Independent Auditors' Report

To the Plan Participants and Plan Administrator
Dollar Tree, Inc. Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dollar Tree, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

KPMG LLP, a Delaware limited liability partnership and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The Dollar Tree, Inc. Retirement Savings Plan (the Plan) is a defined contribution plan sponsored by Dollar Tree, Inc. (the Company). The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan covers all eligible employees of the Company. Employees become eligible to participate in the Plan immediately upon hiring if they are at least 18 years of age and employed full-time with the Company.

Plan Trustee

The trustee of the Plan holds the plan assets and manages the assets under a participant-directed investment arrangement. In August 2022, Great-West Trust Company, LLC (GWTC) changed its legal name to Empower Trust Company, LLC (ETC), which served as the trustee of the Plan under its respective names as of December 31, 2022 and 2021. Empower Retirement, LLC (Empower) serves as the recordkeeper for the Plan.

Contributions

Employee contributions are made through payroll deductions on a pre-tax basis or on an after-tax basis under the Roth 401(k) investment option. Participants may contribute up to the maximum amount allowed by the Internal Revenue Service (IRS), which was $20,500 in 2022. Participants who are 50 years or older during the plan year may make an additional pre-tax contribution referred to as a catch-up contribution, which was limited to $6,500 in 2022. Participants may change their contribution percentages on a monthly basis. They may select from among several funds in which to invest their contributions, employer matching contributions and profit-sharing contributions. This fund allocation may be changed daily.

The Company may match employee contributions at its discretion. In 2022, the Company matched employee contributions at a rate of 100% up to a maximum of 5% of the participant's annual compensation. The total annual contribution to a participant's account could not exceed $15,250 in 2022, per IRS-specified limits.

Profit-sharing contributions to the Plan are determined by the Company and approved by the Company's Board of Directors at its sole discretion. The Company did not make a profit-sharing contribution during the year ended December 31, 2022. Allocations of the employer's profit-sharing contributions are based on the ratio of a participant's compensation to the total compensation of all participants, with certain adjustments for those participants having "excess compensation," as defined by the Plan. Participants must be employed on the last day of the plan year in order to share in the profit-sharing contribution.

Vesting

Participants immediately vest in their own contributions and employer matching contributions, as well as any earnings (losses) or appreciation (depreciation) associated with their investments. Each participant's account is credited with the participant's contribution, employer matching contributions and an allocation of his/her respective investment earnings (losses).

Eligible employees vest in profit-sharing contributions according to the following schedule:

Years of service	Vested percentage
Less than 1	— %
1	—
2	20
3	40
4	60
5	100

An employee must complete at least 1,000 hours of service during the Plan year to receive credit for a year of service.

Forfeitures

Forfeitures of nonvested employer contributions may be allocated to plan participants in the same manner as the discretionary employer profit-sharing contributions or used to offset plan expenses or employer contributions. The amount of forfeited nonvested accounts that was used to offset plan expenses or employer contributions in 2022 was $1,989,076. Unallocated forfeitures at December 31, 2022 and 2021 were $3,248,232 and $4,523,384, respectively.

Payment of Benefits

Upon retirement, disability, hardship, or termination, a participant may elect to (a) receive a single lump-sum payment; (b) receive a lump-sum payment to an individual retirement account or to another employer's plan; or (c) if the participant's account balance exceeds $5,000, receive periodic installment payments. In the event of a participant's death, the account balance is paid to the designated beneficiary in a lump-sum payment, or by payment in monthly, quarterly or annual installments.

Notes Receivable from Participants

Under the terms of the Plan, a participant may borrow up to a maximum of $50,000, or 50% of his or her vested account balance, whichever is less, subject to certain plan restrictions. The minimum amount of any loan is $1,000. The loans bear interest at the prime rate plus 1.00% (prevailing note receivable rates were between 4.25% and 8.00% in 2022) and must be repaid within five years. If the loan is made for the purchase of a participant's residence, the loan may be repaid over a reasonable period of time that may be no longer than 10 years.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been presented on the accrual basis and present the net assets available for benefits and changes in those net assets.

Investments

Investments are reported at fair value. Securities transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date. Capital gain distributions are included in dividend income. Realized gains and losses from security transactions are reported using the average-cost method. Net appreciation includes the Plan's realized gains and losses on investments bought and sold during the year as well as unrealized gains and losses on investments held at year-end.

Notes Receivable From Participants

Notes receivable from participants represent loans paid to participants made against their vested balances permitted by the Plan and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Loans not repaid within the timeframe specified by the Plan are treated as deemed distributions to the participant and recorded as benefits paid following a distributable event.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company and thus excluded from the Plan's financial statements.

Benefits Paid to Participants

Distributions are recorded when paid.

Use of Estimates

The plan administrator has made a number of estimates and assumptions relating to the reporting of net assets available for benefits and changes in net assets available for benefits and disclosure of commitments and contingencies to prepare these financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP). Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events for recognition and disclosure through October 10, 2023, the date the financial statements were available to be issued, and determined there are no further items requiring recognition or disclosure.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) Fair Value Measurements

Fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset and liability. As a basis for considering such assumptions, a fair value hierarchy has been established that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities traded in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: All of the Plan's investments in mutual funds are registered with the Securities and Exchange Commission. These mutual funds are stated at fair value per quoted active market prices for identified assets as of the last business day of the plan year and are classified as Level 1.

Collective trust funds: Effective February 7, 2022, participant investments in Vanguard Target Retirement mutual funds were transferred to investments in Vanguard Target Retirement collective trust funds in order to reduce participant investment fees. These collective trust funds are stated at fair value using determinable and published net asset values provided to the trustee of the funds directly from the fund house or other investment providers. The collective trust funds are classified as Level 1.

Putnam Stable Value Fund: The Putnam Stable Value Fund is a stable value collective trust fund available to the plan. The Plan uses the net asset value (NAV) per share provided by the trustee of the fund as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable the fund will sell the investment for an amount different from the reported NAV. Participant-directed redemptions made to another investment option may be made on any business day, provided the exchange is not directed into a competing fund (e.g., money market fund or other short-term bond funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur. If the Plan wishes to initiate a full redemption, it must provide the trustee with 60 days' prior written notice and the trustee reserves the right to apply a twelve-month put, or delay, in payment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	December 31	
	2022	**2021**
Mutual funds (Level 1)	$ 230,633,711	$ 857,448,714
Collective trust funds (Level 1)	452,534,495	—
Investment measured at net asset value (a)	77,108,891	84,591,459
Total investments, at fair value	$ 760,277,097	$ 942,040,173

(a) In accordance with U.S. GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the line items in the statements of net assets available for benefits.

(4) Information Certified by the Trustee

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the information certified by ETC was not audited by the Plan's independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year). A summary of the Plan's financial information, which has been certified by ETC as of December 31, 2022 and 2021 and for the year ended December 31, 2022 is presented below:

	Net assets available for benefits, December 31		Changes in net assets available for benefits, year ended December 31,
	2022	2021	2022
Information certified by trustee:			
Common collective trusts	$ 529,643,386	$ 84,591,459	$ —
Mutual funds	230,633,711	857,448,714	—
Notes receivable from participants	19,856,602	19,911,070	—
Net depreciation in fair value of investments	—	—	(165,470,409)
Dividends	—	—	14,671,838
Interest income on notes receivable from participants	—	—	880,808

The balances presented in Notes 3 and 4 and the accompanying schedule were also certified by ETC.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to amend or terminate the Plan or discontinue contributions at any time. If the Plan is terminated, each participant becomes fully vested in the amount in his or her individual account and under no conditions will any assets of the Plan revert to the Company.

(6) Federal Income Taxes

The Plan is a prototype nonstandardized 401(k) plan, which has been amended and restated for the series of tax law changes collectively referred to as GUST. A favorable opinion letter dated March 31, 2014 has been received by the sponsor of the prototype plan from the IRS, and the Company is relying on the opinion letter as provided for in IRS Announcement 2001-77. The prototype plan has been amended since the date of the opinion letter, but the Company believes the prototype plan is designed and continues to operate in accordance with current applicable law and consistent with the terms of the adoption agreement. The Plan administrator believes the Plan is no longer subject to income tax exempt examinations for years prior to 2019.

The Plan is generally subject to examination by the IRS for a period of three years after the filing of its employee benefit plan annual return. There are no audits for any plan years currently in progress.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has concluded that as of December 31, 2022 and 2021 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

(7) Related-Party Transactions

During 2022, the Plan paid Empower $1,229,767 as compensation for its duties as recordkeeper and for other services. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants, which are considered parties-in-interest, were granted and repaid throughout each year as part of normal Plan operations.

(8) Reconciliation of Financial Statements to Form 5500

As disclosed in Note 2, the financial statements have been presented on the accrual basis. The Plan's Form 5500 has been prepared on a cash basis. The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to the Form 5500:

	December 31	
	2022	**2021**
Net assets available for benefits per the financial statements	$ 783,675,134	$ 964,661,274

Less current year employee contributions receivable	(1,741,513)
Add prior year employer contributions receivable	1,090,296
Add prior year employee contributions receivable	1,619,735
Contributions received per Form 5500	$ 85,836,534

The following is a reconciliation of interest income on notes receivable from participants per the financial statements to Form 5500 for the year ended December 31, 2022:

	2022
Interest income on notes receivable from participants per the financial statements	$ 880,808
Less current year interest earned on deemed distributed loans	(33,494)
Interest income on notes receivable from participants per Form 5500	$ 847,314

The following is a reconciliation of benefits paid per the financial statements to Form 5500 for the year ended December 31, 2022:

	2022
Benefits paid per the financial statements	$ 116,678,981
Less current year corrective distributions	(13,344)
Less current year taxable distribution of outstanding loan	(572,704)
Benefits paid per Form 5500	$ 116,092,933

In addition, included in expenses on the Form 5500 are certain deemed distributions of participant loans of $565,494, which are not recorded in the accompanying statement of changes in net assets available for benefits, and corrective distributions of $13,344, which are included in Benefits paid to participants in the accompanying statement of changes in net assets available for benefits.
