Opinion

We have audited the accompanying financial statements of **Peterson Enterprises, Inc. 401(k) Savings Plan and Trust** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied to the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF PLAN

The following description of the Peterson Enterprises, Inc. 401(k) Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan was created on January 1, 1988 and is a defined contribution plan established for the purpose of providing to eligible employees a means for long-term savings or the accumulation of retirement income. The Plan covers employees of Vernon L. Goedecke Company, Inc., Peterson Enterprises, Inc. and Peterson Services, Inc., employees hired prior to February 1, 2010. In order to be eligible to participate in the Plan, employees must be at least 20 ½ years of age and must have two months of service.

Upon reaching the eligibility requirements, employees can begin to participate on the first day of the month coinciding with or following the date the eligibility requirements are satisfied.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation subject to certain limits, as defined in the Plan. In addition, the Plan allows for Roth Elective Deferrals. Accordingly, the term "Elective Deferrals" includes pretax elective deferrals and Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

A discretionary employer match may be made in an amount and allocation formula as determined by the Company at its sole discretion. For the years ended December 31, 2022 and 2021, the employer made matching contributions of 25% of the first 5% of the employee deferrals.

The Company may also make discretionary profit-sharing contributions. The amount, if any, is determined each year by the Company. Participants must be actively employed on the last day of the plan year and have accumulated 1,000 hours of service for the period ending on or before that date. For the years ended December 31, 2022 and 2021, the Company made no discretionary contributions.

The Company may also make Qualified Non-Elective Contributions (QNEC) which may be used to help the Plan pass certain tests required by law and are unrelated to any other employer contribution made. These contributions are 100% vested when made and cannot be withdrawn before the participant attains age 59 ½ while still employed. The Company made no QNEC contributions for the year ended December 31, 2022. For the year ended December 31, 2021, the Company made QNEC contributions of \$492 (see Note I).

Participants' Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is based on the participant's vested account balance.

The contributions to the Plan, both employee and employer, are allocated to various funds at the direction of the participant. The Plan provides for various investment options for participant's elective and employer contributions. Participants should refer to each fund's prospectus for a description of the fund's investment objectives.

NOTE A - DESCRIPTION OF PLAN (Continued)

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon and are immediately vested in the Company's QNEC contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contributions plus earnings thereon is based on years of service. A year of service is credited for the completion of 1,000 hours of compensated time during a Plan year. Company discretionary matching and profit sharing contributions and earnings thereon are vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1 year	0%
2	33%
3	66%
4	100%

Notes Receivable from Participants - Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. Interest rates on the loans are set at rates as determined by the Plan Administrator. Participants may only have one outstanding loan at any time.

Distributions - On termination of service, a participant may request a distribution equal to the value of the vested interest in his or her account. The participant may elect to receive the distribution as a lump-sum, a series of substantially equal annual payments, a specified dollar amount each year or a joint and survivor annuity.

The Plan Administrator will direct the trustee to make a lump sum distribution if the vested account balance is less than or equal to \$5,000 regardless of whether a request for a distribution is made. Written consent will be required for any distribution if the vested account balance is greater than \$5,000. In the event of a distribution greater than \$1,000 that is made without the participant's consent, the Plan Administrator shall pay the distribution in a direct rollover to an individual retirement plan.

A participant may also elect to receive an in-service distribution upon attaining age 59 ½ or having incurred a financial hardship as defined by the Plan. Participants may only receive a distribution from the employee deferral portion of their account for a hardship distribution.

Forfeited Accounts – The non-vested balance of a participant's account is forfeited upon termination of service. Forfeitures shall be allocated first to the restoration of participant's forfeitures and then used to offset Plan expenses. For the year ended December 31, 2022, current year forfeitures were \$1,787 and forfeitures totaling \$3,095 were used to offset Plan expenses. The Plan had unused forfeitures totaling \$1,353 and \$2,631 at the end of December 31, 2022 and 2021, respectively.

SECURE 2.0 Act - On December 29, 2022, Congress passed SECURE 2.0 which was included as part of the Consolidated Appropriations Act of 2023. Provisions under SECURE 2.0 Act include, among other things, expands and improves catch-up contributions, changes to required minimum distributions, automatic 401(k) enrollment, 401(k) emergency distributions, and 529 Plan to Roth IRA conversions. SECURE 2.0 Act plan amendments must be completed before December 31, 2025.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

At December 31, 2022 and 2021, the Plan had notes receivable from participants totaling \$95,081 and \$61,126, respectively.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments in collective investment trust funds are valued based on calculated net asset value per share. In accordance with FASB ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan has elected to measure the fair value using net asset value per share as a practical expedient. As a result, the investment in collective trust funds is not categorized in the fair value hierarchy (see Note C).

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Operating Expenses - Expenses of maintaining the Plan are paid by the Company and the Plan (see Note E).

Concentrations - The Plan had investments in one mutual fund and one collective investment trust fund, Vanguard Mid-Cap Index Admiral and MetLife Managed GIC, respectively, which represented approximately 15% and 11%, of net assets available for plan benefits as of December 31, 2022. The Plan had investments in two mutual funds, Vanguard Mid-Cap Index Admiral and American Funds SmallCap World R4, which represented approximately 15% and 10%, respectively, of net assets available for plan benefits as of December 31, 2021.

Management's Review of Subsequent Events - For the year ended December 31, 2022, the Plan evaluated subsequent events for potential recognition and disclosure through October 10, 2023, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement and accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs consist of quoted prices for similar assets in active markets and Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Level 1 Fair Value Measurements - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are considered to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

		Fair Value Measurements at Reporting Date Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Quoted Prices in Active Markets for Similar Assets (Level 2)
	Fair Value		
<u>December 31, 2022</u>			
Mutual funds	\$ 5,534,889	\$ 5,534,889	\$ -
Total investments at fair value	5,534,889	\$ 5,534,889	\$ -
Other investments:			
Collective investment trust funds	661,988		
Total investments	<u>\$ 6,196,877</u>		

In accordance with FASC 820-10, other investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTE C - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

		Fair Value Measurements at Reporting Date Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Quoted Prices in Active Markets for Similar Assets (Level 2)
<u>December 31, 2021</u>			
Mutual funds	\$ 7,024,376	\$ 7,024,376	\$ -
Total investments at fair value	<u>7,024,376</u>	<u>\$ 7,024,376</u>	<u>\$ -</u>
Other investments:			
Collective investment trust funds	<u>661,814</u>		
Total investments	<u>\$ 7,686,190</u>		

NOTE D - INVESTMENTS USING THE PRACTICAL EXPEDIENT

The collective investment trust funds invest in a collective trust – stable value fund valued at the Net Asset Value (NAV) of units in the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Investments in collective investment trust funds valued using the practical expedient fair value totaled \$661,988 and \$661,814 at December 31, 2022 and 2021, respectively.

NOTE E - PARTIES-IN-INTEREST

As of December 31, 2022 and 2021, the Plan had an investment in the Wilmington Trust MetLife Managed GIC Fund which is a party-in-interest.

The Plan has various agreements with other parties-in-interest who are service providers to the Plan. All of the transactions are believed to be exempt.

The Plan incurs additional expenses related to general administration and recordkeeping. The Plan sponsor pays certain accounting and auditing fees relating to the Plan.

December 31, 2022 and 2021

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H - TAX STATUS

The Internal Revenue Service has determined and informed the Trustees by opinion letter, dated June 30, 2020, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor and the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE I – PROHIBITED TRANSACTION AND SELF CORRECTION

As disclosed in the additional information, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, the Plan inadvertently failed to transmit certain participant contributions totaling \$1,969, within the time period required by 29 CFR 2510.3-102 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) for the year ended December 31, 2021. In accordance with IRS safe harbor guidelines, the Plan sponsor made a QNEC contribution of \$492, which represents 25% of the above total, to compensate for the missed deferral. Such employee contributions were remitted to the Plan during 2022 and the Plan calculated the restoration of lost earnings of \$16 resulting from the late participant contributions and remitted to the Plan a total of \$508.
