INDEPENDENT AUDITOR'S REPORT

Plan Administrative Committee
Utility Service Company, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Utility Service Company, Inc. 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Utility Service Company, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Utility Service Company, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Utility Service Company, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Utility Service Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Utility Service Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UTILITY SERVICE COMPANY, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan

The following description of the Utility Service Company, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the exclusive benefit of eligible employees and their beneficiaries. Employees become eligible after completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Utility Service Company, Inc. (the Company) absorbs certain costs of the Plan. The Plan's administrative committee is responsible for oversight of the Plan. The Plan's management determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's administrative committee.

Contributions

Under the provisions of the Plan, each participant may contribute a portion of compensation, as defined by the Plan, up to the maximum amount determined by the federal government each year. Participant contributions may be traditional elective deferrals (pre-tax) or Roth elective deferrals (after-tax). The Plan contains provisions for automatic enrollment and an automatic elective deferral contribution equal to 2 percent of qualified compensation, without automatic escalation. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions or profit sharing contributions, determined on a uniform basis for all participants. To receive the matching contribution, participants generally must be employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year. Contributions are subject to IRS limitations.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, any Company contributions, and qualified rollover contributions, and adjusted for gains and losses based on the investment performance of a participant's account, less any withdrawals and distributions. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating expenses depends on the nature of the expense itself. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in discretionary matching contributions after four years of credited service and after six years of credited service for discretionary profit sharing contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. A participant may have only one outstanding loan at any time. Loan terms generally may not exceed five years. However, if the loan is used for the purchase of the principal residence of the participant, the Plan administrator may permit a longer repayment term. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. As of December 31, 2022, loan interest rates ranged from 4.25 percent to 8.0 percent. Generally, scheduled principal and interest payments are to be made by payroll deduction.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reason, a participant or beneficiary may elect to receive a lump-sum amount, equal to the value of the participant's vested interest in his or her account or in partial withdrawals.

Hardship Withdrawals

In the event funds are needed because of extreme financial hardship, as defined by law, the participant may be allowed to make a withdrawal of their vested account balance from eligible accounts, as defined by the Plan. In accordance with the Internal Revenue Code (the Code), benefits withdrawn prior to age 59½ may be subject to additional taxes.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits from the contributions under the Plan. These forfeited amounts are to be used to pay administrative expenses or to reduce the employer's contribution, as applicable. The salary reduction contribution is not subject to forfeiture. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$7,063 and \$4,390, respectively. Forfeited nonvested amounts of \$798 were used for employer contributions and to pay Plan expenses for the year ended December 31, 2022.

Investment Options and Investments

Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options at any time. As of December 31, 2022, the Plan offered more than 20 diversified mutual funds, 3 collective investment trusts, and one stable value account as investment options for participants. Participants who do not make an investment selection from the available options are automatically enrolled in Fidelity Freedom Index Target Date Funds, based on the assumed retirement age of 65.

(2) Summary of Significant Accounting Policies

The accounting policies of the Plan are maintained in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the *Accounting Standards Codification (ASC)* and related Accounting Standards Updates (ASUs). The following describes the more significant of those policies:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's agent, on behalf of the trustee, determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

(2) Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Other expenses, such as fees related to participants' benefit payments and the administration of notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

(3) Information Prepared and Certified by the Agent, on Behalf of the Trustee (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Transamerica Life Insurance Company, the agent, on behalf of State Street Bank and Trust Company, the trustee, as complete and accurate as of December 31, 2022 and 2021 and for the year ended December 31, 2022, except for comparing such information to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

Investments and notes receivable from participants as of December 31, as certified by the agent, on behalf of the trustee, are as follows:

	<u>2022</u>	<u>2021</u>
Mutual Funds	\$ 13,421,828	\$ 15,422,533
Collective Trust Funds	5,400,029	6,005,968
Stable Value Account	<u>1,630,276</u>	<u>1,438,684</u>
	<u>\$ 20,452,133</u>	<u>\$ 22,867,185</u>
Notes Receivable from Participants	<u>\$ 262,567</u>	<u>\$ 315,737</u>

Investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2022, as certified by the trustee, are as follows:

Net Depreciation in Fair Value of Investments	\$ (3,546,161)
Interest and Dividends	<u>248,453</u>
	<u><u>\$ (3,297,708)</u></u>
Interest Income on Notes Receivable from Participants	<u><u>\$ 12,861</u></u>

(4) Fair Value Measurements

The Financial Accounting Standards Board issued a statement that defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the method used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset (NAV) and to transact at the price. The funds held by the Plan are deemed to be actively traded.

Stable Value Account: The Account seeks to provide maximum return consistent with guarantee of principal. The Account has a portfolio interest rate design in which all deposits into the Account are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semiannual basis and shall not change during the six-month period for which it is effective.

(4) Fair Value Measurements (Continued)

Collective Trust Funds: This fund is valued at the net asset value (NAV) of the units of the collective investment fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Underlying investments include cash alternatives, GIC's, insurance separate accounts, and wrapped, actively managed strategies. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective investment fund, the issuer reserves the right to require twelve months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective investment funds are not required to be classified within a level on the fair value hierarchy

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 13,421,828	\$ -	\$ -	\$ 13,421,828
Stable Value Account	-	1,630,276	-	1,630,276
	<u>\$ 13,421,828</u>	<u>\$ 1,630,276</u>	<u>\$ -</u>	15,052,104
Investments Measured at NAV Practical Expedient*				<u>5,400,029</u>
Total Investments at Fair Value				<u>\$ 20,452,133</u>
2021				
Mutual Funds	\$ 15,422,533	\$ -	\$ -	\$ 15,422,533
Stable Value Account	-	1,438,684	-	1,438,684
	<u>\$ 15,422,533</u>	<u>\$ 1,438,684</u>	<u>\$ -</u>	16,861,217
Investments Measured at NAV Practical Expedient*				<u>6,005,968</u>
Total Investments at Fair Value				<u>\$ 22,867,185</u>

* In accordance with *Topic 820*, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. These funds calculate NAV per share (or its equivalent) in a manner consistent with measurement principles of *Topic 946*. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(4) Fair Value Measurements (Continued)

The following table summarized investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. Certain withdrawals for other than normal benefit payments and participant directed transfers may require up to 12 months' notice.

	2022	2021	Unfunded	Redemption	Redemption
	<u>Fair Value</u>	<u>Fair Value</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Period</u>
Collective Trust Funds	<u>\$5,400,029</u>	<u>\$6,005,968</u>	None	Daily	1 Day

(5) Income Tax Status

The Company adopted Transamerica Retirement Solutions, LLC Pre-approved 401(k) profit sharing plan. The prototype sponsor has received a favorable opinion letter from the IRS, dated June 30, 2020, which states that its prototype plan, in form, meet the requirements of Section 401(a) of the Code and, therefore, is tax-exempt under the provisions of Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrative committee believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. The Plan administrative committee also maintains that the Plan has been administered in accordance with all applicable laws and, accordingly, no provision has been made for income taxes in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(7) Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by Transamerica Financial Life Insurance Company, the recordkeeper of the Plan as agent for State Street Bank and Trust Company, the trustee of the Plan. Administrative expenses on the statement of changes in net assets available for benefits include amounts paid by the Plan to the agent and Retirement Strategies, Inc. for administrative services. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempted from the prohibition of party-in-interest transactions under ERISA.

(8) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(9) Excess Participant Contributions Payable

The Plan recognized a liability of excess contributions in the accompanying statements of net assets available for benefits as of December 31, 2022. The Plan distributed the excess contributions to the applicable participants during 2023.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>

Net Assets Available for Benefits per Form 5500	<u>\$ 20,715,118</u>	<u>\$23,183,334</u>

The following is a reconciliation of total additions and deductions per the financial statements for the year ended December 31, 2022, to Form 5500:

Total Contributions per the Financial Statements	\$ 1,800,001
Prior Year Employer Contribution Receivable	287,701
Current Year Excess Contributions Payable	<u>76,575</u>
Contributions per Form 5500	<u>\$ 2,164,277</u>
Deductions per the Financial Statements	\$ 1,284,898
Benefits Paid to Participants	<u>62,755</u>
Deductions per Form 5500	<u>\$ 1,347,653</u>

(11) Subsequent Events

Changes in investment returns can have a significant effect on the Plan. Management is monitoring investment market conditions and the impact such fluctuations are having on the Plan's investment portfolio. Due to the volatility of the financial markets as of the date of this report, there is uncertainty regarding the impact which continued volatility may have on the Plan's investment portfolio.

On December 29, 2022, the President signed into law the Consolidated Appropriations Act of 2023, which included the SECURE 2.0 Act of 2022. Management is monitoring to determine the overall impact of the Plan.

Management has evaluated events subsequent to December 31, 2022 through October 10, 2023, the date these financial statements were available to be issued.
