Independent Auditor's Report

To the Plan Administrator
Lulu Press & Elizabeth Bradley Design 401k Plan
Raleigh, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lulu Press & Elizabeth Bradley Design 401k Plan (formerly LuLu Press, Inc. 401k Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2022, and supplemental schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of Lulu Press & Elizabeth Bradley Design 401k Plan (formerly Lulu Press, Inc. 401k Plan) (the “Plan”) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution plan covering all employees of Lulu Press, Inc. (the “Employer”) who have attained age 21, except for non-resident aliens who do not receive any earned income from the Company which constitutes United States’ source income, leased, and collective bargaining employees. Eligible employees may begin participating in the Plan on the first day of each calendar month. Fidelity Management Trust Company serves as the Plan’s trustee (the “Trustee”). Effective July 2, 2021, the Plan was amended adding Elizabeth Bradley Design, Inc. as a participating employer and changing the Plan name from LuLu Press, Inc. 401k Plan to Lulu Press & Elizabeth Bradley Design 401k Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Participants may contribute up to 60% of pre-tax or after-tax annual compensation as defined in the Plan. Participants are automatically enrolled at 3% of Plan compensation upon attainment of the eligibility requirements unless the Plan administrator receives signed written documentation from the participant to do otherwise. The Plan provides for automatic escalation of deferrals annually by 1% for those automatically enrolled in the Plan. The 1% increase will occur May 1st every year until a deferral rate of 10% is reached. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover distributions from other qualified plans to their accounts at any time.

The Employer will contribute a safe harbor matching contribution of 100% of the first 5% of eligible compensation deferred by participants each payroll period.

Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in all participant and Employer contributions and earnings thereon. There are no non-vested unallocated forfeited amounts held by the Plan.

Lulu Press & Elizabeth Bradley Design 401k Plan (formerly LuLu Press, Inc. 401k Plan)

Notes to Financial Statements

Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances. The minimum loan is \$1,000 and the maximum loan is \$50,000. The loans are secured by the balance in the participant's vested account and bear a reasonable interest rate based on prevailing interest rates. Loan terms may not exceed 5 years, except on the purchase of a primary residence upon which the term may not exceed 10 years. Participants may only have one loan outstanding at one given time. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

A participant's account is distributed to him/her based on his/her election under the Plan upon retirement (age 65), death, disability, or termination of employment. The Plan allows for in-service withdrawals upon attainment of age 59½ or upon hardship, as defined by the Plan. Distributions may be paid to qualified participants in a lump sum payment in the form of cash or a rollover to a qualified plan. Vested account balances below \$1,000 may be automatically paid to participants at the discretion of the Employer.

Administrative Expenses

The Plan pays administrative expenses including investment and trustee fees, in addition to certain participant requested services. Fees paid by the Employer are excluded from these financial statements. Investment management fees are recorded net in net appreciation/depreciation in fair value of investments on the statement of changes in net assets available for benefits.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all notes receivable from participants in default if any scheduled repayment is missed. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. At December 31, 2022 and 2021, there were no notes

Lulu Press & Elizabeth Bradley Design 401k Plan (formerly LuLu Press, Inc. 401k Plan)

Notes to Financial Statements

receivable from participants classified as in default. During 2022, there was \$0 recorded as deemed distributions.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Lulu Press & Elizabeth Bradley Design 401k Plan (formerly LuLu Press, Inc. 401k Plan)

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 or 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds (including the money market fund) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fidelity self-directed brokerage accounts represent a brokerage account that allows participants to invest in most listed stocks, options (if approved for options trading), corporate bonds, zero-coupon bonds, U.S. Treasury securities, mortgage securities, U.S. government agency bonds, certificates of deposit, unit investment trusts, foreign securities, and other mutual funds. The account is valued at the closing price as reported by the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value:

<i>December 31, 2022</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

Notes to Financial Statements

5. Related Party and Party-In-Interest Transactions

Certain plan investments consist of shares of mutual funds and a money market fund managed by the Trustee. Fees paid by the Plan for the investment management are included in net appreciation/depreciation in fair value of investments on the statement of changes in net assets available for benefits. Therefore, these transactions qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Plan management identified untimely participant contributions related to the 2021 Plan year totaling \$28,909. Plan management intends to correct the untimely participant contributions by remitting lost earnings to the Plan. These untimely participant contributions are considered non-exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

7. Tax Status

Effective September 24, 2021, the Plan was restated using the Trustee's Non-Standardized Pre-Approved Profit-Sharing Plan with cash or deferred arrangement (the "Pre-Approved Plan") to comply with certain regulatory requirements. The Pre-Approved Plan received an Internal Revenue Service ("IRS") opinion letter dated June 30, 2020, stating that the form of the Plan is acceptable under the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Prior to September 24, 2021, the Plan adopted the Trustee's Volume Submitter Profit Sharing Plan with cash or deferred arrangement (the "Volume Submitter Plan"). The Volume Submitter Plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the Volume Submitter Plan, as then designed, was in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.
