INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator of
The PSSI 401(k) Plan and Trust:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The PSSI 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and the Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THE PSSI 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF THE PLAN

The following description of The PSSI 401(k) Plan and Trust (the Plan) is provided for general information purposes. Participants should refer to the plan document for more complete information.

The Plan is a defined contribution plan, which covers eligible employees of Packers Sanitation Services, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Corporate Employees, those eligible employees who are on the Corporate payroll and are deemed a Corporate Employee by the Company, are eligible to participate in the Plan after they have completed 60 days of service and have attained age 18. Non-Corporate Employees are eligible to participate in the Plan after they have completed one year of service and have attained age 18. Participants of the Packers Holdings, Inc. Deferred Compensation Plan shall not make or share in any contributions except for catch-up contributions.

Participant Accounts and Contributions

Each participant's account is credited with the participant's contributions and allocation of Company contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined by the plan document. Plan participants may contribute up to the maximum amount allowed, which will not cause the Plan to violate any of its provisions, or any limits imposed by the Internal Revenue Code (IRC), as defined in the Plan. The Company, at its discretion, may elect to make a matching contribution for the year. The Company elected to match 35% and 41% of the participant's deferral up to 6% of the participant's eligible wages in 2022 and 2021, respectively.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Participants may direct the manner in which their contributions are to be allocated among the investment options available under the Plan. The Company matching contributions are allocated based upon the participant investment elections.

Vesting

Participants are immediately vested in their participant contributions plus actual earnings thereon. Vesting in Company contributions is based on years of continuous service and occurs ratably over three years.

Forfeitures

The Plan provides that forfeitures shall be used to reduce Company contributions. Company contributions for 2022 and 2021 were reduced by forfeitures of \$3,000 and \$1,500, respectively. There were no significant forfeited nonvested accounts at December 31, 2022 or 2021.

Notes Receivable from Participants

Participants do not have the ability to borrow from their accounts but are permitted to rollover loans into this Plan from plans in which they previously participated. The loans are subject to the provisions of the Participant Loan Program. As of December 31, 2022 and 2021, there were no such notes receivable.

Benefit Payments

Benefits are payable to participants or their beneficiaries upon the participant's termination, retirement, disability or death. Withdrawals upon attainment of age 59 ½ are at the participant's option and are subject to certain limitations, as defined. A distribution on account of hardship will only be granted for purposes outlined in the plan document. The participant may withdraw the lesser of 100% of the participant elective account or the amount necessary to satisfy the immediate financial need. Participants may request a distribution of all or a portion of their rollover account at any time.

Upon termination of service, participants with an account balance greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of their account or monthly, quarterly, or annual installments over a fixed reasonable period of time on the occurrence of an event which would result in a distribution. For participants with account balances greater than \$1,000 but not exceeding \$5,000 that do not elect any type of distribution, the plan administrator shall pay the distribution in a direct rollover to an individual retirement account designated by the administrator. Participants with an account balance less than \$1,000 receive a lump-sum amount upon termination of service.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all amounts credited to participant accounts shall become fully vested.

2. SIGNIFICANT ACCOUNTING POLICIES**Basis of Financial Statements**

The financial statements are prepared on the accrual basis of accounting.

Investments

Purchases and sales of securities are reflected on the trade dates. Gains and losses on sales of securities are based on the actual cost of securities. Interest from other investments is recorded as earned.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Benefits and Expenses

Benefits are recorded when paid. Expenses related to administration of the Plan may be paid from Plan assets or by the Company.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENT CONTRACTS

As described in Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Certain transfers from the Bank of America Fixed Account are subject to a market value adjustment. As a result, the Bank of America Fixed Account is not fully benefit responsive, and therefore not subject to ASC 962. Accordingly, the Bank of America Fixed Account is recorded at fair value.

4. INFORMATION CERTIFIED BY CUSTODIAN

The net investment change during 2022 and 2021 reflects the gains and losses on investments bought and sold, as well as held during the year, and represents the net appreciation (depreciation) in the various investments.

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2022 and 2021, and net investment (loss) gain and interest and dividends for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB, the custodian of the Plan.

5. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the unitized net asset value of shares held by the Plan at year end.

Fixed Account: Value is equal to book value plus any market value adjustments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2022				
Mutual Funds	\$ -	\$ 24,647,411	\$ -	\$ 24,647,411
Fixed Account	-	-	236,413	236,413
	<u>\$ -</u>	<u>\$ 24,647,411</u>	<u>\$ 236,413</u>	<u>\$ 24,883,824</u>
December 31, 2021				
Mutual Funds	\$ -	\$ 28,335,858	\$ -	\$ 28,335,858

	<u>\$ -</u>	<u>\$ 28,335,858</u>	<u>\$ 212,542</u>	<u>\$ 28,548,400</u>

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2022 and 2021:

	<u>Fixed Account</u>
Balance, December 31, 2020	\$ 245,130
Investment gain	5,560
Interest income	2,431
Purchases	40,627
Sales	<u>(81,206)</u>
Balance, December 31, 2021	212,542
Investment loss	(31,550)
Interest income	2,594
Purchases	144,066
Sales	<u>(91,239)</u>
Balance, December 31, 2022	<u>\$ 236,413</u>

6. INCOME TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan who received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that it is qualified under the appropriate sections of the IRC. The Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the IRC, therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

7. PARTIES-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by Nationwide Trust Company, FSB, the custodian. Moskal Gross Orchosky, the third-party administrator, performs administrative and investment advisory services. Fees paid by the Plan for these services were approximately \$114,000 and \$102,000, respectively, for the years ended December 31, 2022 and 2021.

8. PROHIBITED TRANSACTIONS

During 2022, the Company failed to remit to the Plan certain employee contributions totaling \$185,923 within the period prescribed by Department of Labor (DOL) Regulations. In 2023, the Company will make contributions to the affected participants' accounts to compensate the participants' potential lost income during 2022. Employee contributions during 2021 were remitted within the period prescribed by DOL Regulations.

9. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through October 10, 2023, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator of
The PSSI 401(k) Plan and Trust:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The PSSI 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and the Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan is a defined contribution plan, which covers eligible employees of Packers Sanitation Services, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Corporate Employees, those eligible employees who are on the Corporate payroll and are deemed a Corporate Employee by the Company, are eligible to participate in the Plan after they have completed 60 days of service and have attained age 18. Non-Corporate Employees are eligible to participate in the Plan after they have completed one year of service and have attained age 18. Participants of the Packers Holdings, Inc. Deferred Compensation Plan shall not make or share in any contributions except for catch-up contributions.

Participant Accounts and Contributions

Each participant's account is credited with the participant's contributions and allocation of Company contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined by the plan document. Plan participants may contribute up to the maximum amount allowed, which will not cause the Plan to violate any of its provisions, or any limits imposed by the Internal Revenue Code (IRC), as defined in the Plan. The Company, at its discretion, may elect to make a matching contribution for the year. The Company elected to match 35% and 41% of the participant's deferral up to 6% of the participant's eligible wages in 2022 and 2021, respectively.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Participants may direct the manner in which their contributions are to be allocated among the investment options available under the Plan. The Company matching contributions are allocated based upon the participant investment elections.

Vesting

Participants are immediately vested in their participant contributions plus actual earnings thereon. Vesting in Company contributions is based on years of continuous service and occurs ratably over three years.

Forfeitures

The Plan provides that forfeitures shall be used to reduce Company contributions. Company contributions for 2022 and 2021 were reduced by forfeitures of \$3,000 and \$1,500, respectively. There were no significant forfeited nonvested accounts at December 31, 2022 or 2021.

Notes Receivable from Participants

Participants do not have the ability to borrow from their accounts but are permitted to rollover loans into this Plan from plans in which they previously participated. The loans are subject to the provisions of the Participant Loan Program. As of December 31, 2022 and 2021, there were no such notes receivable.

Benefit Payments

Benefits are payable to participants or their beneficiaries upon the participant's termination, retirement, disability or death. Withdrawals upon attainment of age 59 ½ are at the participant's option and are subject to certain limitations, as defined. A distribution on account of hardship will only be granted for purposes outlined in the plan document. The participant may withdraw the lesser of 100% of the participant elective account or the amount necessary to satisfy the immediate financial need. Participants may request a distribution of all or a portion of their rollover account at any time.

Upon termination of service, participants with an account balance greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of their account or monthly, quarterly, or annual installments over a fixed reasonable period of time on the occurrence of an event which would result in a distribution. For participants with account balances greater than \$1,000 but not exceeding \$5,000 that do not elect any type of distribution, the plan administrator shall pay the distribution in a direct rollover to an individual retirement account designated by the administrator. Participants with an account balance less than \$1,000 receive a lump-sum amount upon termination of service.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all amounts credited to participant accounts shall become fully vested.

2. SIGNIFICANT ACCOUNTING POLICIES**Basis of Financial Statements**

The financial statements are prepared on the accrual basis of accounting.

Investments

Purchases and sales of securities are reflected on the trade dates. Gains and losses on sales of securities are based on the actual cost of securities. Interest from other investments is recorded as earned.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Benefits and Expenses

Benefits are recorded when paid. Expenses related to administration of the Plan may be paid from Plan assets or by the Company.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENT CONTRACTS

As described in Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Certain transfers from the Bank of America Fixed Account are subject to a market value adjustment. As a result, the Bank of America Fixed Account is not fully benefit responsive, and therefore not subject to ASC 962. Accordingly, the Bank of America Fixed Account is recorded at fair value.

4. INFORMATION CERTIFIED BY CUSTODIAN

The net investment change during 2022 and 2021 reflects the gains and losses on investments bought and sold, as well as held during the year, and represents the net appreciation (depreciation) in the various investments.

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2022 and 2021, and net investment (loss) gain and interest and dividends for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB, the custodian of the Plan.

5. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the unitized net asset value of shares held by the Plan at year end.

Fixed Account: Value is equal to book value plus any market value adjustments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2022				
Mutual Funds	\$ -	\$ 24,647,411	\$ -	\$ 24,647,411

	<u>\$ -</u>	<u>\$ 28,335,858</u>	<u>\$ 212,542</u>	<u>\$ 28,548,400</u>

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2022 and 2021:

	<u>Fixed Account</u>
Balance, December 31, 2020	\$ 245,130

Investment loss	(31,550)
Interest income	2,594
Purchases	144,066
Sales	<u>(91,239)</u>
Balance, December 31, 2022	<u>\$ 236,413</u>

6. INCOME TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan who received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that it is qualified under the appropriate sections of the IRC. The Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the IRC, therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

7. PARTIES-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by Nationwide Trust Company, FSB, the custodian. Moskal Gross Orchosky, the third-party administrator, performs administrative and investment advisory services. Fees paid by the Plan for these services were approximately \$114,000 and \$102,000, respectively, for the years ended December 31, 2022 and 2021.

8. PROHIBITED TRANSACTIONS

During 2022, the Company failed to remit to the Plan certain employee contributions totaling \$185,923 within the period prescribed by Department of Labor (DOL) Regulations. In 2023, the Company will make contributions to the affected participants' accounts to compensate the participants' potential lost income during 2022. Employee contributions during 2021 were remitted within the period prescribed by DOL Regulations.

9. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through October 10, 2023, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator of
The PSSI 401(k) Plan and Trust:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The PSSI 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and the Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THE PSSI 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF THE PLAN

The following description of The PSSI 401(k) Plan and Trust (the Plan) is provided for general information purposes. Participants should refer to the plan document for more complete information.

The Plan is a defined contribution plan, which covers eligible employees of Packers Sanitation Services, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Corporate Employees, those eligible employees who are on the Corporate payroll and are deemed a Corporate Employee by the Company, are eligible to participate in the Plan after they have completed 60 days of service and have attained age 18. Non-Corporate Employees are eligible to participate in the Plan after they have completed one year of service and have attained age 18. Participants of the Packers Holdings, Inc. Deferred Compensation Plan shall not make or share in any contributions except for catch-up contributions.

Participant Accounts and Contributions

Each participant's account is credited with the participant's contributions and allocation of Company contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined by the plan document. Plan participants may contribute up to the maximum amount allowed, which will not cause the Plan to violate any of its provisions, or any limits imposed by the Internal Revenue Code (IRC), as defined in the Plan. The Company, at its discretion, may elect to make a matching contribution for the year. The Company elected to match 35% and 41% of the participant's deferral up to 6% of the participant's eligible wages in 2022 and 2021, respectively.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Participants may direct the manner in which their contributions are to be allocated among the investment options available under the Plan. The Company matching contributions are allocated based upon the participant investment elections.

Vesting

Participants are immediately vested in their participant contributions plus actual earnings thereon. Vesting in Company contributions is based on years of continuous service and occurs ratably over three years.

Forfeitures

The Plan provides that forfeitures shall be used to reduce Company contributions. Company contributions for 2022 and 2021 were reduced by forfeitures of \$3,000 and \$1,500, respectively. There were no significant forfeited nonvested accounts at December 31, 2022 or 2021.

Notes Receivable from Participants

Participants do not have the ability to borrow from their accounts but are permitted to rollover loans into this Plan from plans in which they previously participated. The loans are subject to the provisions of the Participant Loan Program. As of December 31, 2022 and 2021, there were no such notes receivable.

Benefit Payments

Benefits are payable to participants or their beneficiaries upon the participant's termination, retirement, disability or death. Withdrawals upon attainment of age 59 ½ are at the participant's option and are subject to certain limitations, as defined. A distribution on account of hardship will only be granted for purposes outlined in the plan document. The participant may withdraw the lesser of 100% of the participant elective account or the amount necessary to satisfy the immediate financial need. Participants may request a distribution of all or a portion of their rollover account at any time.

Upon termination of service, participants with an account balance greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of their account or monthly, quarterly, or annual installments over a fixed reasonable period of time on the occurrence of an event which would result in a distribution. For participants with account balances greater than \$1,000 but not exceeding \$5,000 that do not elect any type of distribution, the plan administrator shall pay the distribution in a direct rollover to an individual retirement account designated by the administrator. Participants with an account balance less than \$1,000 receive a lump-sum amount upon termination of service.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all amounts credited to participant accounts shall become fully vested.

2. SIGNIFICANT ACCOUNTING POLICIES**Basis of Financial Statements**

The financial statements are prepared on the accrual basis of accounting.

Investments

Purchases and sales of securities are reflected on the trade dates. Gains and losses on sales of securities are based on the actual cost of securities. Interest from other investments is recorded as earned.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Benefits and Expenses

Benefits are recorded when paid. Expenses related to administration of the Plan may be paid from Plan assets or by the Company.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENT CONTRACTS

As described in Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Certain transfers from the Bank of America Fixed Account are subject to a market value adjustment. As a result, the Bank of America Fixed Account is not fully benefit responsive, and therefore not subject to ASC 962. Accordingly, the Bank of America Fixed Account is recorded at fair value.

4. INFORMATION CERTIFIED BY CUSTODIAN

The net investment change during 2022 and 2021 reflects the gains and losses on investments bought and sold, as well as held during the year, and represents the net appreciation (depreciation) in the various investments.

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2022 and 2021, and net investment (loss) gain and interest and dividends for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB, the custodian of the Plan.

5. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the unitized net asset value of shares held by the Plan at year end.

Fixed Account: Value is equal to book value plus any market value adjustments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2022				
Mutual Funds	\$ -	\$ 24,647,411	\$ -	\$ 24,647,411
Fixed Account	-	-	236,413	236,413
	<u>\$ -</u>	<u>\$ 24,647,411</u>	<u>\$ 236,413</u>	<u>\$ 24,883,824</u>
December 31, 2021				
Mutual Funds	\$ -	\$ 28,335,858	\$ -	\$ 28,335,858

	<u>\$ -</u>	<u>\$ 28,335,858</u>	<u>\$ 212,542</u>	<u>\$ 28,548,400</u>

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2022 and 2021:

	<u>Fixed Account</u>
Balance, December 31, 2020	\$ 245,130
Investment gain	5,560
Interest income	2,431
Purchases	40,627
Sales	<u>(81,206)</u>
Balance, December 31, 2021	212,542
Investment loss	(31,550)
Interest income	2,594
Purchases	144,066
Sales	<u>(91,239)</u>
Balance, December 31, 2022	<u>\$ 236,413</u>

6. INCOME TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan who received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that it is qualified under the appropriate sections of the IRC. The Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the IRC, therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

7. PARTIES-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by Nationwide Trust Company, FSB, the custodian. Moskal Gross Orchosky, the third-party administrator, performs administrative and investment advisory services. Fees paid by the Plan for these services were approximately \$114,000 and \$102,000, respectively, for the years ended December 31, 2022 and 2021.

8. PROHIBITED TRANSACTIONS

During 2022, the Company failed to remit to the Plan certain employee contributions totaling \$185,923 within the period prescribed by Department of Labor (DOL) Regulations. In 2023, the Company will make contributions to the affected participants' accounts to compensate the participants' potential lost income during 2022. Employee contributions during 2021 were remitted within the period prescribed by DOL Regulations.

9. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through October 10, 2023, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
