The Retirement Board
Hawaiian Airlines, Inc. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Hawaiian Airlines, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Topa Financial Center | 745 Fort Street | Suite 2100 | Honolulu, Hawaii 96813
P: 808.521.3962 | F: 808.531.3217 | www.kkdly.com

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following description of the Hawaiian Airlines, Inc. 401(k) Savings Plan (the Plan) provides general information about the Plan's provisions. Hawaiian Airlines, Inc. (the Company) is the plan sponsor. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan to assist eligible employees of the Company in saving for retirement. Administration of the Plan is the responsibility of the Retirement Board. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan qualifies as a profit sharing plan under Section 401(a) of the Internal Revenue Code (the Code) and has met the requirements of a qualified cash or deferred arrangement under Section 401(k) of the Code.

Empower Trust Company, LLC (the Plan Trustee) is the plan trustee through a trust agreement with the Company. Prior to January 1, 2022, Great-West Trust Company, LLC served as the plan trustee.

Eligibility

An employee who is a member of a collective bargaining group represented by the International Association of Machinists and Aerospace Workers or the Transport Workers Union of America, or is not in a collective bargaining group, becomes a participant as soon as administratively feasible following the date he/she is classified as an employee.

Contributions and Vesting

Participant contributions are allowed through payroll deductions of up to 50% of their annual eligible compensation. A participant may elect after-tax contributions to a Roth elective deferral account in addition to, or in substitution of a participant's pre-tax salary deferral contributions. Elective deferrals contributed to the Plan as one type, either the salary deferral contribution or the Roth elective deferral contribution, may not later be reclassified as the other type. Effective December 1, 2021, a participant may elect to transfer all or a portion of the participant's nonforfeitable accrued benefit (other than amounts held in a Roth elective deferral account) to an In-Plan Roth Conversion account.

A participant may contribute as a non-Roth elective deferral, after tax contributions up to 10% of their annual eligible compensation. All contributions are subject to certain limitations of the Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to $6,500 for the plan year ended December 31, 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

A participant may direct his or her contributions in various investment options. The Plan currently offers various mutual funds, various common collective trust funds, and the Hawaiian Holdings, Inc. common stock as investment options for participants. All investment options are participant-directed. These contributions, together with related earnings or losses thereon, are fully vested at all times.

The Plan requires participating employer contributions of 5.04% of eligible participant compensation for each participant not represented by a collective bargaining unit. The Plan also provides for employer matching contributions of up to 2% of eligible participant compensation for each participant who has at least one year of vesting service.

Eligible participants represented by the Transport Workers Union of America are entitled to participating employer contributions of 4.04% of eligible participant compensation under the Plan.

The Plan also provides for participating employer contributions and matching contributions for participants represented by the International Association of Machinists and Aerospace Workers – Airline Mechanics collective bargaining group in accordance with the following schedule:

	Participating Employer Contributions		Employer Match	
Years of Eligibility Service	**Employees Hired Prior to 4/19/10**	**Employees Hired on or After 4/19/10**	**Employees Hired Prior to 4/19/10**	**Employees Hired on or After 4/19/10**
At least 1, but less than 4	5.04%	2.00%	0%	1%
At least 4, but less than 8	5.04%	4.00%	0%	1%
At least 8, but less than 17	5.04%	5.04%	2%	2%
At least 17, but less than 25	5.04%	5.04%	3%	3%
25 or more	5.04%	5.04%	5%	4%

Additionally, the Plan provides for participating employer contributions and matching contributions for participants represented by the International Association of Machinists and Aerospace Workers – Clerical, Office, Stores, Fleet, and Passenger Service Employee collective bargaining group in accordance with the following schedule:

	Participating Employer Contributions		
Years of Eligibility Service	**Employees Hired Prior to 1/19/10**	**Employees Hired on or After 1/19/10**	**Employer Match**
At least 1, but less than 5	5.04%	0%	0%
At least 5, but less than 10	5.04%	5.04%	0%
At least 10, but less than 15	5.04%	5.04%	1%
At least 15, but less than 20	5.04%	5.04%	2%
At least 20, but less than 25	5.04%	5.04%	3%
25 or more	5.04%	5.04%	4%

A participant is 100% vested in employer matching contributions upon the earliest of attaining age 55, incurring a disability, death, or the completion of at least three years of vesting service, as defined. Participating employer contributions are fully vested when contributed. If a participant terminates employment prior to becoming 100% vested in his/her employer matching account, a suspense account is established for the unvested portion, subject to the conditions stated in the plan document.

To the extent that a suspense account becomes forfeited, such forfeitures of non-vested participant accounts are used in the following order (1) to reduce Company contributions for the current plan year, (2) to pay administrative costs and expenses of the Plan, and (3) to offset Company contributions for the next succeeding plan year. The balance in the forfeiture account as of December 31, 2022 and 2021, was $238,318 and $196,911, respectively.

Participants may revise their contribution percentages at any time. Investment allocations and exchanges of prior contributions among investment options available under the Plan may be made daily. Transfers between certain investment options may be subject to certain restrictions.

Participant Accounts

Under the Plan, each participant's account is credited with the participant's and Company's contributions and allocations of plan earnings and losses. Participant accounts are charged with administrative expenses based on specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to death, severance from employment, or retirement, a participant or beneficiary may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account less any outstanding loan balance. Additionally, under certain circumstances, a participant is allowed to withdraw funds from the Plan while still employed.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 and up to a maximum that is equal to the lesser of $50,000 or 50% of his or her vested account balance as defined in the loan policy. Maximum loan terms are up to 5 years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at one percent above the prime rate. Principal and interest is generally paid ratably through payroll deductions. Effective July 17, 2020, participants leaving service prior to the end of the loan term may continue to make loan repayments directly to the Plan's record keeper. If a participant fails to make a payment required under the terms of the participant loan and the Plan, a deemed distribution shall occur on the last day of the calendar quarter following the calendar quarter in which the participant failed to make the payment.

Termination of Plan

Although it has not expressed any intent to do so, the Company may, with the prior written approval of the International Association of Machinists and Aerospace Workers and the Transport Workers Union of America, terminate the Plan at any time subject to the provisions of ERISA. On or after the effective date of termination, no further benefits hereunder will be payable to or on behalf of any participant as to whom such termination applies. In the event of plan termination, participants would become 100% vested in their employer match contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Board determines the Plan's valuation policies utilizing information provided by the investment advisors and Plan Trustee. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of assets at the beginning of the plan year, or at the time of purchase for assets purchased during the plan year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the plan year for unrealized appreciation (depreciation).

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest rates on outstanding participant loans ranged from 4.25% to 12.50%. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Excess contributions payable to participants amounted to $8,603 and $28,402 at December 31, 2022 and 2021, respectively. These amounts represent contributions in excess of amounts allowed by the Internal Revenue Service (IRS) and are recorded as a liability with the corresponding reduction to contributions. The Plan distributed the excess participant contributions to the applicable participants in the subsequent year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fixed participant fees, if any, are charged directly to the participants' accounts and are included in administrative expenses. Fees related to the administration of notes receivable from participants and special handling fees are charged directly to the participants' accounts and are included in notes receivable from participants or distributions to participants and beneficiaries. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events through September 29, 2023, the date at which the accompanying financial statements were available to be issued, and determined there are no other items to disclose.

3. INVESTMENTS

Investment information disclosed in the accompanying financial statements and the supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Plan Trustee.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820 clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock. Valued at the daily closing price reported on the active market on which the individual securities are traded.

Common collective trust funds. The Vanguard Target Retirement Trust I funds and The Vanguard Target Retirement Income Trust I fund invest primarily in mutual funds seeking to provide capital appreciation and current income consistent with its current asset allocation. The Vanguard Retirement Savings Trust III fund invests primarily in synthetic guaranteed investment contracts and short-term money market funds. The Western Asset Core Plus Bond R1 fund invests primarily in corporate and other investment grade U.S. fixed income issues with average durations. These funds are valued at their respective NAV as reported by such trust based on the underlying investment assets divided by the number of units outstanding at the end of the plan year. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) generally may occur daily. Investments in the Western Asset Core Plus Bond R1 fund are restricted from transfers more than twice, with a 30-day restriction period between each transfer. The Plan has no unfunded commitments to these common collective trust funds; however, is required to provide a one-year redemption notice to liquidate its entire share in The Vanguard Retirement Savings Trust III fund.

The preceding measurements described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2022 and 2021. The Plan had no investments that were classified as level 2 or 3 as of December 31, 2022 and 2021.

	Investments at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$162,997,399	$ -	$ -	$162,997,399

Total	$210,977,042	$ -	$ -	$444,546,497

(a) Certain investments that are measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. INCOME TAX STATUS

The Plan has received a determination letter from the IRS dated May 25, 2017, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in common stock of the Company. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

7. ECONOMIC UNCERTAINTIES

The Federal Reserve's rise in interest rates is reflected by the rise in inflation which have adversely affected bond prices and suppressed the financial markets to varying degrees. The full impact of these matters on the economy, the Company, and on the Plan is uncertain.
