy in which the fair value measurements fall at December 31, 2022 and 2021:

Note 4 – Fair Value Measurements (*continued*)

		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3

Mutual funds	\$ 10,078,515	\$ 10,078,515	\$ -	\$ -

Investments at fair value	<u>\$ 34,979,387</u>	<u>\$ 11,045,575</u>	<u>\$ -</u>	<u>\$ -</u>

^(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using net asset value per share practical expedient have been excluded from the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5 –Investment Contracts with Insurance Company

In 2022 and 2021, the Plan held a guaranteed interest account (separately, and as part of blended investment funds), which is a fully benefit-responsive investment contract with MassMutual. MassMutual maintains the contributions in a general account. The guaranteed interest account is valued at contract value which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants are able to ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest account issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan.

In 2021, the Plan held fully benefit-responsive guaranteed investment contracts with Allianz Life Insurance Company. The Plan held a portfolio of investment contracts that comprised a traditional investment contract. Allianz maintained the contributions in general accounts. The accounts were credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. All Allianz contracts were terminated in 2021 and the participant balances were transferred to other investments with Empower.

AGRIVISION EQUIPMENT GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 5 –Investment Contracts with Insurance Company (*continued*)

As described in Note 2, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. The guaranteed interest account is presented on the face of the Statements of Net Assets Available for Benefits at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2022 and 2021, was \$379,138 and \$279,360, respectively. The contract value of the investment contracts at December 31, 2022 and 2021 was \$379,138 and \$279,360, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events for example, divestures or spin-offs of a subsidiary that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that no events are probable of occurring that would limit the Plan's ability to transact at contract value with participants.

MassMutual is contractually obligated to pay principal and a specified interest that is guaranteed by the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a semi-annual basis for resetting.

Participants have the option of investing in investment contracts with insurance companies. These contracts may contain surrender charges upon liquidation of the investment by the participant. These surrender charges would not have an impact on the Plan's net assets available for benefits as such charges have been considered in determining the estimated fair value of these investments.

Note 6 – Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are units of common collective trust funds managed by MassMutual. Certain other Plan investments were units of a guaranteed interest account where participant contributions are invested in an investment contract maintained by MassMutual (see Note 5). MassMutual is considered a party-in-interest and is reported as such when assets are held at MassMutual. With respect to the Plan's investment in mutual funds, the mutual fund company is considered to be a service provider to the Plan, and as such, is considered a party –in-interest. Fees incurred by the plan for the investment management, recordkeeping and audit services are charged to the plan participants on a pro rata basis. The Plan Sponsor pays directly any other fees related to the plan's operations. Certain fees of administering the Plan are paid to the Trustee by the Plan. These transactions qualify as exempt party-in-interest transactions.

AGRIVISION EQUIPMENT GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 7 – Termination of the Plan

Although the Company has not expressed any intention to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, all remaining Plan assets shall be allocated to the participants as described in the full text of the Plan.

Note 8 – Tax Status

The Plan used a prototype plan dated May 1, 2002 and filed certification of Intent to Adopt a Pre-Approved Plan on January 31, 2007. Effective January 1, 2018, the Plan was restated and filed to adopt a volume submitter plan. The Plan was again restated to adopt a non-standardized pre-approved profit sharing/money purchase/CODA plan effective January 1, 2021. The plan most recently received an opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the form of the Plan document was acceptable under the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a lax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
