INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Honda World Downey 401(k) Plan
Downey, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Honda World Downey 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and the supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2022, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Honda World Downey 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of Honda World Downey 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan sponsored by Turn 2 AG, LLC dba Honda World Downey (the "Company"). The Plan was established in 2018 and is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent laws.

Plan administration

The Company has contracted with Voya Institutional Trust Company ("Voya") to act as the custodian and with an affiliate of Voya to process and maintain the records of participant data.

Eligibility

The Plan covers substantially all employees of the Company, except certain nonresident aliens. Eligible employees, who have attained age 21 and completed one year of credited service, as defined by the plan document, may enter the Plan on either January 1st or July 1st each year, following the date that eligibility requirements are met.

Contributions

Each year, participants may contribute up to 100% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined by the plan document, up to the maximum annual amount allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Eligible employees are automatically enrolled in the Plan at 3% of their eligible pre-tax compensation unless they affirmatively opt out of participation, with automatic annual escalation of 1% up to a maximum of 7% on the first day of each plan year.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

The Company made \$58,000 in discretionary matching contributions for plan year 2022 and allocated them based on each participant's eligible deferred compensation of up to 6%.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of any Company contributions and Plan earnings. Accounts are charged with an allocation of investment losses, if any, and administrative expenses, if not paid by the Company. Allocations of earnings and losses are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Honda World Downey 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Vesting

Participants are immediately 100% vested in their elective contributions plus earnings thereon.

Participants vest in the Company's discretionary matching contributions plus earnings thereon, based upon years of credited service. Participants become 50% vested after 2 years of credited service, and 100% vested after 3 years of credited service, as defined in the plan document. Participants are immediately 100% vested in their account balance in the event of retirement, death or disability.

Forfeitures

As of December 31, 2022 and 2021, total forfeitures included with Plan assets were approximately \$11,700 and \$5,500, respectively.

Notes receivable from participants

Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") are issued by the Plan and secured by the balance in the participant's account. Participant loans must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer. Participant loans bear a rate of interest equal to the prime rate plus 1%. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. Outstanding participant loans at December 31, 2022 bear annual interest rates of 4.25% to 8.00% and mature at various dates through January 2051.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document. Upon termination, participants with total vested account balances of up to \$1,000 may automatically receive a lump-sum cash distributions from the Plan. Unless affirmatively elected otherwise by the participant, if a participant's vested account balance is greater than \$1,000 and less than \$5,000, the balance may be automatically rolled over into an individual retirement account, preselected by the Company. If a participant's vested account balance is greater than \$5,000, the participant may consent to either a distribution from the Plan or postpone payment to a later date and remain in the Plan, as described in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions are separated from a participant's pay by the Company, which is the pay date. Contributions from the Company are recorded in the year earned to coincide with the year the Company records the contributions in its financial statements. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

Honda World Downey 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Investments valuation

The Plan's investments are reported at fair value and contract value. Voya, the custodian, certifies the contract value of the Guaranteed Investment Contract ("GIC") and the fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts ("FBRIC") because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

Subsequent events

The Plan has evaluated subsequent events through October 5, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by Voya, the custodian, and was not subjected to any auditing procedures performed by the independent auditors:

- Investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, and dividend and interest income reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Investments reflected on the Schedule of Assets (Held at End of Year).

Honda World Downey 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

4. INVESTMENTS AT FAIR VALUE

Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis.

Pooled separate accounts: Units held in pooled separate accounts (“PSAs”) are valued using the net asset value (“NAV”) practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of the of the PSAs is determined daily. Participant-directed investments in units of the pooled separate accounts held by the Plan can be redeemed daily, and there are no redemption restrictions or notice requirements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used as of December 31, 2022 and 2021. The Plan’s investments measured at NAV practical expedient totaled \$5,546,775 and \$6,607,829 at December 31, 2022 and 2021, respectively.

5. GUARANTEED INVESTMENT CONTRACT

The Plan has an investment in the Voya Fixed Account, a GIC, which is a FBRIC. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and participants.

Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan’s investment in the GIC totaled \$1,288,785 and \$901,377 at December 31, 2022 and 2021, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan document, including complete or partial plan termination or merger with another plan, (2) changes to the Plan’s prohibition on competing investments options or deletion of equity was provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. The plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

6. TAX STATUS

The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020. The Plan has been amended since the receipt of the letter from the IRS, however the plan administrator believes the Plan has been operated in accordance with the provisions of the IRC and its associated trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Honda World Downey 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

8. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. Certain Plan investments are managed by an affiliate of Voya. As such, transactions conducted by Voya and its affiliates, including any fee offset agreements, qualify as party-in-interest transactions. Also, the Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants would become fully vested in their account balances in the event the Plan is terminated.

10. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on the form 5500 as of December 31:
